CLYFFWOOD FARM

SALZER QUALITY SEEDS

To our many hundreds of thousands of friends and customers, we bespeak our appreciation and gratitude for our present success, sincerely hoping each and every one of you has likewise enjoyed happiness and prosperity.

We submit this catalog of Salzer Seeds to all who recognize Quality and its resultant rewards, hopeful that our High Ideals, the Selective Quality of Salzer Seeds, their accurate Illustrations, honest and concise descriptions, will convey to and impress you with the 52 years Experience, High Integrity and Reputation behind every sale we make.

We recognize that Quality, regardless of price, is the power of attraction today, which is constantly influencing seed buyers. Consequently, our innate desire to excell in and give tangible evidence of the high Quality of Salzer's Seeds is our highest ambition.

To illustrate how painstaking and exacting we are to prove our seeds and thus protect our customers, we maintain two batteries of Electric Germinators, continuously testing artificially the germination of our seeds. In our greenhouses (32,000 sq. ft. of glass) we make soil tests of every variety of seed we catalog. On our Fairview trial ground every variety is given a test in its sandy soil for growth and type. In the heavy, rich, black soil of our Clyffwood Farm our seeds are again tested for vitality and trueness of type. Over 15,000 tests are made annually.

This, while accomplished only at large expense to us, is "Insurance" to our customers, eliminating any uncertainty as to growth, purity, character, trueness to type and successful outcome, and thus enable us to GUARANTEE Salzer Quality seeds.

THE SALZER GUARANTEE

Such is our faith and confidence in the High Standard of perfection; of the exceptionally high germination; the strong robust life; distinctly High Quality of Salzer Seeds, that if through any fault of the Seed, failure should result, we will gladly reimburse in each and every case, the purchase price.

We guarantee the safe arrival of all seeds ordered from us by mail, express or freight.

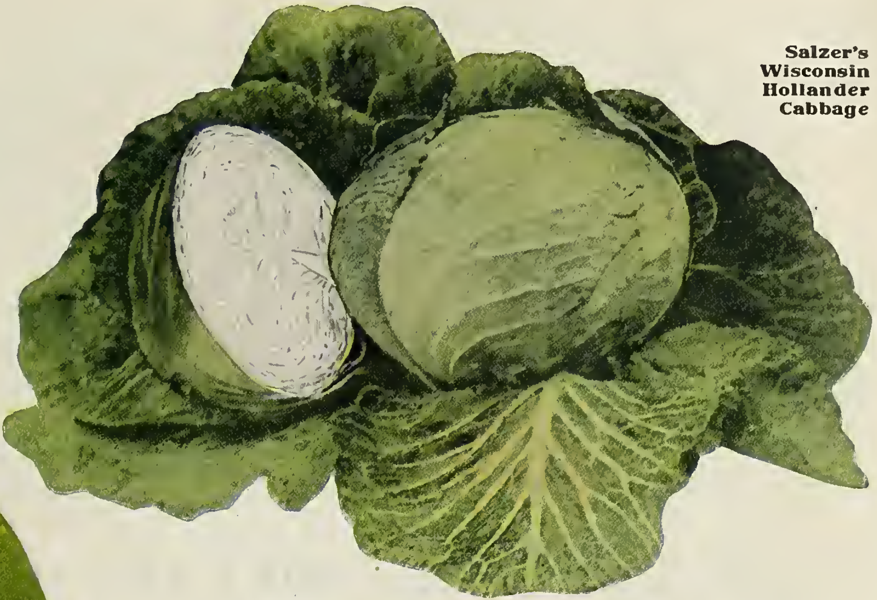
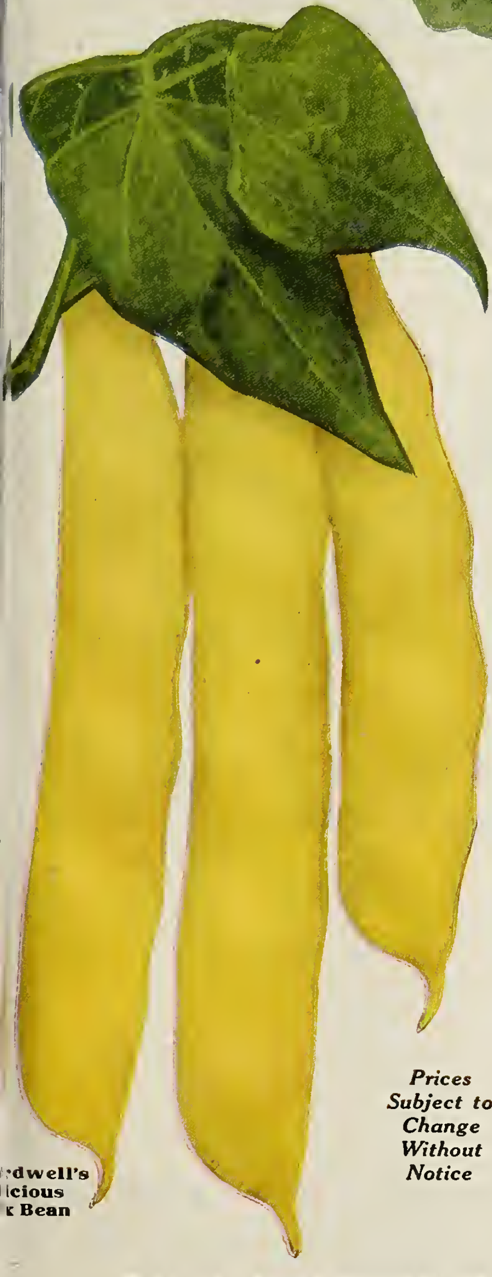
Salzer's Wisconsin Hollander Cabbage

259—In many Wisconsin dis-
icts of cabbage growing sec-
ons, where "Yellows" or "Yellow
ot" had caused fields to be aban-
oned, this remarkable revitalized
rain has enabled growers of this
eat money-making crop to again
ow big crops of large, sound,
gh quality cabbage. Its other
aracteristics are the same as
e Ballhead or Hollander Cab-
age, page 18. (See illustration.)

rice: Pkg., 20c; oz., $1.25; ¼ lb., .50, postpaid.



Salzer's Wisconsin Hollander Cabbage



dwell's
licious
Bean

Wardwell's Delicious Wax Bean

73—Only a practical trial of this variety can give the fullest insight and convey the sterling qualities of this highly selected Bean.

The virtues of many seem to be combined in this superb Bean. It is unquestionably one of the most attractive wax Beans in cultivation, and rivals them all for extraordinary lusciousness and deliciousness. It is stringless, tender and brittle.

The color is a rich golden wax of exceptional attractiveness; the pods are nearly six inches long, broad and flat. Gardeners will find this type unequalled for market purposes and can pin their faith upon our recommendation that it is remunerative, attractive and perhaps the best all-'round table Bean they can grow. Has a strong, upright bush growth, about eighteen inches high. (See illustration.)

Price: Pkg., 10c; lb., 50c, postpaid. Price, by Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25; 30 lbs., $10.00.

Salzer's Earliest Coreless Carrot

295—A competent authority states: "Give me a Coreless Carrot and I will show you one of the sweetest, most delicious vegetables on earth."

The greatest feature of this variety is the entire absence of the stringy, coarse heart or core found in many other Carrots. It is of most delicious quality, owing to the fine texture of the orange flesh and its tender, delicate flavor. Matures about 2 weeks ahead of all other half-long sorts, and is equally as productive. Measures about 6 to 7 inches in length. The roots are of cylindrical form, blunt at the end, very symmetrical, smooth skin, fine neck and small top. (See illustration.)

Price. Pkg., 15c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid. By Express: Lb., $2.45; 5 lbs., $12.00.

SALZER'S BIG DOLLAR COLLECTION

25 PACKAGES, POSTPAID, $1.00

Collections are Put Up in Advance of the Season and Cannot Be Altered

1565. We take great pride and much satisfaction in offering this wonderful Collection. We know it will bring genuine joy and gratification to every purchaser. It is, as it were, the one "Great Advertisement" upon which hinges the **Salzer Reputation** for "Quality Seeds."

It is the Collection to the quality of which we can directly trace our wonderful growth and our immense business. We value our reputation as our greatest asset, and for fifty-two years our sole aim has been, is and will continue to be, to make the name SALZER, when applied to seed quality, the best that is humanly possible to produce.

We recognize that we can only hold the new customers as well as our old, by scrupulously producing seeds of the highest type, strongest germination, exceptional productiveness, outstanding adaptability and unusual merit.

So exacting, so painstaking have we been in the selection, development, growing and roguing of each variety, that we have no hesitancy in stating that this collection, value and results considered, is worth ten times the price we ask for it.

We have customers on our books who have been with us fifty-two years. We seldom lose a customer. We want more. Our Big $1.00 Collection is our inducement. Every order means a Satisfied, Permanent Customer.

This Collection consists of 25 packages—catalog value, $2.40—and cannot be broken. Look up their descriptions.

$1.00 COLLECTION

1. Beet, Crosby's Egyptian.
2. Bean, Salzer's Select Golden Wax.

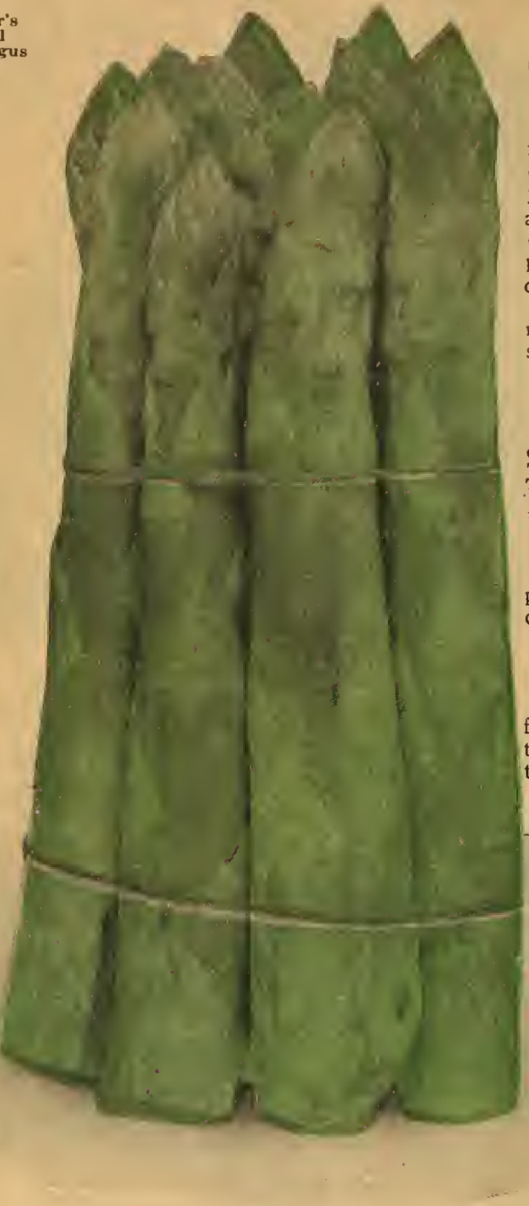
Conover's Colossal Asparagus



SALZER'S
CONOVER'S COLOSSAL ASPARAGUS

Vigorous, Healthy Asparagus Roots

3—Easy to grow—of rich, luscious, nutritious flavor. Remains vigorous, green and tender long after other sorts are off. The crown does not divide like most types. We have spent years in the selection of Salzer's seed stock. We devote large acreages to experiments and have today the highest developed one of the most vigorous tender strains grown. It is practically rust-proof. (See illustration.) **Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid.**

2—**COLUMBIA MAMMOTH WHITE.** A large white variety of great beauty and yield. Immensely prolific, giant sized stalks; rich, juicy, tender—just the Asparagus you want. **Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid.**

CONOVERS AND COLUMBIA MAMMOTH ROOTS

One year roots can be cut in two years from planting. Two year roots the following year.

SALZER'S EARLIEST ARTICHOKE

11—A delicious vegetable. The blossom is cooked and prepared like asparagus. Plants set in any good soil with slight covering in winter will remain in bearing several years.
Price: Pkg., 10c; oz., 75c, postpaid.

CHICORY

359—**WITLOOF-CHICORY OR FRENCH ENDIVE.** The famous winter salad so popular in the best hotels and restaurants. It is easily grown. The seed is sown in Spring and the parsnip-like roots stored in a cool room until wanted for growing in Winter. It requires about one month to force the roots. Cultural directions on each package. **Price: Pkg., 10c; oz., 70c; ¼ lb., $2.25; lb., $8.00, postpaid.**

358—**LARGE ROOTED OR COFFEE CHICORY.** A root grown like carrot, then dried and roasted, if added to coffee lends strength, richness and flavor. The young leaves make an excellent salad for early Spring.
Price: Pkg., 10c; oz., 45c; ¼ lb., $1.50; lb., $5.00, postpaid.

CHIVES

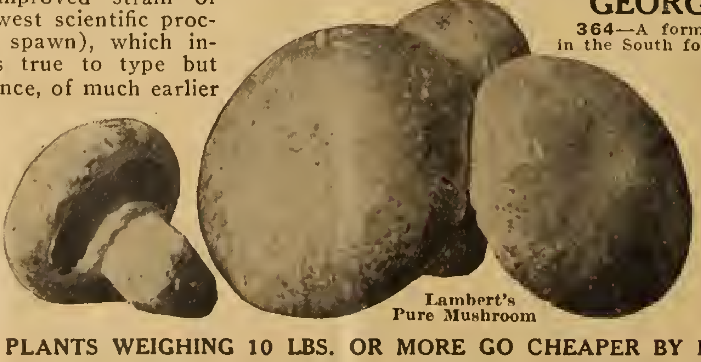
362—We cannot too strongly recommend the growing of a few dozen Chives; when once planted they live forever, bearing an abundance of greens for salads, of strong onion flavor.
Price: Pkg., 10c, postpaid.
4106—CHIVE PLANTS. Clumps, 25c postpaid. 1 doz. clumps, by express, $2.00.

LAMBERT PURE MUSHROOM SPAWN

The demand for Mushroom Spawn among private growers and gardeners for growing in cellars, sheds, etc., has steadily increased with us each year. Everybody is trying this most delicious of all edible fungi. Our pamphlet "Mushroom Culture," is mailed free with each order of Spawn.

We handle only the Improved strain of Spawns obtained by the newest scientific process (we have no imported spawn), which insures not only Mushrooms true to type but also in much greater abundance, of much earlier maturity, of better size and more vigorous growth than those grown by any other method. (See illustration.)

729—**LAMBERT'S PURE SPAWN. Price: Brick (16 oz., 40c, postpaid. Price by express: Brick, 35c; 5 bricks, $1.55; 10 bricks, $2.75; 25 bricks, $6.25.**



Lambert's Pure Mushroom

CRESS

433—**EXTRA CURLED.** Fine flavored; can be cut two or three times. The small curled leaves are much used with lettuce, to which it adds an agreeable pungency.
Price: Pkg., 10c; oz., 15c; ¼ lb., 25c, postpaid.

435—**UPLAND CRESS.** Is ahead of all other early greens in the spring by fully three weeks. Has a crisp, tart taste, and is relished as a salad.
Price: Pkg., 10c; oz., 25c, postpaid.

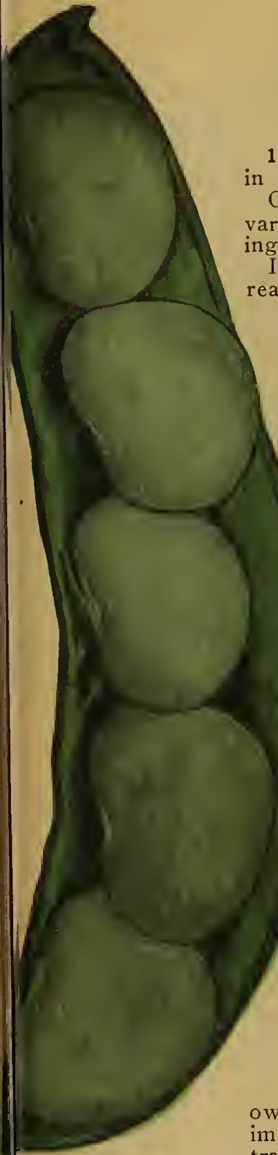
GEORGIA COLLARDS

364—A form of cabbage largely planted in the South for the table and for stock. A loose cluster of leaves with a long stem. **Price: Pkg., 10c; oz., 25c, postpaid.**

CORN SALAD OR FETTICUS

431—Used as a substitute for lettuce in winter and early spring. It is quite hardy and quick growing, being fit for use in about six weeks from sowing. Sow early in spring or fall. **Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid.**

SEEDS AND PLANTS WEIGHING 10 LBS. OR MORE GO CHEAPER BY EXPRESS.



zer's Giant Bush Lima

SALZER'S
GIANT BUSH LIMA BEAN

For Size and Flavor Has No Rival

115—The importance of individuality and selection in Limas is extolled beyond measure in the exceptional earliness, immense size and luscious flavor of this unrivaled Lima.

Certain as to every characteristic; sure of its merits; confident of its general utility for varied climes; positive of its immense productiveness; we offer this new Bush Lima knowing it will please the most exacting.

It is as near perfection as careful selection can make it. Of very vigorous growth, it reaches a height of about twenty-eight inches, usually bearing in clusters from four to eight pods with four to eight beans per pod. Pods measure approximately six inches in length by one and one-quarter inches wide. (See illustration.)

Price: Pkg., 10c; lb., 55c, Postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.25; 15 lbs., $6.00.

FORDHOOK BUSH LIMA BEAN

Of Most Delicious Melting and Luscious Flavor

113—Possessing every quality necessary for a perfect Lima, this bush variety stands out pre-eminently as one of the best and most popular, holding undisputed supremacy in many sections of the country.

Its unexcelled flavor, combined with its fine shape and size, make it a perfect Lima.

Fordhook has an exceptionally strong, vigorous growth that enables it to produce most prolifically in large clusters, pods about 5 inches long, of the most delicious, melting and luscious flavor. Grows erect and bears well above the ground.

We unhesitatingly commend it to all who are looking for a "tempting morsel" Lima.

Price: Pkg., 10c; lb., 50c, Postpaid. Price, by Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25.

SMALL BUSH LIMA OR SIEVA

116—Largely grown on account of its extreme earliness. It is the earliest of all Limas. The pods average from 2 to 4 inches in length and contain from 3 to 4 seeds which are small, but of good quality. The plants are productive and bear for a long time.

Price: Pkg., 10c; lb., 40c, Postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.60; 15 lbs., $4.50.

EARLY LEVIATHAN POLE LIMA BEAN

125—Of the Pole Limas, Early Leviathan easily heads the procession in popularity. As its name indicates, it also leads in size. In Leviathan, quality seems to have improved with its large proportions and its flavor creates a lasting impression wherever used. Combined with all these sterling essentials is its extreme earliness—unquestionably the earliest large seed Pole Lima grown. By many it is called the "Short Season" Lima, owing to its general cultivation in the northern states and Canada, where it has been almost impossible to grow Limas. Very heavy yielder, pods about 5½ inches long. (See illustration.)

Price: Pkg., 10c; lb., 45c, Postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.50.

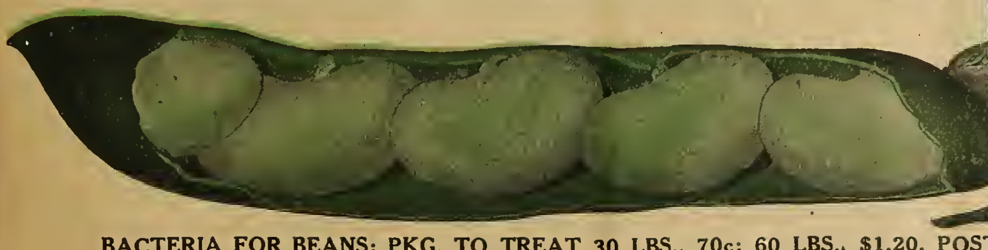
SALZER'S IDEAL GIANT POLE LIMA BEAN

The Largest Podded and Most Prolific Pole Lima Yet Introduced

129—This great Lima has an enviable reputation for quality, conceded by those qualified know as having no equal for table use. It is a Giant in yield and quality as well as in me. Vines unusually vigorous, bearing large clusters of broad pods from 7 to 8 inches length and containing 4 to 6 large beans of superb quality and rich flavor. Is a medium e variety, but earlier than King of the Garden, with much larger pods, and more proctive. In quality it is unsurpassed and should have a place in every garden.

Price: Pkg., 10c; lb., 50c, Postpaid. Price, by Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25.

EARLY LEVIATHAN



BACTERIA FOR BEANS: PKG. TO TREAT 30 LBS., 70c; 60 LBS., $1.20, POSTPAID

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

SALZER'S WHITE WONDER FIELD BEAN

ITS HIGH QUALITIES ARE CONSPICUOUSLY NOTICEABLE

117—White Wonder is decidedly the most valuable Pea Bean under cultivation. Its ability to outyield other beans has made it one of the greatest field beans of the age. Its superb cooking and baking qualities are conspicuously noticeable. The pods are large and filled full of medium-sized pure white beans. Extremely early and sells just at the time when beans are rare and high. Habit, dwarf, very bushy, extremely prolific and full of pods. Sow a pound or two of these beans for winter house use. We consider that no field bean approaches it in yield or quality. That's the universal verdict. (See illustration.)

Price: Pkg., 10c; lb., 30c, postpaid. Price by Freight: Lb., 25c; 5 lbs., $1.00; 15 lbs., $2.50; 60 lbs. (bu.), $9.00.

Field of Salzer's White Wonder Field Bean

WHITE TEPARY BEAN

122—The most valuable Bean for dry farming throughout the West; a variety that almost hates water; it is the earliest Bean we know of. White Tepary Bean is a native of the Southwest, domesticated by the Indians. Coming from the desert, it responds to varied conditions and is recommended for general culture. It ripens two or three weeks earlier than other sorts; it can be planted after the grain is harvested and still make a crop.

Wherever these beans have been tried they produce a very large crop. As a food is equal to any bean known. Drill 4 in. apart in rows. Sow 12 lbs. to an acre.

Price: Pkg., 10c; lb., 30c, postpaid. Price by Freight: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.25; 60 lbs. (bu.), $7.75.

WHITE NAVY PEA-BEAN

120—Famous for its use as Baked Beans yet almost unknown in some gardens. If our customers are earnestly trying to reduce the High Cost of Living they should sow a few pounds of Navy Beans for winter use. Easy to sow, grow, cultivate and harvest. The yield of Navy Beans is invariably very heavy. Not as exacting in their care as the garden varieties. Our stocks are grown for seed and kept free from diseases, whereas for this reason commercial seed does more damage many times over to your soil than any saving in price.

Price: Pkg., 10c; lb., 30c, postpaid. By Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.25; 60 lbs. (bu.), $7.75.

POLE OR CLIMBING GREEN POD BEANS

BURGER'S STRINGLESS GREEN POD POLE BEAN

136—It resembles the Kentucky Wonder in form of pod, but it is much earlier, more productive, and bears a much longer time. The pods are from 6 to 8 inches long, oval-round, of dark green color, very brittle, stringless, without fibre, tender and of sweet, mild flavor. Seed white, fine for baking. (See Illustration.)

Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.50.

KENTUCKY WONDER POLE BEAN

141—An old well known pole variety. It is extra early, and produces pods about 9 to 10 inches in length which are round, somewhat curved and are of splendid quality for snaps.

Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.50.

LAZY WIFE POLE BEAN

142—Probably the best general purpose pole bean, of superior quality as a snap, green or shell bean. Bears all summer. Pods measure about 6 inches, are flat, light green, brittle, of smooth surface, entirely stringless, mild sweet flavor. Seed is pure white.

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.25; 15 lbs., $6.00.

CUT SHORT OR CORN HILL POLE BEAN

138—An old and well known variety, very largely planted among corn. It i medium early and very producive. The pods are about 4 inches long.

Price: Pkg., 10c; lb., 55c, postpaid Price, by Express: Lb., 50c; 5 lbs., $2.25; 15 lbs., $6.00.

CREASEBACK POLE BEAN

137—An extremely early variety with medium sized vigorous vines which are wonderfully productive and bear round, fleshy pods, about 5 inches long, of ligh green color, which are of best quality as snaps. Excellent for baking.

Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.50.

WAX PODDED POLE BEANS

GOLDEN CLUSTER WAX POLE BEAN

101—The best and most productive main crop variety of the wax podded pole beans. It is mediu early, is of excellent quality used either as snap, green or dried shell beans. The vines are of larg growth and produce in abundance clusters of 3 to 6 yellow pods, averaging about 8 to 9 inches. Ver attractive and much used for show and exhibition purposes. The pods are flat, straight, very broad thick and fleshy, entirely stringless, very smooth surface. The dry seed is pure white.

Price: Pkg., 10c; lb., 50c, postpaid. Price, by Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25.

KENTUCKY WONDER WAX POLE BEAN

103—Similar to the green podded Kentucky Wonder. Has broad, fleshy, stringless pods of fin quality.

Price: Pkg., 10c; lb., 60c, postpaid. Price, by Express: Lb., 55c; 5 lbs., $2.50; 15 lbs., $6.75.

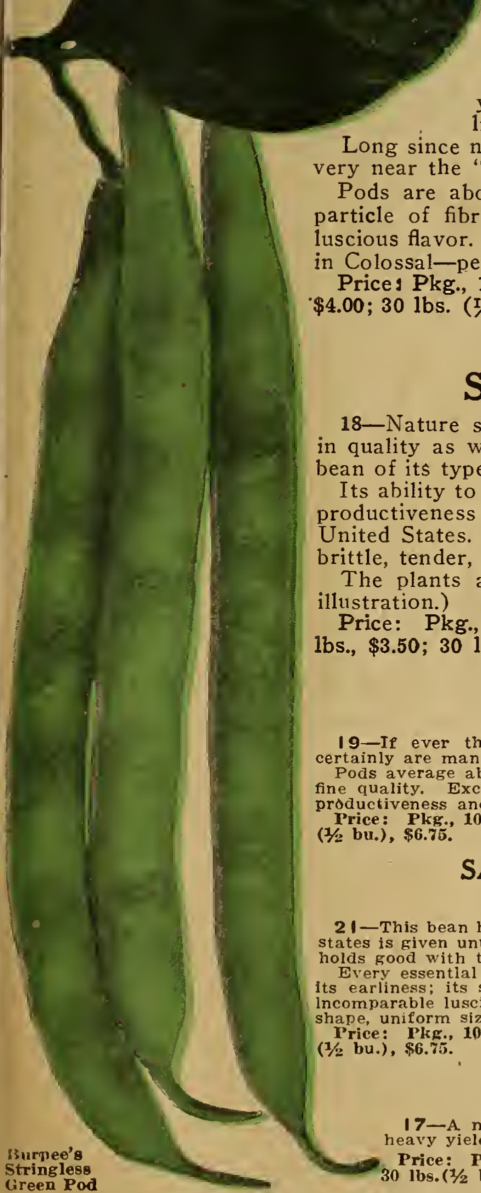
Salzer's Bountiful Green Pod Bean



Burpee's Stringless Green Pod

SALZER'S COLOSSAL STRINGLESS GREEN POD BEAN

The Housewife's Favorite

20—We receive enthusiastic letters of genuine satisfaction every year extolling the merits of this Bean. If ever a vegetable delighted its growers, it is Salzer's Colossal Green Pod Bean.

Long since nicknamed the "Kitchen Favorite," it has by continuous selection become very near the "last word" in bean quality.

Pods are about seven inches long, unusually plump and are seemingly without a particle of fibre. Has a pronounced brittleness and is unusually tender. Meltingly luscious flavor. It is very uniform in both size and shape; this is particularly noticeable in Colossal—perhaps more so than most beans.

Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.00; 30 lbs. (½ bu.), $7.50.

SALZER'S BOUNTIFUL STRINGLESS GREEN POD BEANS

18—Nature seems to have intended that Bountiful should be of outstanding merit in quality as well as name. It is a select strain that we think is as near the perfect bean of its type as seems possible to attain.

Its ability to withstand extremes of climate, its strong, vigorous growth, its immense productiveness and superb quality has made it perhaps the best known bean in the United States. The pods are attractive, large, straight, light green color, solid, meaty, brittle, tender, always stringless. 7 to 7½ inches long. Uniform shape and even size.

The plants are sturdy, erect, bear very early and very late in the season. (See illustration.)

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs. (½ bu.), $6.75.

BURPEE'S STRINGLESS GREEN POD BEAN

A Popular Favorite

19—If ever the characteristics of a vegetable express themselves in their achievements, they certainly are manifested in this wonderfully meritorious Bean.

Pods average about 5 inches in length, usually containing about 6 seeds, are stringless and of very fine quality. Exceptionally strong and disease resistant. Noted for its reliability, hardiness, great productiveness and splendid quality. (See illustration.)

Price: Pkg., 10c; lb., 40c, postpaid. Price, by express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs. (½ bu.), $6.75.

SALZER'S EXTRA EARLY TENDER VALENTINE

A Highly Remunerative Type

21—This bean has a national reputation for productiveness, and in the great market districts of the states is given unusual prominence by professional growers, having a record as a money maker. What holds good with the professional grower likewise is remunerative with the amateur.

Every essential of this strain is decidedly a winner; its quality; its productiveness; its appearance; its earliness; its size; its ease of culture; its tenderness; its brittleness; its delicious flavor and its incomparable lusciousness. Furnishes edible pods in about five weeks from sowing. Handsome round shape, uniform size, light green color and very fleshy.

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs. (½ bu.), $6.75.

BLACK VALENTINE

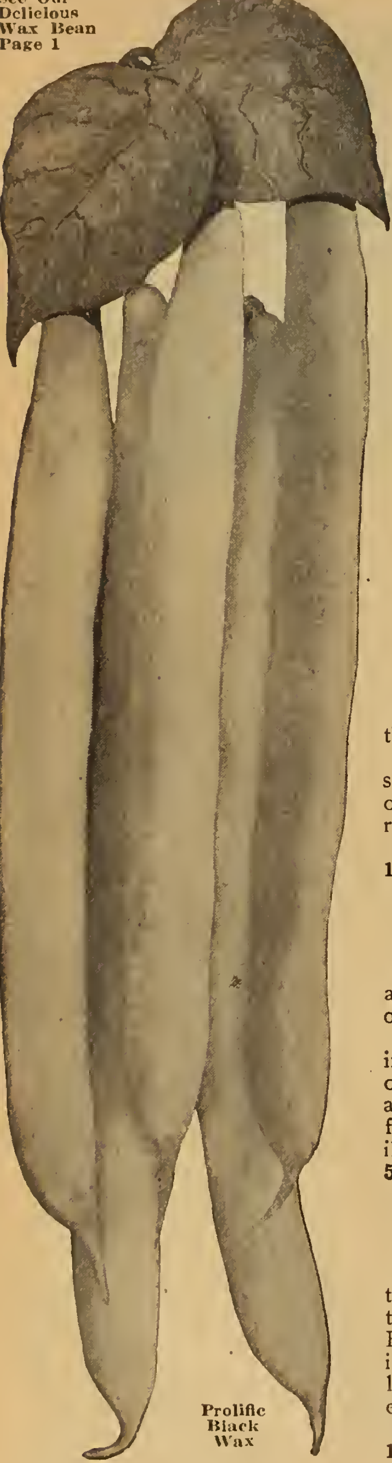
One of the Old Mainstays

17—A most desirable sort. Early pods, extra long, perfectly round, straight, tender, very heavy yielder. Good for late sowings.

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs. (½ bu.), $6.75.

BACTERIA FOR BEANS: PKG. TO TREAT 30 LBS., 70c; 60 LBS., $1.20; 120 LBS., $2.00 POSTPAID

See Our Delicious Wax Bean Page 1



Prolific Black Wax

Salzer's Stringless Kidney Wax Bean

SALZER'S
SELECT GOLDEN WAX BEAN

A Highly Developed Strain. See Page 11 for Actual Color Illustration.

58—Continuous improvement and the test of time have only served to strengthen the popularity of this most popular bean, being distinctly in a class of its own.

Gardeners find this select variety highly meritorious on account of its earliness, splendid shipping qualities and strikingly handsome appearance. The pods are oval, very brittle, stringless, superb, of luscious flavor, about 5 inches long, deep rich yellow color and the plants have dwarf, thick stems.

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs., (½ bu.), $6.75.

SALZER'S STRINGLESS KIDNEY WAX BEAN

A Bean for Those Whose Standards are High

64—The exclusive feature that gives supremacy to this Wax Bean is its almost absolute stringlessness, and combined with this unmatchable quality is every other essentially desirable quality in a bean.

Measures on an average from 6 to 7 inches in length, by ½-inch width and ⅜-inch thickness. The plants are erect, 18 to 20 inches high. The long pods are of oval shape, light yellow color, very brittle, stringless without any fibre, fleshy, and of excellent quality. Unusually disease resistant, even in wet seasons, the foliage seeming to be proof against blight, and the pods free from rust. (See illustration.) **Price: Pkg., 10c; lb., 50c, postpaid. Price, by Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25; 30 lbs. (½ bu.), $10.00.**

PROLIFIC BLACK WAX BEAN

Recommended Where Heavy Crops are Desired.

66—Time has not only crystallized the opinion of our customers generally that this is the Bean for big crops, but has equally emphasized it as a Bean of exceptional quality. It is undoubtedly one of the largest yielding of all black Wax Beans. The plants are medium sized and very productive. They commence bearing very early and continue for a long time. The pods average about 5 inches in length, are round, of light yellow color, very brittle and entirely stringless, and of excellent quality. (See illustration.)

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs. (½ bu.), $6.75.

ROUND PODDED KIDNEY OR BRITTLE WAX

68—The pods measure from 5½ to 6 inches, are entirely stringless, round, of light yellow color, very brittle, very handsome, and of the finest quality. It is one of the earliest wax beans grown and very productive.

Price: Pkg., 10c; lb., 50c, postpaid. By Express: Lb., 45c; 5 lbs., $2.00; 15 lbs., $5.25; 30 lbs., $10.00.

DAVIS KIDNEY WAX BEAN

54—The handsomest of all early Wax Beans. Pods 7 inches long, straight, very uniform in shape and of clear waxy white color. Extremely prolific. Considered by many the best market bean to grow.

Price: Pkg., 10c; lb., 40c, postpaid. By Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 30 lbs., $6.75.

SALZER'S GIANT STRINGLESS PENCIL POD WAX BEAN

57—You will deprive yourselves of the greatest joys and profits of gardening if you do not include this Bean in your plantings.

Its extreme stringlessness appeals to all. The plants are of a very strong, hardy growth, producing pods 6 to 7 inches long. Its bright, attractive, appetizing appearance makes it a ready seller at advance price on any market. Successive plantings should be made weekly from May to August. Pods are round, beautiful golden yellow; straight, brittle, tender, solid and exceptionally rich in flavor. Medium early, strong grower. Withstands extremes of weather.

Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $4.00; 30 lbs. (½ bu.), $7.50.

BACTERIA FOR BEANS: PKG. TO TREAT 30 LBS., 70c; 60 LBS., $1.20; 120 LBS., $2.00 POSTPAID.

FEED CARROTS TO ALL FARM ANIMALS. THEY WILL THRIVE BETTER

EASY TO SOW, EASY TO GROW, EASY TO HARVEST, EASY TO FEED

Mastodon, One of the Heaviest Cropping Carrots in Cultivation

Any farmer that fully appreciates profitable farming can ill afford to overlook the economic production of carrots for stock feeding. Field Carrots as part of the daily ration for cattle, horses, hogs, poultry, etc., are now generally recognized as both needful and wholesome. The brightest and brainiest farmers everywhere appreciate that the profits are proportionally as great in feeding roots as any other feed on the farm. Stockmen find that the flesh production is more pronounced when Carrots, Mangels or Turnips form part of the daily diet. The immense yielding characteristics of roots make them a highly remunerative feed crop. The great succulency and nutritiveness of carrots make the raising of stock more profitable; the maintaining of horses and dairy cows less expensive. Farm animals relish and do better when field roots form part of their diet.

SALZER'S MASTODON CARROT

Unquestionably A Root of Exceptional Merit

1468—Suffice to say the opinion of Expert Agriculturists everywhere is decidedly in favor of liberal acreage of Mastodon Carrots on every farm, and as being indispensable for the economical feeding of stock and the increasing of milk production. For every pound grown a few years ago, there are thousands today. So noticeable in outstanding qualities, its merits are self-evident to every grower. It is highly relished by stock. It is, perhaps, the largest cropping carrot grown; in fact, its yields are wonderful. It is exceptionally juicy, sweet and very luscious. Growing well above the ground and being broad at the shoulders, tapering fairly abrupt to the end, it is one of the easiest carrots to harvest. Averages 8 to 10 inches in length. Very thick. The creamy white flesh is crisp, solid and sweet. Unexcelled as a winter keeper. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 40c; lb., $1.25, postpaid.

IMPROVED WHITE BELGIAN CARROT

Highly Esteemed For Its Feeding Qualities

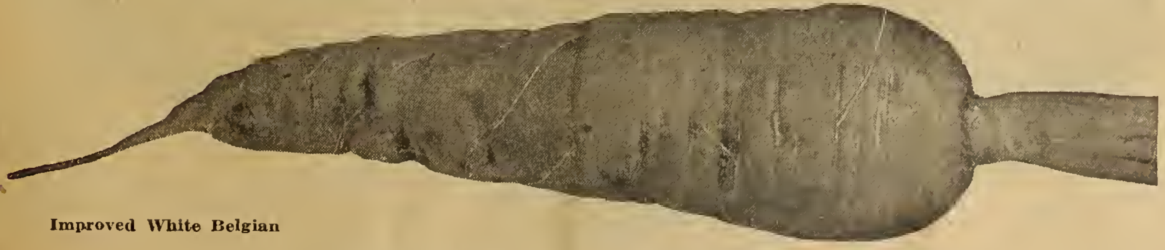
1471—If enterprise is to be the predominating characteristic White Belgian should be planted on every farm and it will thereafter never be omitted from a single season's operations. This is, generally speaking, the Universal Stock Carrot of Belgium, noted for its industrious, frugal, thrifty farmers. In that country it would be difficult to find a farm without a crop of White Belgian Carrots. The popularity of this great carrot is due to its many qualities of merit. Dairymen particularly prize it for its great amount of saccharine; the flavor imparted to the milk; the avidity with which cows devour it; its immense yields; its ease of cultivation; its easy harvesting and good keeping quality. This carrot is generally conceded a fine length for cultivation. It has a thick crown, very little core, finely grained, creamy white flesh, attractive appearance, comparatively free from side roots, very sweet and tender. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

IMPROVED NORMAN BELGIAN CARROT

1467—This old variety is still planted very extensively. It is very hardy and very productive. The roots are at least 6 times as long as broad, pale orange underground, and green above. About one-fourth to one-third grows above the ground. Keeps well and is very nutritious.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.



Improved White Belgian

SALZERS' SELECT OXHEART CARROT

(Guerande)

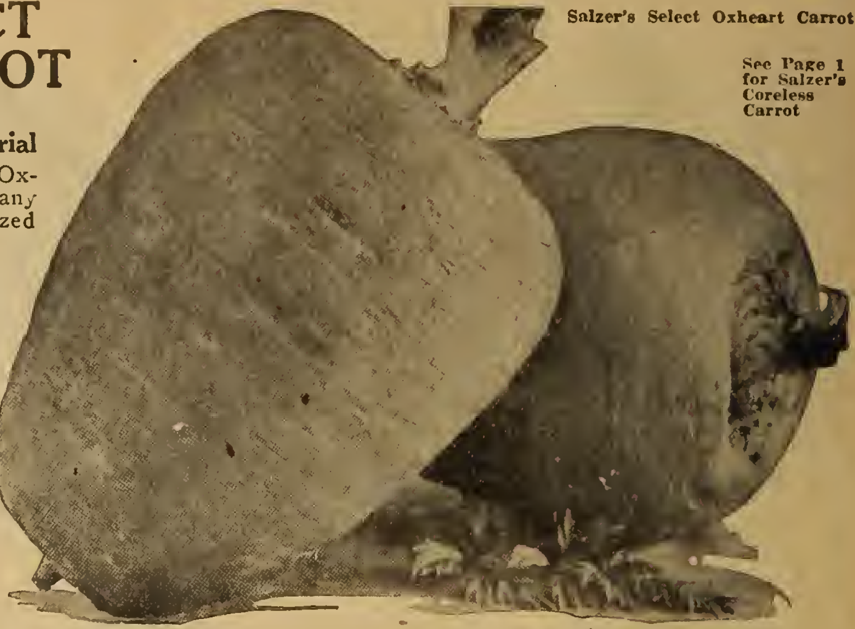
Grows in Estimation with Every Trial

302—It is universally conceded that Oxheart is more profitable to grow than any of the table carrots, hence it is recognized as the general purpose Carrot of the day.

Its shortness makes it peculiarly adapted to shallow soil. Its thickness makes it one of the heaviest cropping Carrots grown. Its unsurpassed eating qualities make it a delightful table Carrot. Its heavy cropping attributes permit its general culture for stock feeding.

It is very thick through, about 5 inches long, stump-rooted, often attaining a weight of 2 lbs. The color is deep red. The flesh is tender and sweet. (See illustration.)

Price: Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. By Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50.



Salzer's Select Oxheart Carrot

See Page 1 for Salzer's Coreless Carrot

SALZER'S CHANTENAY CARROT

(Model)

A Carrot That Never Disappoints

292—(See color illustration Page 11.) It is highly interesting and very noteworthy to observe the orders from market gardeners for their choice in Carrots. Almost without exception this variety is included, even though others are ordered. It is a half long stump-rooted variety, medium early, with thick roots slightly tapering and of deep orange red color. The flesh is lighter in the center than in the outer part, but it is fine grained, juicy and sweet.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. By Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50.

IMPROVED LONG ORANGE CARROT

300—Very handsome, straight, smooth roots of bright red color, frequently 12 inches long, and 3 inches in diameter at the neck. Does best in light, well prepared soil. A splendid Carrot for table use and field culture, combining great productiveness with fine, regular shape and has tender sweet flesh. Can be used in about 40 days from sowing.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. By Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50.

SALZER'S DANVERS HALF LONG CARROT

A Carrot That is Some Carrot

293—To the person who plans his garden lay out and works it for either the love or pleasure of it, we particularly commend Danvers Half Long Carrot, knowing that the real genuine joy and pleasure derived from the results will compensate him many times over for so doing.

It is practically impossible to be misled on this superb carrot, its virtues are so many.

Its reputation as a reliable quality carrot is universal.

A splendid semi-stump-rooted Carrot of rich orange shade and most excellent flavor. Grown mostly on account of its great productiveness and adaptability to all soils. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. By Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50.

SALZER'S FIRE-BALL BEET

For Those Who Appreciate Quality

167—(See color illustration on back cover.) We think Fireball is e karat mark of perfection in beets. A popular favorite everywhere, s its attractive appearance, perfect globe-shape, catch the fancy of ost all who see it. It is very fine-grained, rich with exceedingly ender flesh of superlative quality. The leaves are small, upright, of rich purle color, borne on slender stems. The roots are uniformly medium-sized. he surface is remarkably smooth. It has a very small tap-root. The color f the skin and flesh is a brilliant dark, fiery red, the richest, darkest red of ny beet. This intensity of color is retained when cooked. Fireball is equally aluable for early frame work as well as for open ground.

Price: Pkg., 15c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

SALZER'S RED BEAUTY BEET

Remarkable For Its Flavor

166—(See color illustration on page 12.) It has measured up to very implication of its name for uniformity, shape and attractiveess.

The flattering successes that have followed every sale of this eet reveals unmistakable evidence that nature has excelled itself n this beet.

It has proven as positively one of the earliest turnip-shaped beets n the world.

The roots are smooth, with a small tap-root. Is of medium size, bout 3 inches in diameter. The flesh is fine grained, free from voody fibre, exceptionally fine quality and sweet flavor. The color f the skin and flesh is a deep red, the darkest of any beet, and s retained when cooked, making the beets most attractive for both anning and pickling. The leaves, which are dark green and shaded vith red, are very small and upright growing, allowing close planting.

Market gardeners are pronounced in saying: "It is ne of the earliest, finest, round, blood-red beets." It is nsurpassed in all its requirements, excellent in its flavor, uick in its growth, handsome in its appearance.

The quality of our beet seed is one of the prides of ur business. We know our beet seed cannot be excelled. **Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, ostpaid.**

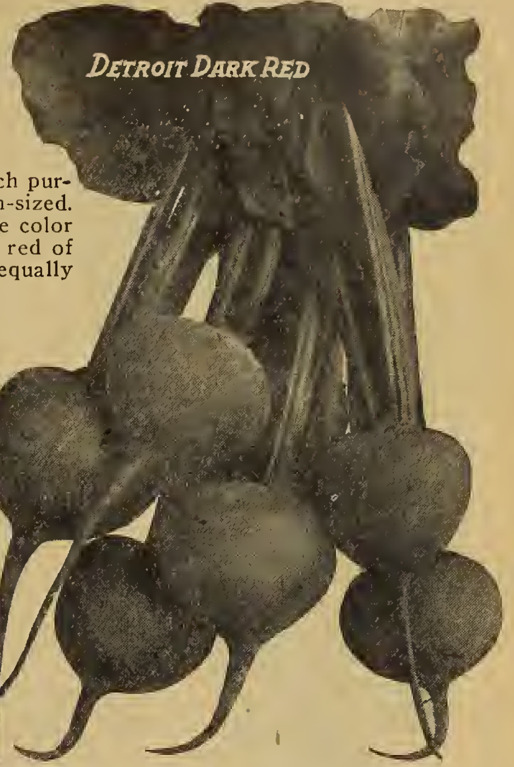
CROSBY'S EGYPTIAN BEET

One of the Best Market Beets in the World

158—(See color illustration on page 12.) Crosby, the oted Boston gardener, left this wonderful perfect Beet s a legacy to mankind.

One of the earliest and best strains of Beets, ready or the table in about 40 days. It is a decided improvenent over the well-known Extra Early Egyptian, being qually as early, but larger and more round in form. he roots run uniform in size and shape, have small tops, ust right for early bunching. The flesh is deep red, weet, tender, and of excellent quality. Crosby's Egyptian s fit for the market earlier than most other kinds. It levelops its fine turnip shape already in the early stages f its growth and on that account is also preferred to nost other kinds. **Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; b., $1.00, postpaid.**

Crimson Globe Beet



SALZER'S EARLY BLOOD TURNIP BEET

The Time Tried and True

162—(See color illustration on page 12.) Sometimes it seems as though this variety had attained all the degrees of excellence. It is distinctly a beet that you can't go wrong on. A beet that has the approval of the most discriminating gardeners everywhere. The roots are of medium sized, round, or dark red color and fine flavor.

Price: Pkg., 5c; oz., 15c; ¼ lb., 25c; lb., 90c, postpaid.

171—LONG SMOOTH BLOOD RED—Deep red color, rich flavor, fine keeper, grows about 10 inches long, 2 inches in diameter.

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

157—CRIMSON GLOBE. A splendid, handsome, extra early variety producing roots which are almost globe-shaped, of quite large size and have dark flesh of the finest quality. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

164—EDMUNDS. Turnip-shaped. Sweet and tender.

Price: Pkg., 5c; oz., 15c; ¼ lb., 25c; lb., 90c, postpaid.

163—EARLY ECLIPSE. A very early variety. Perfect globe, blood red, very sweet, crisp and tender. **Price: Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 90c, postpaid.**

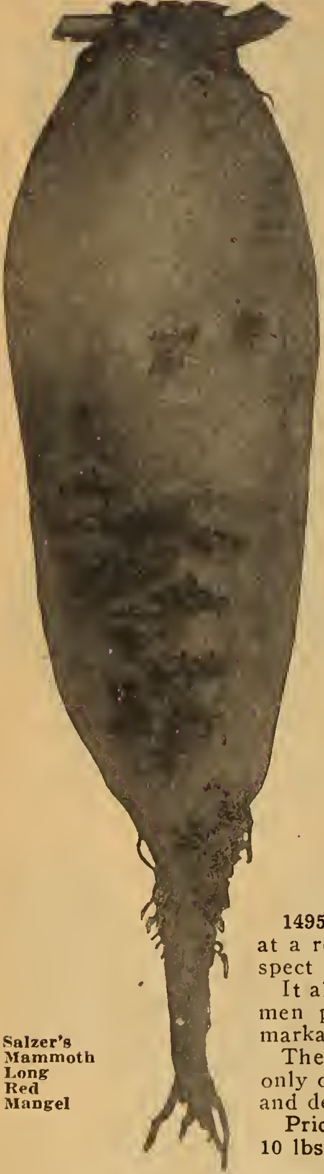
DETROIT DARK RED BEET

159—Despite the many new beets introduced from time to time, old Reliable Detroit gains in favor instead of waning.

The roots are of perfect turnip shape, always smooth, with a small tap-root. The color of the skin is dark blood red and the flesh deep vermilion red, zoned with a lighter shade. The quality is the very best, sweet and tender. Has a handsome color and its delicious taste makes it an ideal table Beet. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.



Salzer's Mammoth Long Red Mangel

SALZER'S
EIFFEL TOWER MANGEL

The Largest and Heaviest Cropper

See Color Illustration Page 12

1489—The immense size of each root, the phenomenal yields, the large sugar content of Eiffel Tower Mangel make it decidedly the variety for stock feeding. So uniformly large does it run, we question if a more suitable name could have been given it.

It is practically impossible to be misled in this strain; it is a type that grows and grows, not only in size, but in the estimation of all who give it a tryout.

It seems to flourish under the most flagrant abuse. Like corn on a hot summer night, you can almost see and hear it grow.

The Mangel has dark red skin, white flesh tinged with rose and is wonderfully prolific. Its yield is enormous, 1,000 bushels being nothing uncommon on good soil. Can easily be harvested, as it grows well above the ground. Its quality is of a high order, and is greatly relished by all cattle, giving a wonderful flow of milk; also an excellent food for fattening.

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, Postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50; 25 lbs., $20.00.

SALZER'S MAMMOTH LONG RED MANGEL

A Highly Productive Mangel

1496—As farm land becomes more valuable, the productive capacity and feed crops must be increased. Those who know this variety never cease extolling its immense and exceptional feeding value. It is the unanimous testimony of dairymen and stockmen that mangels are as profitable to plant as any other feed ration.

It grows right along, regardless of adverse weather, varied soils and other conditions that would ruin other varieties. Ranks very high in nutritive qualities; in fact, possesses saccharine matter to a remarkable degree. The roots reach an almost unbelievably large size, are uniformly straight and well formed. Deep red color, solid and small tops. (See illustration.)

Price: Oz., 10c; ¼ lb., 25c; lb., 85c, Postpaid. Price, by Express: Lb., 80c; 5 lbs., $3.75; 10 lbs., $7.00; 25 lbs., $16.25.

SALZER'S GOLDEN TANKARD MANGEL

Reputed Account of Its Large Amount of Saccharine

1495—The aim of the farmer, dairyman or stockraiser should be to obtain abundant crops at a remunerative cost without impairing the future productiveness of the soil, in which respect Golden Tankard ranks high.

It also contains more elements of saccharine than most other sorts. Many leading dairymen prefer to sacrifice yield to secure nutriment, as it increases the flow of milk to a remarkable degree.

The roots are handsome, of an ideal cylindrical form, with small neck, clean, generally with only one tap-root, can easily be harvested, and are excellent keepers. The skin is light gray and deep orange below the ground; the flesh is a bright golden yellow.

Price: Oz., 10c; ¼ lb., 25c; lb., 85c, Postpaid. Price, by Express: Lb., 80c; 5 lbs., $3.75; 10 lbs., $7.00; 25 lbs., $16.25.

KLEIN WANZLEBEN SUGAR BEET

For Sugar Making

1482—More extensively grown than any other variety for making sugar; used almost exclusively by all sugar factories. The average yield is from 15 to 20 tons per acre with about 18 per cent of sugar. Our seed is pedigree stock, producing roots testing the highest per cent of sugar obtainable.

Price: Oz., 15c; ¼ lb., 30c; lb., $1.00, Postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50; 10 lbs., $8.50; 25 lbs., $20.00.

COLOSSAL SUGAR BEET OR HALF SUGAR MANGEL

1481—A very desirable variety for stock feeding, of very high nutritive value; twice as productive as Sugar Beets; richer in sugar and more valuable than Mangels, and almost as productive; roots, which are ovoid shape, grow half out of the ground, hence easily harvested. Flesh, white. (See illustration.)

Price: Oz., 10c; ¼ lb., 25c; lb., 85c, Postpaid. Price, by Express: Lb., 80c; 5 lbs., $3.75; 10 lbs., $7.00; 25 lbs., $16.25.

Salzer's Colossal Sugar Beet

IF YOU RAISE STOCK, DO NOT OVERLOOK THE MANGELS LISTED ON THIS PAGE.

LUCULLUS SWISS CHARD

(SPINACH BEET)

172—Eminent Garden authorities do not hesitate to acclaim the praises of Lucullus Swiss Chard. It produces more food for the table than almost any other vegetable, and it also requires less care; it yields a constant crop from June to Winter. The leaves are used for greens, the same as Spinach or Beet Tops, and are about equal in quality to Spinach. Can also be used all Summer when Spinach is not available. When the leaves grow larger, the large, broad, pure white stems and midribs are used and cooked like Asparagus or made into very good pickles. Grows 2 to 2½ feet high, produces very thick and broad stalks like Rhubarb. The leaves are heavily crumpled, like Savoy Spinach, very tender and of fine flavor. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

169—LARGE RIBBED WHITE. A very delicious vegetable.

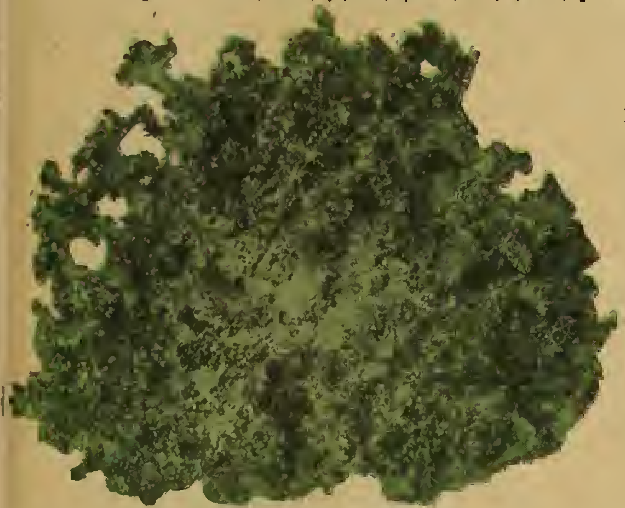
Price: Pkg., 5c; oz., 15c; ¼ lb., 40c; lb., $1.00, postpaid.

SALZER'S MOSS CURLED BORECOLE (KALE)

512—The best and hardiest variety in cultivation. Robust, very compact in growth, with dense moss curled leaves of deep green color. The stems produce a wealth of curly sprouts which are perfectly tender and of a delicious flavor. Grows about 30 inches high; stands cold weather which improves its deliciousness.

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.00, postpaid.

Lucullus



Moss Curled Endive

509—SALZER'S DWARF ERFURT. This magnificent variety is extremely prolific. of light green color and most delicious flavor. Leaves large and curled like parsley.

Price: Per pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.00, postpaid.

514—TALL SCOTCH GREEN KALE. A hardy, ornamental plant, 3 to 4 feet high, with long deeply cut and curled light green leaves of fine quality.

Price: Per pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.00, postpaid.

LARGE WHITE BROCCOLI

200—A most useful variety, easily grown. The plants are quite hardy, if set outdoors early in Spring the crop will be ready the latter part of September; successional sowings could be made for later cuttings. The heads are very large, firm, pure white, and unsurpassed in quality.

Price: Per pkg., 10c; oz., 30c; ¼ lb., $1.00, postpaid.

MOSS CURLED ENDIVE

Highly Ornamental and of Superb Flavor

502—In this day when salads have become a recognized regular table diet, Endive, with its consequent increased demand, has become a much sought for delicacy. With its slightly pungent taste it is decidedly distinct in flavor from other vegetables and seems to admirably fill a needed place.

Much more ornamental than either lettuce or parsley, hence very valuable for garnishing. One of the most attractive plants when blanched by tying up the leaves for a week to ten days before using. Moss Curled is a dense cluster of finely cut-in green leaves which are very crisp and tender; 10 to 12 inches in diameter. Resembles a tuft of moss. (See Illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

501—EVER WHITE CURLED ENDIVE. Very light colored leaves, which are crisp and tender; the most attractive sort; 14-16 inches in diameter. Does not require tying up, as it assumes a delightful pungent taste and attractive appearance without blanching. **Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.**

500—BROAD LEAVED BATAVIAN ENDIVE (Escarolle). Large, broad leaved, forming a fairly firm head, 16 inches in diameter; blanches nearly white, and is of fine flavor, unsurpassed for salads; also much used for greens; cooked like spinach. Largely grown. **Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.**

SALZER'S LARGE AMERICAN FLAG LEEK

531—A splendid vegetable for flavoring soups, etc. Treat same as onions; both leaves and bulbs are used. Leeks are very hardy and the flavor is much improved by freezing. If very white and tender stems are desired, draw up the earth about the stems in the same manner as is done in blanching celery. In fall, plant a few in sand in the cellar for winter use. Produces large, thick stems of sweet flavor. (See Illustration.) **Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.**

532—LARGE ROUEN LEEK. One of the best. Splendid for flavoring. Is very hardy, and has very thick, snow white stems of delicious flavor.

Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.

Black Beauty Egg Plant

SALZER'S NEW YORK PURPLE EGG PLANT

A Tempting, Appetizing Table Dish

494—(See color illustration page 21). This is one of the real table delicacies. It should be in every home garden. It is a most tempting, appetizing treat. This is positively one of the choicest strains for ease of culture as well as for table quality.

Start this year, try the Egg Plant—you will be pleased to discover what a wonderfully delightful vegetable it is to grow and to eat.

It is early, extremely prolific and entirely spineless. Extra large fruits, weighing several pounds each, with a circumference of 12 to 20 inches, have often been grown of this strain, and as much as 40 pounds of fruit from one plant. The fruits are of deep purple color, quite smooth, and have white delicious flesh.

Price: Pkg., 10c; oz., 45c; ¼ lb., $1.50, postpaid.

SALZER'S BLACK BEAUTY EGG PLANT

492—A most desirable variety for the home garden and truckers, especially in the North, as it is quite early, maturing its fruits from 10 to 12 days ahead of the New York Purple. The fruits are broad, thick, symmetrical in shape, more round than the Salzer's New York, of a rich, lustrous purplish black color, and of splendid flavor. Not quite so productive, nor as large as those of the New York Purple. (See illustration.)

Price: Pkg., 10c; oz., 45c; ¼ lb., $1.50, postpaid.

SALZER'S EARLY PURPLE VIENNA KOHLRABI

See Color Illustration Page 21

522—One of the most pleasing, delightful vegetables possible to grow. This delicious vegetable is justly popular. Excellent for soups or cooked as turnips. Has full cabbage flavor, but earlier.

Largely grown for table use in Europe. The leaves, stems and bulbs are purple, but in all other respects the same as the White Vienna. The White and Purple Vienna are the best for table use.

Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.

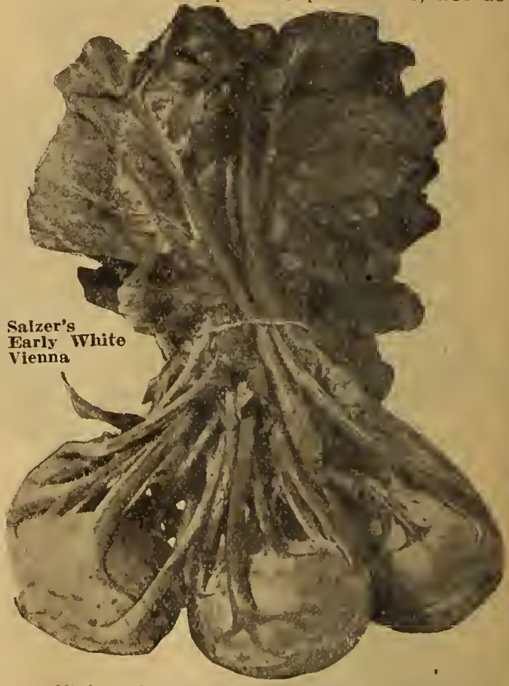
SALZER'S EARLY WHITE VIENNA KOHLRABI

A Pleasing Delightful Tasty Vegetable

523—Just how many home growers get down to deliberate, cool calculation of the value each and every vegetable has to the garden, kitchen and table, we do not know. Suffice to say, this should not be omitted if any easy growing but tasty dish is a consideration.

A very handsome, extremely early variety, with small tops. The bulbs are of medium size, nearly white and of the best quality; it makes a delicious cabbage-flavored dish. This variety is large enough to be eaten in about two months from time of sowing.

Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.



Salzer's Early White Vienna

SELECT STRAIN HORSERADISH

4112—This splendid appetizer cannot be over-estimated; 25 plants are sufficient for a family. The roots grow and increase rapidly in size with each succeeding year. Plant in a corner of the garden where you wish it to grow and you can begin digging the next year. (See illustration.)

Price: Roots, doz., 45c; 50 for $1.25; 100 for $2.00, Postpaid. Price, by Express: 100 for $1.75; 1000 for $17.00.

Horseradish Roots

BOHEMIAN HORSERADISH

4111—Grows to double the size of the old variety, is whiter, of superior quality and much earlier, being ready for market in the Fall if set out in Spring. Price: Roots, Doz., 35c; 50 for $1.00; 100 for $1.75, postpaid. Price, by Express: 100 for $1.50; 1000 for $14.00.

SALZER'S FRENCH GIANT DANDELION

490—This should not be confused with the wild Dandelion, having leaves much thicker and almost double the size.

Good for the blood; largely grown in France. It is delicious and on account of its extreme earliness is in great demand as a salad; the leaves are also cooked like spinach, and grown extensively for home made wine. Price: Pkg., 10c.

SOUTHERN GIANT OR CHINESE MUSTARD

725—Crimped, frilled and bushy; leaves often 14 inches long; ready for use in 6 weeks from sowing. Plants yield until frost. Price: Pkg., 10c.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

SALZER'S EXTRA EARLY JERSEY WAKEFIELD

A Magnificent Cabbage of Extreme Earliness

214—It is impossible to contemplate without admiration the brilliant record of this cabbage. Its extreme early maturing tendency, its exceptional high quality, its productiveness has given it a commercial value almost incalculable.

It is ready for the market within ten days of Salzer's Lightning and next to Lightning is the best extra early cabbage grown. The plants are short stemmed, with few smooth and thick outer leaves. The heads are of medium size, hard, pointed and of very fine quality. A reliable header; being very hardy, it resists cold and will give good results even under unfavorable conditions. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

SALZER'S EARLY DWARF FLAT DUTCH CABBAGE

Has A National Reputation

228—This is a Cabbage literally permeated with quality. It is the earliest of the large heading varieties. Unusually solid, compact and uniform.

Its large size, shape and immense yields make it of particular value to grow for either home or market. Its admirable appearance and delightfully mild flavor gives it more than passing favor by users everywhere.

It is finely bred, finely veined, crisp and tender. Greatly prized at the better hotels and restaurants on account of its general utility.

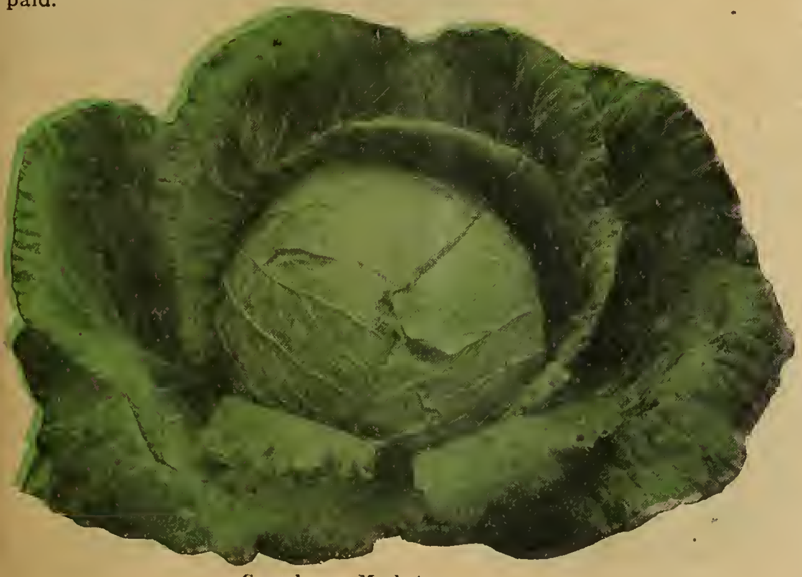
Price: Pkg., 5c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

EARLY WINNINGSTADT

216—The Winningstadt is the latest of the extra early pointed Cabbages. It forms more solid and harder heads than the others, is of a blue-green color, sharply pointed and very heavy for its size. A good keeper.

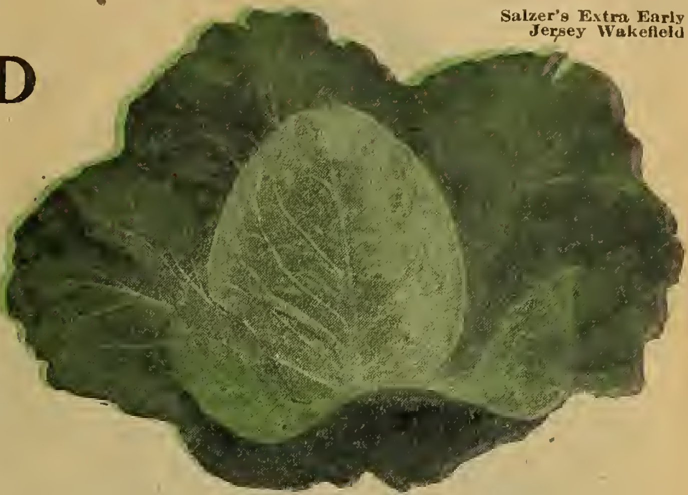
It is exceedingly productive, more hardy, stands frost and drought better and suffers less from insects than any other early variety.

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.



Copenhagen Market

Salzer's Extra Early Jersey Wakefield



SALZER'S LARGE CHARLESTON WAKEFIELD CABBAGE

212—All who have experienced the difficulty of getting a uniform stand, or a cabbage of delightfully mild, pleasing flavor, will appreciate the value of this Cabbage. It is a sure cropper. Less pointed and fully one-third larger than Jersey Wakefield. The heads are as hard as a rock and weigh from 8 to 12 pounds and more. Deservedly popular with market gardeners to follow Early Jersey Wakefield. A splendid variety for the home garden.

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

SALZER'S COPENHAGEN MARKET CABBAGE

A Marketable Head from Practically Every Plant

244—A Cabbage of highest pedigree. The great characteristic of this variety is the maturing of the heads at the same time, thus enabling one to harvest simultaneously and economically. It is the result of skillful development for uniformity and quality.

A few days later than Jersey Wakefield, but produces much larger heads than any other Cabbage equally as early. The heads are heavy in weight, ball shaped, solid and firm, with a small core and of fine texture and splendid quality. The leaves are of light green color, tightly folded together in remarkably solid and compact form; it has few outer leaves, is of compact growth, permitting close planting, and has a short stem, growing close to the ground.

Our seed is a pedigreed type of selected strain. (See illustration.) Danish Grown Seed.

Price: Pkg., 10c; oz., 45c; ¼ lb., $1.40; lb., $5.00, postpaid.

Salzer's All Season

SALZER'S
ALL SEASON CABBAGE

For Early Summer, Autumn and Winter Use

227—This is a cabbage of economic importance to the home and market gardener alike, and is generally conceded the safest for the amateur to plant. It is also considered one of the best sorts for pickling cabbage for winter use.

It is an all season cabbage in every sense of the word; has a reputation for heading uniformity. Its exceptional vigorousness will produce a head under the most adverse conditions. Considered one of the best sorts for Kraut. The heads are very large, nearly round, extremely hard and solid. They are small ribbed and even if planted very late will keep well and are much to be preferred to the big ribbed Winter sorts.

Our seed is from selected stock. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

SALZER'S GENUINE SUREHEAD CABBAGE

The More Critical the More Your Appreciation

249—Surehead is a cabbage of many years unparalleled record and of genuine merit. It flourishes under almost absolute neglect. Many of the best gardeners in the country swear by Surehead, as it has gained a reputation equal to its name for forming perfect heads. It has every essential of a late cabbage that could be desired. It is similar in most respects to our Giant Flat Dutch. Develops a solid head of very uniform size and shape. Its eating quality is par-excellence; unexcelled as a combined shipper and keeper. Our seed of Surehead has been bred to a remarkable constitutional vigor that will produce plants of strong and sturdy growth.

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

PREMIUM LATE FLAT DUTCH CABBAGE

One of the Old Reliables

253—A popular large, late strain of Flat Dutch type of which **SALZER'S GIANT FLAT DUTCH** is the finest and largest. Premium Flat Dutch produces large, solid heads of fine quality.

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

SALZER'S
DANISH BALLHEAD CABBAGE

(Hollander)

Reputed For Its Shipping Quality

See Color Illustration Page 1 for Wisconsin Hollander

245—The invariable choice of this cabbage by professional growers for winter storing for the following early spring sales bear explicit testimony of its exceptional value in this respect. City produce companies with large warehouses scattered throughout the country show a stated preference for it.

The well formed heads are nearly round in form, very hard and solid, of bluish green color, hardly ever burst, have few but large outer leaves, keep in fine condition until late spring and stand shipping better than most other sorts. It is crisp, tender and sweet in flavor, very fine for kraut, slaw, etc. This cabbage grows excellently on almost all soils and under most conditions, withstanding hot and dry weather, and does not rot from the effects of wet seasons. Has a tall stem, about 6½ inches high. (See illustration.) Danish Grown Seed.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.00, postpaid.

Salzer's Danish Ballhead

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

SALZERS' DANISH ROUNDHEAD CABBAGE

ALSO KNOWN AS SHORT STEM BALLHEAD

246—Our sales indicate that this is one of the mainstays of the abbage family.

Many of the old types have vanished before the sterling worth f this cabbage. Its remarkable solidity, few outer leaves, short tems, and splendid keeping qualities have heralded its virtues roadcast. For cool districts it is marvelous.

It is of more vigorous growth than Ballhead and therefore etter able to resist blight and other diseases. The heads are ven larger, although they mature from one to two weeks earlier, ut in most other respects the two sorts are identical.

The heads are set on short stalks, have few uter leaves. They are extremely hard and solid, f sweet flavor, crisp and tender texture; the in-erior leaves blanch to the purest whiteness. The reat weight of the heads has been noted by all rowers and when the heads were cut from the talks, to show distinctly the round form, a not unusual comment was: **"Hard as a bullet and heavy s lead."** (See illustration.) Danish Grown Seed.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.00, ostpaid.

Salzer's Danish Roundhead

SALZER'S DANISH STONE HEAD CABBAGE

RED CABBAGE

273—Salzer's Stonehead produces round or ball shaped heads of great solidity and unusually dark purplish color, and this rich coloring extends to the center of the head, showing only a small portion of white when cutting across the veins and tissue. The plants are of strong, compact growth, producing heads uniform in size and shape, from 6 to 8 inches in diameter. It is the best keeper of any of the Red Cabbages. Most desirable for the housewife in slicing for slaws, salads, etc.

Price: Pkg., 10c; oz., 50c; ¼ lb., $1.60; lb., $6.00, postpaid.

IMPROVED AMERICAN SAVOY CABBAGE

BEST FLAVORED CABBAGE WE KNOW

284—Has a decidedly pleasant, delightful flavor. This Savoy or crimped-leaved cabbage should be in every garden and where once used will be planted again, as the leaves are more tender, of milder, sweeter flavor than the smooth-leaved varieties. It is most delicious after being frosted; it is then marrow-like.

This is one of the finest late variety, very sure heading and producing large, solid heads of densely crumpled leaves, the interior beautifully blanched and of delicious flavor. Short stemmed, vigorous plants with few outer leaves; keeps well. (See illustration.) **Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.**

merican Savoy Improved

SALZER'S PEDIGREED IMPROVED DWARF BRUSSELS SPROUTS

205—This melting, luscious variety is one of the hoicest and most appetizing vegetables ever set n a table While in appearance they resemble iniature cabbage, they excel the most tender and hoicest cabbage ever grown. This exceptionally ardy type is easy to cultivate. Can be left in he ground long after frost, as hard frost enhances s eating qualities to a considerable degree. Owing o its remarkable juicy tenderness and strong, ro-ust, healthy growth, we consider it incomparable. See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, ostpaid.

SALZER'S
LIGHTNING CABBAGE

Raises Cabbage Growing to Success

See Colored Field Scene Page 21

218—This we consider the leader of the vast host of cabbages. The pleasure of the harvest returns is in sight the moment the seed is in the soil. No other cabbage excels it in improvement or merit.

This variety makes cabbage growing profitable; it is a money laden opportunity and spells success for every grower. Overcomes many perplexing cabbage problems. Its multiplicity of virtues make it the dependable, where quality is required.

Salzer's Lightning is a specially selected Northern grown strain of exceptionally vigorous seed, developed to mature a uniform head and shape in a very short season. It is acknowledged as a premier extra early cabbage by leading cabbage and home growers alike. It is a crowning achievement of horticultural enterprise. A pedigree type of the highest development.

Will produce uniform heads under the most unfavorable circumstances. Its earliness alone makes it a pre-eminent type for general culture. Its medium size has proved unusually popular.

Conical in shape, it naturally is of most pleasing and attractive appearance. We particularly commend it for comparative trials alongside of any other early variety, so sure are we of its ability to outshine, outclass and outsatisfy in every way.

For thirty-one years Lightning has been our specialty, our pride, and each year no pains have been spared to improve, perfect, reselect and develop it to a higher and purer strain. (See illustration.)

Price: Pkg., 15c; oz., 45c; ¼ lb., $1.40; lb., $5.00, postpaid.

Salzer's Lightning

SALZER'S
GIANT FLAT DUTCH CABBAGE

Recommended for Its Wide Range of Adaptability

250—(See Color Illustration, Page 21.) Stands pre-eminent as one of the finest winter Cabbages in existence. Salzer's Giant Flat Dutch has contributed much towards placing Salzer ahead in the never-ending race for quality-supremacy. Where cabbage growing is carried on in huge proportions, the acreage of Salzer's Giant Flat Dutch has reached a magnitude seldom equaled by any late cabbage. Its wide range of adaptability to soils and climates is the dominating feature so conspicuously responsible for its great popularity.

For sureness in heading and regularity in growth, SALZER'S GIANT FLAT DUTCH stands well at the head of the list. No words of praise are too high for its merits. It invariably forms very large and at the same time, very hard, solid heads, uniform in shape, color and handsome appearance. It has a very short stem, is a very compact grower, forms few loose leaves, which turn in the head, and if planted closely will yield enormous crops. Reports of perfect stands are of frequent occurrence. It keeps well until late in spring, and is good for shipping. There are many magnificent strains of Cabbage seed offered in this catalogue, but we think we can safely say that SALZER'S GIANT FLAT DUTCH is surpassed by none.

Price: Pkg., 15c; oz., 45c; ¼ lb., $1.40; lb., $5.00, postpaid.

SALZER'S CHINESE CABBAGE

(Celery Cabbage)

Salzer's Select Chinese Cabbage

260—We have what we believe is the finest and most selective strain of Chinese Cabbage that one is possible to produce. Unlike the various tall growing sorts, our strain is a very short growing type; it grows a firmer, larger and fuller head, has a much more exquisite white color and is vastly superior in quality.

Chinese Cabbage should be sown early in the spring for spring use and again in July or August, for fall use. This brings it in at the time of year when it makes a good substitute for lettuce, which then is hard to get.

In appearance, Chinese Cabbage is very similar to Cos Lettuce, but for table use is unexcelled either by lettuce or other cabbage. To those of our customers who have never tried our Celery Cabbage, we suggest that they try it out and satisfy themselves that it is one of the most delicious, tempting appetizing table delicacies ever introduced. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., 80c; lb., $3.00, postpaid.

SALZER'S
4th OF JULY SWEET CORN
An Extra Early White Sweet Corn

See Page 22 for Color Illustration.

373—Sweet Corn—luscious, extra early Sweet Corn, is a real, genuine treat. Every person relishes this delicious vegetable. The yearning for more lingers and lingers, leaving an insatiable craving for another feast. From our immense sales it would seem the whole of America indulged.

For years the most careful selection has been practiced. It has a Highly Developed Quality. It is generally conceded the Earliest Sweet Corn grown next to our Honey Boy. It has the largest ear of all early Sweet Corn. It is also the most productive Sweet Corn. It is symmetrical, handsome and attractive. The ear is about 8 to 10 inches long. The stalks grow about 5 feet high.

Quite often reports have reached us of ears of our 4th of July Sweet Corn having been in edible condition about 60 days from planting the seed.

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $4.00; 25 lbs., $5.25; 50 lbs., $10.00.

SALZER'S HONEY BOY SWEET CORN
The Earliest of the Sweet Corns

366—(See page 22, also rear cover for color illustration.) We consider this the earliest sweet corn grown. A Sweet Corn about ten days earlier than Independence, two weeks ahead of the great Bantam; a Corn as sweet and delicious as Country Gentleman; a Corn as plump and juicy as luscious White Cory; a Corn as prolific as the beloved Stowell.

Try it out, have Sweet Corn two or three weeks before your neighbors. Get top-notch prices from your grocer, your hotel and friends. It is of a creamish color, with fat, plump, juicy kernels, a trifle larger than Bantam and very productive.

We believe our customers fully understood the seed corn situation last season and how almost impossible it was to save the seed. We desire to apologize to those of our customers we so keenly disappointed on this variety. This year we are growing ample stocks and expect to have plenty for all.

Price: Pkg., 15c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 15 lbs., $5.00; 25 lbs., $6.25; 50 lbs., $12.00.

SALZER'S
COUNTRY GENTLEMAN SWEET CORN
A Corn with a National Reputation

See Illustration Above

392—It is safe to infer, when thousands of farmers, home growers and gardeners have adopted and grown year in and year out, as they have Country Gentleman, that it is based on their actual commonsense experience.

One of the very sweetest and delicious of all sugar corns; ears extremely large, averaging 9 inches. The kernels, irregularly arranged on the cob, are very deep, slender, and lusciously sweet. The stalks are six to seven feet high, very prolific, often bearing three to four ears.

This is called one of the finest of all sweet corn for private table. It is of delicious quality, ripening about 6 days before Evergreen and will delight the most fastidious epicure.

Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., $1.00; 15 lbs., $2.75; 25 lbs., $4.25; 50 lbs., $8.00.

SALZER'S
GOLDEN BANTAM SWEET CORN
The Sweetest of Sweet Corns

For Color Illustration See Page 22

372—Mere words hardly convey the fullest conception of the degree of excellence embodied in this variety. It is characterized the world over, as a "Masterpiece" of Corn selection.

Its flavor is exquisite, its kernels tender and juicy.

Its extreme hardiness permits planting earlier and in colder and damper soil than other varieties. It is about 10 days later than Salzer's 4th of July. Many of our customers are planting it at regular intervals to obtain a continuous supply during the season, and in our latitude it can be sown as late as the middle of July. The stalks grow from 3½ to 4 feet in height and produce 2 and more good ears, which are 4 to 6 inches long and of a bright golden yellow color when ready for the table. It is the sweetest, most luscious and toothsome of the sweet corns. Market gardeners find Golden Bantam a well paying crop throughout the season. Our strain is a superior one.

Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.

Salzer's Mammoth White Cory Corn

SALZER'S MAMMOTH WHITE CORY CORN

The More Critical The Better Your Appreciation

374—To many, the selection of a good strain of Sweet Corn is a troublesome affair. To the hesitating, we commend White Cory. It is not only one of the most popular varieties in the country, but it is a time-tried, reliable sort that never disappoints. It is an almost universal custom to grow White Cory, even though other Sweet Corns are cultivated.

One of the best early varieties and largely planted by market gardeners. A finely bred, real sweet corn, with handsome symmetrical ears, maturing as early and being fully as long, but having four more rows, than the old Cory, and unlike this old variety, the kernels are sitting close together, so that there is no lost space on the cob. The plants are vigorous growers, of medium size; they are very prolific. The ears are seven to eight inches long and twelve rowed. The grain is large, broad, very white and of sweet, delicious quality. (See illustration.)

Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.

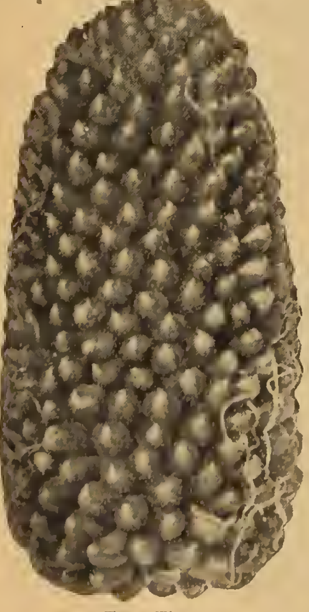
STOWELL'S EVERGREEN SWEET CORN

See Color Illustration Page 22

402—Tangible evidence of the high quality and merits of this variety is exemplified in its great demand.

One of the best known, best advertised, best loved of all late Sweet Corns, hence it comes that there is more Stowell's Evergreen Sweet Corn planted for late, than any other variety. Stowell's Evergreen does splendidly everywhere and seems to fill the bill to perfection. Our strain is a vastly superior type. It has been carefully grown for seed, and is sure to give great satisfaction. The ears are very large—we have seen them 10 to 11 inches long; deliciously sweet, and will readily outsell the common varieties of late Sweet Corn.

Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 80c; 15 lbs., $2.25; 25 lbs., $3.25; 50 lbs., $6.00.



Tom Thumb

369—**EARLY MINNESOTA CORN.** A favorite old variety, and one of the most productive early sorts. The stalks grow six feet high, produce eight-inch long ears, which are covered with 8 to 10 rows of broad kernels of tender and sweet flavor. A good variety for the market and the private garden. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.**

375—**PEEP O'DAY.** An extra early corn. Ears about 5 inches in length, with 8 to 12 rows of kernels. Exceptionally fine quality. The stalks grow from 2 to 3 feet high, have few leaves.

Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.

395—**EARLY EVERGREEN.** Slightly smaller ears than those of the Stowell's, but fit for the table from a week to 10 days earlier. Ears seven to eight inches long, with 16 to 20 rows of deep grains of the very best quality. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 80c; 15 lbs., $2.25; 25 lbs., $3.25; 50 lbs., $6.00.**

400—**WHITE EVERGREEN.** It is of vigorous growth, produces large ears and with deep kernels of fine quality, and matures early. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 80c; 15 lbs., $2.25; 25 lbs., $3.25; 50 lbs., $6.00.**

394—**EARLY CHAMPION.** Medium early; large eared. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.**

SALZER'S SELECT POPCORN (SALZER'S SILVER BALL)

420—Enormously productive, tender and crisp; the most delicious of all; pops readily and very large. It is the Corn for everybody to plant. A package will be sufficient for family use. Give the boys an acre on the farm to plant pop corn for the market. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 90c; 15 lbs., $2.50; 25 lbs., $4.00; 50 lbs., $7.50.**

WHITE RICE

423—One of the finest, most prolific Pop Corns grown; largely planted. **Price: Pkg., 10c; lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., 80c; 15 lbs., $2.25; 25 lbs., $3.25; 50 lbs., $6.00.**

QUEEN'S GOLDEN

418—A splendid sort of exceeding tenderness and delicate taste; fine for all purposes.

SALZER'S
EARLY SNOWBALL CAULIFLOWER

The Better Known, the More Appreciated. Equally Valuable For Home or Market

319—Men deeply interested in the improvement and economic value of horticulture, manifest a decided leaning towards this cauliflower of so many and varied virtues. The longer you know it, the more you appreciate it. It has behind it long years of success and few, if any, of failure.

This variety has attained a degree of excellence that has made it a highly prized strain the world over, proving beyond peradventure that real good pedigreed cauliflower seed is the paramount essential that makes the resultant crop profitable. Has a freshness and flavor that instantly appeals. An extra early variety. Uniform heads of quite large size, handsome form and exquisite quality which are good sellers in any market. We sell very large quantities of this variety to market gardeners. (See illustration.)

Price: Pkg., 15c; ¼ oz., 75c; oz., $2.25; ¼ lb., $7.50, postpaid.

SALZER'S
FIRST CROP CAULIFLOWER

Distinct, Extremely Early Variety, Stone Hard, Snow White

321—The actual knowledge that the seed to be used is he best, is peculiarly needful in Cauliflower growing more han in any other vegetable.

Comparative tests have proven conclusively that Northern rown Cauliflower seed not only give heavier crops, ma-ure earlier, make the outcome surer, but produce a more ighly flavored and luscious table delicacy.

Being of dwarf, compact growth, with but a small number f leaves, it is an ideal Cauliflower for forcing during winter nd spring. Certain to head when conditions are ordinarily avorable, and also most uniform in growth, type and maturity. One characteristic of this variety is the close siting together of the leaves, enfolding the head tightly and ausing the inner leaves almost to cover the flower and hereby avoiding the necessity of early tying up.

The heads are very beautiful, solid, snow white and of nedium size.

Price: Pkg., 15c; ¼ oz., $1.00; oz., $3.00; ¼ lb., $10.00, ostpaid.

RY WEATHER OR DANISH GIANT

316—This variety is of vigorous and dwarf rowth, and produces stone-hard and snowhite heads, unsurpassed in quality. The foliage is very heavy, fully protecting the heads, hich are less liable to blight in hot weather han those of the earlier sorts. As indicated y the name, for dry, hot climates it is to be referred to all other sorts, being a sure header hen other sorts fail.

If planted on thoroughly cultivated and wellnriched land, it is the Cauliflower that gives he highest yield.

Price: Pkg., 15c; ¼ oz., 75c; oz., $2.25; ¼ lb., 7.50, postpaid.

EARLY PARIS

318—Extremely early and dwarf. The eads are white, compact and of the finest uality, but are not as large nor as solid as hose of the Erfurt Type.

Price: Pkg., 10c; ¼ oz., 50c; oz., $1.50; ¼ lb., $5.00, postpaid.

SALZER'S
EARLIEST SUREHEAD CAULIFLOWER

A Dependable Forcing Cauliflower

317—In no vegetable is there so close a relationship between seed and crop as in the Cauliflower. Salzer's Earliest Surehead, developed for a short season, has overcome most trying obstacles, it has practically removed the hazards of cauliflower cultivation. Many of the largest growers of Cauliflower in the States come to Salzer's for their northern grown seed. We do not believe there can be found a finer, more tender, surer heading and earlier Cauliflower than Salzer's Surehead. Its close growing, compact habits enable the planter to grow almost one-third more on the same space of ground than most sorts. The heads are of large size, about 10 inches and more in diameter, solid, compact and of a beautiful snowwhite color. (See illustration.)

Price: Pkg., 15c; ¼ oz., $1.00; oz., $3.00; ¼ lb., $10.00, postpaid.

SALZER'S
SELF-BLANCHER CELERY
Can Be Grown With Ease

334—Salzer's Self-Blancher has done much to place celery culture away from the old early, cumbersome, infantile methods of bleaching to that of ease and pleasure. The inner portions of leaves and the heart being naturally white, it requires little hilling up, as the leaning of boards on each side will accomplish the bleaching of the old days of tiresome hoeing.

It is one of the foremost celery of the country today. It is a highly developed strain for earliness, beauty, quality, tenderness, flavor and brittleness. Decidedly a variety for both amateur and professional. It blanches with extraordinary ease.

For fall and early winter trade, this beautiful, tender and brittle celery, with its delightfully rich flavor, has proven highly profitable for the gardener. (See color illustration, page 11.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.00, postpaid.

SALZER'S GOLDEN SELF-BLANCHING CELERY
One of the Foremost Varieties in the World

333—The highly developed strain of this world-wide variety is a marked feature in the recent progress of celery advancement. Excellent strain though it was, years of selecting and reselecting under most critical inspection and continuously improving for quality, has made it a superior type.

It is a vigorous dwarf grower and quite early; easy to cultivate and of handsome waxen yellow color. Its superb quality, entire freedom from stringiness, its crispness and tenderness, and its delightful, rich, nutty flavor, make this variety the leading celery in many markets. Easy to blanche. (French grown.) (See illustration below.)

Price: Pkg., 15c; oz., $1.25; ¼ lb., $4.00; lb., $12.50, postpaid.

SALZER'S SELECT WHITE PLUME CELERY

335—Admired for its richness of flavor, its delightful color, its freedom from strings, its quickness to mature, White Plume Celery continues to occupy an uninterrupted career of prominence. One prominent celery man says: "When in doubt, sow White Plume; it always delivers the goods."

Very widely known for its remarkable vigor, fine size and attractive appearance. Stalks are creamy white, crisp, tender, of fine flavor and very pleasing to the eye. (See illustration.)

Price: Pkg., 5c; oz., 30c; ¼ lb., 80c; lb., $2.50, postpaid.

GIANT PASCAL CELERY

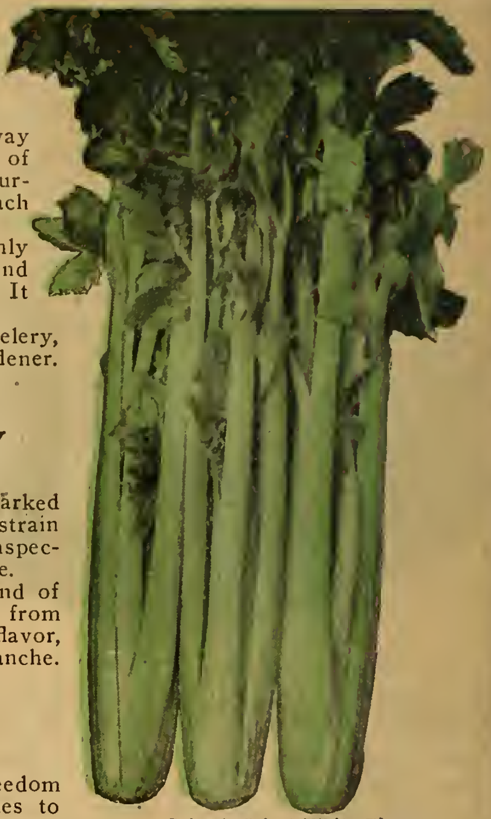
342—Giant Pascal is a green leaved variety of unusual nutty flavor. The height is about 2 feet; stalks are very large, thick, solid, not stringy, unusually tender and crisp. When desired can be sliced lengthwise. Fully grown, the outer stalks will average 2 inches in width and as thick as a man's finger. Blanches very readily, if only tied and earthed up. Splendid for fall and early winter use.

Price: Pkg., 10c; oz., 30c; ¼ lb., 80c; lb., $2.50, postpaid.

WINTER QUEEN CELERY

343—A late, compact growing variety, very stout, thick and heavy, with an enormous heart twice as large as that of any other variety. The green color of this variety is not so deep and so firmly fixed as on older sorts, and blanches more readily; when ready for the market the color is a creamy-white. Unsurpassed in quality; crisp, tender, free from pith and string, and with a delicious, nutty flavor.

Price: Pkg., 10c; oz., 30c; ¼ lb., 80c; lb., $2.50, postpaid.



Salzer's Select White Plume

CELERIAC
(TURNIP ROOTED CELERY)

Celeriac deserves to be grown much more than it is at present. The roots are used in salads, for flavoring soups, or boiled like parsnips or turnips, and have a pleasant celery taste.

LARGE EARLY ERFURT

351—The earliest turnip rooted celery, ready in June. The flesh is pure white, very tender, never woody, and of the finest quality. Can be planted for succession as late as July. **Price: Pkg., 10c; oz., 50c; ¼ lb., $1.40; lb., $4.50, postpaid.**

GIANT PRAGUE

352—Turnip rooted. Roots globular; very large, later than Erfurt, of excellent flavor and quality.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.00, postpaid.

Salzer's Golden Self Blanching Celery

SALZER'S
40-DAY CUCUMBER
OR
EARLIEST OF ALL

READY
FOR THE
TABLE IN
40 DAYS

SALZER'S
40-DAY CUCUMBER
Earliest of All

447—That there is a growing disposition to discard the common types for the more selective strains of merit is evidenced in the growth of this magnificent Cucumber in public esteem.

It stands today as one of the best acquisitions of the white spine type, resting supreme on the laurels of its enviable reputation, attained through its remarkable quality, and wide range of adaptability.

It is famed for its extreme earliness. It has a national reputation for its superb quality.

Ready for the table in about 40 days, it is one of the earliest of the White Spines. The fruits, about 7 inches long, are straight, nearly cylindrical, blunt at the ends and of very dark green color, with distinct pale green lines at the blossom end. They are very uniform in shape and size. Salzer's 40-Day is excellent for pickling and is also an ideal Cucumber for slicing, the flesh being firm, crisp, of most refreshing, delightful flavor. The vines are vigorous in growth, very healthy, holding their crop for an unusually long period.

The earliest marketable Cucumbers are the best money-makers, and a variety like Salzer's 40-Day. which is not only the earliest good sized Cucumber but which also produces its fine, well-formed, dark green fruits in great abundance, cannot help being a source of great profit to the grower. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

SALZER'S IMPROVED SPECIAL-STRAIN
LONG GREEN CUCUMBER
The Great Money Maker

448—This variety has every essential exceedingly valuable in a cucumber. It is the result of careful selection and has proven itself capable of satisfying the most exacting requirements.

Every characteristic of Long Green has been intensified to the highest degree. It has hardiness to an extreme, fully equal to the Klondike; a perfected uniformity in size that is immediately noticeable; an immensity in size that excels our own expectation (often 15 inches); a dark green color; a quality that is surpassing in crispness and delicate flavor; as a yielder it has productiveness that vastly excels ordinary strains. It retains its dark green color until ripe. It has a plumpness delightfully pleasing. It is very firm. Can be picked at any stage for pickling or table use. (See Illustration below.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

CHICAGO PICKLING CUCUMBER

462—An old favorite of many years' standing that annually grows dearer to the hearts of growers. It is conceded one of the heaviest yielding and most dependable cucumbers grown. Used very largely for pickling.

The fruits are of medium size, slender, bright green.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid. Price, by Express: Lb., $1.20; 5 lbs., $5.75; 10 lbs., $11.00.

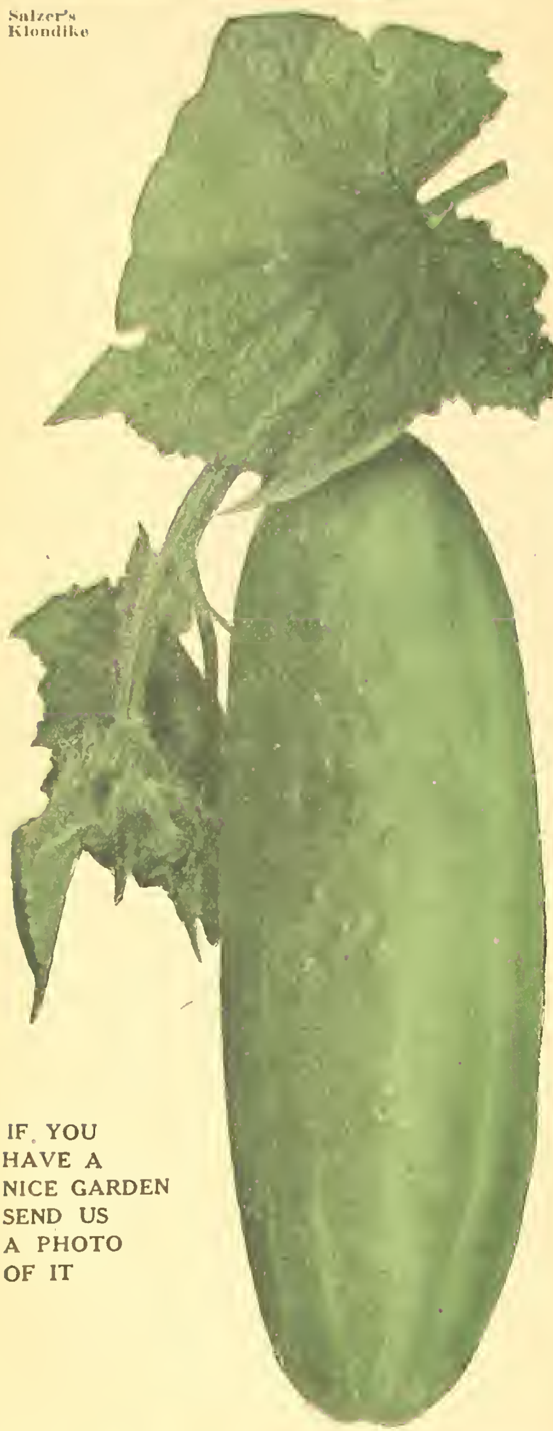
Special Strain
Long Green Cucumber

IF YOU ARE UNABLE TO FIND WHAT YOU WANT, SEE INDEX PAGE 164.

Salzer's Klondike



SALZER'S KLONDIKE CUCUMBER

OF EXTRAORDINARY HARDINESS

449—The extreme hardiness of Klondike has solved one of the most vexing problems that ever confronted cucumber growers. Its exceptional earliness, combined with its almost unlimited virtues, has made it practically indispensable. Christened Klondike on account of its super-vigor.

Klondike is a few days later than Salzer's Forty Day, maturing in about 50 to 55 days. It is one of the very best Cucumbers for outdoors, being superior to others in hardiness, and it yields large crops under most unfavorable conditions when other sorts fail entirely. It also differs from most other Cucumbers in its beautiful dark green color; only Davis Perfect resembles it in that respect.

The fruits grow 8 inches long, are very symmetrical, square-ended, and are produced more uniformly in size and shape than those of any other sort. The flesh is white, crisp, and of excellent flavor. It is a splendid variety for slicing and also makes fine pickles, as it is quite firm when small. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid. Price, by Express: Lb., $1.20; 5 lbs., $5.75.

DAVIS' PERFECT CUCUMBER

The Unparalleled Market Gardener Strain

441—The high perfection of this strain is due to the great perseverance and sacrifice of Mr. Davis, a gardener of national repute, in his efforts to produce a type equally suitable for the forcing in the open or under glass.

Has less seeds than any other Cucumber, is of strong robust habit, exceptionally early maturing, retains its freshness and color longer than most kinds, is decidedly attractive, of perfect shape and remarkable uniformity of growth, all combining to make it one of the greatest market cucumbers in America. The flesh is white, crisp and of the finest flavor, 12 to 16 inches long, ready for the table in about 55 to 60 days from sowing. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

SALZER'S IMPROVED WHITE SPINE CUCUMBER

Has Every Quality of a Meritorious Cuke

438—It is noteworthy to observe that in the practice of the most skillful home and market gardeners this variety is seldom omitted. Suffice to say that universal esteem is in its favor. Its outstanding essentials form a most remarkable combination for earliness, attractive light green fruits, uniformity and tenderness.

A selection of the Arlington White Spine, only a few days earlier. The fruits are slender, medium sized, of straight, symmetrical form and glossy green color. They are of attractive appearance and are excellent for the market and for shipping.

Price: Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., $1.10, postpaid. Price, by Express: Lb., $1.05; 5 lbs., $5.00.

"Salzer's Prolific Pickle"

SALZER'S
PROLIFIC PICKLE CUCUMBER

The Popular Prolific Pickler

469—There is little conception of the differences in profits, in yields and quality over the ordinary strains. A cucumber of exceptional value, the results of continuous study, testing and selection for increased productiveness and improved quality.

It is a "popular pickling size" every good housewife delights in; slender, cylindrical, square ended, with large prominent spines, color dark green. The flesh is solid and thick in texture, excellent in quality. It is enormously productive, the vines set fruit when young and continue to bear longer than any other variety. James Craig, Cook Co., Ill., reports 600 bushels perfect pickles from one acre. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid. Price, by Express: Lb., $1.20; 5 lbs., $5.75.

SNOW'S
FANCY PICKLING CUCUMBER

A Dependable Type

451—This is a selection made from the "Chicago Pickle" by a veteran pickle grower in the West. The type is shorter when ripe than the Chicago Pickle and is broad at the stem end, tapering slightly to the tip. The small pickles are dark green, cylindrical and square ended. We offer a strain of most carefully selected seeds. **Price: Pkg., 5c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.**

SALZER'S
EVERBEARING CUCUMBER

A Universally Esteemed Variety

466—The practice of the most skillful gardeners everywhere in growing this all season or continuous cropper could be profitably emulated by every home grower in the country.

There is nothing more valuable in the vegetable garden than a good multiplying cucumber—a strain that is a continuous bearer throughout the season. In this respect Everbearing fulfills its name right up to frost.

Every stage of growth being in evidence at the same time, cucumbers of every description are obtainable—for pickling, for slicing, for salads, and so on, too numerous to mention.

The average size is 4 to 5 inches in length; the color dark green; an excellent variety for small pickles.

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

MIXED CUCUMBERS

485—A competent authority declares that for home growing he would not be without a garden of mixed cucumbers.

So enormous have become the requests for a mixture of cucumbers that we now prepare a carefully blended mixture of the best sorts.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

LEMON CUCUMBER

480—Like the Grape Fruit, the Lemon Cucumber has rapidly sprung into public favor and is now considered a highly prized table delicacy.

Similar in shape to a lemon, and when ready to use it has the color of a ripe lemon. The skin is smooth. The fruits are very attractive in appearance and grow from 2½ to 3 inches in diameter. The flesh is tender, crisp and possesses a sweetness and flavor surpassing all other Cucumbers. They are unexcelled for pickling, either green or ripe. For slicing they should be used just as the fruits are turning yellow. This is a real Cucumber, and is not to be confounded with the Garden Lemon. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.

483—WEST INDIA GHERKINS. A novel little Cucumber, grown for show and pickles. Oval, two or three inches long and closely covered with spines. **Price: Pkg., 10c; oz., 25c, postpaid.**

482—SNAKE CUCUMBERS. Have you seen this Cucumber, as long as 6 feet, coiled up like a snake? A singular and remarkable curiosity. It is good for food; grown, however, more for its oddity. **Price: Pkg., 10c; oz., 30c; ¼ lb., $1.00, postpaid.**

Salzer's
Earliest Lettuce

SALZER'S EARLIEST LETTUCE

A Select Grand Rapids Strain—See Illustration

540—One of the most significant features of gardening is earliness. Of the extremely early vegetables Lettuce is foremost in public demand, and the consumption of Lettuce is rapidly increasing with time.

To those of our customers with a keen desire for a Lettuce exceptionally early, supremely good, delightfully crisp, we commend Salzer's Earliest.

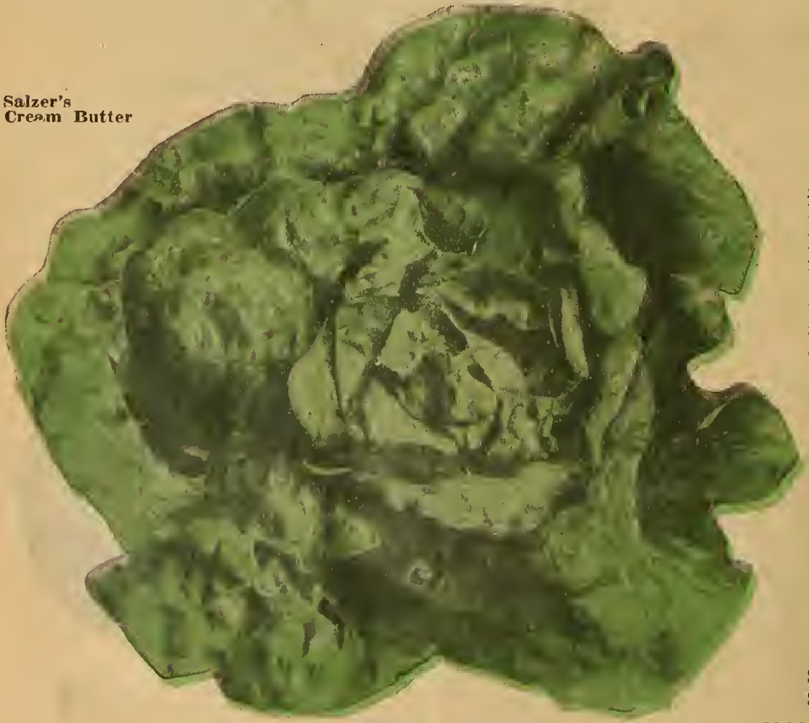
As a sure cropper, uniform maturer, it is of exceptional value. We say without fear of contradiction that Salzer's Earliest is one of the earliest loose-leaved Lettuce in the world.

It is, indeed, a superb Lettuce; grows quickly, of beautiful color and shape, and will prove more profitable for the grower, whether he sows seeds in a hotbed or outdoors, than any other Lettuce we know of.

Salzer's Earliest is an early bunching, or loose-leaved Lettuce, and it affords crisp, good-flavored leaves long before the heading sorts have commenced to close up.

The plants form a loose cluster of leaves which blanch nicely. The leaves are of light green color, excessively blistered and crumpled, crisp and of good quality. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.



Salzer's
Cream Butter

SALZER'S CREAM BUTTER LETTUCE

Has a Decidedly Pleasant Flavor

561—The awakening to the superior quality of this lettuce whenever and wherever tried is but the natural reward of merit. It has a delightful, tempting, sweet, appetizing flavor.

It is a type that has endeared itself into the hearts of home growers everywhere and gaining in esteem with great rapidity on account of its pleasing flavor. It is an extremely solid heading variety, consequently highly prized for table use. Is one of the best summer sorts.

Its large head is in quality one of the finest of all lettuce sorts; the leaves are very thick and of a buttery, sweet flavor. The outer leaves are of a dark, rich, glossy green color, spotted with deep brown; the inner head is never colored. Not used for forcing, but outdoors it succeeds well everywhere and at all times of the season. Very hardy; a good shipper. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb. $1.25, postpaid. Price, by Express: Lb. $1.20; 5 lbs., $5.75.

SALZER'S BIG BOSTON BUTTERHEAD LETTUCE

THIS VARIETY PRODUCES RESULTS

A Specially Selected Strain

553—Its table quality attributes are most pronounced. It has great range of adaptability. Its praises from satisfied customers reverberate from all sections by the thousands. It seldom fails to give satisfaction, no matter where grown.

A splendid market variety, largely grown everywhere. Succeeds especially well in cold weather, during Spring and Fall, and large areas are planted with it in the Fall, in eastern states, and it is also used more extensively than any other lettuce grown in southern states during winter, for shipping to northern markets. Big Boston is also a most satisfactory variety to force in cool greenhouses for Winter, and to sow in cold frames for Spring use. The heads are quite large, of very attractive appearance, light green color, with bronzed edges and are of fine quality, crisp, tender and sweet. **Our strain of this variety is a selected stock of the highest type.** (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

SALZER'S
MAY KING LETTUCE
The Earliest of the Head Lettuce

560—Every reader of farm journals and garden magazines is familiar with the frequent mention of this variety on account of its exceptional earliness. Heralded the country over as unquestionably one of the earliest head lettuce. Strikingly handsome and of superlative table quality.

Compact and very firm heads, of good size, having a diameter of 7 to 8 inches. The outer leaves are light green tinged with reddish brown, and are handsomely savoyed, the inner leaves blanch to a rich golden yellow color, are very tender and of sweet, buttery flavor. It attains a size suitable for use before any other large heading variety we know of, and the solid heads make it a fine shipper.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

SALZER'S
CRISP-AS-ICE LETTUCE
A Standard Home Garden Variety.

566—Ever since we introduced this lettuce it has been a "favorite." Rarely has any vegetable retained its prominence year in and year out for years as has Salzer's Crisp-as-Ice. Thousands of our customers cling to this variety satisfied to let "good enough alone"—knowing the results are invariably sure and satisfactory. For home use it is one of the standards. It is praised as the ideal lettuce for the home garden. As its name suggests, it is Crisp-as-Ice, with a flavor that is delicious.

A very beautiful lettuce of medium size and medium early. Very compact plants, forming firm heads with rich, golden hearts. The leaves are broad, twisted and crumpled and of a very attractive reddish brown color; unsurpassed in delicate flavor and tender, of brittle quality. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

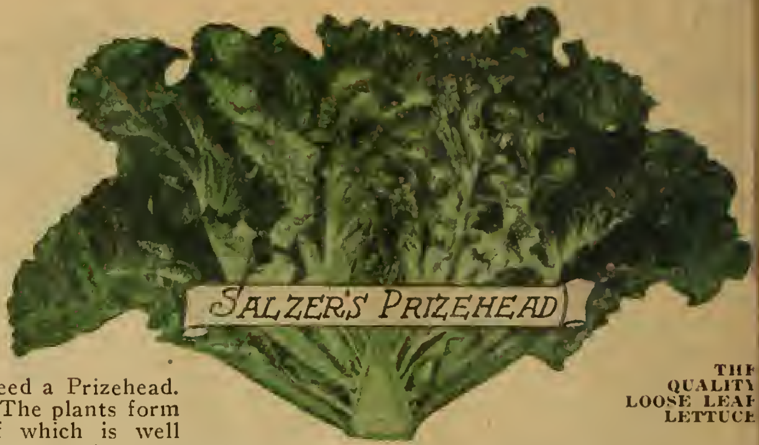
Crisp-as-Ice

GIVE BOTH NAME AND NUMBER OF VARIETY WHEN ORDERING.

SALZER'S PRIZEHEAD

Surpassingly Tender, Delightfully Crisp, Deliciously Sweet

(See Illustration)



THE QUALITY LOOSE LEAF LETTUCE

575—In Prizehead our aims have more than materialized—there seems to be no room for material improvement. It has every essential of a highly desirable loose leaf lettuce and is unquestionably one of the best and most reliable varieties for all year around cultivation. Equally popular with amateur and professional growers.

Its immense size and tenderness make it indeed a Prizehead. It is quite early and is slow to shoot to seed. The plants form a loose cluster of leaves, the inner part of which is well blanched, though there is no heart; the leaves are much blistered and crumpled, are of light brown color, varying to bright green, and are of exquisite quality, tender and crisp in texture and sweet in flavor. More largely grown in this country than any other. **Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.**

Growing Black Seeded Simpson for Seed

BLACK SEEDED SIMPSON LETTUCE

Considered Pre-eminent in All Points

(See Illustration)

554—The quality of this old reliable and popular variety has been marvelously improved under continuous selection. In fact many of the old timers are gradually giving way to a few of the best. Recognized as the most popular for the home garden.

One of the most easily grown and most reliable varieties, growing well during the hot summer when most others are failures, therefore most satisfactory and popular for home use, but also largely grown for the market, especially in the western states. It is a good shipper and it does equally well outdoors as in the greenhouse. Very early, slow to go to seed, with broad, crumpled leaves of very light green color, tender and sweet. **Price: Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 75c, postpaid. Price, by Express: Lb., 70c; 5 lbs., $3.25.**

EARLY CURLED WHITE SEEDED SIMPSON OR SILESIA

559—Medium sized plants with very light green leaves of good quality and sweet flavor. Very reliable and sure to make good leaves, even under very unfavorable conditions. A good sort for the home garden, one of the oldest and most popular varieties. **Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs, $4.50.**

GRAND RAPIDS LETTUCE

541—A splendid old reliable type of universal popularity. A splendid shipper. Long keeper. A loose leaf variety.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

PARIS WHITE COS LETTUCE

A Genuine Garden Treat

598—It is surprising the number of persons who really are not acquainted with this type of lettuce.

Cos Lettuce is one of the real genuine treats of the garden that you would hardly ever again forego after having once tasted this lettuce fresh from the garden.

Personally we consider Cos one of the best of all the lettuce in quality. The leaves possess a freshness and distinct quality which are very much relished, and make a pleasant change from other sorts. The narrow spoon-shaped leaves form loose conical shaped heads, which should be blanched by drawing the outer leaves about them and loosely tying them with a string.

Paris White Cos should be tried in every garden. Succeeds very well in summer, never wilts under the severest sun and can be grown to an immense size; plants weighing six pounds have been grown of this variety. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

Salzer's Hollow Crown

SALZER'S
DELMONICO PARSNIP

A Select Intermediate Strain

For Color Illustration See Page 39

833—That there is a decided fondness—in fact, a noticeable longing—for parsnip, is exemplified in the persistent demand for Delmonico—the stump rooted parsnip that has made parsnip harvesting easy and a pleasure for every home and market gardener.

There is no vegetable more appetizing, more pleasing to the taste than the parsnip—it is a "genuine treat," no matter how served. Delmonico is in a large measure stump-rooted. It is very blunt compared with the crown varieties, therefore more desirable for general culture. It contains more saccharine, consequently is more nutritious, sweeter and delicious than most other sorts. It has very smooth, large roots, not too long; the flesh is fine grained, while the flavor is excellent—all that can be wished for.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price by Express: Lb., 95c; 5 lbs., $4.50.

SALZER'S
HOLLOW CROWN PARSNIP

Hard to Exaggerate Its Merits

See Illustration

832—Centered around the home and professional garden activities this variety stands out as an almost indispensable parsnip. The beforehand knowledge of "a good harvest" that is so closely linked with its worldwide reputation as a sure cropper and big yielder of most noticeable quality has endeared it to the hearts of gardeners for many generations.

For table use it is one of the most appetizing, pleasing vegetables possible to grow. Its ease of cultivation has found a place for it in practically every garden, even to the smallest.

Large, handsome roots of stocky form, heavy at the shoulder and gradually tapering to the base. They are quite smooth with white flesh, fine flavored, sweet and tender.

Price: Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 90c, postpaid. Price by Express: Lb., 85c; 5 lbs., $4.00.

SALZER'S DOUBLE MOSS CURLED PARSLEY

Should Be Grown in Abundance

See Color Illustration Page 39

822—If housewives would just get the habit of garnishing every dish served on the table, one of the real treats and joys of home life would be the result. If there is no room in the vegetable garden plant parsley as a border for flowers—nothing better in the world. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

DWARF TRIPLE CURLED, DARK GREEN PARSLEY

823—Introduced by us a few years ago, and owing to its beautiful appearance and rich flavor, is greatly in demand. A quick growing, distinct dwarf and handsome variety of compact growth with finely cut and closely curled leaves of a deep emerald-green color; very attractive when used for garnishing, but very valuable, also for flavoring, the leaves being very aromatic. The best variety for general cultivation.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

TURNIP ROOTED PARSLEY

826—This great parsley is carving a name for itself from sheer force of its magnificent table quality. The root is the edible portion, and for flavoring soups, stews, etc., has no superior. In the past has been practically unknown, but people of this generation are of a more experimental turn of mind. The results are, a trial brings a permanent user. A very popular variety in Europe.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

Salzer's Double Moss Curled

TO WIN AND HOLD OUR CUSTOMERS WITH QUALITY SEED IS OUR DESIRE

SALZER'S EARLIEST RIPE MUSKMELON

Unquestionably the Best for the Amateur

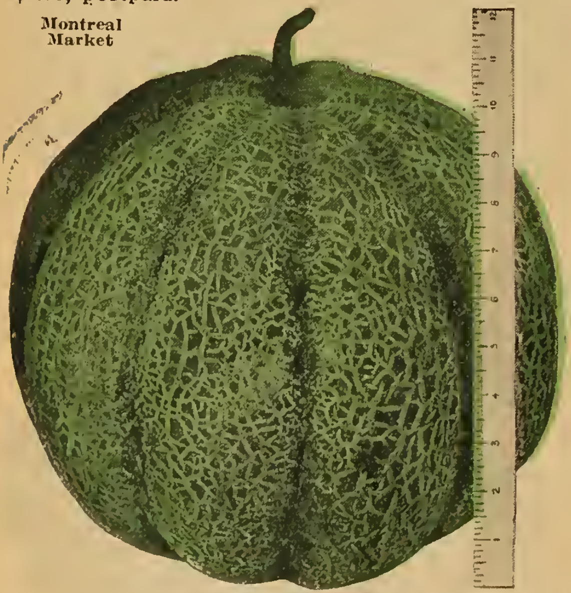
606—To melons like Salzer's Earliest Ripe great credit is due, that Muskmelon as an adjunct to the vegetable garden is now the rule instead of the exception. Salzer's Earliest on account of its ease of culture, extraordinary earliness, extreme sweetness, remarkable delicious flavor and unusual lusciousness receives a stated preference everywhere by the private grower.

These Melons develop to a uniform size, of fine round shape and appearance, green fleshed, extremely delicious, 8 to 15 days ahead of other melons. The profit to an acre is something enormous, being salable before other sorts come into the market.

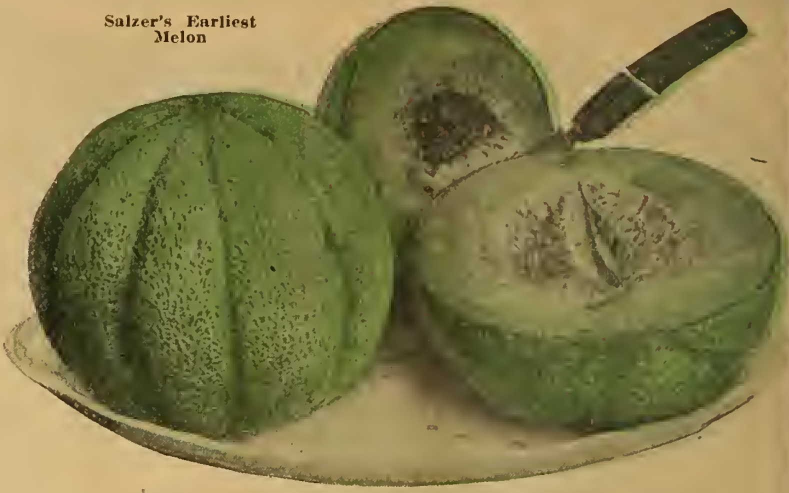
This is the earliest green-fleshed Muskmelon that we know of. The flesh is very thick, of a rich green color, sweet, luscious and melting, and the flavor is unsurpassed by that of any other variety. It is an enormous cropper, bearing for a long time. If you want to make money on Earliest Melons, there is no other variety in the wide world that you can plant that will give quicker returns than this famous Jenny Lind strain. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.75, postpaid.

Montreal Market



Salzer's Earliest Melon



SALZER'S MONTREAL MARKET MUSKMELON

Recommended For Small Areas (See Illustration)

612—Personally we prefer large, sweet, luscious melons. It costs just as much to plant, cultivate and harvest the smaller varieties as it does large ones. Montreal Market is one of the most delightfully flavored and deliciously luscious melons in existence. Its exceptionally attractive appearance and immense size have made it a popular exhibition melon everywhere. Its display at fairs has much to do with its wonderful popularity, as all who see it are enraptured, which, combined with the universal desire for a large melon for home use, brings it new converts yearly.

In Canada this melon is as well known and probably more prominent than the celebrated Rockyford, and adjacent to Montreal and other large markets is most extensively cultivated by gardeners.

The fruit is very deeply and regularly ribbed: skin dark green, densely netted; flesh remarkably thick, light green, melting and of a delicious flavor. In every way it is one of the most desirable of all. (See illustration.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

HACKENSACK EXTRA EARLY MUSKMELON

609—Ripens usually in about 70 days. The melons are of good size, almost of the same weight as the late Hackensack, heavily ribbed and netted, and their green flesh is thick and of fine flavor. A splendid melon for the market and for shipping. Early and a wonderful yielder.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

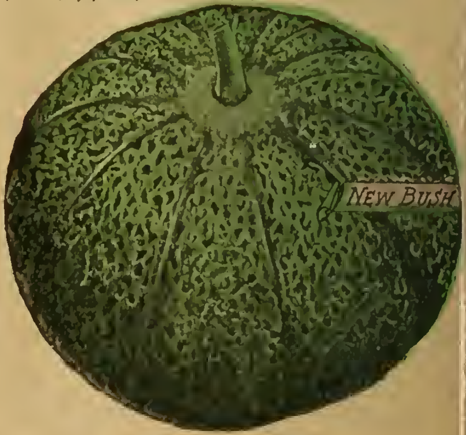
NEW BUSH MUSKMELON

The Only Melon for the Small Lot

613—Has created considerable furore among melon growers everywhere, especially in towns and cities, who have welcomed this variety with delight. It is a most worthy and very important novelty of recent introduction.

A vineless Muskmelon, growing in compact bush form, which makes it possible to grow it in a small garden where vine sorts could not be grown for lack of room. The plants grow 15 to 18 inches wide, should be planted in hills 2½ feet apart, 3 to 4 plants to a hill; they yield about twice as much as vine sorts. The fruits are of the same type but a little larger than Jenny Lind, deeply netted with shallow ribs. The flesh is light green and of exquisite quality. (See illustration.)

Price: Pkg., 15c; oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid.



PRICES SUBJECT TO CHANGE WITHOUT NOTICE

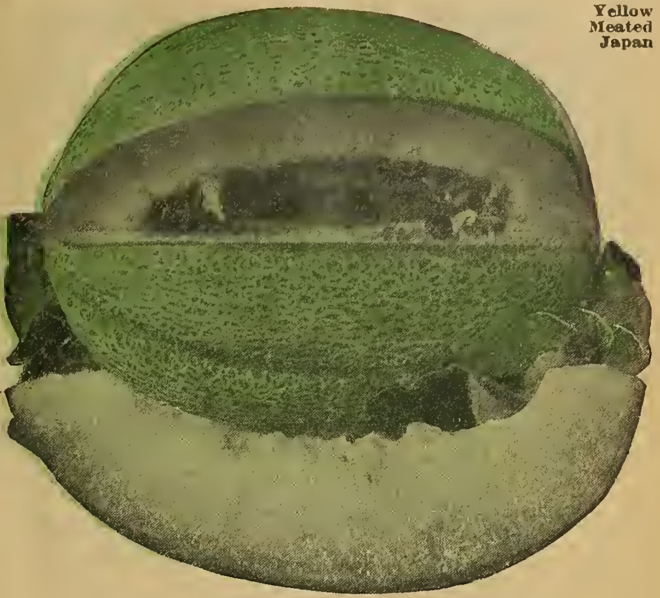
SALZER'S
SELECTED ROCKYFORD MUSKMELON

The Melon That Put Colorado on the Map
See Color Illustration, Page 39

604—When you hear Rockyford you immediately think Muskmelon. It is undoubtedly the best known Muskmelon in the world. Our Selected Strain is of such a highly developed character as to be a rejuvenated Rockyford, with its virtues greatly intensified.

The flesh of these melons is green, lusciously sweet and melting; it can be eaten close to the rind. The seed cavity is extremely small. The average weight of the melon is about one and one-half pounds, and the largest per cent of the crop is of such size as to pack 45 melons to the standard crate, 12x12x24 inches. The netting is extremely well developed, closely laced, of gray color, covering the entire fruit. Salzer's Rockyford is the best early strain of Rockyford netted gems. It is extemely early, more prolific and disease-resistant than any other as early.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.10, postpaid.



Yellow Meated Japan

SALZER'S
YELLOW MEATED JAPAN MUSKMELON

Has a Reputation for Sweetness

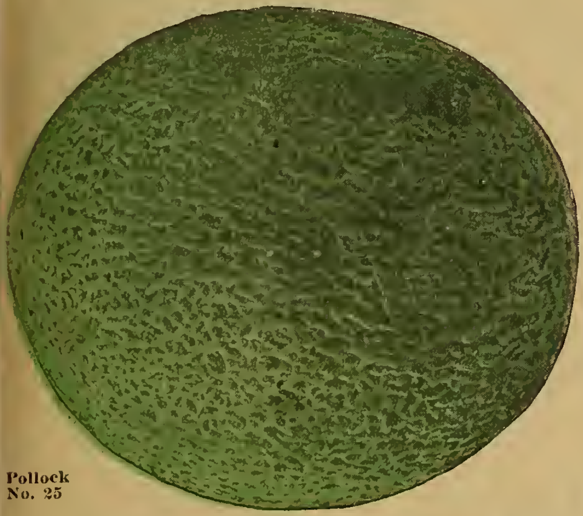
646—That the flavor of a melon possesses a power of opinion is exemplified in the generally accepted fact that Yellow Meated Japan is perhaps the sweetest and most delicious of the commercial melons so extensively used for market and shipping.

Grows to perfection everywhere; very popular in the northwest.

It is large, nearly round, slightly ribbed, and covered with a thin gray netting. The skin turns yellowish white when ripe. The thick salmon-colored flesh is lusciously sweet, melting, and of a rich, spicy flavor.

It is quite early, the vines are healthy, strong growers, and exceedingly productive. (See illustration above.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.75, postpaid.



Pollock No. 25

POLLOCK No. 25 MELON

The Superb New Rockyford Gem

614—The wonders that can be accomplished in increasing production, improving the quality, overcoming the variations of soil and the diversities of climate is exemplified in this melon, the fame of which has spread with amazing rapidity.

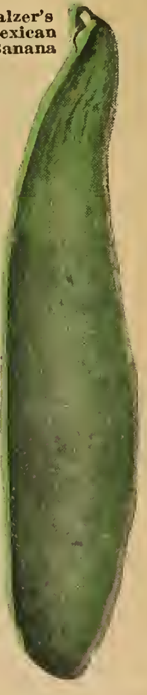
The color of the flesh of Pollock No. 25 is one-half pale green next to the rind and the other half toward the center, rich salmon. About one-fourth of these melons, however, have salmon meat through the entire depth. The flesh is very deep, solid, ripens clear to the rind, and is of a very delightful, sweet and luscious flavor. (See Illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

MIXED MUSK MELON

649—Many of our customers prefer one mixture of seed that will produce early, medium, late, green—flesh and orange—flesh varieties, thus producing a continuous table supply throughout the season from one small plot. This is composed of our best select strains and put together in a properly balanced mixture that will give ripe, luscious fruit throughout the season.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.



Salzer's Mexican Banana

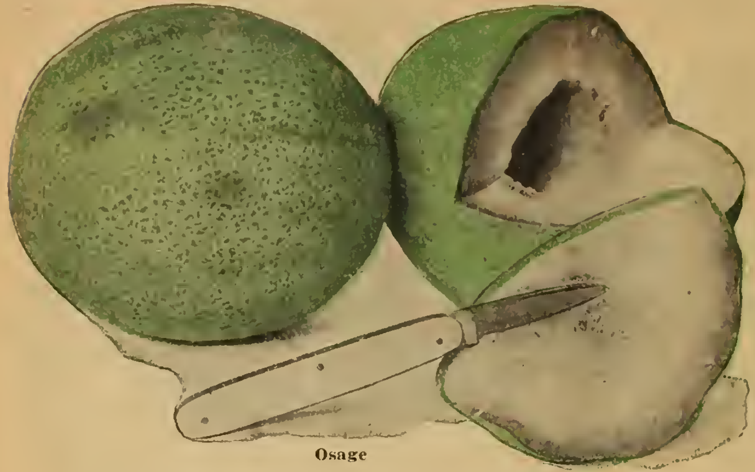
SALZER'S
MEXICAN BANANA

Yearly Growing in Popularity

641—This is a Banana Melon of a banana shape, banana flavor, banana color and banana quality; it resembles the banana in many respects, only that it is very much larger, growing from 18 to 30 inches long and from 4 to 6 inches in diameter. Everybody who is fond of bananas should take pleasure in growing and surely will be delighted with this Melon, which is not a mere curiosity, but owing to its exquisite musky flavor, brings the highest price in any market.

Price: Pkg., 10c; oz., 30c; ¼ lb., 85c; lb., $3.00, postpaid.

OUR POSTPAID PRICES APPLY TO ANY POINT IN THE UNITED STATES



Osage

SALZER'S OSAGE MUSKMELON

When in Doubt Plant Osage

642—We do not marvel a bit that so many of our customers who have developed a taste for "good melons" find this sweet, luscious melon one of the choicest melons possible to grow.

It is peculiarly adapted to the cool climate of the northwest, consequently excellent in the warmer districts. It is one of the most reliable and bountiful yielders. Requires about 75 days to mature.

The melons are round, slightly ribbed, of dark green color, and covered more or less with shallow netting. The flesh is deep salmon-colored, very thick, leaving but a small seed cavity in the center. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

SALZER'S HONEY DEW GREEN FLESHED MUSKMELON

The Sweetest Melon We Know

635—We have never grown a variety more delightful in taste; the entire country is in a furore over it. It has leaped to fame in less time than any other melon. In the leading city groceries they cannot supply their customers. Looks like a grape fruit, tastes as sweet as the sweetest honey, has the mingling of many flavors—pineapple, banana and vanilla predominating. Flesh is deep, unusually juicy and exquisitely sweet, of a rich, whitish-green color when ripe. Matures in about 90 days. Rind resembles a grape fruit and is very tough; so finely grained that it remains in good condition many weeks. Splendid shipper.

Price: Pkg., 10c; oz., 25c; ¼ lb., 80c; lb., $2.50, postpaid.

SALZER'S HONEY DEW GOLDEN FLESHED MELON

For Color See Illustration Page 39

634—The natural inclination for something better, something sweeter, something more luscious has culminated in this exquisite, tasty, sweetest of melons. It is in every respect the same as the green fleshed Honey Dew listed above, except the flesh of this variety is a rich golden color. (See Illustration.)

Price: Pkg., 15c; oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid.

VINE PEACH MELON

618—Somewhat similar to Muskmelons, requires the same cultivation. It is the size of a large peach, oval shaped and of bright orange color.

For sweet pickles, pies or preserving they are splendid, and for mangoes are considered superior to Peppers. (See illustration.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; postpaid.

Salzer's Green Fleshed Honey Dew

EMERALD GEM MUSKMELON

639—Deep emerald-green color. Salmon color flesh, exceedingly sweet and delicious. The size of the Rockyford. It ripens in about 80 days. Rich, sweet flavor.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

HERBS, ETC.

The following medicinal herbs are so well known that they need no special description. What is more helpful to babies than Fennel tea? And just think of the good Sage tea, Anise and all the other sorts, too! You will want some, if not for medicinal purposes, then for flavoring. **The package of mixed Herbs for 10c is very popular.**

Tom Watson

IMPROVED TOM WATSON MELON

Renowned for Its Large, Delicious Heart and Freedom From Core

693—It is appreciated for its every quality. It is admired for slicing. It is ideal for size, it is delicious for flavor. It is superb for productiveness. It is just about right in every essential.

The Tom Watson Melon has in a few years become one of the most popular of all shipping melons. The melons are frequently two feet long by one foot in diameter, and often weigh from 40 to 75 lbs. each. The vines are very vigorous and most productive. The flesh, which extends to within ¾ of an inch of the green rind, is rich red, crisp and of the finest flavor. Owing to its luscious flavor, beautiful appearance, and good shipping qualities, it is one of the very best melons to grow for the market. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

GEORGIA RATTLESNAKE

Or Gypsy Watermelon

672—This great home and market melon which was so dear to our grandparents is now not one mite less a favorite than years ago.

The fruits are very large, of light green color, striped and mottled with a darker shade and have dark red flesh of sweet flavor.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

SWEETHEART MELON

Delicious Heart—No Core

688—A safe variety for the amateur to grow. Ease of culture, maturity, market value and sweetness are all merits that favor the beginner in this melon. What is favorable to the amateur is of course decidedly to the advantage of the home and market growers.

A medium early variety, ready for the market in about 90 days. Vine vigorous and productive. Fruit large, oval, very heavy, uniformly mottled light and dark green. Flesh bright red, solid and very sweet. Immensely popular in hotels, restaurants, and for private table. It is entirely distinct. Stands shipping well; an excellent keeper and improves in quality after ripening. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

SALZER'S EARLIEST WATERMELON

Ready for the Table in About Sixty Days

667—(See color illustration, page 39.) If you are a gardener or private party, and giving due consideration to the relative merits of the various varieties of watermelons, we say try Salzer's Earliest.

Each succeeding year we become impressed more than ever with the outstanding merit of this melon.

Always one of the first in the market, being ready for the table in about 60 days. It is of large size, weighing from 15 to 40 pounds. Oval shaped, light green color, striped irregularly with darker green, of Harris' Early strain.

The beautiful bright red flesh is of a delicate texture and has a delicious and exceptional sweet flavor.

Salzer's Earliest is a melon for general culture, being without a superior among the extra early kinds in combined earliness, size and quality.

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid. Price, by Express: Lb., $1.45; 5 lbs., $7.00.

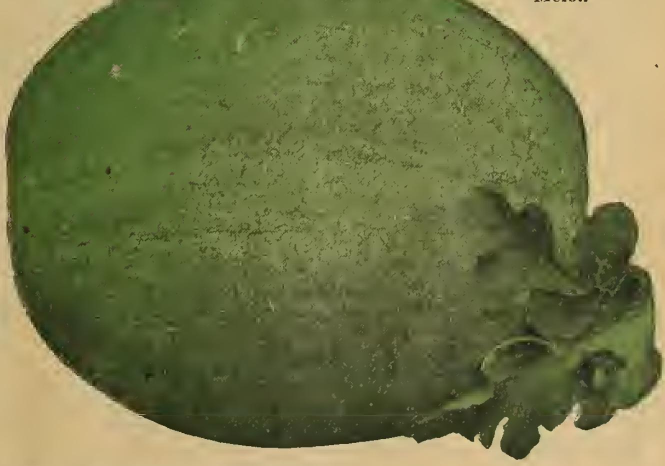
HUNGARIAN HONEY MELON

676—The name of this melon (Honey) presents its sweetness with a clarity that leaves little if anything to be imagined.

Color of the skin is medium dark green, while the flesh is of a brilliant red color, and absolutely stringless; almost round. They ripen early; very productive.

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.50, postpaid.

Sweetheart Melon



SEE PAGE 1 AND 2 FOR EXTRA SPECIALS

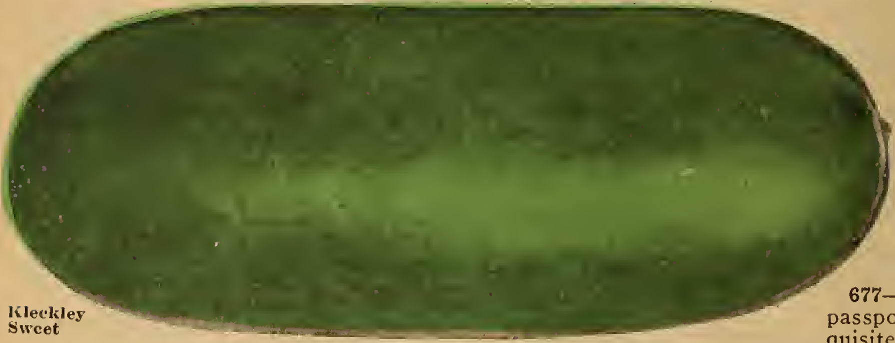
SALZER'S IRISH GREY WATERMELON

A New Introduction of Merit

See Rear Cover For Color Illustration

699—This melon, introduced this year for the first time, is a distinct, valuable melon of unusual merit, producing more good merchantable melons under the same conditions than any other variety we know. The eating quality is delightfully delicious, the sparkling red flesh being unusually sweet and entirely free from hard centers or stringiness, yet very firm and compact and will not break when sliced. The size is uniformly large; the rind is yellowish grey in color and almost as tough as that of the citron. It ripens earlier than Tom Watson and will keep in good condition for a long period; withstands long distance shipping better than almost any other melon (will carry 2,000 miles and be as good as freshly picked). Another important feature is that the rind will not sunburn and the melon will keep in good condition for several days in the sun after becoming ripe, while all dark-rind melons usually blister yellow on top. The Irish Grey is beyond the experimental stage and you need not hesitate to plant it extensively. It is one of the best for the home market as well as one of the best shipping melons. You make no mistake in trying it.

Price: Pkg., 15c; oz., 25c; ¼ lb., 85c; lb., $3.00, postpaid.



Kleckley Sweet

SALZER'S

KLECKLEY SWEET MELON

A Delicious Honey Sweet Watermelon

689—No variety has had the continued popularity of so vast a host of growers as has been accorded this grand meltingly honey-sweet water-melon. It is a melon world renowned for its especially noticeable, delightful flavor.

It is long, oval shaped, with a dark green rind, averaging about 18 to 20 inches in length. The flesh is richest scarlet, very firm and of luscious quality and crisp texture. We recommend it for general use. (See illustration.) **Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.**

GOLDEN HEART WATERMELON

Luscious Sweetness Is Its Predominating Feature

692—Those who let the yellow heart of this melon deter them from trying it out, lose a real treat.

Burrell, the celebrated melon expert, says: "It is one of the most delightful melons ever tasted, free from hard core. Its rich golden, granulated, melting, stringless flesh is a sight to behold."

Nearly round in shape. Rind dark with still darker green mottled stripes. Very early; immense yielder.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

SALZER'S WATERMELON MIXTURE

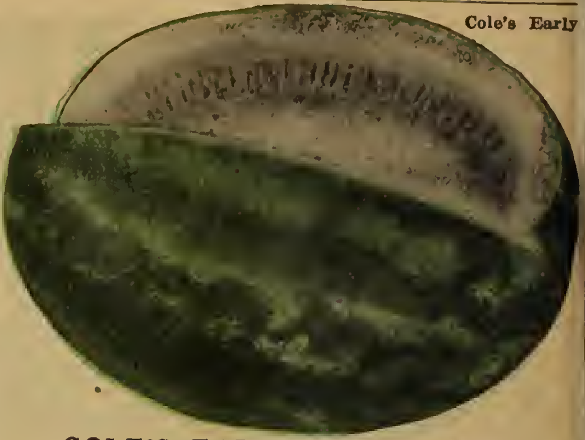
694—In big demand by small home gardeners, as it gives an abundance of melons ripening throughout the season.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

RED SEEDED CITRON

663—RED SEEDED CITRON. Those of our customers who have trouble getting fruit to preserve owe it to themselves and families to plant this wonderful preserving melon. A medium-sized round melon highly prized for preserving and pickling. Seed is red. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.



Cole's Early

COLE'S EARLY WATERMELON

A Dependable Type

664—Generally conceded that it will ripen in any latitude where melons can be grown.

While not as large as some of the Jumbos grown in the South, it is of fair size. We particularly recommend it for all districts, where an extra early melon is essential to mature before early frost.

Flesh, rich red color; skin dark green; shape oval; ripens to a very uniform size; rind tough; flavor sweet; flesh very luscious, firm and compact. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

ICE CREAM OR PEERLESS WATERMELON

All That Its Name Implies

677—Either of its names would be a passport for its high quality and exquisite flavor, yet still fall short of doing it justice.

A great Melon for the North to grow in home garden and for the local market. Is medium sized, oval, of bright green color, finely veined with a darker shade. Flesh bright scarlet, solid, crisp and sugary. Should be in every garden.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid. Price, by Express: Lb., 95c; 5 lbs., $4.50.

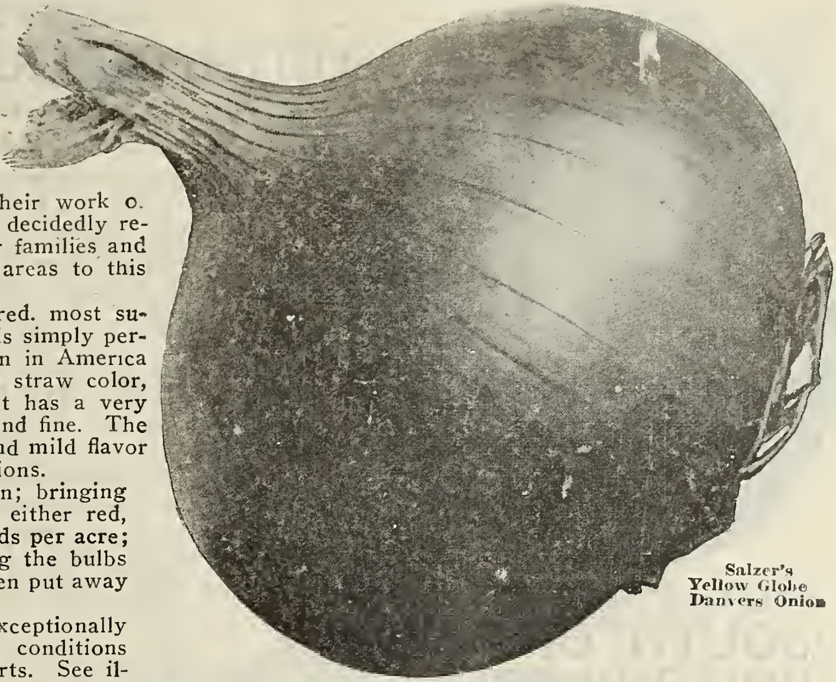
An Onion of Immense Size



Salzer's Yellow Globe Danvers Onion

748—Gardeners, to pursue ardently their work or pastime of profit or pleasure, would be decidedly remiss in their duties to themselves, their families and customers if they didn't devote liberal areas to this remarkable quality onion.

The largest, handsomest, finest flavored. most superior of the Yellow Globe Onions. It is simply perfection. There has never been an onion in America that could excell it. Of a clear, bright straw color, it grows to a uniform globe shape. It has a very small neck, and always ripens up hard and fine. The flesh is pure white, and its tenderness and mild flavor are unexcelled even by the Spanish onions.

In market it attracts decided attention; bringing higher prices than other sorts on sale, either red, white or yellow. **Produces immense yields per acre;** keeping qualities are excellent; in spring the bulbs being apparently as firm and solid as when put away in the fall.

It attains its phenomenal size and exceptionally mild tempered flavor under the same conditions necessary to cultivate other ordinary sorts. See illustration below.) **Price: Pkg., 10c; oz., 25c; ¼ lb., 85c; lb., $3.00, postpaid. Price, by Express: Lb., $2.95; 5 lbs., $14.50; 10 lbs., $28.50.**

SALZER'S SELECTED GREAT RED WETHERSFIELD

See Page 40 for Color Illustration

Small Necks, Uniform Size, Mild Flavor

791—Our highly crystallized standards of quality have created for us one of the largest onion seed businesses in America. So intimately connected with gardening at every point is the Red Wethersfield, that we have for years concentrated our energies toward a higher development of this onion. Our efforts to produce a superior strain have given us a "Pedigreed Seed" of the highest type. A selective strain, noticeably meritorious. Bred to produce a small neck. Developed for uniformity. Improved for mild flavor. Rejuvenated with strong constitutional vigor. Improved in keeping quality. Enhanced in appearance. Critically rogued for large size. Selected for adaptability to varied soils and adverse climate.

In our opinion it is the most perfect large Red Wethersfield Onion to be had anywhere at any price. It is vastly superior to the standard seed. Great Red Wethersfield is the largest, heaviest yielding and best keeping of the red onions. It is recognized the world over as the standard variety of its kind. Skin is of a deep purplish red. Round and somewhat flattened. Purplish-white flesh. Delightfully mild flavor. Reputed for its admirable keeping quality.

Price: Pkg., 10c; oz., 25c; ¼ lb., 80c; lb., $2.50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

SALZER'S DANVERS YELLOW GLOBE ONION

Old Reliable Yellow Onion—World Wide Reputation

755—The reputation of this onion goes forward unchallenged year after year, as the "Most Reliable Yellow Globe Onion Grown."

We recognize that standards of quality in Onion Seed should be so high that every confidence should be an implicit trust, which we strive to our utmost to maintain.

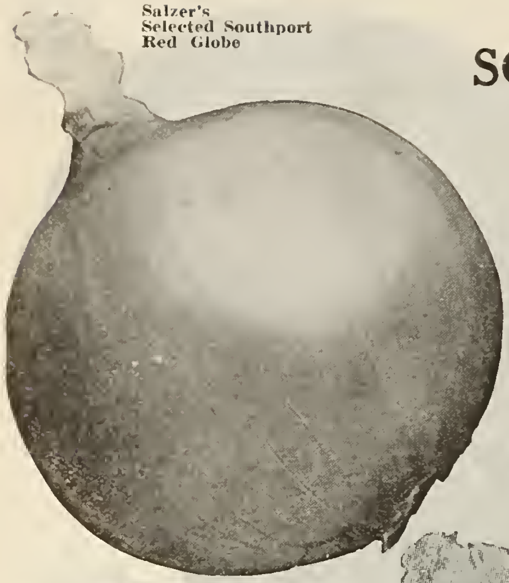
There is no onion whose character and worth can be more accurately measured by the confidence it has instilled in the seed buying public than the Yellow Globe. It has no enemies, it is conceded everywhere to be as great as its International reputation. It stands paramount on its great keeping quality and is so constantly good in all is attributes as to clinch it as a universal favorite, making it more extensively grown than any other yellow onion. With such pronounced merits as earliness, productiveness, excellent table quality, fine keeper, enormous yielder, it could hardly be other than popular.

In color it is a rich brownish yellow of most striking appearance, almost globular in shape; tops ripen off close. (See illustration above.)

Price: Pkg., 10c; oz., 25c; ¼ lb., 80c; lb., $2 50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

Salzer's Prizetaker Onion

ONION SEED IS A SPECIALTY WITH US.



Salzer's Selected Southport Red Globe

SALZER'S SELECTED

SOUTHPORT RED GLOBE ONION

See Page 40 for Color Illustration.

Remarkable for its Uniform Size and Shape

750—The value of the onion crop depends entirely on the quality of the seed. There is no vegetable more susceptible to the quality of the seed than the onion. Small necks, large bulbs, uniform size, even shape, vigorous growth, immense yield and mild flavor are all factors directly traceable to the seed.

We are proud of our strain. There is none better. It is highly bred, critically selected. Superior in shape, size, solidity and yield. Unsurpassed, if not unequalled in beauty, size and shape and uniformity of ripening. Year by year our sales of this variety have increased enormously, almost doubled, which shows that a really good onion advertises itself. The Southport Red Globe is one of the largest and heaviest yielders of the Southport varieties. The bulbs are usually from 3 to 3½ inches in diameter, of perfect globe type, have thin necks and a glossy, deep purplish red skin, making it most attractive in appearance. Our customers report high yields. The slim, slender necks insure an early and sure ripening. The tops die down uniformly. (See illustration.)

Price: Pkg., 10c; Oz., 25c; ¼ lb., 80c; lb., $2.50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

A WORD ABOUT QUALITY

Onions have always been a specialty with us. These strains of Southport Globes are types as perfect as is possible to obtain through selective and painstaking development. Considering the critical roguing and expensive cultivation necessary for their high development, the prices quoted will many times over compensate onion seed buyers in remunerative crops for their investment.

SALZER'S SELECTED

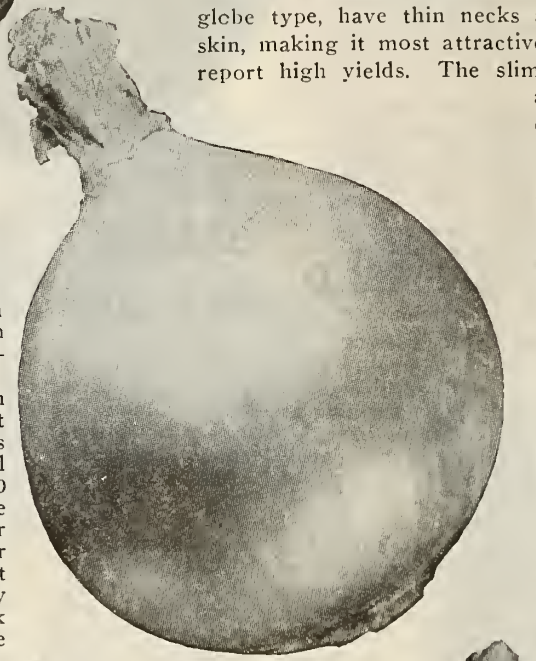
SOUTHPORT WHITE GLOBE ONION

Expresses Superiority In Every Characteristic

751—Mild flavor, combined with its attractive appearance has won a place of prominence for Southport White Globe.

It is a most beautiful Onion, with thin, delicate, pure white skin. It will average from 2 to 2½ inches in diameter and the yields on good land will run upwards of 800 bushels per acre. The flesh is fine grained, crisp, of a very fine flavor and snowy white in color. Our strain is grown with the greatest care. As soon as harvested they are best stored away in a cool, dark shed to keep from discoloring. (See illustration.)

Price: Pkg., 10c; Oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid. Price, by Express: Lb., $3.45; 5 lbs., $17.00; 10 lbs., $33.50.



Salzer's Selected Southport White Globe

SALZER'S SELECTED

SOUTHPORT YELLOW GLOBE

A Select Strain of the Highest Type

752—If you want results, large and safe returns, do not omit Southport Yellow Globe from your garden. It is one of the great, dependable onions under general cultivation the world over. It is a recognized fact that there is more "large crop" or bulk seed sold of this onion than any other single variety.

This selection of Southport Yellow Globe is an especially fine Onion. It is of quite large size, averaging from 3 to 3½ inches in diameter, of beautiful globe shape, with a very attractive light yellow colored skin. Under good cultivation the yields as reported by gardeners averaging often from 500 to 1,000 bushels per acre. The necks of this strain are slim and slender, and the bulbs ripen down to a solid ball, thus insuring the best keeping qualities. (See illustration.)

Price: Pkg., 10c; oz., 25c; ¼ lb., 80c; lb., $2.50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

SALZER'S GIANT SILVER KING ONION

The Largest of the White Onions

742—It has won showers of praises from all who have grown it. A variety of such genuine worth as to be outstandingly apparent. A type that receives the unanimous endorsement of onion growers everywhere whose expressions of tribute must have been occasioned by large remuneration and satisfaction.

This magnificent onion with its immense productiveness and surpassing quality, promises much to the grower who seeks large profits for his effort and investment. It is an onion that increases constantly in popularity.

Its immense size, its early maturing, its exquisitely mild flavor, place it in the foreranks of the large onion markets and foremost in the heart of housewives. It grows larger than any other white onion.

Attractive shape, flattened, but thick, as shown in illustration. Average diameter of onions about 4 to 7½ inches: often attain weights of 2 to 3 lbs. each. **No other variety grows uniformly larger.** Skin a beautiful silvery white and its flesh of particularly mild, pleasant flavor. These onions grow and mature very quickly. (See illustration.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.30; lb., $4.50, postpaid. Price, by Express: Lb., $4.45; 5 lbs., $22.00; 10 lbs., $43.50.

754—**YELLOW FLAT DANVERS.** One of the earliest yellow onions. A very productive variety. The bulbs are flattened but yet quite thick, with small necks; they keep well. Skin coppery-yellow, flesh creamy-white, of mild, excellent flavor.

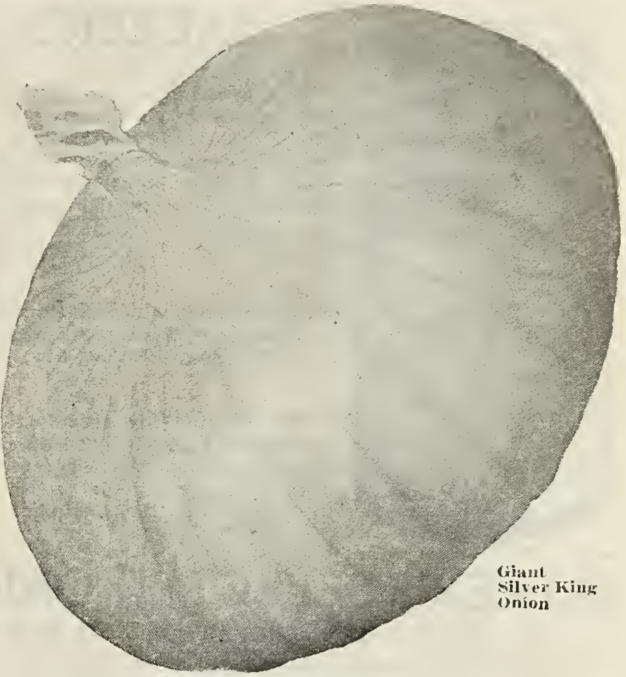
Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

753—**STRASBURG OR LARGE YELLOW DUTCH.** A few days later than Flat Danvers, produces somewhat larger and flatter bulb.

Price: Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., $2.00, postpaid. Price, by Express: Lb., $1.95; 5 lbs., $9.50; 10 lbs., $18.50.

737—**AUSTRALIAN BROWN.**

Price: Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., $2.00, postpaid. Price, by Express: Lb., $1.95; 5 lbs., $9.50; 10 lbs., $18.50.



Giant Silver King Onion

WHITE PORTUGAL OR SILVER SKIN ONION

757—They are of handsome appearance, have a clear white skin as beautiful as glistening silver. The flesh is of mild, delicious flavor. For keeping this is the best of all white varieties. These onions make fine bunching Green Onions and are also grown for the market as Large White Onions. It is also used more than any other white variety for growing Onion Sets.

Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid. Price, by Express: Lb., $2.45; 5 lbs., $12.00; 10 lbs., $23.50.

GRANDPA'S CONGLOMERATION ONION MIXTURE

758—The manifold advantages of having onions of all kinds at all times in the family garden has been pointed out by us for many years until today we find the same customers by thousands and thousands, year in and year out still buying Grandpa's Conglomeration Onion Mixture. **Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.**

WHITE BERMUDA ONION

756—This is the onion the grocers so generally offer for sale, as it requires an astonishingly, almost miraculously short time to develop, lacking about one-half the time necessary for other sorts. It is a large yielder, consequently a highly profitable type to grow. The name is somewhat misleading, as the skin is a pale yellow or straw color; the flesh, however, is a clear, sparkling white. It is extremely mild, deliciously tender, and of a highly pleasing flavor. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., 95c; lb., $3.25, postpaid. Price, by Express: Lb., $3.20; 5 lbs., $15.75; 10 lbs., $31.00.

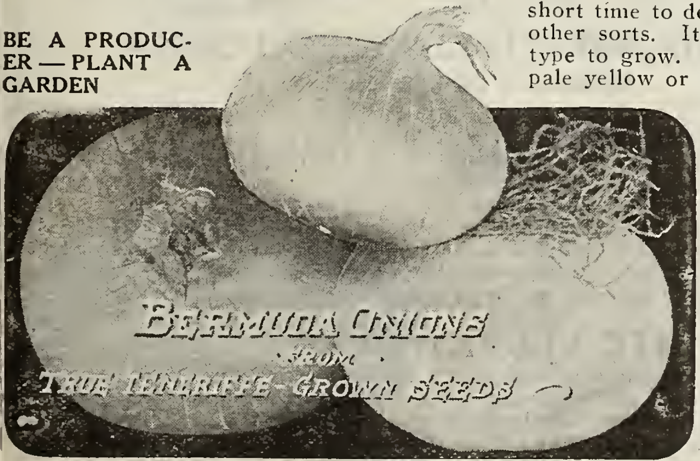
749—**RED BERMUDA.** The old original variety and more popular than ever. Very flat, grows about 3 to 3½ inches in diameter. Has a skin of light pink color. The flesh is pinkish white.

Price: Pkg., 10c; oz., 30c; ¼ lb., 95c; lb., $3.25, postpaid. Price, by Express: Lb., $3.20; 5 lbs., $15.75; 10 lbs., $31.00.

759—**CRYSTAL WHITE WAX.** This is a pure white flat onion, very popular in both north and south.

Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid. Price, by Express: Lb., $3.45; 5 lbs., $17.00; 10 lbs., $33.50.

BE A PRODUCER — PLANT A GARDEN



TRY OUR SILVER KING ONION—IT NEVER DISAPPOINTS

SALZER'S WHITE QUEEN ONION

787—Equally well known as White Pearl. This is one of the finest of all white pickling onions, growing rapidly, but remaining small, solid and have a fine, sweet flavor. More than one crop may be gathered for pickling in one season under normal conditions.

The onions are white, quite flat, hard, solid and very small, not more than 1 to 1½ inches in diameter; they are of very mild and sweet flavor. One of the best onions producing small pickling bulbs, for which purpose it should be sown at the rate of 50 to 60 lbs. per acre. Will furnish extremely early onions to be sold in the green state. The bulbs do not keep over winter. (See illustration.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.00, postpaid.

PARIS SILVER SKIN ONION

781—Silvery white, flattened bulbs. It is one of the best early sorts, splendid for pickling and is of mild, pleasant flavor.

Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid.

WHITE WELSH ONION

788—Planted for green onions only; this variety does not form bulbs, but only a small enlargement at the base of each shoot; it is extremely early. It is a perennial and stays in the ground for years.

Price: Pkg., 10c, postpaid.

Salzer's White Queen Onion

SALZER'S SELECTED ONION SETS

EARLY GREEN ONIONS FROM SETS IN 5 WEEKS

Sets bid fair to supplant onion seed entirely for the production of small green onions for early spring, as it takes only about half the time for sets to mature, with the decided advantage of developing larger ripe onions for winter use if permitted to mature. A pound or two is sufficient for the ordinary size family. When one variety is exhausted, unless otherwise ordered, we ship another. Thus, if yellow were all gone, we fill an order with white or red, etc.

Perennial Top Sets are perfectly hardy and stay in the ground all the year round; only used for green onions, as they do not form a large bulb. When stock in spring becomes exhausted we book order and fill in fall.

We sell by weight only; one bushel equals 32 lbs. and one lb. a quart. (See illustration.)

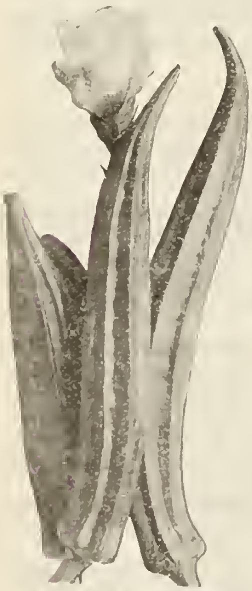
Green Onions from Bottom Sets



Perkins Mammoth Long Pod Okra

PERKINS MAMMOTH LONG POD OKRA

Should Be in Every Garden

731—If you are not growing Okra and happen to be a lover of soup, you are losing one of the most delightful epicurean pleasures.

Its young seed pods, which are used in soups, stews, catsups, etc., are delicious and highly esteemed. To keep for winter use, slice the pods into narrow rings when young and tender, string them and hang in the shade to dry.

Perkins Mammoth Long Pod is valuable okra, about 3 feet high; pods often 8 to 9 inches long when ready for use, of dark green color, produced in great quantities and quite early being fit for use in about 30 days after sowing. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

WHITE VELVET OKRA

732—It is very distinct in appearance, and unlike other varieties the pod is not ridged but is perfectly smooth and round. They are of attractive appearance and superior flavor and tenderness. The plants are comparatively dwarf and of compact, branching growth; the pods are of extra large size and produced in great abundance.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

Yankee Pie

SALZER'S
YANKEE PIE PUMPKIN

The Superb Small Sugar Pumpkin

956—Its reputation for pie use is more national in character than any other vegetable.

Pies—"just like mother used to make"—the delicious melting pies that make the dinner a delight—are made from Yankee Pie—the quality is par excellent for this purpose. It is remarkably prolific, sugary. No pumpkin ever introduced has given more lasting and delightful pleasure to our customers. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

CONNECTICUT FIELD
PUMPKIN

World's Famous Corn Field Pumpkin

943—There are no conflicting opinions as to the best pumpkin for growing in the corn field, as Connecticut Field is recognized everywhere as the Standard "Corn Field" variety, grown so largely for stock feeding purposes. As a canning variety, Connecticut Field unquestionably is one of the leading standard varieties used by canners. For table use it is immensely popular, having admirable qualities for this purpose.

It is also a type that has a reputation for growing under almost absolute neglect, it keeps right on growing rain or shine, warm or cold, cultivated or neglected, and produces a big yield of large pumpkins.

Price: Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., 95c, postpaid. Price, by Express: Lb., 90c; 5 lbs., $4.25.

SALZER'S
MAMMOTH PUMPKIN

See Page 40 for color illustration

951—This is a really superb pumpkin. Owing to its immense size, it is the Pumpkin for exhibition purposes. Its tremendous yielding habit establishes its reputation as a Cropper. Its fine flavor is exceptionally appetizing. Its combined sterling qualities make it the "Premier Pumpkin."

Salzer's Mammoth is unquestionably one of the most extensively grown type of the pumpkin family. Its reputation as to yield, size and quality is proverbial. Its remarkable attractiveness and uniformity in size are a constant surprise. Highly prized for its keeping qualities. Especially recommended for its dependability.

We cannot recommend it too highly; we wish our customers would try it and be convinced of its exceptional merit. The color of the skin is deep cream red, the flesh is a deep orange red.

Price: Pkg., 10c; oz., 15c; ¼ lb., 45c; lb., $1.50, postpaid.

SMALL SUGAR PUMPKIN

An Exceptionally Sweet Variety

953—There is an old adage "Good goods come in small packages." This terse saying seems to be true with this small sugar pumpkin, which is much smaller than the field pumpkins but exceedingly rich in sugar matter, more finely grained and considerably sweeter. This variety is invariably grown by the farmer along with his field varieties, for pie making.

It is a very prolific type, producing nice, uniform size and shape pumpkins in abundance.

Considered one of the hardiest and easiest to grow.

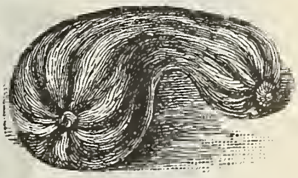
Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

JAPANESE PIE PUMPKIN

Similar to Sweet Potato in Taste

946—So rapid has been the increase in the demand for this pumpkin that is is a subject of continuous comment in our establishment.

The flesh in appearance and taste very closely resembles the sweet potato and is considered a genuine treat by all who have ever eaten it. The flesh is very thick, nearly solid; the seed cavity is very small being in one end of the pumpkin; fine grained, dry and sweet. They ripen early, keep well and are fine for home use. The seeds have peculiar marks resembling characters of the Chinese Alphabet. It is the easiest pumpkin to grow. A large crookneck sort with dark green skin mottled with yellow stripes. (See illustration.



Japanese Pie

Price: Pkg., 10c; oz., 15c; ¼ lb., 45c; lb., $1.50, postpaid.

SALZER'S LARGE SWEET CHEESE PUMPKIN

LARGE SWEET CHEESE

A Real Dependable Sort

950—The peculiar cheese shape of this variety is responsible for its name, being very much flattened on both ends and large in circumfernce. In the southern and middle west states you will find more pumpkins of this variety grown than all others.

It has so many points of genuine merit that many gardeners and farmers are so satisfied that they have given it a preference over other sorts.

As a cropper it satisfies the most exacting. In quality it ranks exceptionally high. As a keeper it has an enviable reputation. The flavor is particularly pleasing and appetizing.

Its skin is mottled light green and yellow, changing to rich cream color as it matures; flesh tender and of excellent quality. (See illustration.)

Price: Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., 95c, postpaid. Price, by Express: Lb., 90c; 5 lbs., $4.25.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

SALZER'S
EARLIEST AND BEST PEA

846—In professional growing, where the value of a pea is measured in dollars and cents, the variety used naturally must be nearly pre-eminent in all essentials.

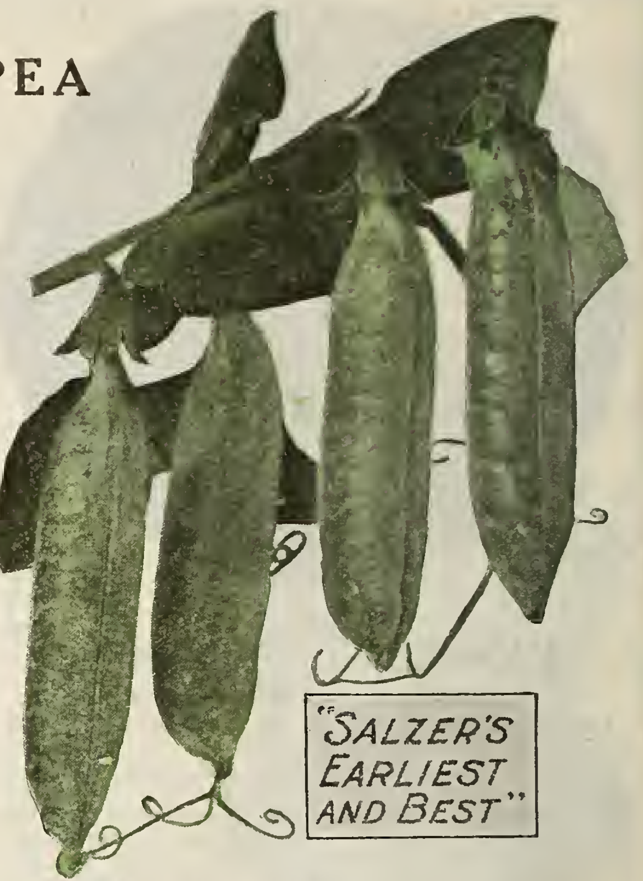
Its extreme earliness is the distinguishing feature that has been its outshining virtue for many years of unparalleled record. It will stand the test in any garden. It will create and maintain for itself the lasting appreciation of every user. It is one of the peas that has steadfastly and persistently retained prominence as a pea of great merit. Its scientific selection shows in its extreme earliness, ability to mature uniformly even and the heavy yield produced.

It has a delicious, luscious flavor that rivals the sweetest table pea ever grown. It is about 6 to 10 days ahead of other early peas, with the possible exception of Scorcher. Grows 18 to 30 inches high, bearing many pods, each containing about 7 to 8 small, smooth round peas. (See illustration.)

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 15 lbs., $3.50; 25 lbs., $5.25; 50 lbs., $10.00.

SHORTAGE OF PEAS

Although we have fair stocks of all varieties of Peas, we are satisfied the "Pea Crop Failures" of this past fall will create such immense demand that some varieties will be exhausted before others. In such cases our customers can safely leave it to us to send them the next best and nearest type to the one ordered.



"SALZER'S EARLIEST AND BEST"

SALZER'S IMPROVED AMERICAN WONDER PEA

For Color Illustration See Page 40

878—This wonderful variety continues single-handed, as it were, going right along capturing the hearts of the most skeptical and discriminating quality-searchers.

Year after year, in spite of the many new and meritorious peas, we have addressed ourselves most assiduously to intensifying the latent qualities of the American Wonder Pea. We have in our "Improved" American Wonder a remarkably fine selection, a genuine pedigreed aristocrat among peas. The yield is wonderfully increased, and the quality is improved to a superb table delicacy of delightful, sweet lusciousness. It grows to about 15 inches in height, pods of medium size, each containing 6 to 8 large wrinkled peas of superlative quality.

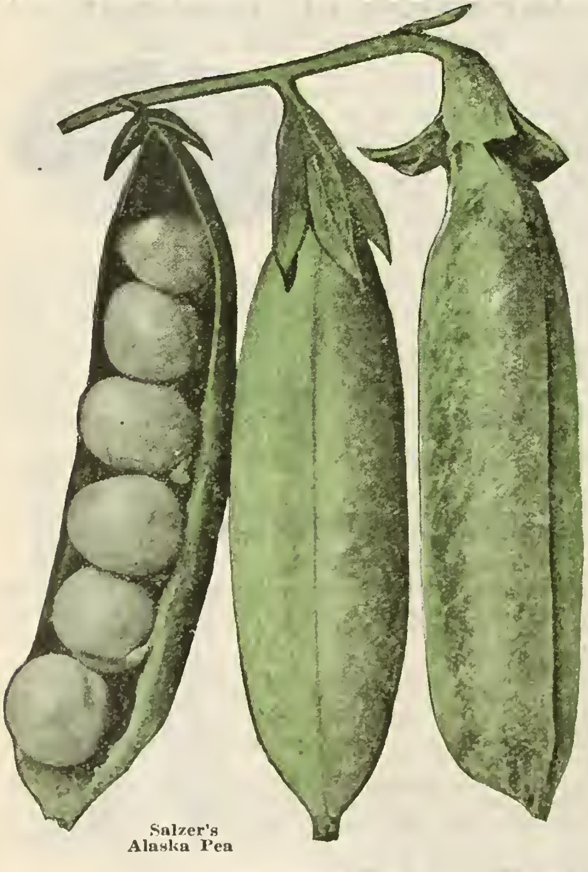
Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.00; 25 lbs., $8.00; 50 lbs., $15.00.

SALZER'S ALASKA PEA

844—It is grown by farmers for canners more extensively than any other. It is given great prominence by canners everywhere. Gardeners find it amazingly remunerative. Private growers value it for its superb table quality, for its productiveness and its dependability. It matures at about the same time as Salzer's Earliest and Best. Has a medium size pod averaging about 2¾ inches long, filled with smooth, bluish-green peas of exquisite quality. Grows about 2 to 3 feet high.

Thousands of our customers never grow any other Pea, having tired of trying others; they cling to Salzer's Alaska, satisfied with its "time tried" record of many years standing. (See illustration.)

Price: Pkg., 10c; lb., 35c, postpaid. Price, by Express: Lb., 30c; 5 lbs., $1.00; 15 lbs., $2.85; 25 lbs., $4.50; 50 lbs., $8.50.



Salzer's Alaska Pea

WE URGE OUR CUSTOMERS TO ORDER THEIR PEAS EARLY—SHORT CROP

SALZER'S ALDERMAN PEA

THE FINEST OF THE TELEPHONES

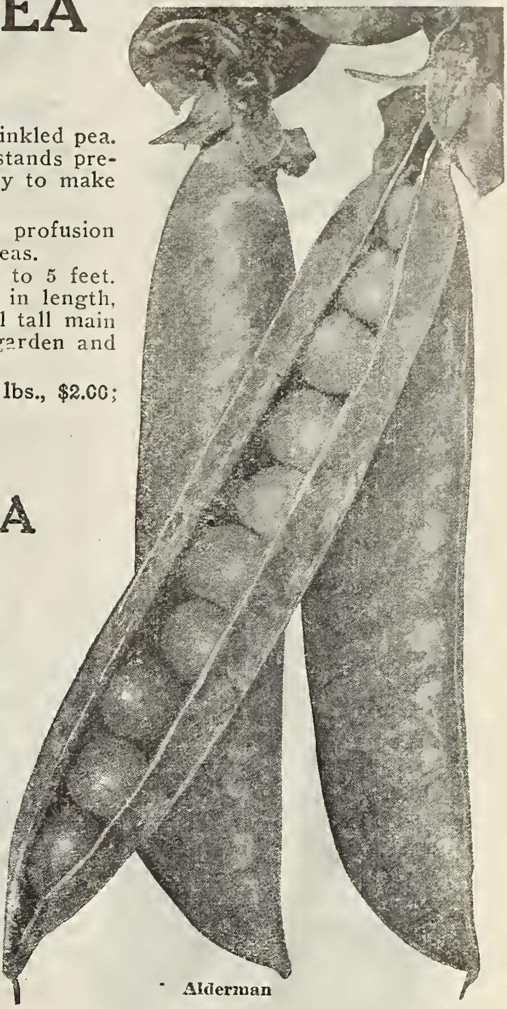
The Great Mid-Season Pea

864—Alderman stands unique as the best mid-season, marrow-fat, wrinkled pea. Repeatedly tested in comparative trials against all Second Earlies, it stands pre-eminent in all points of excellence, possessing every quality necessary to make a variety popular and profitable.

Very uniform in shape and always of the largest size, produced in profusion and so well filled that Alderman is one of the largest yielders of all peas.

The vines are of strong, luxurious growth, attaining a height of 4 to 5 feet. Foliage and pods are of dark green color. Often measure 6 inches in length, and are densely filled with large peas of unsurpassable flavor. Of all tall main crop peas, Alderman is the finest and most desirable for the home garden and for the market. (See illustration.)

Price: Pkg., 10c; lb., 55c postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.00; 25 lbs., $8.00; 50 lbs., $15.00.



Alderman

SALZER'S

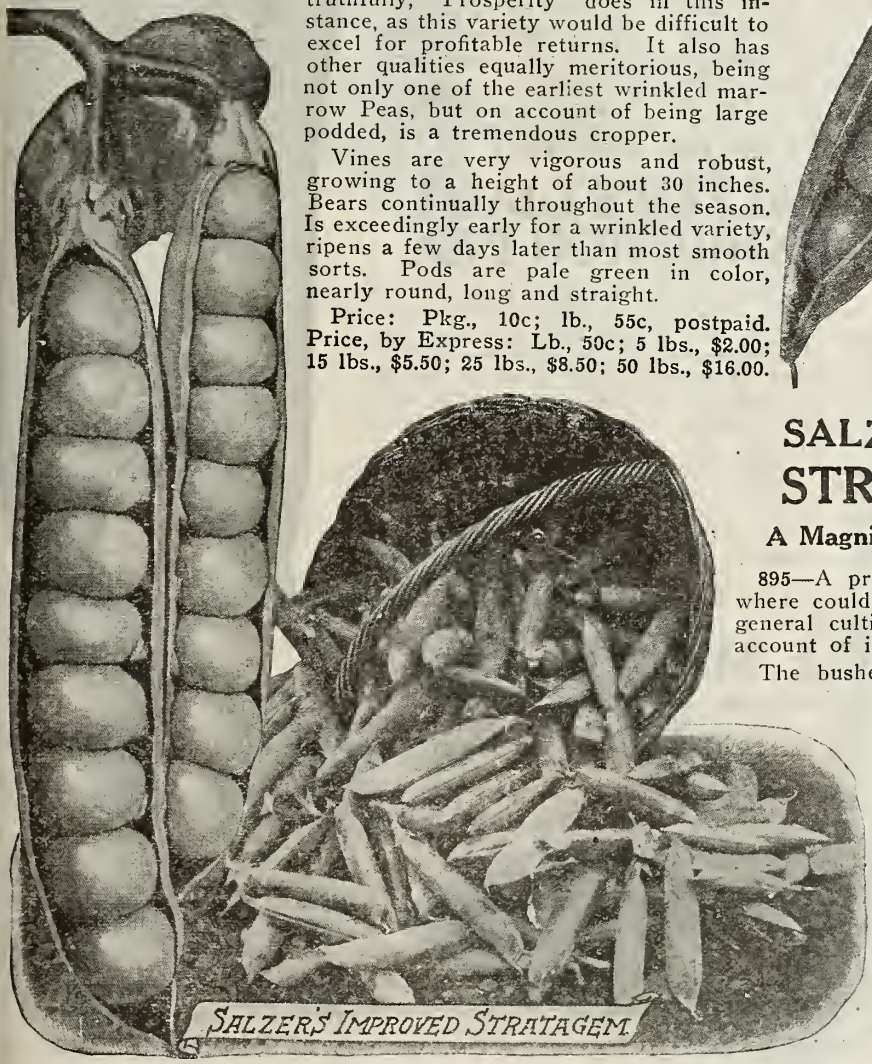
GRADUS or PROSPERITY PEA

A Large Podded Main Crop Variety

855—If ever a name bespeaks value truthfully, "Prosperity" does in this instance, as this variety would be difficult to excel for profitable returns. It also has other qualities equally meritorious, being not only one of the earliest wrinkled marrow Peas, but on account of being large podded, is a tremendous cropper.

Vines are very vigorous and robust, growing to a height of about 30 inches. Bears continually throughout the season. Is exceedingly early for a wrinkled variety, ripens a few days later than most smooth sorts. Pods are pale green in color, nearly round, long and straight.

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.50; 25 lbs., $8.50; 50 lbs., $16.00.



SALZER'S IMPROVED

STRATAGEM PEA

A Magnificent Pea of Delicious Flavor

895—A prearranged plan of gardeners everywhere could not keep this sterling pea in more general cultivation than it continues to be, on account of its many sterling qualities.

The bushes are absolutely covered with big, plump, rich, green pods of large proportions, handsome in appearance, filled with wrinkled peas of meaty, tender, lusciously sweet, rich, delicious flavor. As a rule each seed produces two stalks, consequently it has proven highly remunerative to growers for market or home; in fact, its immense yields keep it in the foreranks of popularity. The vines are strong and vigorous. About 18 inches in height. A medium early variety. (See illustration.)

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.00; 25 lbs., $8.00; 50 lbs., $15.00.

Salzer's Giant Exhibition Pea

SALZER'S GIANT LAXTONIAN PEA

(Blue Bantam)

The Largest Podded Early Variety

880—The more critical you are, the more emphatic your appreciation will be for this unmatchable variety. It has a distinctiveness that sets it apart from the multitude of other peas, and stamps its individuality upon every grower.

Words would not overrate its delightfully luscious, sweet, delicious flavor. It is one of the few Peas to receive the "Award of Merit," the highest distinction that can be bestowed upon any vegetable. Dwarf type, growing only 16 to 18 inches high and requiring no support, with large pods; a few days earlier than the Gradus, of a little darker green color. Laxtonian makes for itself a new class of wrinkled garden peas, the giant podded early dwarfs. Ripens about the same time as the first early, and is ready to pick, green for table, in about 40 to 45 days. Pods measure 4½ inches, and are as large as those of the Telephone and of a dark green color. Similar to Gradus in shape, filled with eight to ten large peas, almost double the size of any other early dwarf pea. (See illustration.)

Price: Pkg., 10c; lb., 60c, postpaid. Price, by Express: Lb., 55c; 5 lbs., $2.25; 15 lbs., $6.00; 25 lbs., $9.50; 50 lbs., $18.50.

NEW DWARF
EXTRA EARLY
GIANT PODDED
LAXTONIAN

SALZER'S GIANT EXHIBITION PEA

872—This pea is so large it is quite a curiosity. Nor has it lost any essential qualities in the development for size, but rather, it appears to have been wonderfully improved, as the pods and peas are exceptionally uniform in size and indescribably rich and mellow in flavor. It is truly a Jumbo Pea; the dark green pods measure nearly eight inches, containing ten to twelve peas. Pods rather straight, with curve near end. Vines grow about five feet in height.

To those of our customers who want immense size, a most delicious pea, a heavy yielding pea—we commend Salzer's Giant Exhibition Quite Content Quality Pea. (See illustration.)

Price: Pkg., 10c; lb., 60c, postpaid. Price, by Express: Lb., 55c; 5 lbs., $2.25; 15 lbs., $6.00; 25 lbs., $9.50; 50 lbs., $18.50.

LITTLE MARVEL PEA

Exquisitely Delicious—Extraordinary Cropper

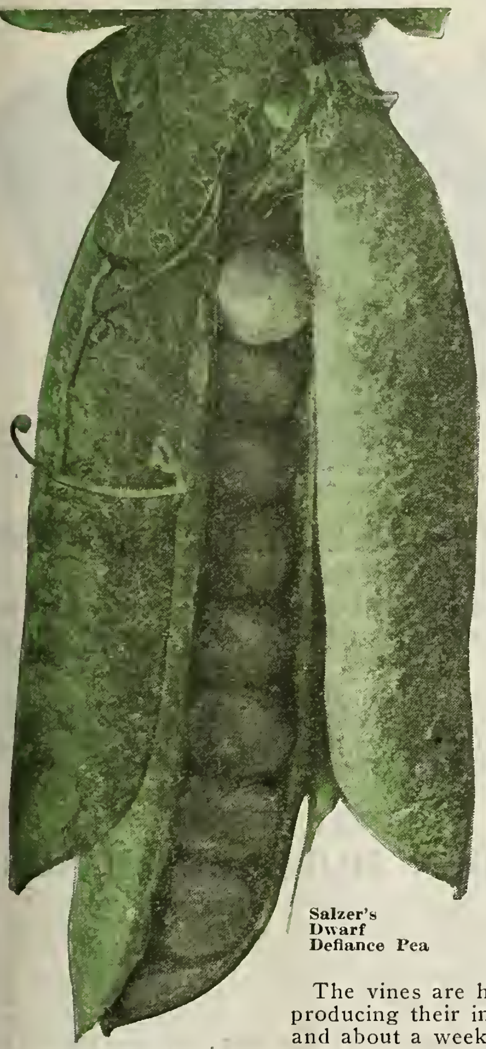
881—Had the introducer of this pea named it Big Marvel it would have been more appropriate, as it is a pea of surpassing merit, for wherever known it has created a reputation for itself. Marvel by name, by reputation, for quality and for results.

It is a pea of surpassing merit. It is an extraordinary heavy cropper. Pods are jammed with sweet, luscious, sugary peas of richest flavor. It also is remarkable for the long period the peas remain in condition for table use after ripening, which is fully a week longer than Nott's Excelsior. It matures the same time as Nott's Excelsior. Pods about 3 inches long, containing 7 to 8 peas of a beautiful dark green, more attractive color and much larger than the American Wonder. (See illustration.)

Little Marvel Pea

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.00; 25 lbs., $8.00; 50 lbs., $15.00.

BACTERIA FOR PEAS TO TREAT 30 LBS. PEAS, 70c; 60 LBS., $1.20, 120 LBS., $2.00; POSTPAID.



Salzer's Dwarf Defiance Pea

SALZER'S
DWARF DEFIANCE PEA

898—Leaped into public esteem with lightning rapidity on account of its wonderfully remunerative productiveness.

As a second early or mid-season variety it is unsurpassed. Of immense size, exceptional lusciousness, delightful, sweet, delicious flavor.

The pods are large, well-filled and of dark green color.

The vines are very vigorous, hardy, about 20 inches high, with coarse, dark-green foliage. The pods are long, broad, pointed, dark-green in color and equal in size and fullness to those of the Tall Telephone, often measuring 6 inches or more and generally containing 9 to 11 peas. These peas are very large and in flavor and sweetness rank with the highest. A great favorite with gardeners on account of its enormous productiveness, great beauty and large size of the pods. (See illustration.)

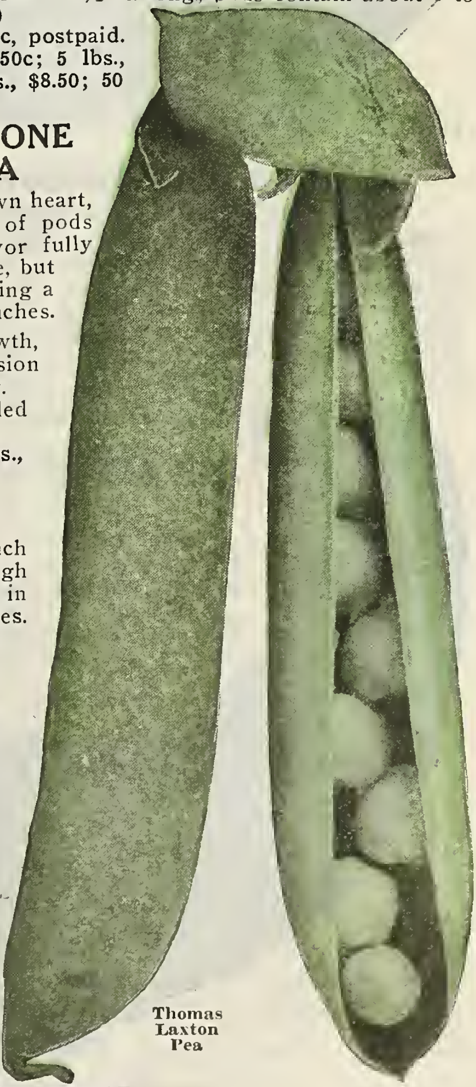
Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.50; 25 lbs., $8.50; 50 lbs., $16.50.

THOMAS LAXTON PEA

THE MERITS OF MANY COMBINED IN ONE

858—A splendid market-gardener sort, but especially recommended for the home garden. A most productive, tall, wrinkled, extra early sort, and in quality one of the very best, even sweeter in flavor than Gradus. Compared with Gradus it is a few days later, the pods are fully as large, but square on the end and contain a larger number of Peas. The pods and vines are also of a darker, richer green than those of the Gradus. Vines 3 to 3½ ft. long; pods contain about 6 to 8 Peas. (See illustration.)

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.50; 25 lbs., $8.50; 50 lbs., $16.50.



Thomas Laxton Pea

DWARF TELEPHONE OR DAISY PEA

892—A Pea after your own heart, in size, shape and color of pods and also in exquisite flavor fully equal to the Tall Telephone, but is of dwarf growth, attaining a height of only 15 to 16 inches.

The vines are healthy and of vigorous growth, producing their immense pods in great profusion and about a week earlier than the tall variety.

The pods are about 5 to 6 inches long and contain 8 to 10 green, wrinkled peas of most delicious flavor.

Price: Pkg., 10c; lb., 55c, postpaid. Price, by Express: Lb., 50c; 5 lbs., $2.00; 15 lbs., $5.50; 25 lbs., $8.50; 50 lbs., $16.50.

EDIBLE PODDED PEAS

This class of peas is not generally known in this country, but is much used abroad. The sweet, brittle and succulent pods have none of the tough inner lining found in ordinary varieties of garden peas; they are used in the same way as snap or string beans, and are excellent also for pickles.

912—DWARF GRAY SUGAR PEA. Height, about 18 inches; purple blossoms. Pods are broad and flat.

Price: Pkg., 10c; lb., 40c, postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.25; 15 lbs., $3.00; 25 lbs., $4.50; 50 lbs., $8.50.

914—MAMMOTH MELTING SUGAR PEA. The pods are very large, broad, curved or twisted. Vines 4 to 5 feet high; very productive.

Price: Pkg., 10c; lb., 50c, postpaid.

913—MAMMOTH LUSCIOUS SUGAR PEA. Vines very tall, 5 to 6 feet; pods, about 6 to 7 inches long and 1½ inches broad.

Price: Pkg., 10c; lb., 50c, postpaid.

HOW TO SECURE BIG PEA CROPS

Inoculated peas grow faster, mature earlier, produce a larger crop, are richer and contain about 25 per cent more food value (protein) than when not inoculated. Nitrogen is an element in which all soils are deficient. Inoculation enables plants to feed on the air through the Bacteria nodules that will form on the roots. We know of nothing requiring so small an investment that gives such phenomenal returns.

Peas belong to the legume family. Knowing as we all do in this enlightened age that the inoculation increases both yield and quality—we ask, is it wise to sow peas without it? If you are skeptical, convince yourself by a trial.

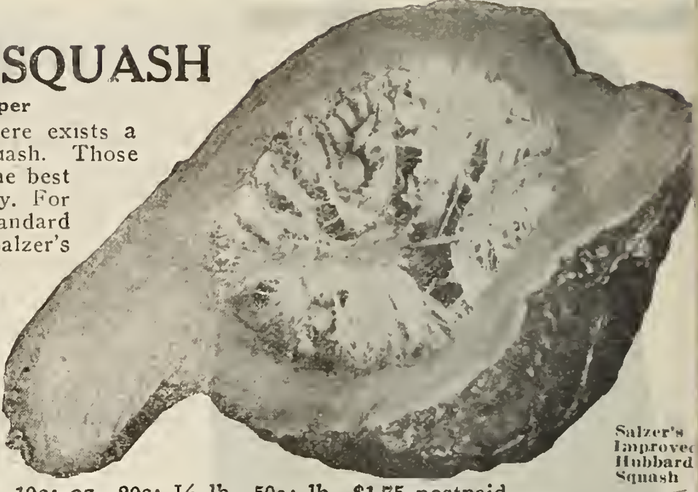
SALZER'S
IMPROVED HUBBARD SQUASH

The Most Reliable Winter Keeper

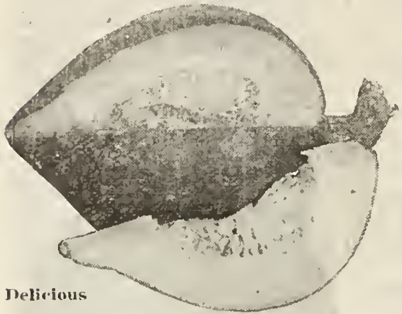
1099—(For color illustration see page 58.) There exists a keen appreciation for the Improved Hubbard Squash. Those familiar with this variety concede it to be one of the best and most reliable winter keepers of the squash family. For winter table use it is recognized to be just as standard in the home as sugar or flour. The demand for Salzer's Improved Hubbard, has quadrupled in two years.

Our Improved Hubbard is a careful selection of only the finest, most perfect fruits, producing squashes of most uniform shape and size. Heavily warted and of dark green color. This strain is unquestionably one of the most productive of all winter squashes, and many thousands of pounds of squashes can be grown from one acre. The flesh is very dry, fine grained, and of excellent quality. (See illustration.)



Salzer's Improved Hubbard Squash

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.75, postpaid.



Delicious

MAMMOTH WHITE BUSH SCALLOP SQUASH

The Great Favorite for Market and Home

1096—It is a tremendously significant fact that its transcendent quality ha initiated more recruits to the repastful ranks of this grand squash, than a other summer varieties together. It has that lasting delicious sweetness, th leaves a "hankering" for more.

An improved selection of the old favorite early White Bush, but much large in size, more handsome and of much nicer clear white color. Fruits flattene scalloped and uniformly marked. This is one of the finest of all summe squash. **Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.**

DELICIOUS SQUASH

More Than Its Name Implies

1094—The best flavored winter squash. For table quality there is no other winter squash that can be compared in sweetness and richness of flavor. It is an excellent squash for Fall and Winter use, keeping until late spring. Of medium size, weighing from 5 lbs. to 15 lbs. The rind is dark green, mottled. The flesh is very fine grained, thick and dark orange in color. (See illustration.) **Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.**

SALZER'S
GOLDEN HUBBARD SQUASH

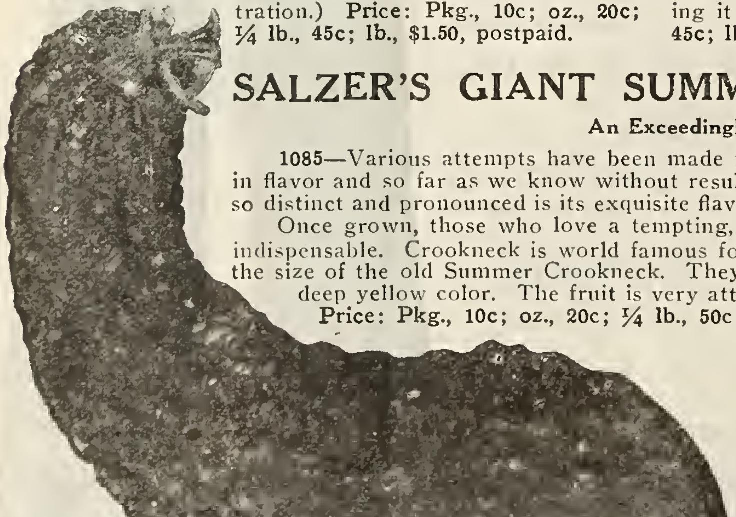
1097—In shape very similar to the green Hubbard. I ripens, however, earlier and is much more productiv The fruits are of medium size, weighing from 6 to 1 lbs. each. They are of beautiful orange red color, ar heavily warted and the flesh is very fine grained an richly flavored. The shell is very hard and strong, mak ing it a good shipper. **Price: Pkg., 10c; oz., 20c; ¼ lb 45c; lb., $1.50, postpaid.**

SALZER'S GIANT SUMMER CROOKNECK SQUASH

An Exceedingly Delightful Flavor

1085—Various attempts have been made from time to time to produce a squash to excel thi in flavor and so far as we know without results. The eating quality of this variety stands ou so distinct and pronounced is its exquisite flavor.

Once grown, those who love a tempting, luscious dish will find Summer Crookneck almos indispensable. Crookneck is world famous for its tempting flavor. This improved type is twic the size of the old Summer Crookneck. They have an exceedingly warted surface, and are c deep yellow color. The fruit is very attractive and a great favorite with market gardener **Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.75.**



Giant Summer Crookneck Squash

EARLY YELLOW BUSH SCALLOP

1082—Very similar to the White Bush, bu has deep orange colored skin. A very pro ductive summer squash.

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c.; lb. $1.50, postpaid.

MIXED SQUASH SEED

1103—We use our best selections and mos popular types of all shapes, sorts and colors i this superb mixture.

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c.; lb. $1.50, postpaid.

TO WIN AND HOLD OUR CUSTOMERS WITH QUALITY SEED IS OUR AIM.

SALZER'S CHINESE GIANT PEPPER

THE FINEST, LARGEST AND HANDSOMEST OF THE PEPPERS

922—This variety is one of the largest and finest eppers in cultivation. The plant is about two feet igh, of strong, vigorous growth, stocky and erect n habit, very productive, and ripens its fruit earlier han the Ruby King. The fruit is well shown in ur illustration, is quite square, average 4 inches in iameter, and is of a bright, glossy scarlet when ipe. The flesh is usually thick and very mild, having none of the pungency of most of the older arieties. The immense size of the fruit and its rilliant color render it very attractive and will ause it to sell readily in the market. Every private arden should have this sort. (See illustration.)

Price: Pkg., 10c; oz., 60c; ¼ lb., $2.00; lb., $6.50, ostpaid.

SALZER'S RUBY KING PEPPER

SWEET, TENDER, PROLIFIC, ATTRACTIVE

See Page 40 For Color Illustration

929—In most peppers there is one determining onsideration, not so, however, with Ruby King.

Regaled in rich, elegant crimson attire, this pep-er is characterized by the intrinsic worth of every uality. Immensely popular everywhere on account f its attractive ruby red appearance, pleasant, mild, picy flavor and large, shapely size. Fruits are bout 3½ inches thick by 5½ inches long. Given reat preference for salads and stuffed pickles. Very ick, crisp and tender meated.

Ruby King, famous for its prolific characteristics d attractiveness, is equally popular for its sweet, nder flavor.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, ostpaid.

Chinese Giant

SALZER'S ANAHEIM CHILI PEPPER

918—This is the pepper so much in demand at the Pacific Coast. It is a very prominent market variety and is very largely used by canners. The fruit grows to a length of about 10 inches by 1¼ to 1½ inches in diameter, is bright crimson when ripe, has thick flesh of delicious mild flavor. The plants are strong, of vigorous, erect growth, and are enormously productive, ripening their fruits fully as early as Ruby King. A splendid variety to grow anywhere.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

CHILI RED PEPPER (Small)

921—Dwarf growing with slender, long pointed fruits about 2 inches long, which, when ripe, are very pungent.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

BELL OR BULL NOSE PEPPER

919—This is a standard sweet flavored, scarlet pepper. The plants are very vigorous, strong growers and grow about 2 feet high. They are very productive and early, fruit is 4 inches long and 2½ inches in diameter with thick flesh of mild, sweet flavor.

Price: Pkg., 10c; oz., 35c; ¼ lb., $1.25; lb., $4.00, postpaid.

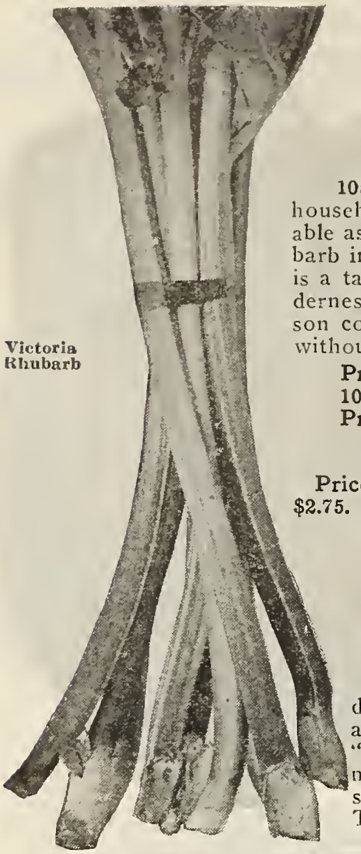
PIMIENTO PEPPER

The Great Epicurean Delight

927—The commercializing of any vegetable is a crowning tribute to its virtues. Canners all over the world show a marked preference for this strain. So popular has become the Pimiento that delicious Pimiento dishes too numerous to mention have sprung up all over the country.

Used in salad it is highly ornamental to look at and delicious to the palate. Its thickness of flesh permits removing of skin, an essential of great value, not easily accomplished with other sorts. Not as large as Chinese Giant, but owing to thick flesh, weighs more. It has qualities vastly superior to any other pepper and can be utilized in almost every conceivable table diet. (See illustration.)

Price: Pkg., 10c; oz., 45c; ¼ lb., $1.50; lb., $5.50, postpaid.



Victoria Rhubarb

SALZER'S MONARCH RHUBARB

DELIGHTFUL, MILD, SWEET, JUICY, SUGARY FLAVOR

See Color Illustration Page 57

1053—We question if anyone comprehends the infinite possibilities of Rhubarb as household necessity. Its uses are more varied, more distinct, more healthful, more pal able as a continuous diet than most other garden "truck." Every family should have Rl barb in their garden, whether they have anything else or not. It is a prime essential. is a table delight of great delicacy. No other Rhubarb excels Monarch in richness, tc derness, juiciness, earliness, colossalness or freedom from stringiness. Rich, attractive cri son color—vastly superior to the old sweet strawberry Rhubarb. Stalks grow to large s without loss to its superlative quality.

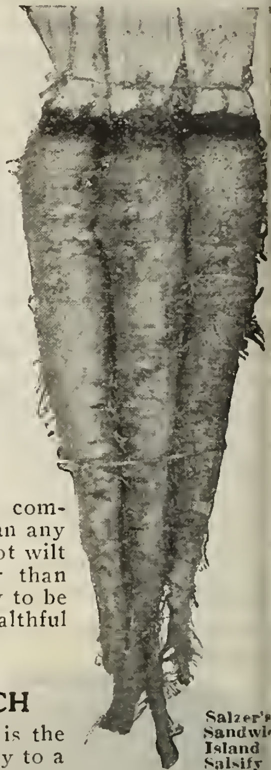
Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

1054—VICTORIA. A most popular variety, comes quite true from seed.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

RHUBARB ROOTS

Prices: 6 for 75c; 12 for $1.40, postpaid. Price by Express: Clumps, 25c each; do $2.75. Extra large clumps, 50c each; doz., $5.00.



Salzer's Sandwi Island Salsify

SALZER'S SANDWICH ISLAND SALSIFY

(Vegetable Oyster) See Color Illustration Page 57

A Very Strong Oyster Flavor of Melting Lusciousness

1060—Emerged into prominence by its excellence, this delicious oyster flavored salsify has eclipsed practically all the standard sorts by leaps and bounds. It is the "essence" of delicacy itself. Exceptionally wholesome, nutritious and satisfying. Reaches large proportions, consequently is a heavy yielder. A superb winter keeper. The best for market and home use. (See illustration.)

Price: Pkg., 10c; oz., 25c; ¼ lb., 85c; lb., $3.00, postpaid.

SALZER'S TRIUMPH SPINACH

A Very Highly Improved Spinach

See Color Illustration Page 57

1071—The people of this country are assuming a new attitude towards this wonderful vegetable plant. It is winning its way—as it were—right into the hearts of all who try it. Triumph surpasses any variety we know.

Plants are comparatively small, of very compact, but prostrate growth. They are composed of many short-stemmed leaves, which are of much thicker and heavier texture than any other Spinach. They are heavily crumpled and blistered, of dark green color, and do not wilt or run to seed quickly, but will remain in good, marketable condition a month longer than any other sort, retain their freshness during the hot summer months, are the best variety to be sown in spring and also continuously at intervals all summer, so that this delicious, healthful vegetable can be enjoyed at all seasons.

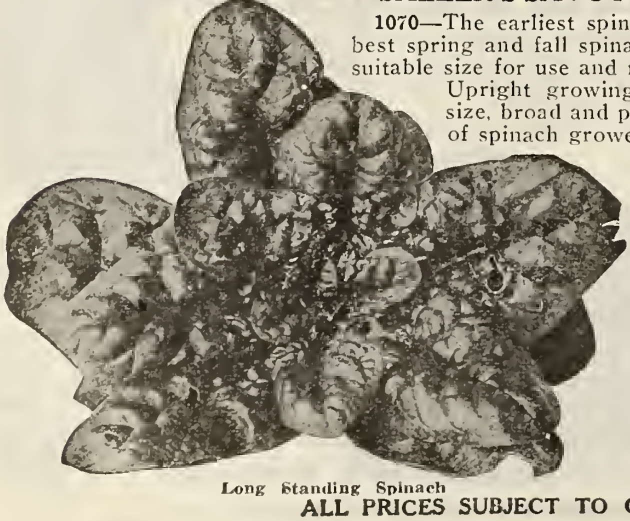
Price: Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 75c, postpaid.

SALZER'S SAVOY OR BLOOMSDALE SPINACH

1070—The earliest spinach and extremely hardy. This is the best spring and fall spinach we know of. It grows quickly to a suitable size for use and refuses to seed to a remarkable degree.

Upright growing plants with thick, glossy, dark green leaves of mediu size, broad and pointed, twisted and bloated. It is grown now by thousand of spinach growers.

Price: Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 65c, postpaid.



Long Standing Spinach

LONG STANDING SPINACH

1066—Stands long before running to seed, valuable o this account. Tender and sweet. (See illustration.)

Price: Pkg., 5c; oz., 15c; ¼ lb., 25c; lb., 75c, postpaid

WINTER PRICKLY SPINACH

1073—A splendid fall and winter sort, but also wel adapted for spring use. Hardy, large plants of vigorou growth with thick and dark green leaves.

Price: Pkg., 5c; oz., 15c; ¼ lb., 25c; lb., 75c, postpaid.

Early Virginia Peanut

The Roots with the Peanuts on are shown folded back against the tops.

SALZER'S EARLY VIRGINIA PEANUT

A HIGHLY PROFITABLE CROP TO GROW

841—Peanuts are one of the most profitable crops that can be grown and are perhaps one of the most fascinating of any. The advantage of growing peanuts is the demand for the crop regardless of how small the town in which you live. The prices are always high. The crop is invariably prolific and for home use a decided pleasure and delight.

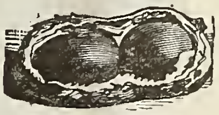
A very productive variety with erect stems, large pods and kernels. It is the kind used for commercial purposes. A paying crop on sandy soils in the north where it ripens to perfection, yielding enormously. Let the boys and girls try it. Half a pound of seed should produce one bushel. Plant in rows 4 feet apart, placing the nuts 6 inches apart in rows. (See illustration.)

Price: Pkg., 10c; lb., 40c; postpaid. Price, by Express: Lb., 35c; 5 lbs., $1.50; 10 lbs., $2.75.

EARLY SPANISH PEANUT

840—The earliest variety and a splendid Peanut. Upright foliage, growing more compact than the Virginia, small pods, the yield per acre is very large. Planted in April in the north they ripen before September 1st. These nuts are smaller, but are sweeter and of finer flavor than the larger varieties. (See Illustration.) **Price: Pkg., 10c; lb., 45c, postpaid. Price, by Express: Lb., 40c; 5 lbs., $1.75; 10 lbs., $3.25.**

"PEANUT CULTURE," an excellent booklet, 50c, postpaid.



Spanish Peanut

IMPROVED WHITE BURLEY TOBACCO

1528—In the great Tobacco Districts of the United States, White Burley is one of the leading varieties. Big money, in fact, sums almost difficult to imagine, are made from this variety.

Our Improved White Burley strain is one of the most dependable possible to grow, and at the present unheard of high prices, fortunes are being made in one season from this crop.

The leaves are very large, wide, porous and make fine plug filler and wrappers. Very productive. Planters growing other types would do well to try this alongside of their favorite variety. (See illustration.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

WISCONSIN COMSTOCK SPANISH TOBACCO

1520—Located as we are, right in the heart of the great Wisconsin Tobacco district, we see millions of pounds annually grown and this variety is the leading type. It is unquestionably the best for the North. The leaf is of good size and is suitable for wrapper and filler. **Price: Pkg., 10c; oz., 60c; ¼ lb., $2.00; lb., $7.00, postpaid.**

Improved Burley Tobacco

Salzer's Jumbo Sunflower

SALZER'S JUMBO SUNFLOWER

4703—In face of the fact that each and every individual is seeking the greatest reward for his occupation, there is hardly a farm anywhere but what an acre or so goes begging for want of a crop. Sunflower offers exceptional opportunity to the thrifty, industrious agriculturist.

There is absolutely no waste of the crop. Every portion can be utilized. The flowers make a beautiful garden display, hide unsightly buildings and corners. The seed is eagerly eaten by fowls, and they fatten thereon and lay more eggs than on any other food. It is relished by horses, and enables them to stand more work with less fatigue than if not fed therewith. Cattle, sheep, swine, etc., thrive and fatten thereon.

Hoard's Dairyman says: "Twenty to thirty tons of palatable silage from an acre can be harvested and in a country where corn does not make a good crop. They find in Montana that the entire sunflower plant when ensiled alone makes a good quality of silage and can be successfully grown where the spring is late and frosts are early." Reports from all parts of the country indicate sunflower for feeding stock, especially silage feed is becoming a common practice. (See illustration.)

Price: Pkg., 10c; ¼ lb., 15c; lb., 35c, postpaid. Price by Express: Lb., 30c; 5 lbs., 1.25; 10 lbs., $2.30.

4706—Sunflower Seed for Parrots, Birds, etc. Price: Lb., 30c, postpaid. Price, by Express: Lb., 25c; 5 lbs., $1.10; 10 lbs., $2.00.

Giant Crimson Globe

SALZER'S GIANT CRIMSON GLOBE RADISH

No Radish in Cultivation More Tender

973—To many persons large size is linked with a poor quality, pithy, woody, tough radish.

Do not make this mistake with this variety, as it is not only one of the tenderest, but one of the most delightfully flavored of radishes.

Time and expense have been concentrated on the development of a large radish that would have the superlative qualities of the best and most tender small radishes Crimson Globe is the culminating achievement of this great desire. Of a delightful table quality, crisp, fine grained, mild and delicious in flavor; fully double the size of any of the early turnip-shaped strains. Just as suitable for forcing as outdoor growing. It is a rapid growing sort. Weighs about four times as much as similar sorts, but does not become hollow or pithy. (See Illustration.) **Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.**

SCARLET TURNIP WHITE TAIL RADISH

985—One of the garden delights. It is conceded as one of the finest early radishes grown. Many prefer this to other mild types, as the skin is remarkably free from bitterness. A very popular Radish for outdoor planting. The Radish is bright scarlet, with a pure white tip. It is very handsome and a good seller. Roots are nearly round, slightly flattened, the flesh is white and of the best quality **Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, post paid.**

EARLY WHITE TURNIP RADISH

980—Here is a turnip-shaped white Radish that will please the most critical. Its color is pure white, almost crystal, so clear and transparent. Its quality is superlative. It is of a turnip shape, has a short top, is very rapid growing, fit for use in about 16 days and sells at sight at a high price in all markets when once known.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

SALZER'S SPARKLER RADISH

HALF RED—HALF WHITE

A Long History of Satisfaction Behind It

986—Every radish has its friends, every variety is prized from some point of view. Yet of all the radishes we list in our catalog, we believe this would be one of the most difficult for us to omit. It is indeed a "sparkler," in fact, one of the most attractive of radishes, so striking in fact as to bring forth the name it bears.

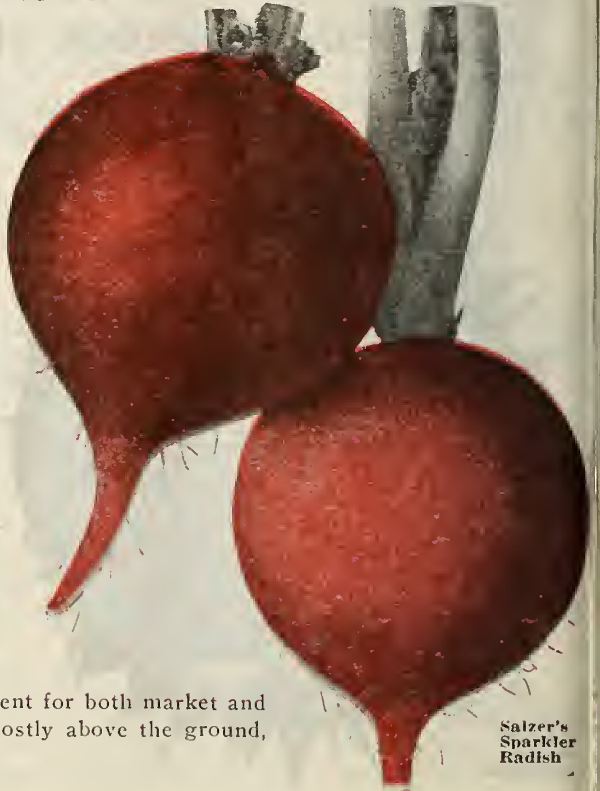
As indicated above, the white color covers about one-half of the root, and the scarlet is an especially bright shade. This Radish is very crisp, solid and sweet. One of the finest varieties for outdoor culture and one of the best to grow for market, as well as for the home garden. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00. postpaid.

LONG SCARLET SHORT TOP RADISH

1023—A standard variety of the Long Red Radishes. Excellent for both market and home use. It is quite early. About 6 inches long. Grows mostly above the ground, straight, smooth, slender and of bright red color.

Price: Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 75c, postpaid.



Salzer's Sparkler Radish

1 OZ. OF RADISH SEED WILL PLANT A ROW 100 TO 125 FEET LONG.

SALZER'S ARLIEST WHITE RADISH

A Fine, Sweet, Tender White Radish

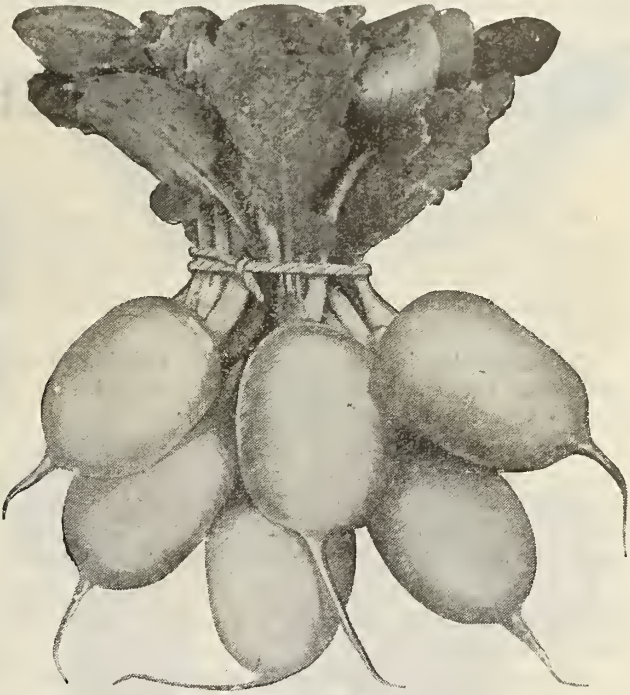
1006—Ever since introduction of Salzer's Earliest Vhite Radish as an extra early, it has proven itself as eing in a class distinctly its own, as a high quality profable radish to grow.

It is earlier than any other Radish grown, with the cception of Salzer's Early Bird and fully ten days earer than most other extra early radishes. There is not gardener in America who has grown Salzer's Earliest Vhite Radish but what claims it is an extra early radh.

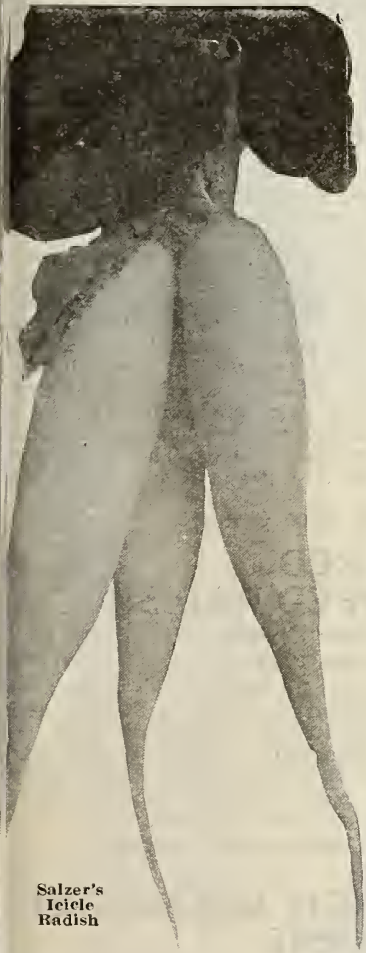
It is exceedingly quick growing, olive to round in form, pure white color, yes, white as the new fallen snow. It is well adapted to l soils, and market gardeners who have grown same for all the rge markets of the United States, praise it without stint, claiming at for an extra early, extra fine Radish there is none that excells lzer's Earliest White. Indeed, this new Radish is finding its way to all the larger markets. (See illustration.)

When we first offered this extra early, tender, juicy, quick-growing hite Radish, we had no idea it would so quickly captivate every ower.

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postid.



Salzer's Earliest White



Salzer's Icicle Radish

SALZER'S ICICLE RADISH

1021—The earliest and finest of the long white varieties. Ready for the table in about 3 weeks. The roots grow as large as the Chartier before becoming hollow or pithy. They are fit for the table when quite small. The leaves are short, very few in number, permitting close planting. It is crisp, tender and mild in flavor. Frequently called the finest of all radishes. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

SUMMER RADISHES

Larger Rooted and Later Than the Early Sorts.

1032—LONG WHITE VIENNA OR LADY FINGER. Has slender pure white roots which are smooth and average about 6 to 7 inches in size when matured. They are quite early and of excellent quality.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

1033—STUTTGART. The largest and latest of the white summer radishes. The roots grow to an immense size, often attaining in diameter 4 inches. The skin is white, the flesh white and crisp and keeps in good condition for a long time. Suitable for winter storing.

Price: Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., 85c, postpaid.

1034—WHITE STRASSBURG. The roots grow to a length of from 4 to 5 inches, but they can be used when comparatively small. This variety keeps continuously crisp and tender for a very long time.

Price: Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., 85c, postpaid.

WINTER RADISHES

1043—CHINESE ROSE OR SCARLET CHINA. The roots grow from 4 to 5 inches long, are cylindrical, the largest at the bottom, blunt at both ends. The skin is deep rose. The flesh is white, firm, crisp and pungent. Keeps well.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

1045—WHITE CHINESE OR CELESTIAL. The finest and the largest of the White Chinese Radishes. The roots grow to a very large size, averaging about 15 to 18 inches in length, and have a diameter of 5 inches. They grow mostly above the ground. The skin is pure white and the flesh always crisp, mild and juicy.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

1041—BLACK SPANISH ROUND. The roots are from 3 to 4 inches in diameter, almost round and very black skinned. The flesh is white, very compact, pungent and well flavored. Keeps well all winter. Sow about the middle of June, as these varieties are apt to become hard and woody if sown in the spring.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

1042—CALIFORNIA MAMMOTH WHITE. Not quite as large as the White Chinese, but generally attaining a size of about one foot. The roots taper regularly to the tip; very tender and crisp. **Price: Pkg., 5c; oz., 10c; ¼ lb., 35c; lb., 85c, postpaid.**

1040—SALZER'S ALL SEASON. Called All Season because it is edible at all seasons of the year. It can be planted from spring until late in fall, and keeps in perfect condition all winter. Requires about fifty days from sowing to be fit for the table. It is a beautiful, showy bright scarlet, growing from 1 to 3 inches in diameter. There is no other winter radish equal to it in quality. It is the most juicy of them all and keeps its solidity, crispness and sweetness for a long time. **Price: Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., $2.00, postpaid.**

1044—LONG BLACK SPANISH. Growing 10 to 12 inches long, having a diameter of from 2 to 3 inches. The skin is black and the flesh white, firm and pungent. Like the round sort, it keeps well throughout the winter.

Price: Pkg., 5c; oz., 10c; ¼ lb., 35c; lb., 85c, postpaid.

MIXED RADISH SEED

1049—All kinds, colors and styles. great variety; they will become ady for the table early, medium and te. You will always have some that re just right, sweet and juicy. This ixture is for a small garden, where ace is limited and one sowing does r the whole season.

Price: Pkg., 5c; oz., 10c; ¼ lb., 35c; ., 85c, postpaid.

GIVE BOTH NUMBER AND NAME OF VARIETY WHEN ORDERING.

SALZER'S
EARLY BIRD RADISH

The Great Extra Early Radish

See Color Illustration Page 57

975—If you are at all anxious, either as a gardener or grower for your own private table, to have Radishes ahead of your neighbor; if you are anxious to have the finest Radishes, even under the most adverse circumstances, then by all means plant Salzer's Early Bird.

The cardinal principle of successful radish growing is earliness. This characteristic is synonymous with the name of this superb extra early radish.

Long years ago, when this business was small and in its infancy, we learned that one of the "sure profits" of gardening—with almost every spark of speculation removed—was in an extremely extra early radish. The additional price per bunch, the extra demand, was all clear profit.

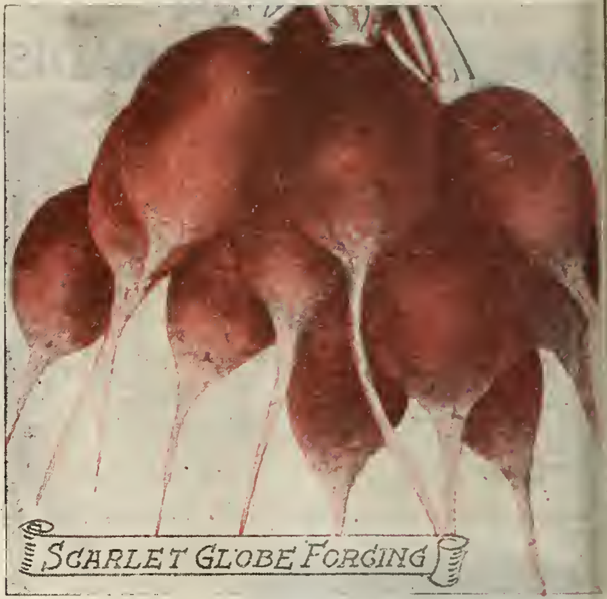
Early Bird we believe is the earliest, the best, the most attractive, the finest flavored, and crispest, scarlet Turnip Radish known to-day.

It is a highly developed strain of exceptional merit, with extremely short tops, of remarkably quick maturing habit.

Conceded one of the most extensively grown sorts for general crop. Is one of the universal kitchen garden varieties as well as one of the extra early forcing and succession crop strains.

If we ate our Radishes in America as small as they do in Europe, these Radishes would be considered fit for the table in about twelve to fifteen days.

Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., $1.75, postpaid.



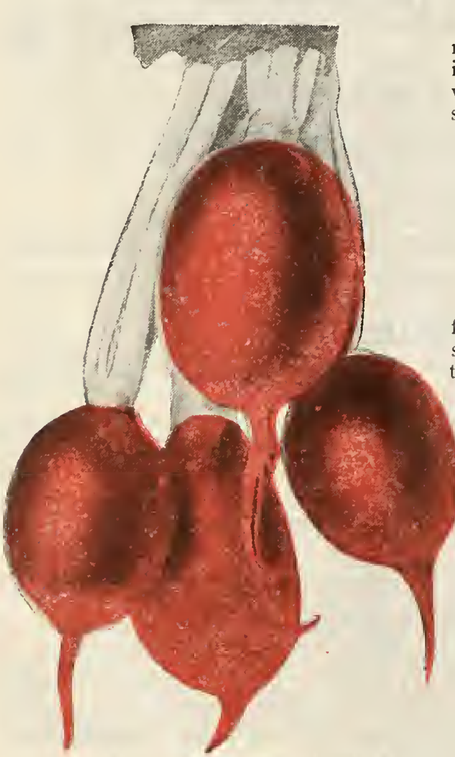
SCARLET GLOBE RADIS

A Highly Pedigreed Strain

1011—Standing out prominently among the man varieties of radishes, this famous variety is conspic ous by its world wide reputation as a strain c superior type.

Its extreme mildness, its distinct sweet flavor, it bright scarlet color, its attractiveness, its peculiar fi ness to all soils, its adaptability to varied climate all combine to make it one of the most popula radishes for out-door, greenhouse and forcing amon gardeners and private growers alike. Candidly, we d not make a practice of listing varieties introduced b other seedsmen, but this one variety is so pronouncedly meritorious that we could ill afford to have our customers mis it. Leaves are very short. It is exceptionally early. The flesh is pur white, mild, crisp, juicy and tender. This is a strain of specially selecte seed. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.



Improved French Breakfast Radish

BLOOD RED
SNOW WHITE TIPPED RADISH

The Radish of Your Dreams

For Color Illustration See Page 57

972—Rarely has a Radish won such fervent esteem as this exceptionall fine type. It has every point of excellence necessary for a Radish. It is strikingly attractive scarlet, tipped with white. It is unusually mild, crisp tender, juicy and delicious. It develops remarkably uniform. For marke purpose it it exceptionally prolific. Does not become woody, pithy o cavity-stricken as rapidly as the majority of Radishes. We wis our customers would try this with their favorite sorts.

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

IMPROVED FRENCH BREAKFAST RADISH

1010—An improved type whose appearance carries conviction an inspires instantaneous confidence as to its high breeding, intense improvement and constituted development.

This new type is very early, even maturing. In form and size similar to the common French Breakfast, but with a larger white tip and of a brighter scarlet color. Two inches long, round, with pure white flesh, that is crisp, tender and sweet. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00, postpaid.

ONE OUNCE OF TOMATO SEED WILL PRODUCE 1,500 PLANTS; ONE OUNCE OF TURNIP OR RUTABAGA SEED WILL SOW 150 FEET OF DRILL.

SALZER'S
MPROVED PONDEROSA TOMATO

Immense Size, Beefsteak Flesh.

1142—Originally named from its colossal size and rich d color, tomatoes of this variety reaching almost un- lievable immensity. Its red coloring is in itself so pro- uncedly rich as to delight the e of every person who has er grown it.

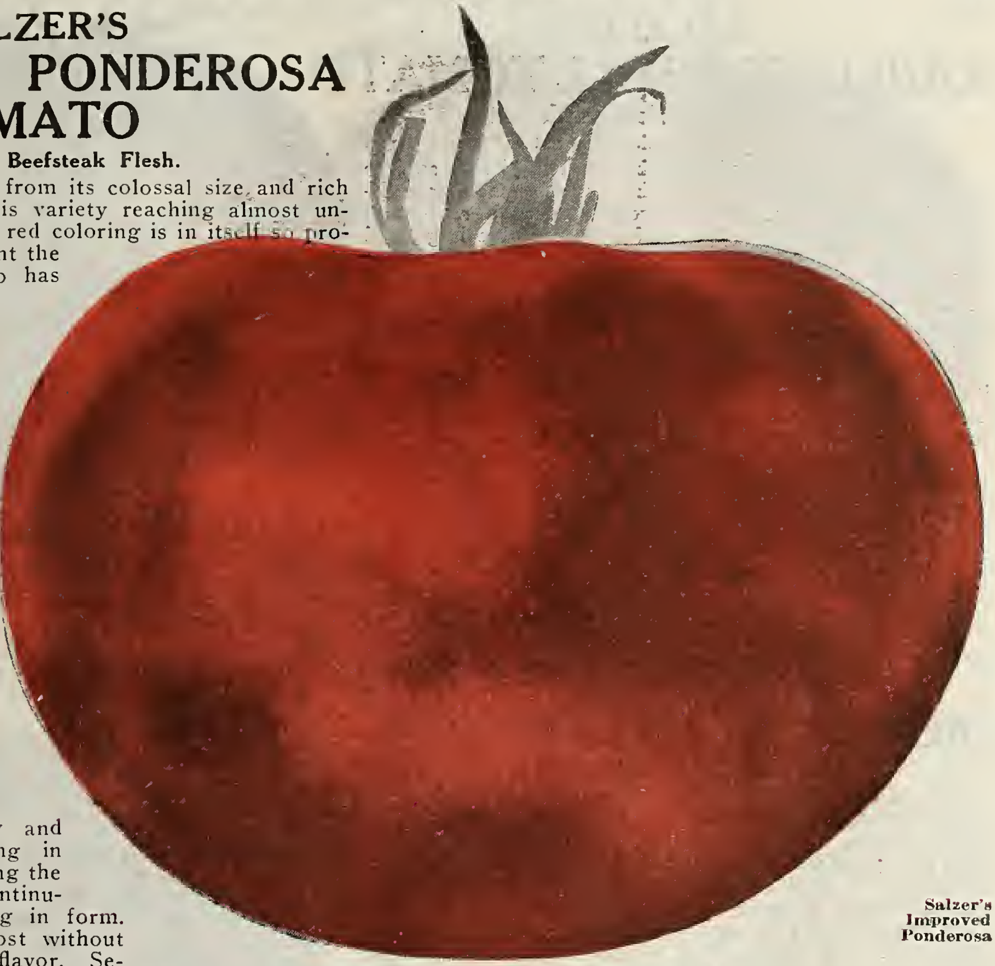
Frankly speaking, our proved Ponderosa em- dies all and more than e most exacting and scriminating grower ould naturally expect.

To the amateur it is a velation, all the antici- tion he might center on it is realized, the sults are more than atifying.

The Professionals have ng since recognized its erits for market pur- ses both local and for ipping.

While an ideal shipper lacks that toughness of in so prevalent in most pes and to which is rectly traceable much its tenderness and perb flavor.

The vines are healthy and igorous and commencing in out 100 days from sowing the ed to bear large crops continu- sly until frost. Oblong in form. heir flesh is solid; almost without eds and of fine, sweet flavor. Se- cted seed. (See illustration.) Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.



Salzer's Improved Ponderosa

JUNE PINK TOMATO (A SELECT STRAIN)

1141—It is a highly developed strain that will produce an tractive purplish-pink tomato of the finest quality.

Very similar to the popular Earliana in growth of vine, shape d size of fruits and time of ripening.

The fruits are large, nearly round, very smooth, solid. Of great luc for the gardener who grows for markets where pink tomatoes e esteemed as the finest flavored. A good shipper and also good r growing under glass.

Price: Pkg., 10c; oz., 30c; ¼ lb., 95c; lb., $3.50, postpaid.

JOHN BAER TOMATO

1126—Comes from Baltimore, noted the world over for its fine matoes. It is an Improved selection from King of The Earlies. sembles in color and earliness the Bonny Best. In appearance like Livingston Coreless. Phenomenal yielder. Exquisite qual- y.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

SALZER'S
YELLOW PONDEROSA TOMATO

Should Have a Place in Every Garden

1179—Has been accepted with delight by housewives the country over as it affords opportunity of a change over the red sorts in use for generations. Characteristics are identical to that of the Red Ponderosa, except the color is a Rich Golden Yellow.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

EARLIANA TOMATO

One of the Best Known—The Best Beloved Sorts

1117—Earliana needs no introduction—it is familiar to almost every person who has grown Tomatoes, and it continues to grow in popular approval yearly.

The plants are compact in growth and extremely prolific. The fruits are uniform in size, averaging 3 inches in diameter, have solid, thick flesh of splendid quality, and are excellent shippers.

Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.50, postpaid.

SALZER'S NEW GLOBE TOMATO

1151—A very beautiful variety, and, on account of its shape, permits a greater uniform number of slices to be taken from each than the more flat sorts. New Globe is quite early, ripening a few days later than the extra early sorts. The fruits are globe shaped, of large size, and they retain a marketable size throughout the season, are always smooth, have firm flesh and very few seeds. The color of the skin is a fine **glossy rose, tinged with purple.** Exceedingly productive. Mild, pleasant and of delicious flavor. (See illustration.) **Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.50,** postpaid.

EARLY DWARF CHAMPION TOMATO

1156—A great favorite, especially in the northern states, on account of its dwarf habit and upright growth. The fruit is of medium size, **purplish-pink in color,** very smooth and symmetrical, very solid and of fine quality. The stems are short, thick, stiff and almost self-supporting **Price: Pkg., 10c; oz., 40c; ¼ lb., $1.25; lb., $4.50, postpaid.**

ONE OUNCE OF TOMATO SEED IS SUFFICIENT FOR 1500 PLANTS

SALZER'S EARLIEST OF ALL TOMATO

The Great Short Season Tomato

See Color Illustration Page 58

1118—Men, in spite of anything that might be said to the contrary, are money-making, money-seeking individuals; it therefore may be set down as a rule—that their esteem and appreciation of any vegetable is gauged by the satisfaction and gain derived from it.

Extreme earliness, large yields, superlative quality, dependability, are all factors of this grand tomato—its reputation is far and wide as a tomato of big profits and remuneration to the grower. It gratifies and satisfies, hence its great popularity everywhere. Strictly speaking, it is a "short season" tomato. Ripening as it does so early in the North, its constitutional vigor make it a tomato suitable for all sections of the country.

The fruits are of good size, brilliant scarlet color nearly round, entirely smooth, and remarkably handsome. The flesh is solid, and of the finest flavor. The fruits are borne continuously in large numbers until killed by frost. They have a tough skin, firm flesh, making them good shippers and keepers.

Salzer's Earliest is a most valuable variety to grow for the market, and one of the best for private gardening.

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

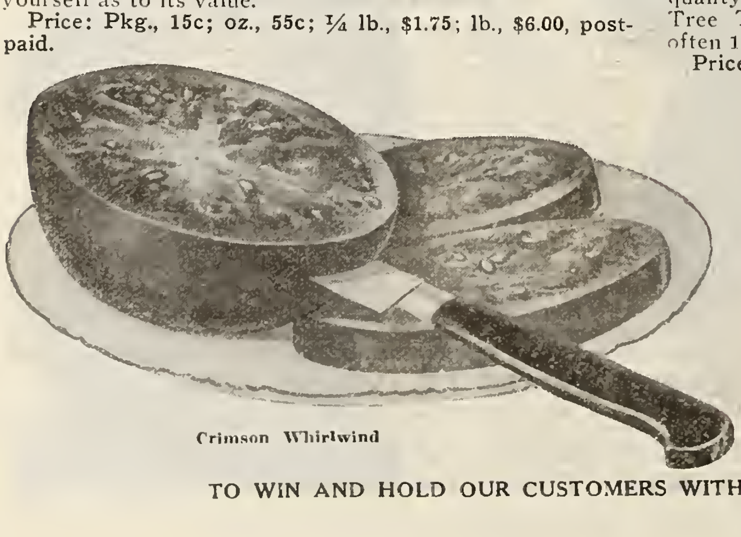
SALZER'S RED RIDING HOOD TOMATO

See Color Illustration Page 58

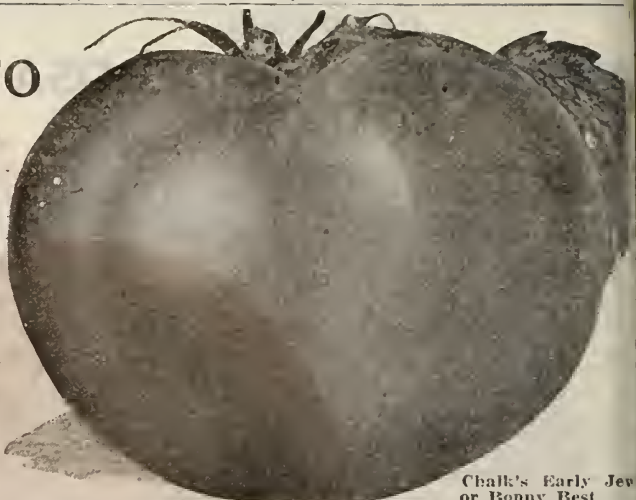
1123—Great rewards from tilling the soil are derived from tomatoes. Consequently the type grown augurs well for the all-'round quality of the variety chosen. The first year we introduced Red Riding Hood we were deluged with trial orders from all over America. Each year since the "harvest of merit" continues. Orders from far away remote sections, orders from everywhere, come rolling in with expressions of satisfaction—all voicing the results and prasing it as one of the Greatest of Tomatoes. It is about 4 or 5 days earlier than Earliana, June Pink and all other large-fruited extra earlies. It is developed to a remarkable uniformity, mammoth size, symmetrically round shape. It is free from cracks. Devoid of core. Ripens to stem end. Has a thick skin for shipping. Contains very few seeds. It is of an exceptionally juicy, sweet, pleasing tomato flavor and delicious taste. Compared with such varieties as Earliana, it is larger, more productive and of better quality. It is decidedly a highly developed, meritorious tomato of exceptional attributes.

We invite a trial; we court comparative tests; convince yourself as to its value.

Price: Pkg., 15c; oz., 55c; ¼ lb., $1.75; lb., $6.00, postpaid.



Crimson Whirlwind



Chalk's Early Jev
or Bonny Best

CHALK'S EARLY JEWE

OR BONNY BEST TOMATO

The Housewife's Favorite

1114—The preference shown this variety by hous wives for pickling, catsup, chili sauce and home cannin stamps it with the trademark of excellence and mai tains its position as one of the best tomatoes for a around use.

A week later than Earliana, but with larger, smooth and sweeter fruits and also surpassing same in produc tiveness, as the vines bear continuously throughout th season. The fruits are very large, handsome, very soli and deep through. Of bright scarlet color, ripen rig up to the stem without any cracks or green core. Fles thick, with comparatively few seeds and of sweet flavo A good shipper. Largely sold under the name of Bonn Best. Our stock is exceptionally fine. Unsurpassed fo the home garden and one of the best to grow for th market. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., 90c; lb., $3.00, postpai

SALZER'S GIANT TREE TOMATO

See Color Illustration Page 58

1159—We have seen the Salzer Giant Tree Tomato, 1 feet tall! It is really a remarkable Tomato, remarkabl in size, remarkable for its excellent quality, and remark able that it should grow so tall. We have seen fruit o a plant 8 feet tall way out of reach of chickens, ducks dogs, wet, soft weather, etc., etc., of a most delightfu quality, round, rich, luscious. Fruit of Salzer's Gian Tree Tomato are immense in diameter and weighin often 1 to 2 pounds is not uncommon and such Tomatoes

Price: Pkg., 20c; oz., $1.00, postpaid.

SALZER'S CRIMSON WHIRLWIND TOMATO

1116—At some period during the growing sea son (unless it be abnormal) we usually experienc a dry spell—then a drought-resistant type is desirable. Crimson Whirlwind outshines all othe in this respect, withstanding dry weather to a remarkable degree, and although a good strain for dry weather, it shows phenomenal growth in a seasonable year.

Brilliant scarlet fruits of large size, borne in clusters of 4 to 6, in enormous quantities continuously till frost. (See illustration.)

Price: Pkg., 10c; oz., 30c; ¼ lb., 90c; lb., $3.00, postpaid.

TO WIN AND HOLD OUR CUSTOMERS WITH QUALITY SEED IS OUR AIM

SALZER'S
;ELECT STONE TOMATO

None Better for Varied Soils and Seasons.

1122—Personally we are very partial to the
one and never fail to include it in our garden
erations. Amateurs can venture a trial with
is strain with much more than reasonable
fety, having little fear of the outcome.
There are hundreds of cases where individuals
ying from other sources other varieties for
ars have been so impressed, so delighted with
is sort after giving it a trial—that people in en-
e districts flock to us afterwards to secure it.
We are also much enthused over its table can-
ng and shipping qualities. It is a smooth to-
ito, noticeably solid and free from cavity. Near-
round in shape and of a remarkable uniformity,
th as to size and shape. It is the variety so
equently used for basket shipping.
The fruits are above the ordinary in size and its
eat productiveness has made it one of the lead-
g and standard red tomatoes in use today.
Much of the seed on the market is the produce of
me canning company. Beware of questionable seed.
o vegetable is more susceptible to good seed than the
mato and caution and discrimination should be the
atchword. (See illustration.) **Price: Pkg., 5c; oz.,
c; ¼ lb., 70c; lb., $2.50, postpaid.**

Dwarf
Giant

SALZER'S
DWARF GIANT TOMATO

1157—Home growers in general and market growers in particular grow this sterling type, although comparatively a new strain. The fruits are one of the largest of all the dwarf varieties and as large as Ponderosa, as solid as a rock, and of **purplish-crimson** color. The quality is unsurpassed by any other variety; it is of rich, sweet, delicious flavor, free from acidity and the fruits are almost seedless. Like all large Tomatoes, this variety will produce a small percentage of ribbed fruits. The plants grow about 2 feet high, are very strong, easily carrying the heavy burden of their fruits. The Dwarf Giant matures its fruit about a week to ten days earlier than the Ponderosa. (See illustration.)

Price: Pkg., 10c; oz., 40c; ¼ lb., $1.35; lb., $5.00, postpaid.

SALZER'S COLOSSAL TOMATO

No Larger Tomato Grown

1127—This tomato is beyond question as large as any grown, and we consider it just as "large" in quality. "Superb" is the general opinion of its eating quality, and we question if that adequately emphasizes its true worth. It is a magnificent crimson color, very attractive to look at, pleasing to the eye. Highly ornamental for slicing, solid as beefsteak, meaty and delicious. Fine for long-distance shipping. Very smooth and uniform in size. Ponderosa has long been considered the large tomato, but Colossal is much larger. Vigorous vines require plenty of room and rich soil.
Price: Pkg., 15c; oz., 55c; ¼ lb., $1.75; lb., $6.00, postpaid.

SMALL FRUITED TOMATOES

Prices on undernoted varieties: Pkg., 10c; oz., 75c, postpaid.

1189—YELLOW HUSK OR GROUND CHERRY. In great demand. The delight of the children, who eat this healthy, luscious fruit with great relish. Prepared as preserves, they are unequaled for delicacy of flavor.

1185—RED CHERRY. Small, round fruits, one-half inch in diameter, of bright scarlet color.

1188—YELLOW CHERRY. This variety differs from Red Cherry only in color.

1187—RED PEAR. Bright red fruits, distinctly pear shaped; it has a rich and distinct flavor, and is a favorite for preserves and to make "tomato figs."

1191—YELLOW PEAR. Rich, clear yellow, otherwise identical with Red Pear.

THE PEACH TOMATOES

Are very desirable for preserving, eating from the hand or table decoration. They resemble a peach in size, shape and coloring. The skin is thin, covered with slight bloom and peels off like that of a peach. The flesh is tender and of good flavor.

1186—RED PEACH. Blended deep rose and orange.

1190—YELLOW PEACH. Clear lemon yellow.

Snowball Turnip

GOLDEN BALL TURNIP

1236—Medium sized, round roots of deep golden-yellow skin and flesh. The flesh is firm, crisp and of excellent quality for the table. The most delicately flavored and finest yellow turnip for table use. Very early. Adapted to spring as well as fall planting and keeps very well.

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

COW HORN TURNIP

1202—It's a splendid turnip—one of the sweetest and best for house use, for the barn, to plow under as a green fertilizer. Long carrotlike roots, slightly crooked, growing well above the ground, clear white, with only a shade of green on the crown. (See opposite page.)

Price: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., $1.50, postpaid.

1205—EARLY WHITE FLAT DUTCH STRAP LEAF. Similar to Purple Top excepting it is white all over.

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

SALZER'S PURPLE TOP STRAP LEAF TURNIP

For Early Spring and Late Fall Sowing

1211—This variety has the reputation for dependability regardless of soil or climatic conditions. It is the forerunner of sure crops and good yields.

Its mild, sweet, fine tempered flavor has placed it at the top for cooking and table use. It is a turnip that will in every way satisfy the most critical and exacting. For home garden or market purposes it is equally popular, growing in prominence with each advancing season.

It is given a stated preference for early spring and late fall sowing, producing in about six weeks' time a usable, tender, mild, sweet turnip. The leaves are short, the roots quite flat with the upper half a purplish color and the lower half white. The flesh is pure white, crisp and finely grained. It grows very rapidly from the very start. (See illustration.)

Price: Pkg., 5c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

SALZER'S PURPLE TO WHITE GLOBE TURNI

THE PAR-EXCELLENCE

1212—(See color illustration page 58 Two things—quality and results—are the u derlying forces which dominate the though of gardeners when considering suitable v rieties. Of the garden turnips, we consid that this variety holds undisputed supremac for popularity everywhere. Is one of t finest eating turnips. The flesh is firm, fi grained, sweet and rich flavored. Is of ver attractive appearance. Superb size. Glo shape. Long keeper. Heavy cropper. E quisite flavor.

We can hardly imagine any person wh ever had a garden not being fairly famili with this sort, but should such a thing b possible, we say by all means try it and d not be blinded by the virtues of any othe as this has no superiors.

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb $1.00, postpaid.

SALZER'S SNOWBALL TURNI

(Six Weeks)

1204—One of the earliest round white turnips, produc ing medium large, round roots of perfect shape, with onl a single tap root; they are very beautiful and showy quite smooth, skin and flesh snowy white. The foliage i small and of light green color. The flesh is firm, mild an sweet; one of the finest turnips for the private as well a for the market gardener. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

SALZER'S MILK WHITE GLOBE TURNIP

A Fine Winter Keeper

1208—There are upwards of 50,000 people who hav grown this great Globe Turnip in past years; never complaint, but nothing than words of praise were heard

In Salzer's Milk Globe you have one of the best Whit Turnips for winter use grown. It is globe shaped, grow very large, of delicious flavor, sweet, juicy, white flesh solid texture—in a word, it is perfection. Just the tur nip to grow for stock and to store for your kitchen It is an enormous cropper, and sells well in the market.

Price: Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

SALZER'S
MAMMOTH RUSSIAN RUTABAGA

The Largest of the Swedes. One of the Biggest Yielding Varieties

1510—As a people we are fast realizing that the cultivation of Turnips for feed and rotation is involved in the newer, better and more profitable methods of agriculture and stock raising.

If we expect the greatest rewards for our efforts, it is absolutely essential that cattle, horses and hogs have a mixed diet. How long would humans thrive on an unchanged diet? Animals are no exceptions. Stocks thrive and enhance in value more rapidly when turnip is fed in liberal quantities. From a point of dollars and cents, next to mangels—turnips are the cheapest feed in the world.

This superb Swede turnip we consider the heaviest yielding, the largest size, the most uniform that it will withstand most cold, will submit to most heat. It is the greatest resister of mildew. It is the most attractive. It has the most protein. Has very short neck. Easily harvested. Sow 1½ to 2 lbs. per acre.

Flesh is fine grained, golden yellow, mild flavored, solid and particularly palatable to hogs, sheep, cattle and horses. (See illustration.)

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.25, postpaid.

SALZER'S
SWEET RUSSIAN RUTABAGA

A Select Rutabaga of Choicest Quality

1512—The characteristic essentials of this magnificent
rnip measure up to the greatest expectation of every
ower. The flesh of this variety is white but it is milder
ıd more sweet than the yellow flesh. For stock feeding
ırposes it is in great demand, as stock show a noticeable
ndness for it. Farmers everywhere have been so de-
;hted with this type that it is now one of the most pop-
ar varieties we offer. It has globe shaped roots, having
small neck and upright leaves. Desirable for table as
ıll as for stock use.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.25, postpaid.

MONARCH OR ELEPHANT RUTABAGA

1511—Very large tankard shaped roots with small top and
ck, of purplish-red color above and yellow beneath the ground.
esh yellow.

Price: Pkg., 5c.; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

1515—MIXED RUTABAGA SEED. Very popular.

Price: Pkg., 5c.; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

ALZER'S COWHORN FALL TURNIP

1202—The long carrot like shape of this turnip has
ade it immensely popular with farmers where more
able land is desired. Its penetrating growing habit
osens up the land, makes a better and richer growing
l for succeeding crops. Aside
ım this it has all the other
od qualities of a turnip and is
endid for the table. Excellent
stock; superb for plowing un-
r as a green fertilizer.

We have always claimed this
nip was as good as a plow
ıerever grown.

It is long like a carrot in shape,
ghtly crooked (hence its name),
ows partly above ground. Clear
ite color with a shade of green
the crown.

**Price: Pkg., 10c; oz., 20c; ¼ lb.,
:; lb., $1.50, postpaid.**

AMERICAN PURPLE TOP RUTABAGA

The Stockman's Favorite

1508—Regulating our tastes and moulding our opinions is all in the evolution of practical experience. Experience has demonstrated the American Purple Top to be one of the greatest acquisitions to the field root crop.

Roots of large size, globular, with flesh of deep yellow color and finest quality. Skin yellow with purple top. Excellent for table use and stock feeding. (See color illustration on page 48, also illustration below.)

Price: Pkg., 5c; oz., 15c; ¼ lb., 30c; lb., $1.00, postpaid.

SALZER'S YELLOW
ABERDEEN PURPLE TOP FALL TURNIP

One of the Most Rapid Growers

1237—Many angles of consideration are essential on the farm. Farmers who have no storage for winter turnip feeding and grow turnips for fall use only—find Yellow Aberdeen immensely profitable. By using Yellow Aberdeen it permits sowing until late July and still harvest a big crop. Yellow Aberdeen will grow and mature twice as rapidly as the Swedes. It is milder in flavor. It is a very heavy yielder and although a fair keeper, is not recommended for general winter storing, as the flesh is softer than the Rutabaga types. This strain has a remarkably vigorous constitution.

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., $1.25, postpaid.

CHOICE FLOWER SEEDS

Considering the small cost of flower seeds, the magnificent array of varieties, the gorgeous display when bloom, more real joy, more genuine pleasure, is to be had from the gaily flower bedecked surroundings of a ho and its attractively decorated interior with cut flowers than any like investment in the world.

Flowers have always been a hobby with us, we have immense tracts of green houses (48,000 square feet) cc tinually trying out the best sorts, and we pride ourselves that no flower seeds offered in America have a higl reputation among gardeners and all lovers of beautiful blossoms than Salzer's Choice Northern grown, sure to gr Flower Seeds.

Nine-tenths of the failures in flower and vegetable gardens occur from improper sowing and treatment. want everybody buying our seed to have success with them, and we urge upon them to carefully read the c ture directions on each package and the following rules:

SOIL—Prepare this carefully; have it smooth, fine, mellow and well enriched. It is well to choose a south, sunny location of house; make your seed bed even by means of a smooth board. **Do not sow on wet, cold soil**—have it warm and mellow. Put a lit stick at each end of each row, so as to mark it, and pull up all weeds that appear between the rows the first day they can be se When plants are large enough, remove same where you want them to remain, and they will reward you with flowers all sumn and gladden your heart.

$1.00—SALZER'S DOLLAR FLOWER COLLECTION—$1.00

1571—Price: 25 pkgs. for $1.00, postpaid. This collection contains the cream of all flower seeds and cannot be broken. It's wh you will need if you want a great garden of choice flowers, even though you don't use all the varieties named.

We do not know o 10c package of seed that will give you more genuine pleasure, from August on u frost, than Salzer's All Colors, mixed. Colors are brilliant, varied and charmi **Price: Pkg., 10c; ⅛ oz., 25c.**

1756—**PERENNIAL ASTERS.** Bright, beautiful flowers. Perfectly hardy, l for many years. **Price: Pkg., 10c, postpaid.**

1696—**PAEONY-FLOWERED PERFECTION ASTER MIXED.** A mid-seas variety blooming in August. One of the most perfect flowers, very double, large a finely shaped. The petals are in-curved, making a distinct contrast with the Victo asters, the petals of which are curved outwards. Height about 1½ feet. (See illustration.) **Price: Pkg., 10c; ⅛ c 35c, postpaid.**

ACHILLEA

1605—THE PEARL. A hardy perennial; covered from spring until frost with many very double, pure white flowers. **Price: Pkg., 10c, postpaid.**

ACONITUM

1606—NAPELLUS (MONK'S HOOD). A hardy perennial; growing beautiful, long spikes of blue and white flowers. **Price: Pkg., 10c, postpaid.**

ABUTILON

1602—Has large, bell-like flowers, blooming continually; mixed. **Price: Pkg., 10c, postpaid.**

AQUILEGIA (Columbine)

1652—VULGARIS. Fine mixed. One of the most beautiful of our native flowers. Sepals deep blue, petals white. About three feet high. **Pkg., 10c.**

1651—ERFURT PRIZE. This mixture contains nothing but the finest double varieties. **Pkg., 10c.**

ORNAMENTAL ASPARAGUS FERN

1659—SPRENGERI (Emerald Feather). Of drooping growth. **Price: Pkg., 10c, postpaid.**

1658—PLUMOSUS NANUS. Most delicately graceful foliage. **Price: Pkg., 10c, postpaid.**

ABRONIA

1600—A charming annual, and l sweet scented rosy-lilac blossoms. **Pri Pkg., 10c, postpaid.**

AGROSTEMMA

1618—Perfectly hardy, pretty pink-l blossoms. **Price: Pkg., 10c, postpaid.**

ARCTOTIS

1656—GRANDIS ("Blue-Eyed Afric Daisy"). The plants form bushes ab two to three feet across with silvery-wh deeply-cut foliage. Daisy-like flowers oft 2½ inches across, of **silvery-white col with a sky-blue eye.** A most attracti annual. **Price: Pkg., 10c, postpaid.**

LITTLE BLUE STAR AGERATUM

Attracts Attention Everywhere

1610—This Ageratum is rapidly supplanting the older types. As its name "Ever Young" indicates, it is an everblooming type, blooming continuously until heavy frost. Each head will remain in bloom fully a month. Nothing excels it for borders and edgings. (See illustration.)

Price: Pkg., 10c; ¼ oz., 60c, postpaid.

1612—**MEXICANUM BLUE PERFECTION.** Lavender-blue; height about 1½ feet. **Price: Pkg., 5c; ¼ oz., 25c, postpaid.**

SWEET ALYSSUM

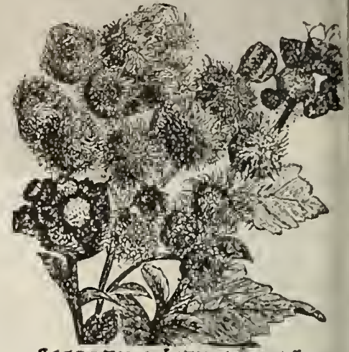
Ye Old Tyme Favoryte

1622—This old favorite of our grandmother is immensely more popular today than ever before. Its exceptional fragrance and over-abundance of bloom make it almost an indispensable border plant. It is unexcelled for edgings, baskets, pots, rock work and buttonhole bouquets.

We particularly commend it for massing in corners near buildings, and for mass bedding. It is a continuous bloomer and for this reason fills in many places where other flowers of short blooming habit are not desired. Color is snow white. No garden would be considered complete without it. **Price: Pkg., 10c; oz., 35c, postpaid.**

1623—**OCEAN SPRAY ALYSSUM.** Very large blossoms of delicious fragrance; often two to three hundred flowers on a single plant. (See illustration.) **Price: Pkg., 10c; oz., 75c, postpaid.**

1625—**SAXATILE ALYSSUM** (Basket of Gold). Flowers brilliant golden yellow. **Price: Pkg., 10c, postpaid.**



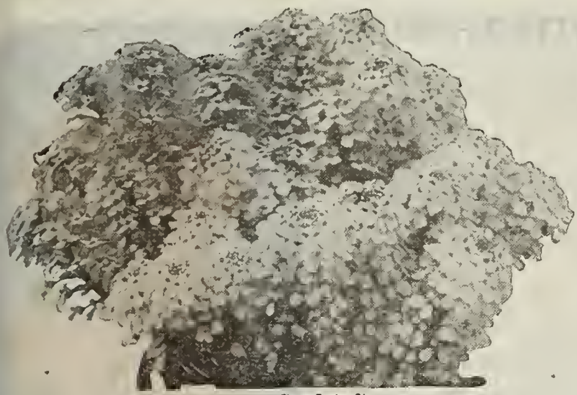
Ageratum-Little Blue Star

AMARANTHUS

1630 — Brilliantly foliage annuals, some of the varietie bearing curious racemes c flowers. All are useful in bor ders of tall plants, amon shrubs or for center in larg beds. **Price: Mixed sorts, 10 postpaid.**

A Border of Ocean Spray Sweet Alyssum

TRY OUR DOLLAR FLOWER SEED COLLECTION



Candytuft

CANDYTUFT

One of the dear old flowers that is always popular. It has no superior for profusion of bloom. Few flowers are better liked and give greater satisfaction. Has a world wide reputation for its strong, healthy, vigorous nature. One of the most prominent for border use. Growing on spikes in cluster form they are one veritable mass or sheet of color. There is hardly a flower display of note in the country in which these magnificent flowers do not figure. (See illustration.)

1835—FRAGRANT—White. **Price: Pkg., 10c, postpaid.**

1837—NEW CRIMSON—Price: Pkg., 10c, postpaid.

1838—ROSE CARDINAL—Enormous umbels of beautiful rose color. **Price: Pkg., 10c, postpaid.**

1840—SUMMER GLORY—A rare mixture of large flowering dwarf hybrids, the finest strain in cultivation. **Price: Pkg., 10c; oz., 25c, postpaid.**

1834—FINEST MIXED—Price: Pkg., 5c; oz., 25c, postpaid.

1836—GIBRALTARICA, HYBRIDA MIXED—Hardy, perennial, white flowers shading to lilac. **Price: Pkg., 10c, postpaid.**

1839—SEMPERVIRENS—Hardy, perennial, pure white, much used for cemeteries. 1 foot high. **Price: Pkg., 10c, postpaid.**

CALLA DEVONIENSIS

1816—One of the most beautiful and best Callas known today. It produces from 3 to 4 times as many flowers as the older sorts. Will bloom the first year. Its culture is the simplest. One-year-old plants often produce six flowers, which are large and of white color. **Price: Pkg., 10c postpaid.**

CHRYSANTHEMUM

1892—ANNUAL. There is no flower in cultivation that more generously rewards the grower than this exquisite type. The plants are very large and bushy, and covered with great many blossoms, each about 1½ inches across. As a summer hedge, or background covering unsightly spots, this cannot be equaled. Single and double varieties mixed in many colors. **Price: Pkg., 10c; ¼ oz., 15c, postpaid.** (See illustration.)

1893—JAPANESE HYBRIDS (Perennial). This is the class that produces the large show flowers of late fall. Sown in February or March, the plants bloom in fall. **Rarest Mixture. Price: Pkg., 15c, postpaid.**

CAMPANULA, Bellflower

Imposing, hardy plants, profusely covered with large bell-shaped flowers. Will bloom for two years. Height about 2 feet.

1822—CUP AND SAUCER (Calycanthema)—Beautiful flowers, often 3 inches long, saucer about 3 to 4 inches across. Plants form perfect pyramids of bloom about 2 feet high, frequently bearing 100 to 200 exquisite blossoms for weeks in early summer. Finest mixed. **Price: Pkg., 10c; ⅛ oz., 30c, postpaid.**

1823—Campanula, medium double mixed. Price: Pkg., 10c; ⅛ oz., 25c, postpaid.

1824—Campanula, medium single mixed. Price: Pkg., 10c; ⅛ oz., 25c, postpaid.

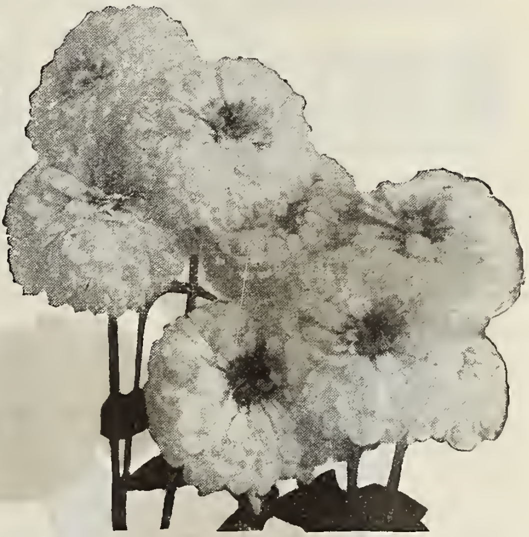
1826—PERSICIFOLIA GRANDIFLORA WHITE—One of the finest Campanulas with large, handsome white bell-shaped flowers. Height, 2 feet; perennial. **Price: Pkg., 10c, postpaid.**

1825—PERSICIFOLIA GRANDIFLORA BLUE—An excellent companion to the white variety. Height about 2 feet; perennial. **Price: Pkg., 10c, postpaid.**

CALCEOLARIA

An ornamental house plant producing a mass of beautiful pocket-like flowers early in the spring.

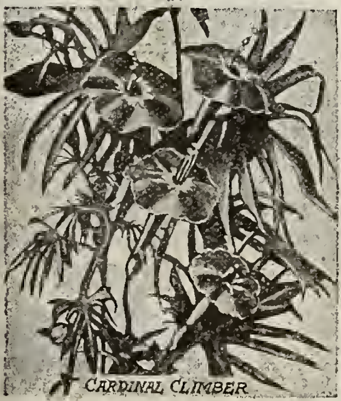
1810—HYBRIDA, GRANDIFLORA—Large flowering, mixed colors. **Price: Pkg., 25c, postpaid.**



Annual Chrysanthemum

CALENDULA

1814—Dwarf bushy annual blooming continuously during the summer. Rich colors. Mixed. **Price: Pkg., 10c; ½ oz., 20c, postpaid.**



CARDINAL CLIMBER

(Ipomea Quamoclit Hybrida)

1856—One of the finest annual climbers known today. Very graceful and beautiful, growing rapidly, and in a warm, sunny location with good soil, it reaches often a height of 20 feet; it is densely clothed with palm-like, rich green leaves, bespangled with clusters of fiery scarlet, tubular spear-shaped flowers, measuring about 1¼ inches across. (See illustration.) **Price: Pkg., 15c, postpaid.**

CANNAS

One of the most effective of showy foliage plants.

1850—Dark Leaved Varieties, mixed. **Price: Pkg., 10c; ½ oz., 25c, postpaid.**

1852—SALZER'S PRIZE—Contains many large flowering varieties. **Price: Pkg., 10c, postpaid.**

CACTI

1807—WONDER MIXTURE—The finest of all sorts. **Price: Pkg., 25c, postpaid.**

WE GUARANTEE SAFE ARRIVAL OF ALL SEEDS ORDERED FROM US

SALZER'S GIANT HALF DWARF ANTIRRHINUM

SNAPDRAGON—This gorgeous and dazzling flower vies with the sweet pea in popularity. Has come into great prominence for massing in beds. Parks all over the country display snapdragons in great profusion on account of the magnificent and striking colors. It is especially commended for those who wish a showy flower that will remain in bloom throughout the summer.

For the small garden, it is equally as desirable, as its winsome, attractive spikes make an unusually pretty display, and for cutting and house decoration it is unequalled.

Giant Half Dwarf is a delightful garden size, which retains its bloom until freeze-up.

Giant Balsam

GIANT BALSAMS

Each Plant a Cluster of Roses

Balsam is one of the most gorgeous rose-flowers in creation. Every plant has often from six to twelve branches, each branch literally covered with large rose like flowers. There is more bloom display to a Balsam than any plant of equal size. Easy to grow. Free bloomer. Delightful when cut for bouquets. If you have never tried Balsam, do so this year. Buy Salzer's Superior Mixed package; it comprises many sorts and is worth four times the price. (See illustration.)

Giant Marguerite Carnation

BEGONIAS

Everblooming Bedding Varieties

Splendid bedding plants, growing as well in full sunshine as in partial or whole shade, and forming dense bushes, which are almost completely hidden with flowers the entire season. As pot plants for winter flowering they are superb.

1784—ERFORDIA—Bright rosy carmine. **Price: Pkg., 15c, postpaid.**

1785—VERNON—Orange carmine, red foliage. **Price: Pkg., 15c, postpaid.**

TUBEROUS-ROOTED VARIETIES

For summer decoration or window gardening. Bloom the first season from seed, if sown in February or March.

1789—FRILLED—Beautifully frilled and wavy petals. **Price: Pkg., 15c, postpaid.**

1790—SINGLE—Extra choice mixture. **Price: Pkg., 10c, postpaid.**

1788—DOUBLE—Extra choice mixture. **Price: Pkg., 15c, postpaid.**

ORNAMENTAL LEAVED VARIETIES

1794—REX HYBRID—Handsome variegated foliage. **Price: Pkg., 25c, postpaid.**

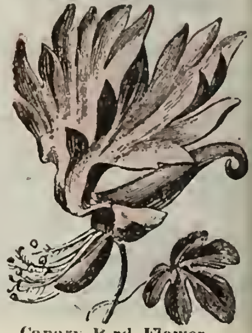
CARNATION

One of the best known flowers in the world. It is peculiarly adapted for border purposes. Carnations grown from seed will bloom more profusely than when propagated from plants. They are free flowering and one of the most delightful summer flowers to grow.

1861—PERPETUAL EARLY-FLOWERING (Double Chabands). A very fine, early and large-flowering strain. It contains a great variety of colors and shades; very fine for pot plants. **Price, mixed colors: Pkg., 15c, postpaid.**

1859—GIANT MARGUERITE. These beautiful, double, fringed flowers often measure 3 inches across. They are quite hardy and with a little protection will live over winter outdoors. (See illustration.) **Price, mixed colors: Pkg., 10c; ¼ oz., 50c, postpaid.**

1862—SALZER'S MIXED ROYAL CARNATIONS. Brilliantly elegant sorts. Seeds taken from large show-flowers only. For blooming indoors in winter or outdoors in summer. **Price: Pkg., 20c, postpaid.**



Canary-Bird Flower

CANARY BIRD VINE

1832—An excellent, rapid growing climber of the Nasturtium family, with handsome, finely cut foliage, producing an abundance of bright, **canary-yellow**, bird-like blossoms from July until frost; grows often 15 to 20 feet high; fine for stumps, etc., also for a winter window vine. (See illustration.) **Price: Pkg., 10c; ½ oz., 25c, postpaid.**

SEE FRONT COVER FOR THE BEAUTIFUL FLANDERS POPPY.

DOUBLE DAISY (BELLIS PERENNIS)

The poet's favorite. A low-growing spring flowering plant, a companion to the pansy and forget-me-not. Loves a shady place and will reward the gardener with a mass of blossoms for succeeding years if left undisturbed.

1936—LONGFELLOW—Large, double, dark pink flowers. **Pkg., 10c; ⅛ oz., 50c, postpaid.**

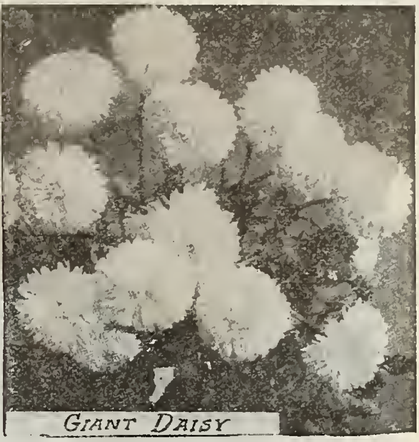
1938—SNOWBALL—Large, double, white flowers. **Pkg., 10c; ⅛ oz., 60c, postpaid.**

1934—DOUBLE MIXED—Large flowering sorts. **Pkg., 10c; ⅛ oz., 50c, postpaid.**

1937—SHASTA—Large flowers with white, cream and yellow-colored petals and small golden centers, large stems; hardy perennials; mixed colors. **Pkg., 10c, postpaid.**

1935—GIANT DAISY (Bellis Monstrosa)—A new strain of very robust growth, each plant producing on long, stiff stems, about 12 to 15 flowers measuring often 3 inches across, resembling finely shaped asters. (See illustration.) Mixed colors. **Pkg., 15c; ⅛ oz., $1.00, postpaid.**

1972—DIMORPHOTHECA (African Daisy)—A rare, extremely showy and greatly improved annual which has become a great favorite. The bushy plants grow about 15 inches high. The flowers are often 3 inches and over across, of unique, rich, glossy orange gold color. They bloom until late fall. **Pkg., 10c.**



GIANT DAISY

DELPHINIUM (HARDY PERENNIAL LARKSPUR)

Perfectly hardy, with splendid flowers and curious cut leaves; lives for many years.

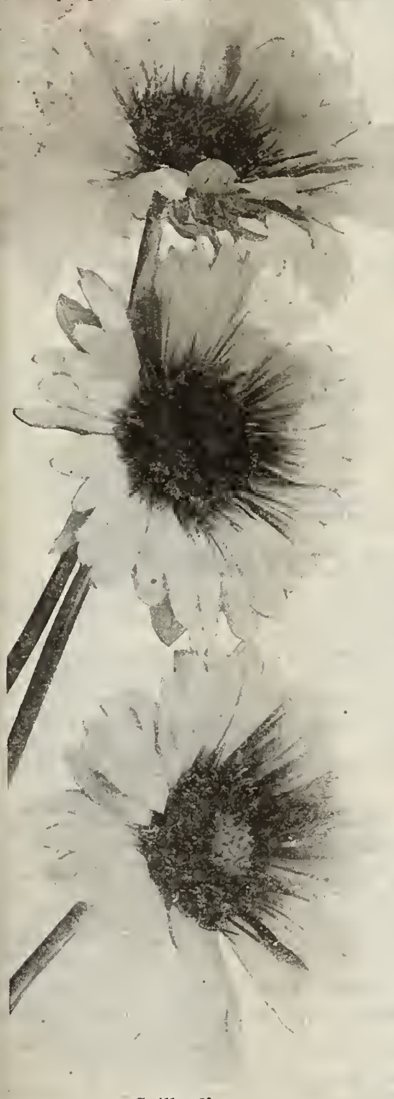
1947—FORMOSUM—Beautiful spikes of rich blue flowers with a white center. **Pkg., 10c; ¼ oz., 35c, postpaid.**

1946—BELLADONNA HYBRIDS—Blooms from June to frost; all shades, from the palest to the darkest blue. **Pkg., 15c, postpaid.**

1948—SHOW MIXTURE—Very fine. **Pkg., 10c, postpaid.**

DATURA (Angel's Trumpet)

1944—Showy annual, large trumpet measuring often 7 to 9 inches; inside coloring pure white and outside marbled with purple. **Pkg., 10c.**



Gaillardia

DAHLIA

The double sorts bloom the first season if sown beginning of April; the single sorts will bloom from seed sown as late as June.

1930—Single Giant, mixed. Pkg., 10c, postpaid.

1929—Double, Large Flowering, mixed. Pkg., 10c; ⅛ oz., 50c.

1928—Double Cactus Flowered—All colors mixed. **Pkg., 10c; ⅛ oz., 50c, postpaid.**

DIGITALIS

1970—(Foxglove)—Easily grown perennials, often growing 3 to 5 feet high, and producing long spikes of beautiful tubular shaped flowers, many being spotted or blotched. **Fine mixed. Pkg., 10c, postpaid.**

1976—DOLICHOS (Hyacinth Bean)—A rapid growing and free flowering annual climber. The seed pods which follow the flower are very ornamental. Purple and white colors mixed. **Pkg., 10c.**

1980—EDELWEISS—The Alpine Favorite. **Pkg., 10c, postpaid.**

1978—ECHEVERIA (Hen and Chickens)—These plants are easily grown and will furnish a real surprise, for few people have any idea of the great variety, both in shapes and colorings, found in this family of interesting plants. **Pkg., 10c, postpaid.**

DIANTHUS (PINKS)

The brilliant, contrasting colors and hardy, free blooming nature of these old favorites have kept Pinks in the fore ranks of public approval for generations. The tints, colors and formations are marvelous and striking. Those of our customers desiring an endless delight will surely find it in the growing of Pinks.

Sow outdoors when danger of frost is past, and in a few weeks' time they are a mass of bloom.

1952—CHINENSIS—China Pinks; large, double flowers of beautiful rich color. **Pkg., 10c; ¼ oz., 35c, postpaid.**

1953—EASTERN QUEEN—Single, beautifully marbled and striped with dark shades of rose on lighter ground. **Pkg., 10c, postpaid.**

1960—SNOW QUEEN—Double, large, pure white flowers. **Pkg., 10c; ¼ oz., 50c, postpaid.**

1954—FIREBALL—Large, double, globular flowers of brilliant dark scarlet. **Pkg., 10c; ¼ oz., 50c, postpaid.**

1956—LACINIATUS MIRABILIS—Single fringed pinks, of beautiful colors. Mixed. **Pkg., 10c, postpaid.**

1955—LACINIATUS, DOUBLE—Large, double, showy flowers, in great variety of colors. **Pkg., 10c, postpaid.**

1958—PLUMARIUS SEMPERFLORENS (Grass Pink, Scotch Pink)—Beautiful single hardy Pinks with fringe-edged flowers of a delightful spicy odor. Mixed colors. **Pkg., 10c, postpaid.**

1957—PLUMARIUS NANUS FL. PL. (Double Dwarf Erfurt Clove Pink)—Two weeks or more in advance of the older types. Possess a much richer variety of coloring. **Pkg., 10c, postpaid.**

1959—SALZER'S SHOW MIXTURE—Composed of many single and double sorts. (For color illustration see page 75.) **Pkg., 10c; ¼ oz., 40c, postpaid.**

EUPHORBIA

1985—VARIEGATED (Snow on the Mountain)—Attractive foliage, veined and margined with white; about 2 feet. **Pkg., 10c, postpaid.**

1984—HETEROPHYLLA (Mexican Fire Plant)—An annual resembling the beautiful hothouse Poinsettia; about 2 to 3 feet high, of bush-like form, with smooth, glossy-green leaves, which in summer turn an orange-scarlet. **Pkg., 10c, postpaid.**

1988—FERNS (For House Culture)—Our mixture comprises some of the rarest and most desirable varieties. **Pkg., 15c, postpaid.**

1989—FERNS—Hardy, for outdoors. **Pkg., 15c, postpaid.**

NEW HYBRID FREESIA

2004—Favorite house plants of singular form and delicious perfume of their flowers; yield a profusion of bloom; will be in flower about 6 months from sowing. Shades of red, blue and orange mixed. **Price: Pkg., 15c, postpaid.**

GAILLARDIA (Annual)

Four outstanding features are responsible for the great popularity of this beautiful flower. (1) Easy to grow from seed. (2) The flowers are dazzling and brilliant in colors. (3) Withstand extremes of weather. (4) Will produce from early spring until late fall a continuous profusion of exquisite flowers. Red and yellow colors predominate.

The ease to grow and the great profusion of bloom should appeal to every lover of flowers. To those of our customerss who never grew gaillardias and can find five to thirty minutes' time to spade up corners around buildings and walks, we particularly ask them to sow this seed. You will never tire of speaking about your wonderful flowers. (See illustration.)

2012—PICTA—Single varieties mixed. **Price: Pkg., 10c; ¼ oz., 35c, postpaid.**

2011—LORENZIANA PICTA. Double varieties mixed. **Price: Pkg., 10c; ¼ oz., 35c.**

2010—GRANDIFLORA. Mixed (perennial.) **Price: Pkg., 10c; ⅛ oz., 35c.**

SEND YOUR ORDER EARLY AND AVOID THE RUSH

Cineraria

CINERARIA

A beautiful class of plants for spring decoration of the window or conservatory; may also be planted out in summer. They grow from 12 to 18 inches high, and are completely covered with a mass of flowers, often two and three inches across, of the richest colors, in white, blue, violet and crimson shades. Seed may be sown from May to September for succession. Perennial. (See illustration.)

1898—Good mixed. Price: Pkg., 15c, postpaid.

1899—CINERARIA SALZER'S SHOW. Price: Pkg., 25c, postpaid.

CALLIOPSIS

Half-hardy annuals of quick growth and bearing a profusion of bright-colored flowers. When cut with a part of the foliage they make a very attractive table decoration. Sow the seed thinly where the plants are to bloom in a well prepared seed bed as early in spring as the soil can be dug.

1818—GOLDEN WAVE—Brilliant annuals, with large bright flowers borne in great profusion. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

1819—Show Mixture, magnificent, new dwarf compact strain. (See illustration.) Price: Pkg., 10c; ¼ oz., 25c, postpaid

Show
Mixture
Calliopsis

1912—COREOPSIS GRANDIFLORA. One of the finest hardy perennial plants. Bright yellow flowers which bloom from June till frost. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

SALZER'S MAMMOTH EARLY FLOWERING COSMOS

See Color Illustration, Page 75

1920—One of the most charming free flowering and most profuse blooming Annuals. It is a very interesting, delightful, showy and beautiful flower. The dwarf bushes simply become literally covered with large, bold flowers. Flowers are borne on long stems, and in appearance resemble single Dahlias. Its ease of cultivation and enormous quantity of bloom has made it one of the most popular flowers in America. It may only seem a commonplace suggestion to urge our customers to try this flower, but, considering the trifling cost, we know you will be enraptured, and more than pleased. **Pkg., 10c; ¼ oz., 25c.**

1917—GIANT FLOWERING. Mixed. **Price: Pkg., 10c; ¼ oz., 20c; oz., 65c, postpaid.**

1914—EARLY BLOOMING. Mixed. **Price: Pkg., 10c; ¼ oz., 25c; oz., 90c, postpaid.**

1918—LADY LENNOX. Pink. Flowers of enormous size, color shell pink. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

1919—LADY LENNOX. White. **Price: Pkg., 10c, postpaid.**

1916—GIANT FLOWERED FRINGED. A new most beautiful strain; all colors mixed. **Price: Pkg., 10c; ¼ oz., 50c, postpaid.**

WE PAY POSTAGE ON ALL PACKETS, OUNCES AND POUNDS LISTED POSTPAID.

HELIANTHUS (Sunflower)

These miniature sunflowers are in great demand. Planted against the house, the fence or in the backyard there can be no more imposing sight that the heart could ask for. The plants become literally covered with bloom.

2496—**CALIFORNICUS FL., PL.** Double dark yellow. Price: Pkg., 10c, postpaid.

2497—**CUCUMERIFOLIUS.** Double hybrid (cut and come again.) Price: Pkg., 10c.

2499—**NANUS FLORE PLENO.** Very beautiful. Price: Pkg., 10c, postpaid.

2495—**NANUS PURPURENS.** The new Red Sunflower. Price: Pkg., 10c, postpaid.

2501—**STELLA.** Very bushy. Pkg., 10c.

HELIOTROPE

2072—SALZER'S MAMMOTH. Heliotropes can be as easily grown from seeds as pansies. Deliciously fragrant blossoms. **Price: Mixed colors, Pkg., 10c, postpaid.**

2070—HELICHRYSUM (Straw Flower). Double, large flowering. One of the best of "Everlasting" flowers, making a fine display in beds or borders. **Price: Pkg., 10c; ½ oz., 35c.**

2076—HIBISCUS. Stately; showy annuals. Free bloomers. **Price: Mixed Pkg., 10c.**

2094—ICE PLANT. A simple trailing plant. Covered with watery vesicles resembling pieces of ice. Suitable for hanging baskets. **Pkg., 10c.**

LOBELIA

A Continuously Blooming Plant of Easy Culture.

We are great admirers of Lobelia for borders, edges, baskets and window boxes. Sometimes we wonder if in our admiration for these striking flowers whether we overdo it—but it seems not, as they attract the attention of everybody.

2110—BLUE BIRD. A splendid variety for planting in hanging baskets, window boxes, etc. Its intense blue lends a charm all its own. **Pkg., 10c.**

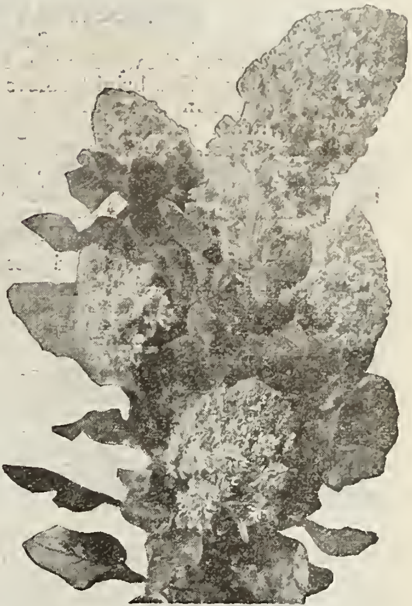
2114—GRACILIS. Very fine blue Lobelia for baskets. **Price: Pkg., 10c; ⅛ oz., 25c, postpaid.**

2115—STAR OF ISCHL. Of erect growth; dark blue flowers. **Price: Pkg., 10c, postpaid.**

2111—SALZER'S CHOICEST. An unexcelled mixture, contains compact growing sorts only in all colors. **Price: Pkg., 10c, postpaid.**

LUPINS

2123—POLYPHYLLUS MIXED. Hardy perennials. Some of the most brilliant plants in cultivation; about 4 feet high, stout and erect, with long racemes of pea-like flowers in many colors. **Price: Pkg., 10c; ½ oz., 25c, postpaid.**



Odorata Mignonette

LARKSPUR

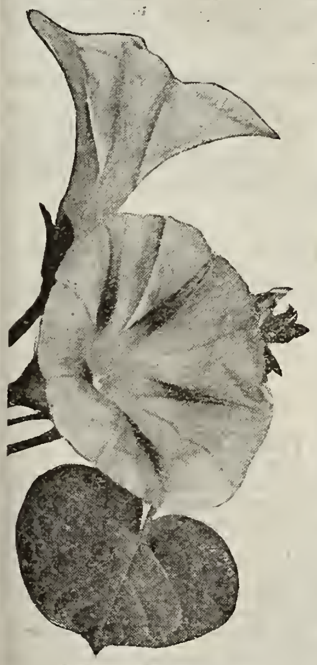
Well known annuals of great beauty and noted for the richness of their colors—particularly in blue shades. This is distinct from the Delphinium.

2102—DOUBLE DWARF ROCKET. Finest mixed. **Price: Pkg., 10c; ¼ oz., 15c, postpaid.**

2103—TALL EMPEROR LARKSPUR. Light blue; very free flowering. **Price: Pkg., 10c; ¼ oz., 15c, postpaid.**

KOCHIA (Summer Cypress)

2098—An ornamental annual shrub, of unusually rapid growth, forming symmetrical-shaped bushes from 2 to 3 feet in height, of a cypress-like appearance. The leaves are slender and of a light pea-green until September, when, however, they change to carmine and blood-red. Its bright autumn coloring has given it the name "Burning Bush." The flowers are minute, but numerous. Price: Pkg., 10c; ¼ oz., 15c, postpaid.



Japanese Morning Glory

MIGNONETTE

It is a noticeable fact that this old-time favorite, instead of waning in popular esteem, continues to win the affections of flower lovers everywhere. With the introduction of new types it is one of the most generally grown flowers of very sweet and delicate fragrance. Salzer's Mignonettes are far superior to the usual run.

2149—SNOW QUEEN. Flower spikes often 10 inches long, pure white and very fragrant. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

2146—GOLIATH. Of strong, compact growth, with giant trusses about 6 to 8 inches long, densely covered with large brilliant fire-red florets, of powerful, rich fragrance. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

2147—MACHET. Bright red. **Price: Pkg., 10c; ¼ oz., 25c, postpaid.**

2148—ODORATA. The old-fashioned variety, but very sweet scented. (See illustration) **Price: Pkg., 10c; ¼ oz., 20c, postpaid.**

2144—ALL SORTS MIXED. This Mignonette mixture cannot be excelled for its cheapness. **Price: Pkg., 5c; ½ oz., 20c, postpaid.**

MORNING GLORY (CONVOLVULUS)

2163—JAPANESE. The flowers are of very large size and most distinct colorings, while the foliage is also varied and attractive. The colors range from deep rich purple to pure silvery white. (See illustration.) Price: Finest Mixed. Pkg., 10c; ½ oz., 20c; oz., 30c, postpaid.

2164—TALL MORNING GLORIES. Indispensable for covering trellises. verandas, stumps, etc. **Price: Mixed colors, Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., $2.50, postpaid.**

2162—DWARF MORNING GLORY. A plant which should be better known; grows about one foot high and is a beautiful, hardy, bedding and border plant. **Price, all colors mixed: Pkg., 10c; oz., 35c, postpaid.**

MOONFLOWER

2160—A very popular, quick-growing vine, which will climb from 30 to 40 feet in a single season; it has thick, glossy green foliage and produces thousands of large, white, silky blooms of rare fragrance, which open at dusk and on cloudy days. **Price: Pkg., 10c; ½ oz., 35c, postpaid.**

PLANT A CLUMP OF KOCHIAS CLOSE TO YOUR WALK OR HOUSE THIS YEAR

ESCHSCHOLTZIA (CALIFORNIA POPPY)

See Color Illustration Page 75

One of the most showy flowers in the world. It is unexcelled for gorgeous and dazzling display. The bright colors are beautiful.

Comes into bloom soon after its appearance above ground. Notwithstanding it is the most delicate petaled flower grown, it is also one of the hardiest, withstanding considerable frost.

1966—Crocea, double orange. **Pkg., 10c.**
1967—Crocea, double white. **Pkg., 10c.**
1968—Mandarin, bright orange inside, brilliant scarlet outside. **Price: Pkg., 10c.**
1982—Mixed Colors—(single and double). **Price: Pkg., 10c; oz., 40c.**

FORGET-ME-NOT. (MYOSOTIS)

The Forget-me-nots succeed best in a shady, moist situation; perennial and hardy if given a slight protection through the winter; bloom the first year from seed if sown early. Fine for edging or in beds with Pansies.

1992—ALPESTRIS COERULEA—Bright blue; about 6 inches high, of trailing habit. **Pkg., 10c; ⅛ oz., 25c, postpaid.**

1993—ALPESTRIS MIXED. Pkg., 10c; ⅛ oz., 25c, postpaid.

1994—DISSITIFLORA (Perennial)—One of the earliest and best Forget-Me-Nots. It is of compact growth and produces an abundance of rich blue flowers. **Pkg., 10c; ⅛ oz., $1.00, postpaid.**

1995—PALUSTRIS SEMPERFLORENS (Perennial)—A charming, dwarf Forget-Me-Not, continuing in bloom from early spring until autumn; blue, about 8 inches high. **Pkg., 10c.**

1996—RUTH FISCHER (Perrenial)—The latest, finest and largest flowered Forget-Me-Not, producing flowers up to ½ inch in diameter; plants of strong, vigorous growth, of exceptional value for pot culture and spring bedding. **Pkg., 15c, postpaid.**

1997—ELIZA FONROBERT—Sky blue; white eye. **Pkg., 10c.**

2002—FOUR O'CLOCK (MARVEL OF PERU)—Well known; flowers white, yellow, crimson, violet or striped. **Show mixture. Pkg., 10c; ½ oz., 50c, postpaid.**

Zonale Geranium

GERANIUM

If the question was asked as to one of the most popular flowers in the world for all year round use the answer would unhesitatingly be "Geraniums." This is a fact—there are more people growing geraniums than any other single type of flowers. This great demand has been the incentive for vast improvements in every variety and every strain until now the old, old geranium we were accustomed to using are not recognizable in the highly developed, much improved, magnificent varieties of today.

So general has become the propagation of geraniums from slips that many of our customers do not really know that they grow equally as easy from seed. Growing from seed enables you to secure your choice of varieties.

2018—ZONALE. Mixed, single and double. Seed from the largest, finest varieties. (See illustration.) **Price: Pkg., 15c, postpaid.**
2017—FANCY MIXED PELARGONIUMS. (Lady Washington.) Choice and rare varieties. **Price: Pkg., 25c.**
2016—APPLE-SCENTED. This favorite with sweet-scented leaves can best be grown from seed. **Price: Pkg., 15c.**

Annual Hollyhock

GLOXINIA

Superb house plants, producing magnificent flowers of the richest colors. Sow in March.

2027—HYBRID GRANDIFLORA. An unsurpassed strain containing the spotted hybrid as well as the finest colored sorts. **Price: Pkg., 15c.**

2026—GIANT SORTS. Magnificent flowers measure often 5 inches and more in diameter. **Price: Pkg., 25c, postpaid.**

2030—GODETIA. Hardy annuals of beautiful colors. **Price: Show Mixture, Pkg., 10c.**

GYPSOPHILA (Baby's Breath)

Elegant, pretty, free-flowering plants with mist-like sprays of tiny star-shaped, white flowers.

2067—PANICULATA. A hardy perennial, about 2 feet high with graceful branched panicles of white flowers. **Price: Pkg., 10c; ¼ oz., 35c.**

2066—ELEGANS, GRANDIFLORA, Alba. An improved large-flowering strain of the annual white Baby's Breath. **Pkg., 10c; ½ oz., 30c.**

GOURDS

Price, except where noted, for all varieties and mixed sorts: Pkg., 10c; oz., 35c, postpaid.

Unexcelled for covering unsightly places, for shade vines over porches, etc. The grotesque shapes of the gourds are amusing, useful and fascinating for old and young alike. Try a good selection this year and see the real genuine joy and pleasure it brings.

2033—APPLE SHAPED. Yellow, striped.
2034—BOTTLE. Used in the Orient.
2035—CALABASH or PIPE. A rapid growing vine. Resembles a calabash pipe. **Pkg., 10c.**
2037—DIPPER. Resembles a dipper.
2038—DISHCLOTH, or SPONGE. The inside fibrous mass makes excellent sponges. **Price: Pkg., 10c, postpaid.**
2039—HERCULES CLUB. Fruit about 3 to 4 feet long. **Price: Pkg., 10c, postpaid.**
2041—NEST EGG. Used for nest eggs.
2042—ORANGE. The mock orange.
2043—PEAR SHAPED. Yellow and green.
2044—POMEGRANATE. Perfumed.
2032—ALL VARIETIES MIXED. Price: Pkg., 10c; oz., 25c, postpaid.

ANNUAL HOLLYHOCK

Bloom the First Year from Seed

Can you picture anything more gorgeous, more stately, more fascinating, more charming than the large spikes of Hollyhocks growing 5 to 7 feet high, literally covered with their single and double rose flowers? (See illustration.)

2080—Single mixed. **Price: Pkg., 10c; ½ oz., 35c.**
2078—Double fringed. **Price: Pkg., 10c; ¼ oz., 40c.**
2079—Double mixed. **Price: Pkg., 10c; ¼ oz., 35c.**

PERENNIAL VARIETIES

2085—CHARTER'S SUPERB MIXED. The finest strain. Large double flowers. **Price: Pkg., 10c; ¼ oz., 50c, postpaid.**

2084—ALLEGHENY. Mammoth fringed flowers of wondrous beauty, look as if made of china silk. Often 6 to 7 feet high. **Price: Pkg., 10c; ¼ oz., 35c, postpaid.**

SEEDS WEIGHING TEN POUNDS OR MORE GO CHEAPER BY EXPRESS (EXCEPT IN ZONES 1, 2, AND 3)

Salzer's Giant Flowering Perpetual Blooming Dwarf Nasturtiums.

LANTANA HYBRIDA

2100—Shrubby, half-hardy, perennial plants with clusters of verbena-like flowers, producing their pink, yellow, orange and white heads in great abundance. Suitable for outdoor use in summer and also house culture. Mixed colors. **Price: Pkg., 10c; ½ oz., 35c, postpaid.**

LINUM

2108—RUBICUM GRANDIFLORUM (Crimson Flax). One of the most beautiful annuals; valuable for bedding. **Price: Pkg., 10c; ½ oz., 25c.**

LATHYRUS LATIFLORUS

2106—(Everlasting Sweet Peas). They have not the fragrance of the Sweet Peas, but bloom through a long season, and will live for years. **Mixed colors. Price: Pkg., 10c; ¼ oz., 30c, postpaid.**

LYCHNIS

2126—CHALCEDONICA. Grand hardy perennials, requiring no protection; will flower freely the first year if sown early. Bright scarlet. **Price: Pkg., 10c; ¼ oz., 35c, postpaid.**

MATHIOLA

2136—EVENING SCENTED STOCK. Also called "Perfume plant." An old-fashioned hardy annual; the flowers are of a dull purplish-lilac. Should be grown in every garden for the exquisite perfume it exhales profusely in the evening and after showers. Grows about one foot high. **Price: Pkg., 10c; ⅛ oz., 15c, postpaid.**

MAURANDIA

2142—Beautiful, rapid growing climber; the flowers are foxglove-shaped and of purple, white or rose colors, and are produced profusely from July until frost; well suited for hanging baskets, vases and trellises. They attain a length of 6 to 10 feet. **Finest Mixed. Price: Pkg., 10c, postpaid.**

MATRICARIA OR FEVERFEW

2138—GOLDEN BALL. Beautiful dwarf plants, with striking double yellow flowers. Fine for cutting and bedding. **Price: Pkg., 10c; ⅛ oz., 35c.**

2139—SNOWBALL. Dainty, milk-white, full double, spherical flowers, which form a pretty contrast with the Golden Ball. Excellent for cutting. **Price: Pkg., 10c, postpaid.**

MOSCHATUS

2156—(Musk Plant). Fine for hanging baskets, etc., small yellow flowers, fragrant foliage. **Price: Pkg., 10c, postpaid.**

MARIGOLD

See Color Illustration Page 76

This flower solves the problem as to which is best for massing, as it is unexcelled for that purpose and provides bloom of striking appearance, delightful to behold.

2131—TALL AFRICAN. Mixed, large, double flowers. **Price: Pkg., 10c; ½ oz., 25c, postpaid.**

2128—DWARF AFRICAN SORTS (Pride of the Garden). Double, mixed colors about 15 inches high, compact bushes with immense flowers. **Price: Pkg., 10c; ½ oz., 30c; oz., 50c.**

2129—DWARF FRENCH SORTS. Double, mixed colors. **Price: Pkg., 10c; ½ oz. 30c, postpaid.**

2132—LEMON QUEEN. Very gorgeous yellow. **Price: Pkg., 10c, postpaid.**

2133—PRINCE OF ORANGE. Very new. **Price: Pkg., 10c, postpaid.**

IVY AND ORNAMENTAL-LEAVED NASTURTIUMS

2220—DWARF-GOLDEN-LEAVED. The foliage is golden-yellow, against which the various colored flowers contrast beautifully. **Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00, postpaid.**

VARIEGATED LEAVED—The foliage is variegated with yellow, white and green, but in different degrees, so that the plants present a most varied sight.

2222—DWARF VARIEGATED-LEAVED. Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00, postpaid.

2225—TALL VARIEGATED-LEAVED. Price: Pkg., 10c; oz., 30c; ¼ lb., 85c, postpaid.

2221—DWARF IVY-LEAVED, mixed colors. Fine for bedding. **Price: Pkg., 10c; oz., 35c; ¼ lb., 85c, postpaid.**

2224—TALL IVY-LEAVED, mixed colors. Of vigorous growth, very attractive. **Price: Pkg., 10c; oz., 35c; ¼ lb., 85c.**

SALZER'S GIANT FLOWERING PERPETUAL BLOOMING NASTURTIUMS

See Color Illustration Page 75

This race of Giant Flowering Perpetual Blooming Nasturtiums stands without a rival and is exquisitely brilliantly colored, vigorous and rapidly growing, wondrously fine blooming. We control the seed of this wonderfully free-blooming Nasturtium. It blooms early and continually throughout the season. This mixture contains many brilliant and fashionable colors that are particularly adapted for dress bouquets.

The flowers are large, beautifully and exquisitely colored, borne on long stems. The many varieties contained in Salzer's Giant Flowering Perpetual Blooming Nasturtiums popularizes them as one of the most beautiful of all Nasturtiums. (See illustration above.)

Price of each of the Dwarf sorts: Pkg., 10c; oz., 35c; ¼ lb., $1.00, postpaid.

2198—Crimson, leaves dark.
2199—Golden Yellow, dark leaves.
2200—Chameleon, colored.
2201—Scarlet, green leaves.
2202—White, creamy white.
2203—Orange, scarlet spotted.
2204—Maroon, dark leaves.
2205—Violet, purplish violet.
2206—Red, rich rose, dark leaves.
2207—Salmon, rose, dark leaves.
2208—Mixed, carefully blended. **Pkg., 10c; oz., 30c; ¼ lb., $1.00; lb., $3.50, postpaid.** Same price applies on any above colors.

1594—The collection of the above 10 dwarf sorts: 1 package each for 75c, postpaid; 1 oz. each for $3.00, postpaid.

Price of each in the Tall sorts: Pkg., 10c; oz., 25c; ¼ lb., 75c, postpaid.

2188—Chameleon. Flowers of all colors on the same plant.
2189—Lilac-brown.
2190—Chocolate.
2191—Straw, with rosy blotches.
2192—Golden yellow; very large.
2193—Deep crimson; dark leaves.
2194—Velvety reddish black, dark foliage.
2195—Creamy-white.
2196—Butter-yellow; about inches across.
2197—Faint salmon-rose, splashed scarlet.
2213—Mixed. **Price: Pkg., 10c; oz., 25c; ¼ lb., 65c; lb., $2.25, postpaid.**

1595—The collection of above 10 tall sorts: 1 package each for 75c, postpaid; 1 oz. each for $2.00, postpaid.

2214—SALZER'S JUBILEE DWARF NASTURTIUM (Our Best). Price: Pkg., 15c; ¼ oz., 30c; oz., $1.00.

2209—SALZER'S TALL PERPETUAL BLOOMING. Price: Big pkg., 10c; oz., 30c; ¼ lb., 75c; lb., $2.50, postpaid.

2208—SALZER'S DWARF PERPETUAL BLOOMING. Price: Big pkg., 10c; oz., 25c; ¼ lb., 65c; lb., $2.50, postpaid.

2216—LOBB'S TALL NASTURTIUMS MIXED. Price: Pkg., 10c; oz., 25c; ¼ lb., 65c; lb., $2.25, postpaid.

2217—MADAME GUNTHER'S HYBRID. Price: Pkg., 10c; oz., 25c; ¼ lb., 65c; lb., $2.25, postpaid.

NASTURTIUMS MAKE A BEAUTIFUL BORDER FOR ALONG SIDE OF WALKS

Large Flowering Annual Phlox

LARGE FLOWERING ANNUAL PHLOX

Impossible to picture a more imposing sight than a bed of these brilliant flowers. Although Phlox has always been a flower of prominence, it has reached a great stage of popularity of late years. Like Petunias, Phlox sown in massed beds are a dazzling, attractive display.

It occupies a first place as a garden annual, being one of the easiest and most satisfactory plants grown from seed. It will grow and thrive in almost any kind of soil, if given a sunny position. (See illustration.)

Price, each color: Pkg., 10c; ⅛ oz., 50c, postpaid.

2344—Bright Scarlet.
2345—Rose.
2346—Shell Pink.
2347—Snow White.
2348—Violet.
2349—Yellow.

1585—One pkg. each of six colors, 50c postpaid.

2360—DOUBLE-FLOWERING. Double and semi-double flowers in all colors; desirable for cut flowers, as they last longer than the single sorts. **Price: Pkg., 10c; ⅛ oz., 40c, postpaid.**

DWARF PHLOX. Valuable for beds, edgings and pot culture, of striking colors, compact and dwarf habit, 6 to 8 inches high; flowers 9 to 10 inches across.

2359—Dwarf, choicest mixture, all colors. Price: Pkg., 10c; ⅛ oz., 40c, postpaid.

2361—DWARF FIREBALL PHLOX. This blood-red beauty is one of the most exquisite and effective Phlox we know of. **Price: Pkg., 10c; ⅛ oz., 85c, postpaid.**

2358—LARGE FLOWERING DWARF CECILY PHLOX. A distinct and charming novelty. The plants are only six to eight inches in height when in full bloom. The broad rounded heads of flowers are of large size as well as the individual florets. The colors vary from light lilac through various shades of red and purple, while nearly all have a large, distinct white eye in the center. **Mixed colors. Price: Pkg., 15c; ⅛ oz., 75c, postpaid.**

2350—Phlox, Large Flowering Mixed. All sorts, shapes, colors and styles in endless mixture. **Price: Pkg., 10c; ⅛ oz., 40c, postpaid.**

2363—STARRED AND FRINGED. Curiously pointed, fringed and toothed flowers in colors of every conceivable shade. (See illustration below.) **Price: Pkg., 10c; ⅛ oz., 40c, postpaid.**

Starred and Fringed Phlox

PASSIFLORA

2316—PASSIFLORA Coerulea Grandiflora (Passion Flower). A beautiful vine for greenhouse and window. Few effects are more charming than the Blue Passion Flower covering a greenhouse wall with its rich green foliage and sky-blue flowers, followed later by an abundance of handsome fruit. **Pkg., 10c.**

PENTSTEMON

2318—SENSATION. A perennial, but not very hardy; blooms the first season from seed. Graceful spikes, about 2 feet long, covered with large gloxinia-like flowers often 2 inches across, in a great variety of colors from pink to scarlet and maroon, all beautifully blotched and veined with other tints. **Price: Pkg., 10c, postpaid.**

PLATYCODON (Chinese Bell Flower)

One of the best hardy perennial plants with showy flowers.

2370—ALBUM. Pure white. **Pkg., 10c.**

2371—MARIESI. Blue, single dwarf. **Pkg., 10c.**

NICOTIANA

Nothing can surpass the Nicotiana for beauty, grandeur, profusion of bloom and ease of culture. It is one of the most satisfactory and delightful of all flowers and equally valuable for garden or pot flowers. The Sanderae and Affinis Hybrids are beautiful beyond description. Bloom in about 50 days from seed and the last to survive frost. Bushes grow about 3 to 4 feet high and are literally covered with flowers. (See illustration.)

2233—AFFINIS HYBRIDS. Sweet-scented tobacco with blue, red, rose colored flowers. **Price: Pkg., 10c; ¼ oz., 30c, postpaid.**

2234—SANDERAE HYBRIDS. A splendid type of sweet-scented tobacco in many colors. **Price: Pkg., 10c; ¼ oz., 35c, postpaid.**

Salzer's Giant Prize Pansy

SALZER'S MASTODON PANSY

All lovers of the delicate and fanciful are seized with amazement, wonder and awe at the grandeur and colossal size of this wonderful Pansy.

Exceeds in beauty and immensity any Pansy ever introduced. Seldom measures less than 3 inches across. All the old giant Pansies look like midgets compared to this New Mastodon Pansy. (For color illustration see page 76.)

2300—Prince Henry. Dark Blue. **Price: Pkg., 20c, postpaid.**

2301—Grand Duke Michel. White. **Price: Pkg., 20c, postpaid.**

2302—Madam Perrett. Dark wine, pink and red. **Price: Pkg., 20c, postpaid.**

2304—Jupiter. Red, bronze, mahogany, blue, black and gold. **Price: Pkg., 20c, postpaid.**

2307—Bronze. All the different shades from burnished brass to gold. Tinged with all the colors known to Pansies. **Price: Pkg., 20c, postpaid.**

2306—Parisian. Yellow. **Price: Pkg., 20c, postpaid.**

2276—Mastodon. Wonderful mixture of above. Pkg., 15c.

TRIUMPH OF THE GIANT PANSY

2311—The flowers are of enormous size and round form. The petals have undulated curled borders, are very broad and cover each other, making the flower appear almost double. The coloring is rich, brilliant and beautiful. **Price: Pkg., 20c; 3 for 50c, postpaid.**

MASTERPIECE (Ruffled Giant Pansy)

2310—The truly giant-sized flowers are of the most striking character; the petals having a rich velvety substance, and being heavily ruffled give the effect of a double flower. The colors are mainly dark rich shades, bordered, blotched or marked in veinings with contrasting colors. **Price: Pkg., 15c; ⅛ oz., $1.25, postpaid.**

SALZER'S GIANT PRIZE PANSY

Next to our Mastodon Pansy, this strain is the largest, frequently measuring 3 inches across. Perfect beauties of most exquisite colors. (See illustration.)

Any of the undernoted sorts: Price, Pkg., 10c, postpaid.

2283—Bridesmaid—Rosy white.

2282—Angel's Robe—Pure satiny-white.

2287—Lavender Queen—Light blue.

2290—President McKinley—Golden-yellow.

2288—Lord Beaconsfield—Purple, lavender and heliotrope.

2292—Rosy Morn—Crimson with white edge.

2286—Hydrangea-Rose—Rose color.

2293—Volcano—Dark red.

2289—Mercury—Blackish-purple.

1584—One pkg. each of the above Giant Prize Pansies for 75c.

2294—Salzer's Giant Prize Pansies, Mixed. Price: Pkg., 10c; ⅛ oz., 75c, postpaid.

AMERICAN BEDDING PANSY

Considered everywhere "the flower for the millions" and it is grown by the millions. The most important essential for true, pure, high class pansies is the seed. We make a specialty of such flower seeds. Our strains will please you.

SALZER'S FLANDERS ANNUAL POPPY

See Color Illustration on Front Cover

2379—The most talked of and most popular flower in the world today. Immortalized by the World War. Dedicated in poems and songs by the hundred. There is hardly a flower more graceful than this magnificent silky variety, giving such stately yet dazzling display of gorgeous bloom. No annual flower more delicate in appearance or more hardy in growth. **Pkg., 15c; oz. 65c.**

MAMMOTH SHIRLEY POPPY

2383—This new Mammoth Shirley Poppy is just as captivating as it can be, and the exquisite bright shades are a dazzling sight to behold. Impossible to conceive of any flowers being more gorgeous, stately, delicate and attractive than a bed of Mammoth Shirley Poppies.

The flowers are of an exquisite satiny texture, ranging in color from delicate rose, apricot, pink and flesh to rich crimson, all with white centers.

Even after the first frosts, Shirley poppies continue to retain their freshness. Notwithstanding their delicate appearance and substance, this strain, with its super-vigor, will withstand much hardship and thrive under much neglect, and, in fact, stand more adverse climatic and soil conditions than most annuals. (For color illustration see page 75.) **Price: Pkg. 10c; ½ oz., 30c, postpaid.**

PERENNIAL VARIETIES

Iceland Poppy

2394—Graceful, brilliant and fragrant flowers which are produced in never-ending succession from beginning of June to October; the only poppy that blooms such a long season. Perfectly hardy. Blooms the first year from seed about as early as the annual varieties, remains green during winter, and comes into bloom early the following spring. Suitable for cutting. Grows about one foot high. **All colors mixed. Price: Pkg., 10c; ⅛ oz., 35c, postpaid.**

ORIENTAL POPPY HYBRIDS

2395—Some of the showiest of our hardy perennial plants, with enormous, gorgeous flowers often 6 inches across and of dazzling colors from pink to deepest red with purple center. These are very beautiful plants to grow among shrubs, roses and other perennials. They grow about 3 feet high and bloom early in spring. **Price: Pkg., 10c, postpaid.**

Salpiglosis

Ricinus

RICINUS, CASTOR OIL BEAN

Stately, strong growing plants, with very ornamental foliage well adapted as center plants of beds. (See illustration.)

2430—ZANZIBARIENSIS. A distinct class, surpasses in size and beauty all others—a glorious plant. Mixed. **Price: Pkg., 10c; oz., 25c, postpaid.**

2431—Mixed. All sorts. Price: Pkg., 10c; oz., 15c; lb., $2.25, postpaid.

2460—SMILAX. A graceful climber; the elegant, bright green foliage is indispensable for bouquets, etc. **Price: Pkg., 10c, postpaid.**

2493—STOKESIA, MIXED VARIETIES. (Cornflower Aster). A rare, beautiful, hardy perennial, about 24 in. high, bearing often 20 to 30 handsome lavender-blue cornflower-like blossoms from July till frost. Giant, fine. **Price: Pkg., 15c, postpaid.**

RHODANTHE

2428—This mixture comprises the pick of the "Everlasting Flowers," a popular favorite everywhere. It is an exceptionally free bloomer, remaining in bloom for a long period. Particularly adapted for dried winter bouquets. The colors are beautiful and varied. Mixed colors. **Price: Pkg., 10c; ¼ oz., 30c, postpaid.**

RUDBECKIA (Golden Glow)

2426—A great favorite of today. Has large double flowers of a sulphur-yellow color; perennial. **Price: Pkg., 10c, postpaid.**

SALPIGLOSIS

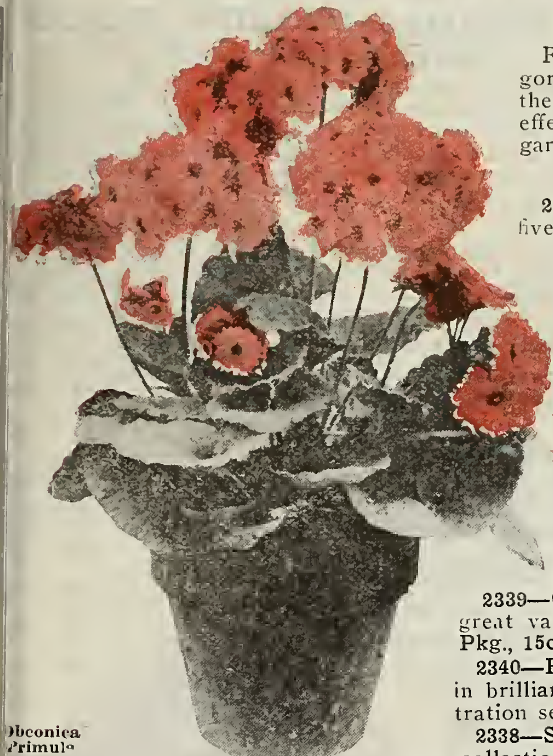
The strains are of great beauty and size, producing exceedingly large flowers; excellent for a brilliant bedder.

The flowers have funnel-shaped blossoms of velvety texture, with deeply sunken prominent veins, penciled and shaded with the richest tracings. Some of the showiest flower beds we have ever seen were of this beautiful and easy grown annual. (See illustration.)

2435—IMPROVED LARGE FLOWERING. Mixed. Price: Pkg., 10c; ¼ oz., 50c, postpaid.

2434—EMPEROR. Most beautiful flowers, each richly veined with gold. It is the only flower showing a glittering of gold in its coloring. **All colors, mixed. Price: Pkg., 10c; ⅛ oz., 35c, postpaid.**

DO NOT OVERLOOK FLANDERS POPPY WHEN ORDERING. SEE FRONT COVER



Obconica Primula

PETUNIA

Few flowers excel the Petunia in brilliant, dazzling, striking and gorgeous display. Although the seed is the most expensive grown, the quantity of flowers secured, the ease of culture, the magnificent effect, the wondrous beauty, make it by far the greatest value. No garden should be without petunias, as they are so very easy to grow.

SINGLE BEDDING VARIETIES, 1½ FT. HIGH

2325—HOWARD'S STAR. Crimson-maroon with a clearly-defined five-pointed star of blush white. **Price: Pkg., 10c, postpaid.**

2320—BELLE ETOILE. Beautifully striped and blotched flowers. **Pkg., 10c.**

2326—PURE WHITE. Fine for cemetery beds. **Price: Pkg., 10c, postpaid.**

2324—FINE MIXED. An excellent mixture of brilliant flowers in all colors. **Price: Pkg., 10c; ¼ oz., 50c, postpaid.**

SINGLE DWARF COMPACT SORTS, 1 FT. HIGH

2327—ROSY MORN. Dwarf, compact, carmine-pink, white throat. **Price: Pkg., 10c.**

2328—SNOWBALL. A dwarf, compact sort; pure satiny-white. **Price: Pkg., 10c.**

2323—DWARF SINGLE. Compact mixed. **Price: Pkg., 10c; ⅛ oz., 35c.**

LARGE FLOWERING VARIETIES

2339—GIANTS OF CALIFORNIA. Flowers very large, single, in great variety of colors and markings, with deep yellow throats. **Price: Pkg., 15c, postpaid.**

2340—RUFFLED GIANTS. Single; of extraordinary size and substance, in brilliant colors, beautifully ruffled, fluted and fringed. (For color illustration see page 76.) **Price: Pkg., 25c, postpaid.**

2338—SALZER'S DOUBLE FRINGED. Saved from our own unrivalled collection; will produce a large percentage of double flowers of the largest fringed varieties in bright colors and tints. **Price: Pkg., 25c, postpaid.**

PRIMULA (Primrose)

A beautiful and charming plant and flower. Grows in clusters at all times of the year in great profusion. Very stately in habit, beautiful in form. Primulas are recognized harbingers of spring and the old appellation was "First in Spring." The Chinese and Obconica are the two most popular house varieties.

2406—AURICULA. Half hardy perennial; yellow, brown and red flowers. **Mixed colors. Price: Pkg., 10c, postpaid.**

2412—VERIS (Sweet Scented Cowslip). Beautiful, hardy, perennial, flowers in spring. The colors range from yellow and orange to scarlet. Very fragrant. **Price: Pkg., 10c, postpaid.**

2413—VULGARIS (English Primrose). Hardy, canary-yellow, fragrant. **Price: Pkg., 10c, postpaid.**

2409—JAPONICA. Japanese Primrose, bright and showy flowers borne in whorls; mixed colors. **Price: Pkg., 10c, postpaid.**

2411—OBCONICA GRANDIFLORA. The flowers are of a soft lilac, pink, rose, lavender or crimson. It is one of the most useful primulas for pot culture and also seeds well in the open border during the summer. Mixed colors. (See illustration.) **Price: Pkg., 10c, postpaid.**

2407—CHINESE PRIMROSES. One of the most charming winter flowering house plants. This mixture contains only the finest fringed, free-flowering sorts and cannot fail to give entire satisfaction. **Price: Pkg., 10c postpaid.**

ANNUAL POPPY

Very few flowers adorn a garden more conspicuously than Poppies. Swaying back and forth in the slightest breeze, their dazzling, brilliant colors have a startling effect. Of delicate texture, extremely hardy. Very fascinating, with a range of color that is superb. With little encouragement Poppies will grow in almost any soil and location. Impossible to secure more graceful or ornamental flowers for massing.

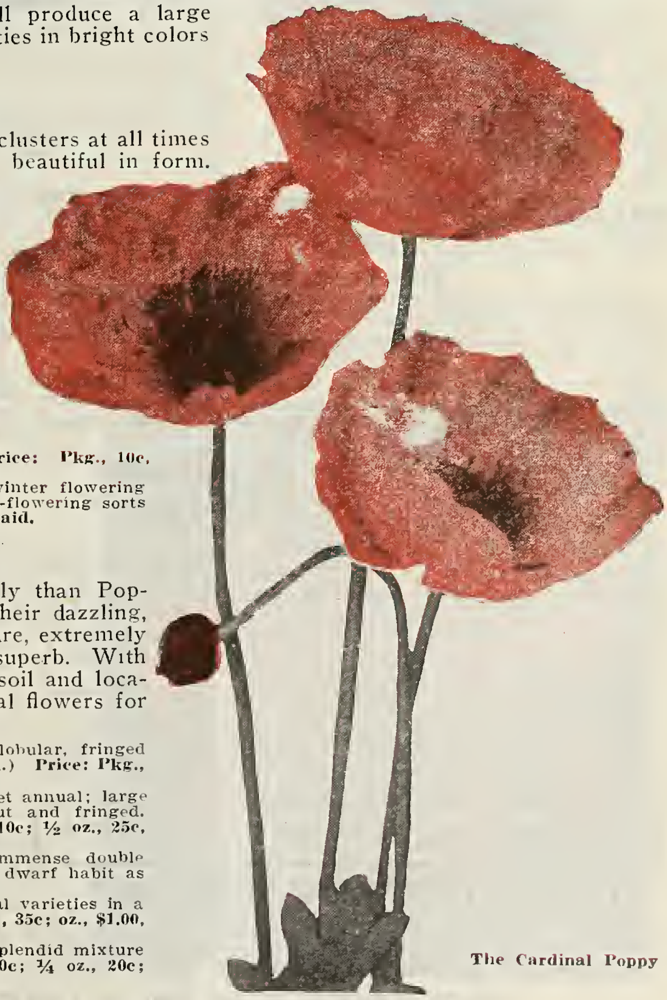
2374—CARDINAL. Splendid dwarf variety, bearing large, globular, fringed flowers of intense cardinal red; about 2 feet high. (See illustration.) **Price: Pkg., 10c; ½ oz., 40c, postpaid.**

2375—THE MIKADO. Pure white and brilliant crimson scarlet annual; large double flowers of quaint artistic beauty, with petals deeply cut and fringed. Similar in shape to the Cardinal here illustrated. **Price: Pkg., 10c; ½ oz., 25c, postpaid.**

2376—WHITE SWAN. An annual carnation Poppy, with immense double flowers, beautifully fringed and of the purest white, of the same dwarf habit as Cardinal. **Price: Pkg., 10c; ½ oz., 25c, postpaid.**

2384—PEACOCK POPPY MIXTURE. Single and double annual varieties in a great range of brilliant colors and shades. **Price: Pkg., 10c; ¼ oz., 35c; oz., $1.00, postpaid.**

2382—SALZER'S DOUBLE ANNUAL POPPY MIXTURE. A splendid mixture of the best varieties; produces a striking effect. **Price: Pkg., 10c; ¼ oz., 20c; oz., 75c, postpaid.**



The Cardinal Poppy

Salzer's Rainbow Giant Spencer Sweet Pea

SALZER'S RAINBOW SPENCER SWEET PEAS

Separate Shades

So large has become the demand for our Grandiflora Sweet Peas in separate shades that we are now offering our Spencer strains the same way. For description see Salzer's Rainbow Giant Spencer Mixed Sweet Peas.

2626—White Shades.
2621—Yellowish Shades.
2622—Pink Shades.
2623—Red Shades.
2624—Blue Shades.
2625—Purple Shades.

Price of any of above Mixtures of Spencers in separate colors: Pkg., 15c; oz., 35c; ¼ lb., $1.25, postpaid.

SALZER'S LARGE FLOWERING GRANDIFLORA SWEET PEAS

Separate Shades

The large demand for separate shades of the different varieties of Grandiflora Sweet Peas shows a strong love for sweet peas of distinct colors. It affords an excellent opportunity of growing in profusion only those colors as suit the fancy. For description see Grandiflora Mixed.

2512—WHITE SHADES.
2513—YELLOW AND ORANGE SHADES. Primrose to orange.
2509—PINK SHADES. Light to deep pink.
2511—RED SHADES. Bright rose to dark scarlet.
2504—BLUE SHADES. Lavender to mauve and heliotrope.
2510—PURPLE AND MAROON SHADES. All the dark colors.

Price of any of the above mixtures of Separate Shades: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.50, postpaid.

1586—Collection of above six shades: Price: 1 pkg. each, 50c; 1 oz., each, 80c, postpaid.

CUPID, THE DWARF SWEET PEA

2505—Low growing varieties, about 6 to 8 inches high, for edging, low beds and pot culture. They are unique and pretty. Our mixture contains every known sort and color in Dwarf Sweet Peas. **Price: Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., $2.75, postpaid.**

SALZER'S SPECIALLY SELECTED SPENCER SWEET PEAS

These exquisitely fringed and fluted wings of the Spencer are majestic beauties of incomparable magnificence. Their rich, grand texture, immense large size, exquisite shapes, delicate shades, the profusion of bloom and long stems, have practically superseded the older strains. We have spared no expense to secure the richest, rarest and most beautiful types of the most exquisite colors.

SALZER'S RAINBOW GIANT SPENCER MIXED SWEET PEAS

See Color Illustration Page 76

Fascinating and Captivating

2502—This wonderful blend of colors and immense giants, is composed exclusively of Spencer varieties. Grown from seed representing the highest achievement in those types. All of above named varieties and many others are included in this mixture.

The flowers are of open form, extraordinary size, with wavy standards and wide spread wings, making them of exceptional value for cutting. The plants are of very robust growth. They will bloom in great profusion for a long season; setting on but very few seed pods; this accounts for the continuous succession of flowers and also for the high price of the seed. (See illustration opposite.) Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.00, postpaid.

ECKFORD'S SWEET PEA MIXTURE

A Mixture of Exquisite Colors and Large Sizes

2503—Improved strains of the famous Eckford types. While not of the same superb large wavy standards and wings as the Spencers, they are nevertheless of magnificent size, always have and always will be popular favorites with the true lovers of flowers.

The range of colors like the Spencers is exquisite and practically every shade found in our Spencer Mixtures will be found in this. The stems are long and the plants hardy and robust, blooming until after the heavy fall frosts.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.35, postpaid.

SALZER'S GRANDIFLORA MIXED SWEET PEAS

A Large Flowering Type

2507—A strain so well known as to require no introduction to the American people. While considered as one of the finest types of Sweet Peas, the improvements of late years are such as to make it difficult to recognize it as the old grandifloras of our childhood days.

In spite of all the late Sweet Pea innovations this strain still continues to grow in popular favor and prominence. The range of colors is exquisite, deep, rich and dainty, in fact, we should say, gorgeous. The delicate standards and wings boldly expanded give them an appearance closely rivaling the Spencers themselves for size. Are exquisitely sweet scented.

Price: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., $1.25, postpaid.

WHEN ORDERING MAKE SURE YOU HAVE SIGNED YOUR NAME AND ADDRESS

SALVIA

2438—BONFIRE. One of the finest of the scarlet Sages, growing in a compact bush about 2 feet high by 2 feet in diameter. Its erect spikes of flowers of brilliant scarlet stand clear above the dark-green foliage and completely cover the plant. It is one of the most effective and gorgeous plants in cultivation. (See Illustration.) Price: Pkg., 10c; ¼ oz., $1.50, postpaid.

2439—FIREBALL. Compact plants about 15 inches high, covered with very long, flaming scarlet spikes. Fine for beds and pots. Price: Pkg., 15c; ⅛ oz., $1.00, postpaid.

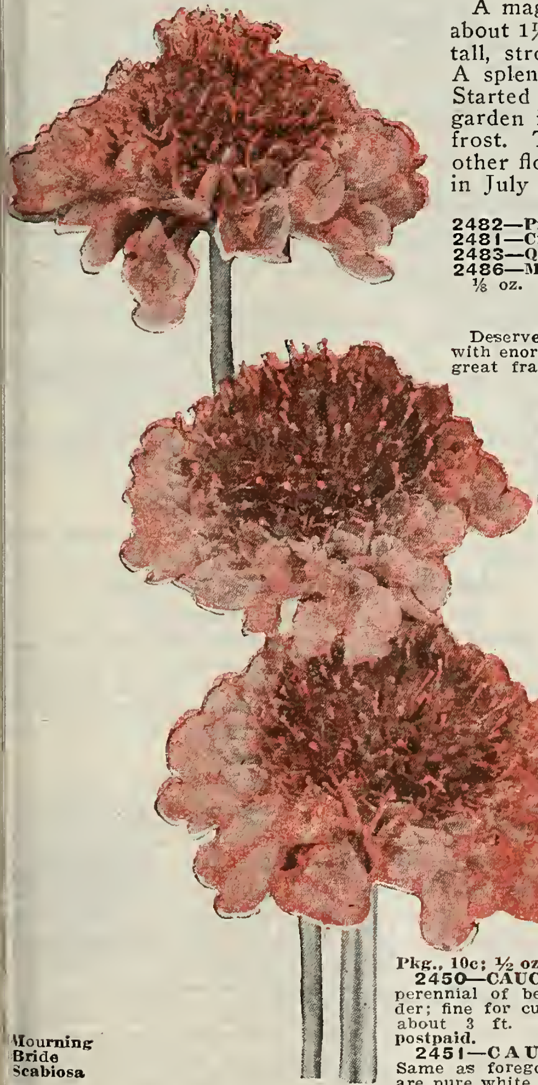
2442—SPLENDENS (Scarlet Sage). Beautiful bright scarlet. Price: Pkg., 10c, postpaid.

2443—ZURICH. A splendid, dwarf variety, grows about 18 inches high, large brilliant-scarlet flowers. The earliest kind, commences to bloom when only a few inches high and flowers 10 days in advance of any other sort. Price: Pkg., 20c; ⅛ oz., $1.00, postpaid.

Bonfire Salvia

STRAW FLOWERS

2490—This class of flowers is immensely popular for winter bouquets, as they retain much of their original shape and splendor. Comprises such varieties as the Globe Amaranths, Helichrysums, Gomphrenas, Statices, Brizas and Stipas. Price: Pkg., 15c, postpaid.



Mourning Bride Scabiosa

DRESDEN PERPETUAL STOCKS

(Cut-and-Come-Again)

A magnificent race of stocks. The plants are of fine symmetrical habit, about 1½ to 2 ft. in height, very bushy, and produce on numerous branches tall, strong spikes with very large, very double, sweetly scented flowers. A splendid variety to grow in flower beds, borders, or for house plants. Started from seed early in spring in the house and transplanted in the garden in May, the plants will begin to flower in July and continue until frost. They are especially valuable during September and October when other flowers are scarce. If wanted for house plants they should be sown in July or August and will keep in bloom all winter. (See illustration.)

	Price, Pkg.
2482—**Princess Alice.** White	10c

SCABIOSA

2452—MOURNING BRIDE. Large Flowering. Hardy annuals. Beautiful flowers in exquisite shades and borne on long stems; they keep in perfect condition for a long time when cut; they should be grown wherever cut flowers are wanted; grow about 2½ feet high; bloom from July to frost. (See illustration.) **Mixed. Price: Pkg., 10c; ½ oz., 50c, postpaid.**

2450—CAUCASICA. Hardy perennial of beautiful soft lavender; fine for cut flowers. Height, about 3 ft. **Price: Pkg., 10c, postpaid.**

2451—CAUCASICA ALBA. Same as foregoing except flowers are pure white. **Price: Pkg., 10c, postpaid.**

DRESDEN PERPETUAL, OR CUT-&-COME-AGAIN

Mammoth Verbena

SWEET WILLIAM

This beautiful flower so dear to th hearts of flower lovers everywhere—never lags in prominence. It has become more popular than ever since th new annual was introduced, whereas th old type of years ago did not bloom until the second year. It is one of th finest hardy garden plants. Very eas to cultivate.

They are very showy, beautifully colored and very sweet scented. The plant grow about one (1) foot high and th perennials once planted last for years.

2527—SINGLE GIANT FLOWERED. Large heads with larg florets in a great variety of colors and markings. **Price, Mixed colors Pkg., 10c; ¼ oz., 35c, postpaid.**

2525--PINK BEAUTY. Beautiful salmon-pink flowers. **Price: Pkg. 10c, postpaid.**

2526—SCARLET BEAUTY. Flowers of a rich scarlet color. **Price: Pkg., 10c, postpaid.**

2524—DOUBLE GIANT FLOWERED. The plants are of robust, bushy habit, surmounted by immense umbels of large, full, double flowers measuring over 1 inch in diameter. **Mixed colors. Price: Pkg., 10c; ¼ oz., 50c, postpaid.**

2523—ANNUAL SWEET WILLIAM. Blooms early in summer from spring sown seed and continues in flower for many weeks. **Price, Mixed Colors: Pkg., 15c, postpaid.**

THUNBERGIA

2533—BLACK EYED SUSAN. Rapid growing annual climbers; used extensively in hanging baskets, vases, etc.; flowers buff, white, orange, etc., with dark eyes, mixed colors. **Price: Pkg., 10c; ¼ oz. 60c postpaid.**

TORENIA

2535—FOURNIERI. Annual; splendid for vases, hanging baskets, borders, etc., covered the entire season with a mass of bloom snap dragon-like of sky-blue color, with three spots of dark blue and bright yellow throat. **Price: Pkg., 10c, postpaid.**

VIOLAS OR TUFTED PANSIES

2559—Hardy perennial plants. While the tufted pansies do not produce as large flowers as the regular type, yet they bloom more profusely and for a longer time. If sown in April the plants will flower in June, continuing a sheet of bloom until frost, and soon after the snow is off the ground the following spring they begin to flower again. Should be more generally used. **Mixed colors. Price: Pkg., 10c; ¼ oz., 85c, postpaid.**

2561—VIOLET SWEET. Single blue, favorite hardy plants, prized for their fragrant flowers. The seed takes a very long time to germinate. **Price: Pkg., 10c, postpaid.**

VINES

1385—CLEMATIS PANICULATA. A hardy climber for permanent positions. A mass of white star-like flowers grows about 30 feet in a season. Flowers after first year. **Price: Pkg., 10c, postpaid.**

2568—WISTARIA PURPLE. Pendant cluster of purple flowers. Does not bloom until second year. Grows about 40 feet long. A very hardy vine. **Price: Pkg., 10c, postpaid.**

MAMMOTH VERBENA

Few flowers exceed the Verbena in richness of colors and freedom of bloom. **(See Illustration)**

2544—MAMMOTH MIXED. This is a new class of Verbenas which is of extraordinary beauty and surpasses all other strains known today, in size, perfection of form and richness of colors. The individual flowers are of great size, measuring from 1¼ to 1½ inches in diameter; each one has a large, bright, white eye, which makes the coloring more vivid. Red shades predominate in this mixture. **Price: Mixed, per pkg., 25c, postpaid.**

2546—HYBRIDA MIXED. All colors of the older types, with small flowers. **Price, Mixed: Pkg., 10c; ¼ oz., 65c, postpaid.**

WALLFLOWER

2564—DOUBLE MIXED. Deliciously fragrant double-flowers, brown and orange-purple shades predominate. These are tender perennial plants and should be wintered over in cold frames. **Price: Pkg., 10c, postpaid.**

2563—EXTRA EARLY ANNUAL SORTS. A distinct type. From seed sown in the spring plants will be in full bloom by August 1st, continuing until checked by frost. Magnificent, deliciously fragrant flowers of golden yellow, blood-red, bright yellow and white colors. **Price, Mixed Colors: Pkg., 10c, postpaid.**

YUCCA FELAMENTOSA

2599—One of the grandest evergreen plants for the lawn. A single panicle often contains 300 or more florets. Creamy bell-shaped flowers. Grows about 5 to 6 feet high. It is extremely ornamental; often known as Adams Needle. Perennial. **Price: Pkg., 10c, postpaid.**

WILD CUCUMBER

2567—ECHINOCYSTIS. One of the quickest growing climbers, attaining often a length of 30 feet in one season. It is thickly dotted with pretty, white, fragrant flowers, followed by an abundance of ornamental and prickly seed pods. Covers quickly an old tree or an unsightly building. **Price: Pkg., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.00 postpaid.**

WILD FLOWER GARDEN MIXTURE

2566—In this mixture we have included everything that can be successfully grown, and which will, within several weeks after planting, show bright flowers. **Price: Pkg., 10c, postpaid.**

VINCA

2557—House and bedding plants about 18 inches high, with glossy green leaves and circular flowers. Seed should be sown early and plants will bloom the first year. **Red and white colors mixed. Price: Pkg., 10c, postpaid.**

ORNAMENTAL GRASSES

Ornamental Grasses are used extensively for bouquets, house and garden decorative plants.

2241—Mixed. **Price: Pkg., 10c, postpaid.**

LARGE FLOWERING ZINNIA

See Color Illustration Page 76

2572—GIANT SHOW (Grandiflora Robusta Plenissima). Huge flowers measuring often 5 to 6 inches across, semi-globular and very double. Grand and long-lasting effects can be produced in beds and borders with this new race. Mixed Colors. Price: Pkg., 10c; 3 for 25c; ¼ oz., 50c postpaid.

LARGE-FLOWERING DWARF—Bushy, compact plants about two feet high, bearing large perfect double flowers.

2577—ORANGE.
2578—PINK.
2579—ROSE.
2580—SCARLET.
2581—WHITE.
2582—YELLOW.

1589—One package, each six colors. Price: 50c, postpaid.

2583—Mixed, all colors. **Price: Pkg., 10c; ¼ oz., 35c; postpaid.**

2574—ELEGANS FL. PL. This is a very fine strain of free blooming, large double flowering Zinnia of varied and most beautiful colors. **Price: Pkg., 10c; ⅛ oz., 25c, postpaid.**

2575—LILLIPUT. Most beautiful and attractive. Blooms all summer to late fall. About 15 inches high. Fairly bristle with short-stemmed, very double flowers about the size of a daisy—very popular. **Price: Pkg., 10c; ⅛ oz., 25c, postpaid.**

2571—CRISPA (Curled and Crested). A curious and beautiful strain; petals twisted, curled and crested into fantastic and graceful forms. Brilliant colors mixed. **Price: Pkg., 10c; ¼ oz., 50c, postpaid.**

2573—ZEBRA. A very pretty strain with striped flowers. The colors vary on each plant. **Price: Pkg., 10c; ¼ oz., 35c, postpaid.**

SALZER'S SERVICE SATISFIES.

BOSTON FERN

In this variety we have one of the most satisfactory of all Ferns. It does exceedingly well everywhere. Its charming, graceful, magnificent, healthy fronds are inimitable. No picture, no illustration, no description can do it justice. (See illustration.)

Price, by mail: Each, 25c: 3 for 70c. Larger plants by express, each: Size A, 3 in. pots, 75c; size B, 4 in. pots, $1.00; size C, 6 in. pots, $1.50; size D, 8 in. pots, $3.00.

COLLECTION OF FERNS—6 elegant sorts, postpaid, $1.25.

Boston Fern

WHITMANII

The Beautiful Crested Fern

One of the most popular Ferns. Rather dwarf in growth, but graceful, very compact, dense and feathery. It is a healthy, vigorous grower, constantly unfolding fresh fronds of light green that contrast exquisitely with the deep green of the older fronds. Is very fluffy, delicate and beautiful. (See illustration.) **Price: Fine young plants, 25c; 3 for 70c, postpaid.**

Larger Plants: A, each, 65c; B, $1.00; C, $1.50; D, $3.50, by express.

PIERSONII

The Popular Ostrich Plume Fern

A strong, vigorous grower, resembling the Boston Fern somewhat, but the fronds are much heavier and more feathery, and arch over in a most graceful manner, showing two shades of green and producing a lovely mossy effect, which adds greatly to its beauty. **Price: Each, 25c, postpaid. Size A, 50c; B, $1.00; C, $1.75; D, $3.00, by express.**

VERONA

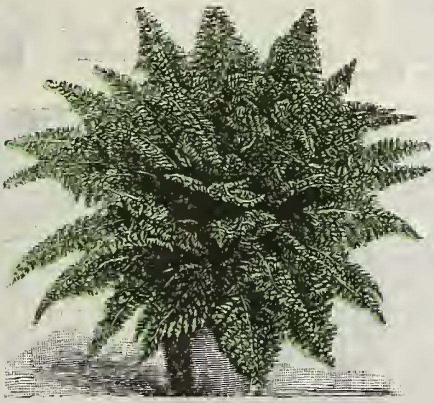
The Green Lace Fern

A very popular variety of dense growth for pans and dishes for table decorations. Has very delicate, beautiful, fancy lace-like leaves. **Price: Each, 35c, postpaid; 3 in. pot, 70c; 4 in. pot, $1.25, by express.**

FERN COLLECTION

While this collection is a selection of our own, we have always had a pleasure and delight in making it an assortment that would please, delight and satisfy our customers in every way. The Beautiful Boston Fern is included.

Our selection of 6 sorts, $1.25; our selection of 3 sorts, 75c; 6 sorts, including Boston Fern, in all 7 plants, for $1.35, postpaid.



New Crested Fern (Whitmanii)

FERNS FOR TABLE JARDINIERES, PANS, DISHES, ETC.

Price for any of the following varieties, each, 25c; the set of 6 for $1.00, postpaid.

ADIANTUM—Maiden hair fern.

ASPIDIUM TSUSSIMENSE—A pretty dwarf species.

PTERIS CRETICA ALBO-LINETAT—Varigated white and green.

PTERIS GILBERTI.
PTERIS WILSONI.
PTERIS HASTATA.

DRACAENAS

DRACAENA INDIVISA. An elegant decorative plant. Splendid if grown alone, also suitable as center of vases, jardinieres, etc. **Each, 25c; seed, 12 kernels, 25c.**

DRACAENA TERMINALIS. Brilliant crimson; scarlet leaves. **Each, 30c.**

DRACAENA WOLSELEY. Darker in color than Terminalis; leaves more narrow and pointed. **Each, 35c.**

CYCAS REVOLUTA

THE TRUE SAGO PALM. Anyone having seen this magnificent plant will admit that few plants can equal it in grandeur. Indeed it is one of the noblest of all palms. Easy to grow.

1st Size	**$0.50**	**3d Size**	**$1.00**
2d Size	**.75**	**4th Size**	**2.00**

KENTIA BALMOREANA

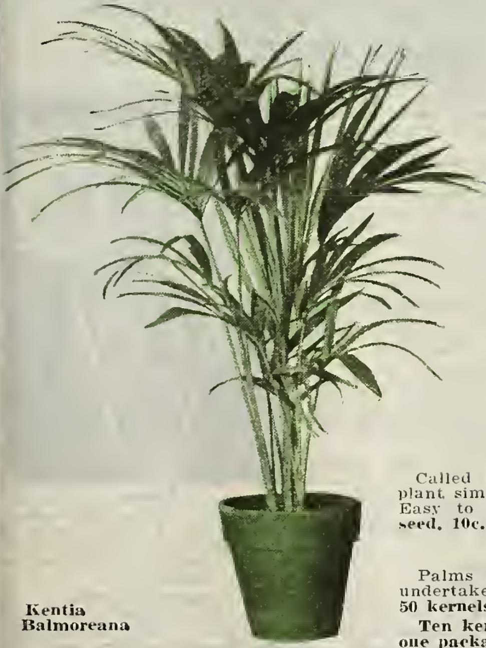
This is, in our estimation, one of the very best Palms for house culture, being most graceful and handsome. Few plants give more satisfaction all the year round than this variety. (See illustration.) **Each, 50c, postpaid; 2d size, $1.00; 3d size, $2.50 up to $5.00, by express. Seed, per 5 kernels, 10c.**

LATANIA BORBONICA

Fan Palm. A beautiful Palm, with large deeply divided, fan-shaped leaves. It is of easy cultivation, and should be in every collection. **Each, 50c, postpaid; 2d size, $1.50, by express. Seed, per 5 kernels, 10c.**

PANDANUS VETCHII

A very fine, graceful variegated plant to grow. The Croton is beautiful, but Pandanus Vetchii has it beaten at every point. It is one of those graceful, charming plants in white and green that always enhances the value of any home collection. (See illustration.) **Each, 50c; large plants, $1.00 to $3.00**



Kentia Balmoreana

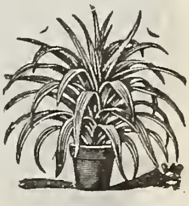
PANDANUS UTILIS

Called Screw Pine from arrangement of leaves on stem. A stately plant, similar to P. Vetchii, well adapted for centers of vases or baskets. Easy to keep. **1st size, 50c each; 2d size, $1.00 each; 4 kernels of seed, 10c.**

PALM SEED

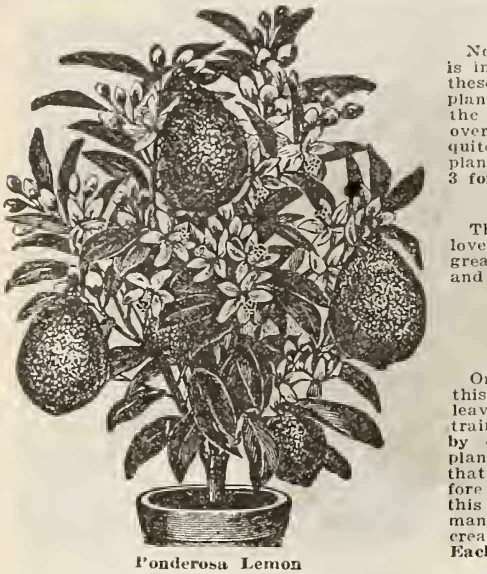
Palms are of easy growth from seeds, and the delight of all who undertake to grow them. **Palm Seed, mixed, 10 kernels, 15c; package of 50 kernels, 50c.**

Ten kernels of Palm, Dracaena, Pandanus and Banana seeds mixed in one package, 20c; package of 50 kernels, 75c.



Pandanus Vetchii

HAVE YOU INCLUDED OUR HAPPY HOME PLANT COLLECTION WITH YOUR ORDER?



Ponderosa Lemon

NEW LEMON PONDEROSA

Nothing in the plant line has caused half the commotion as this wonderful Lemon. It is indeed an ever-bearing variety. On a fair-sized plant one can find a great many of these ponderous Lemons growing at one time. It was a beautiful sight to behold. The plant was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, which often weighed as much as four pounds and over. It is one of the juiciest Lemons and makes delicious lemonade. It fruits when quite small and makes a lovely house plant. Everybody that is successful with house plants can grow this lemon. **Thrifty young plants.** (See illustration.) **Price: Each, 35c; 3 for $1.00, postpaid. Second size: Price: Each, 75c; 3 for $2.00, postpaid.**

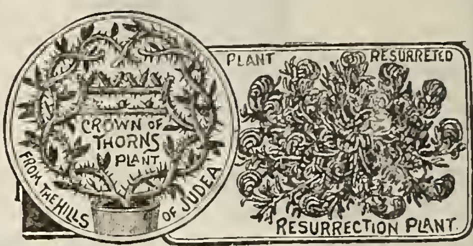
OTAHEITE ORANGE

This variety of the Orange family is a dwarf, compact grower. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. Its great beauty and value is its constant bloom and continuous bearing. Blossoms, green and ripe fruit on the same plant at the same time. **Price: Each, 35c; 3 for $1.00, postpaid.**

2 BIBLE PLANTS, 50c POSTPAID

CROWN OF THORNS, OR EUPHORBIA

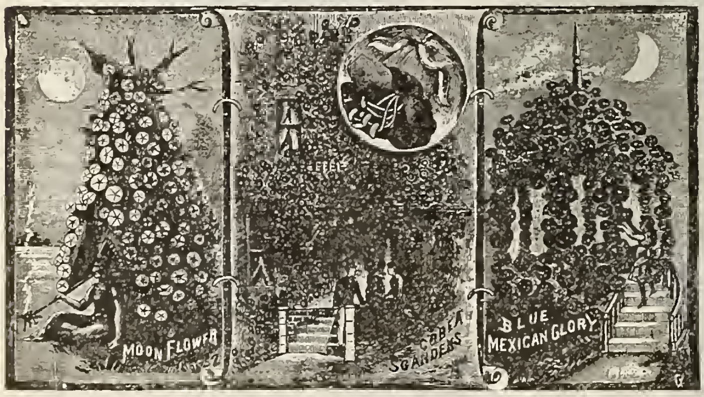
On the wild, rocky hills of Judea, and in the immediate neighborhood of Jerusalem, this emblematic plant is found. It is a peculiar plant, thorny, with a few bright green leaves and an abundance of light **Rose blossoms**, of the easiest possible culture and can be trained to assume any shape. It is claimed **the "Crown of Thorns" worn by our Savior** was made from this plant. Indeed some historians assert that the drink given to our Savior before his death came from the juice of this plant. With each season the demand for the Crown of Thorns increases. (See illustration.) **Price: Each, 35c; second size, 60c, postpaid.**



THE RESURRECTION PLANT

Among the pines and cedars of Palestine, this singular plant is found. Imagine a bunch of withered looking shoots, brown, stiff and apparently dead; place it in water, and within an hour it is transformed from a withered-looking bunch into a lovely patch of green moss. (See illustration.) **Price: Each, 20c; 2 for 35c, postpaid.**

One Each of Above 2 Bible Plants, 50c Postpaid



THREE GIANT CLIMBERS

NEW GIANT MOON FLOWER

Often growing 50 feet in one season; blooms continuously from June to November, its moon-like flowers being of the purest white, of giant size; blooming only at night or on dull days; gives out a delicious odor similar to the jasmine. (See illustration.)

Extra strong plants. Price: Each, 25c; 2 for 40c; 12 for $2.00, postpaid.

COBEA SCANDENS, OR CATHEDRAL BELLS

Three or four plants placed along the side of the house will cover it fully twenty feet wide and rival each other as to which will reach the top of the roof first; it displays a purple bell-shaped blossom glory unknown in any other flower or vine. (See illustration.)

Price: Each, 25c; 2 for 40c; 12 for $2.00, postpaid.

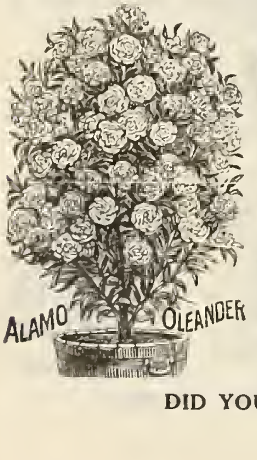
BLUE MEXICAN GLORY

This magnificent blue flowering Glory blossoms in great profusion. It is similar to the Moon Flower in growth, with blossoms from 3 to 8 inches in diameter. (See illustration.)

Price: Each, 25c; 2 for 40c; 12 for $2.00, postpaid.

ALAMO OLEANDER

Obtained years ago near the Alamo, the birthplace of Texas liberty. It is a large, semi-double, pink bloomer and easy to grow. No matter how badly the Oleander is treated, whether it is put in the cellar during the winter, or in a cold room, it rewards the grower in summer and fall with a great abundance of blossoms. (See illustration.)



Price: Pink Alamo Oleander, each, 35c; 3 for $1.00.

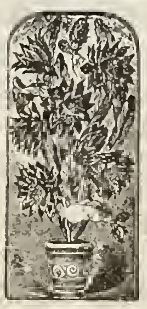
Second size, each, 75c. Extra large, $1.00 each.

White Blooming, each, 35c; 3 for $1.00.

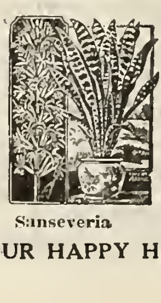
Second size, each, 50c; 3 for $1.35. Extra large, $1.00 each.

CACTUS—THE FASCINATING PLANTS

Cactus are again short with us. For this reason second and third choice should always be mentioned. We will always fill variety ordered if possible to secure when our own stocks are exhausted.



Phyllocactus



Sanseveria

NIGHT BLOOMING CEREUS ☛

Glorious beyond description is the Night Blooming Cereus. This gorgeous Cactus usually opens in the evening, attaining its greatest beauty at midnight, blossoms often measure 12 inches in diameter. (See illustration.) **Price: Each, 30c.**

LOBSTER. A wonderfully free bloomer, of drooping, weeping habit, also called Christmas Cactus. **Price: Each, 30c.**

TEXAS FENCE CACTI. Massive, broad leaves; rapid grower; very beautiful; in great demand. **Price: Each, 30c.**

PHYLLOCACTUS

One of the most brilliantly beautiful blossoms among Cacti is found on this plant. (See illustration.) **Price: Each, 50c.**

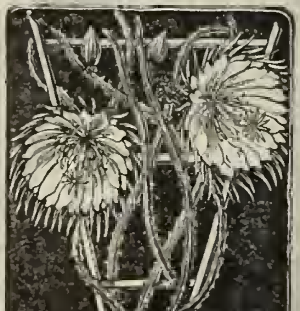
SANSEVERIA

A transcendant beauty; will bear neglect and yet produces attractive foliage and immense spikes of blossoms. Blooms very freely and in great abundance. (See illustration.) **Price: Small, 25c each; large plants, 40c.**

STAPELIA

A Rare Beauty

Very odd indeed, bearing beautiful buff yellow colored blossoms, with deep maroon markings, and of wonderful design. **Price: Each, 50c.**



Cereus

Candle Cactus (Opuntiae). This is the Candle Cactus of New Mexico, producing beautiful yellow and purple flowers. **Price: Each, 50c.**

CACTUS SEED

Cactus can easily be grown from seed. **Choice mixed, pkg., 15c. Wonder mixture, pkg., 25c.**

DID YOU INCLUDE OUR HAPPY HOME PLANT COLLECTION IN YOUR ORDER?

SUMMER FLOWERING BULBS FOR SPRING PLANTING

GODFREY CALLA LILY

Did you ever grow a Calla Lily? If not, then you missed one of the real pleasures of plant and flower growing. There is something almost divine in the exquisite beauty of the Calla Lily. You never tire of seeing it, of showing it and of having it. Try a few this year, we know you will never be without them if you do.

Godfrey Calla is one of the most profuse flowering of all sorts. Blooms almost continually. Even the smallest plants are seldom without blossoms. Compared with the ordinary calla it gives three blossoms to one. Though smaller in size, it is surely one of the very finest of all callas. (See illustration.) **Price: 35c each; large, 50c, postpaid. Extra large, $1.00, by express.**

APIOS TUBEROSA

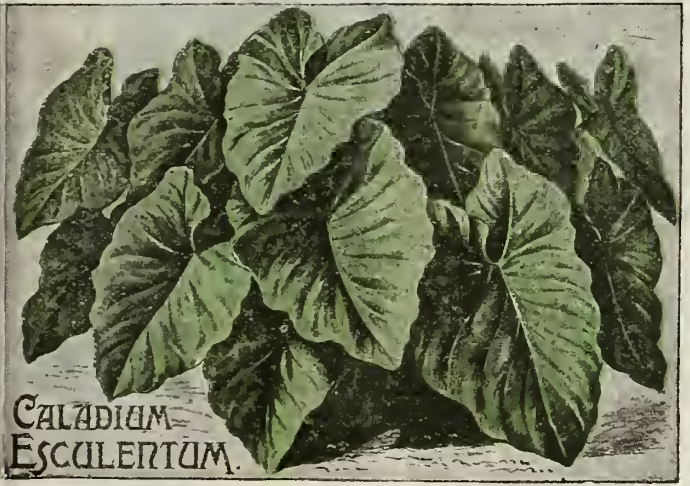
A valuable hardy tuberous-rooted climber, resembling in miniature the common Wistaria in vine and foliage, and having clusters of rich, chocolate-brown flowers, which have a strong, delicious violet fragrance. They grow often to a height of 8 to 10 feet, and bloom profusely. Plant 2 to 3 bulbs near together to produce a mass of vines and flowers. **Price: Each, 15c; 3 for 40c, postpaid.**

AMARYLLIS

AMARYLLIS JOHNSONI. One of the noblest of all house blooming lily bulbs, bearing with great freedom glorious brilliant, scarlet blossoms. **Price: Each, 50c; 3 for $1.35, postpaid. Large bulbs. Price: Each, 75c; 3 for $2.00, postpaid.**

AMARYLLIS FORMOSSIMA (FIRE LILY). Magnificent flowers of brilliant deep velvety crimson color. **Price: Each, 50c, post-paid.**

Godfrey Calla



CALADIUM ESCULENTUM.

CALADIUM ESCULENTUM

This gorgeous plant is often called Elephant Ear, on account of the enormous size of the single leaves. Look at the illustration of this tropical plant. Its mammoth leaves frequently measure from 3 to 6 feet in circumference. It is easy to grow and no garden or lawn should be without it, as it is particularly striking when grown either single or in a group on the lawn, with Callas as center. It is very popular as an indoor or house plant, where room decoration is desired by large stately, beautiful, attractive foliage. All plant and flower lovers who know and appreciate the wonderful enhancement of plants find great joy and pleasure in this magnificent plant for the home as well as the garden. (See illustration.)

Price: Each, 35c; 3 for $1.00; 10 for $2.50; large bulbs, 50c each, postpaid.

GLOXINIA

The Gloxinia of late years has become one of the most popular of plants on account of its great beauty and profusion of its bloom and summer blooming habit. There are not many flowers more easy to grow or many that are more fascinating or give more pleasure. We wish our customers would try a few of these bulbs and see what a magnificent plant it will produce. (See illustration.) **Price: 50c each; 3 for $1.35, postpaid.**

LILY OF THE VALLEY

This dear old favorite of our mothers and grandmothers is still one of the sweetest and most delicate of flowers. Spreads rapidly, being perfectly hardy, and each succeeding year rewards the grower with a greater abundance of deliciously fragrant, snow-white blossoms. **Price: Each, 10c; 10 for 85c, postpaid.**

Clumps: Big clump, each, 75c, by express.

FANCY CALADIUM

No plant excites more admiration than the Fancy Caladium, as its summer foliage is of a rich and gorgeous, yet soft coloring. Unexcelled for house use, for window boxes or even for outdoor bedding in shady or semi-shady positions. The coloring of the leaves is simply marvelous. We can supply this Caladium in assorted colors. **Price: Each, 35c; 3 for $1.00, postpaid.**

Gloxinia

WHEN ORDERING MAKE SURE YOU HAVE SIGNED YOUR NAME AND ADDRESS.

RARE FUCHSIAS

1. **STORM CLOUD**—Glorious blossoms, splendid to behold. It is one of the largest, finest double white Fuchsias, and its great snow-white balls, borne in such prodigal profusion, almost completely hide the foliage of the plant. **Each, 25c; 5 for $1.10.**

2. **MIDNIGHT**—Grows somewhat taller than its companion, Storm Cloud, but for genuine beauty its deep colored, big blossoms of giant size are unexcelled. **Each, 25c; 5 for $1.10.**

3. **RED DRAGON**—Blossoms of beautiful, elongated shape. It is exceedingly floriferous, the original seeding, when 9 months old, bore at one time 167 large, long, lovely buds and blossoms of a peculiar vermilion, velvety crimson color. (See illustration.) **Each, 30c; 5 for $1.25.**

SPECIOSA FUCHSIA

A well-known, ever popular single Fuchsia, largely grown for show. **Price: Each, 25c; 3 for 65c, postpaid.**

VIOLETS

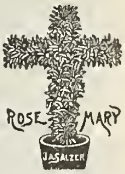
"SWEETER THAN ROSES." EASY CULTURE.

MARIE LOUISE—One of the finest Violets grown, very double and large; color, dark lavender blue. **Prices: Each, 20c; 3 for 50c; 12 for $1.75, postpaid.**

GOVERNOR HERRICK—A wonderful large dark blue single violet with dark glossy leaves. **Each, 20c; 3 for 50c; 12 for $1.75.**

PRINCESS OF WALES—A very hardy violet; excellent grower and bloomer. Single, deep blue flowers, borne on very long stems. **Each, 20c; 3 for 50c; 12 for $1.75, postpaid.**

ROSEMARY



A well known favorite which can be grown with little care in different forms and shapes. Always in great demand and cannot be recommended too strongly as a charming house plant. Leaves fragrant, blossoms small, lilac color. (See illustration.) **Price: Each, 30c, postpaid.**

HARDY PERENNIAL PLANTS

Prices where not otherwise stated, 15c each; 6 for 75c; 12 for $1.25, postpaid.

1—GIANT ACHILLEA. Its many branches hold their great mass of pure white feverfew-like flowers about a foot above the soil. For **cemetery planting**, it is the most valuable of all white flowers. **It blooms from May until snow flies. Seed Pkg., 10c.**

2—AQUILEGIA. This handsome Columbine from the Rocky Mountains is a most striking and showy kind with blue and white and all colored flowers. **Seed Pkg., 10c.**

3—CAMPANULA PERSICIFOLIA (Peach Bells). White. One of the finest campanulas with large, handsome white bell shaped flowers. A great acquisition. Height about two feet; flowers in June and July. **Seed Pkg., 10c.**

4—CAMPANULA PERSICIFOLIA. Blue. Large bright blue flowers. **Seed Pkg., 10c.**

5—COREOPSIS. The flowers are a rich golden-yellow, of graceful form; it blooms the entire summer and autumn. **Seed Pkg., 10c.**

6—DAISY SHASTA. Pure white flowers with long twisted petals. Blooms entire season. Very hardy.

7—DELPHINIUM, Formosum. Dark blue with white center; about 3 to 4 feet high. **Seed Pkg., 5c.**

8—DELPHINIUM, BELLADONNA. Free and continuous blooming, never being out of flower from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equaled for delicacy by that of any other flower. **Seed Pkg., 10c.**

9—DIGITALIS, FOXGLOVE. One of the finest hardy perennials, with finely spotted flowers of white, purple, lilac and rose colors. Blooms in June.

10—GYPSOPHILA. Graceful, branched panicles of pretty, little white flowers. Blooms in August and September. Height about two to three feet. **Seed Pkg., 10c.**

11—GAILLARDIA, Grandiflora. Very showy, hardy plants, beginning to flower in June they continue the entire season.. The large flowers are of gorgeous coloring. The center is dark red brown, while the petals are marked with rings of brilliant crimson, orange and vermilion. (See color illustration on page 93.) **Each, 20c. Seed Pkg., 10c.**

12—HOLLYHOCKS. Stately, majestic, hardy plants, favorites in the old-fashioned hardy garden; their colossal spikes produce a showy effect which cannot be secured with another flowering plant. **Seed Pkg., 10c.**

13—LYCHNIS. Very showy dense heads of brilliant orange, scarlet flowers. Height about two to three feet; blooms all summer.

14—POPPY ORIENTAL HYBRIDS. Immense flowers of brilliant colors varying from bluish white, orange to deep scarlet.

15—SWEET ROCKET. A splendid about 2 to 3 foot tall growing, hardy perennial; always in bloom; very sweet.

16—PLATYCODON (Japanese Bell Flower). One of the very finest of all perennials. Form neat bushes and bloom continuously during May and June; yes, often late into September; dark blue. **Seed Pkg., 10c.**

17—SWEET WILLIAM. One of the finest and best known of our hardy garden plants. Brilliant colors mixed. **Seed Pkg., 10c.**

18—YUCCA. Grows more beautiful and blossoms more freely each succeeding year. It lives forever, bearing great quantities of white blossoms.

☞ All of our Perennials are grown in pots and well rooted. Write for prices on field grown clumps.

DID YOU INCLUDE OUR HAPPY HOME PLANT COLLECTION IN YOUR ORDER?

DAHLIAS

A most satisfactory garden flower, with an endless variation of shapes and colors which are found in few other plants. No garden is complete without them.

Dahlias grow in any soil that will produce corn or potatoes, but where a choice can be made, we select one rather light, well drained and moderately rich. Dahlias should be planted in an open situation away from shade which robs the soil of its fertility. Plant the varieties from three to four feet apart. Set out in the open when weather becomes settled. Early planting is advisable. The crown should be placed about six inches below the surface.

DECORATIVE DAHLIAS

Decorative Dahlias are large, flat and full to the center; petals quite irregularly situated, long, broad, flat and nearly straight.

BLUE OBAN. Color, lavender with a beautiful tint of blue. Nearest to blue of any Dahlia in existence. Very desirable on account of its peculiar color.

DOLLY or SYLVIA. White edged pink.

CLIFFORD W. BRUTON. A large canary yellow.

JACK ROSE. The identical shade of the rose with the same name.

LE GRAND MANITOU. The color of this superb variety is pure white, artistically striped, splashed and blotched deep violet-purple. The effect of these phenomenal flowers is most pleasing.

MINOS. One of the finest Dahlias. The flowers are large and exceedingly beautiful. The color is intense velvety maroon, almost black.

PRINCE OF ORANGE. A novel combination of orange and yellow shades.

PRINCESS JULIANA. Splendid New Holland Decorative Dahlia. Holland Dahlia specialists claim this one of the finest white Decorative sorts, also one of the best flowering. Pure waxy white.

SOUVENIR DE GUSTAVE DOAZON. This variety is a good comparison to the "Sunflower." It is the largest Dahlia in existence. The color is a pleasing shade of orange red. Flowers often measure 9 inches and over in diameter.

WILHELM MILLER. Very brilliant purple. This is a fine Decorative type.

Any above strong field growing roots at 30c each, postpaid. Collection of ten field growing roots, $2.75, postpaid. Well rooted cuttings of above varieties, 20c each. Collection of ten rooted cuttings, $1.75.

SHOW DAHLIAS

Show Dahlias. These are large, spherical, regular, compact and full to the center. The flowers are either solid, edged, tipped or shaded darker.

A. D. LIVONI. Beautiful pink. Perfectly round, ball-shaped flowers, each petal being very tightly quilled.

ARABELLA. Sulphur yellow, tipped pinkish white.

LUCY FAUCETT. Pale yellow, striped deep pink or light magenta.

NORMA. In our estimation a model of perfection. Large, perfectly quilled. Most exquisite shade of live, bright orange. Blossoms in remarkable profusion.

QUEEN VICTORIA or MARY D. HALLOCK. Canary yellow.

REINE CHARLOTTE. Purple with violet tints.

REGGIE. A Colossal Dahlia of beautiful cherry red color.

STORM KING. The most reliable pure white Show Dahlia.

STRADELLA. Alexander's Seedling. Beautiful deep purple crimson. Stems long and wiry. One of the finest.

Any of above strong field growing roots at 25c each, postpaid. Collection of nine field growing roots, $2.00, postpaid. Well rooted Cuttings of above varieties, 15c each. Collection of nine cuttings, $1.25.

PAEONY-FLOWERED DAHLIAS

Paeony-flowered Dahlias. A new type of Dahlia; flowers are semi-double having two, three or more rows of broad, flat, loosely arranged petals, surrounding a conspicuous, rich, golden yellow center. Petals are often pointed, and sometimes twisted.

BARON G. DE GRANCY. Fragrant Paeony-flowered Dahlia. A perfect wonder. Its remarkable qualities being excellent type, perfect form and purity of color. The flowers are borne in great profusion upon long, graceful stems. The color is a waxy, almost glistening, pure white. The first "Fragrant White Paeony-Flowered Dahlia" in existence, and a beauty in every sense of the word.

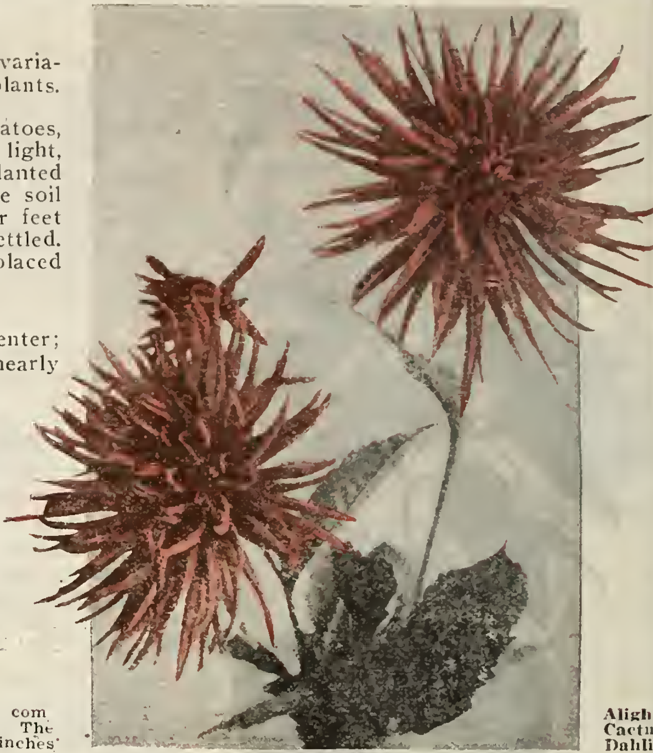
GERMANIA. Holland Paeony-flowered Dahlia. Bright glowing crimson.

P. W. JANSEN. Fragrant Paeony-flowered Dahlia. A most satisfactory variety. The novel color is rosy salmon daintily overlaid with a beautiful shade of yellow.

QUEEN EMMA. Fragrant Paeony-flowered Dahlia. A delightful sort that appears almost artificial. It is a charming shade of hollyhock pink, the inner petals banded with gold. The flowers are sensational.

QUEEN WILHELMINA. Giant Holland Paeony-flowered Dahlia. One of the largest and finest of the pure white sorts; excellent for decorative work and unsurpassed as a cut flower.

Any above strong field growing roots at 35c each, postpaid. Collection of five field growing roots $1.60, postpaid. Well rooted cuttings of above varieties, 25c each. Collection of five rooted cuttings, $1.00.



Alight, Cactus Dahlia

CACTUS DAHLIAS

Cactus Dahlias. This class is of comparatively recent introduction; and is entirely distinct from any other class. The flowers are loosely and artistically formed, and very irregular, resembling the Chrysanthemum. Petals long, twisted, and terminating in a point.

ALIGHT (Incurved). (See illustration above.) Gigantic flowers of a beautiful orange-scarlet color. Petals long and narrow

COUNTESS OF LONSDALE. (Hybrid.) Deep salmon red. One of the best. Very free blooming. Should be in every garden.

DIADEM (Incurved). Very large and graceful. Beautiful shade of lilac.

EUREKA (Straight). Color deep purple. Petals are long, straight and tightly quilled.

GENERAL BULLER (Straight). A rich, velvety crimson maroon, tipped white. Most attractive.

GLORY OF WILTS (Incurved). This is a magnificent incurved Cactus Dahlia. Color, a rich, deep, golden yellow.

ICEBURG (Straight). Ivory white, with pale yellow cast at center. Petals long, quilled and narrow.

J. H. JACKSON (Straight). One of the finest black Cactus Dahlia in existence. Gigantic in size.

KRIEMHILDE. (Hybrid.) The queen of the Cactus Dahlias. Color, flesh (delicate pink), shading to white in the center.

PRINCE OF ORANGE (Straight). A rich shade of gold at the outer petals with a bright yellow center; very showy.

STANDARD BEARER. Fiery scarlet, extra fine. Very free flowering.

STERN (Straight). Bright primrose-yellow. The flowers are large, petals long and pointed.

Any of above strong field growing roots at 30c each, postpaid. Collection of twelve field growing roots, $3.25, postpaid. Well rooted cuttings of above varieties, 25c each. Collection of twelve Rooted Cuttings, $2.75.

POMPON DAHLIAS

AMBER QUEEN. Rich, clear amber, shaded apricot.

DARKNESS. Dark maroon.

LITTLE BELLE. Light pink or rosy pink.

ZOE. Base of petals edged yellow, tips white. Sometimes blossoms come all yellow.

Any of above strong field growing roots at 25c each. Collection of four field growing roots, 85c, postpaid. Well rooted cuttings of above varieties, 20c each. Collection of four cuttings, 75c.

SINGLE DAHLIAS

BLANCHE. The flowers are large and very attractive, pale yellow at base, faintly tipped pink with a cast of pure white over the whole flower.

JENNIE WREN. White, effectively striped and splashed with deep purple.

MAN FRIDAY. Deep maroon.

ROSE PINK CENTURY. A rose-pink shade.

WILDFIRE CENTURY. Brilliant flaming scarlet with orange red suffusion at base of a unique and pleasing form.

Any of above strong field growing roots at 25c each, postpaid. Collection of five field growing roots, $1.00, postpaid. Well rooted cuttings of above varieties, 20c each. Collection of five cuttings, 85c.

DAHLIA CUTTINGS WILL BE SENT OUT AFTER MAY 1ST.

HYDRANGEA GRANDIFLORA

Its equal has yet to be found. Indeed, it is one of the finest hardy shrubs in cultivation; flowers are formed in large white trusses often 6 to 10 inches in length; remaining in bloom until killed by frost. The flowers turn to rosy pink in the fall. Hardy as oak and a profuse bloomer; grows about 6 feet high. Had a bush on our grounds **4 years old, in bloom last fall, and there were on it over 300 great trusses** of flowers. The plant is of compact and sturdy habit, and when laden with its great masses of bloom is exceedingly striking and attractive. A universal favorite. Splendid for cemetery. (See illustration.)

Prices of Hydrangea Grandiflora according to size: Each, by Mail, 30c; 3 for 85c; 2d size, by Express, 50c; 3 for $1.35; 3d size, by Express, 75c; 3 for $2.00.

HYDRANGEA OTASKA MONSTROSA COMPACTA

One of the finest of all potgrowing pink blooming hydrangeas. Small plants obtained this spring will bloom by fall. An excellent plant for pot culture; will be flowered extensively for Easter decorations. (See illustration below.)

Price: Each, 30c; 3 for 85c, postpaid.

NEW FRENCH HYDRANGEAS

Make excellent house plants. The flowers are very large and almost cover the plants.

E. G. HILL—Beautiful shade of pink, trusses of immense size.

MME. E. MOUILLERE—Large pure cream white; one of the grandest of all house hydrangeas.

Price: Each, 25c; 2 for 40c, postpaid.

HYDRANGEA ARBORESCENS

Hills of Snow

This Hydrangea is believed to be one of the most beautiful, hardy flowering shrubs introduced.

The plant, which attains a height of 3 to 5 feet, with near the same breadth, with large trusses of beautiful formed flowers of dazzling whiteness, rendering this a plant of peerless beauty.

The profusion of bloom of this Hydrangea is unusual. There have been counted 100 good trusses on one plant—trusses measuring often 7½ inches in diameter. It is a shrub that begins to bloom early in summer and continues into fall, so that one can call it ever-blooming. (See illustration.)

Price: Each, 30c; 3 for 85c, postpaid.

Large plants: Each, 50c; 3 for $1.35, by Express.

Hydrangea Arborescens

Hydrangea Otaska

Hydrangea Grandiflora

LARGE FLOWERING CARNATIONS

For Illustration See Page 68

Without question there are more Carnation flowers cut and sold throughout the United States than of all other cut flowers, including roses, lilies, etc., together. Indeed, there are thousands of greenhouses devoted exclusively to the growing of these popular carnations for cut-flower purposes. The varieties here enumerated are the very best for pot and house culture. The sweetest flower that blooms is the Carnation—perfect in form, fragrance and growth.

ENCHANTRESS. Giant blossom, superb, rosy blush pink. **Price: Each, 15c, postpaid.**

ROSE PINK ENCHANTRESS. Dark pink. **Price: Each, 15c, postpaid.**

VICTORY. Peculiar rich scarlet, giant blossoms. **Price: Each 15c, postpaid.**

WHITE ENCHANTRESS. Colossal pure white blossoms, very sweet. **Price: Each, 15c, postpaid.**

HERALD. Greatest novelty of recent introduction, creating a furore as the most magnificent red. **Price: Each, 20c, postpaid.**

SALZER'S GIANT COLOSSAL PHLOX

1—**COQUILICOT.** A fine scarlet.

2—**RYNDSTROM.** Lively rose pink, much like Paul Neyron rose.

3—**ECLAIRIEUR.** Bright purple carmine.
4—**MRS. JENKINS.** Pure white, later than Lingard.
5—**RICHARD WALLACE.** White with large carmine eye.
6—**PANTHEON.** Rose-pink.
7—**EMELIA.** Pink and white.
8—**MADAME MELLINGER.** Crimson red. Large flower.

9—**MISS LINGARD.** Earliest white, pale pink eye, long, graceful panicles.

10—**ISABEY.** Salmon-pink.

Price of Above Ten Sorts: Each, 25c; any 3 for 65c; the ten for $2.00, postpaid.

WHEN ORDERING MAKE SURE YOU HAVE SIGNED YOUR NAME AND ADDRESS.

GAILLARDIA

See Color Illustration on Opposite Page

One of the most loved flowers in "Flowerdom." It is a genuine feast for the eyes to have a nice lot of Gaillardias in the garden. For cutting purposes there is not a more delightful garden flower growing. Gaillardias are very striking and attractive; in fact, their color combinations draw forth delightful expressions from all who see them. Our plants are exceptionally sturdy and hardy. Grow right from the start, producing much bloom and lustre and color.

These plants are grown from carefully selected seed of large flowering, early blooming types. Begins to flower early.

Price: Each, 20c; 3 for 50c, postpaid.

MAMMOTH CHRYSANTHEMUMS

See Color Illustration on Opposite Page

The undisputed "Queen" of fall blooming flowers. Their immense size, beautiful long stems, exquisite colors, fascinate beyond words. One flower is a grand display in itself. It will arrest attention and cause more expressions of joy and delight than any flower grown.

Pink Blooming

MAUD DEAN. Late pink; a good coming variety.
PACIFIC SUPREME. Early pink.
CHIEFTAIN. A beautiful, incurving pink.
PATTY. Very delicate, pleasing shade of pink.
E. A. SEIDEWITZ. Fine, large, late, rose pink.

White Blooming

OCONTO. Creamy white. Early.
WHITE CHIEFTAIN. Pure white sport of the Chieftain variety.
MRS. ROBINSON. Incurved white. Early.
CHADWICK. Improved incurved white. Very large.
EARLY SNOW. Pure white. 30c.
SMITH'S ADVANCE. One of the earliest, large-flowering white varieties; can be had by Sept. 15th.
MISTLETOE. Large cream white. Late.
CHAS. RAGER. Pure white incurved.

Yellow Blooming

GOLDEN GLOW. Earliest yellow.
MARIGOLD. A monster yellow; flower unsurpassed both in size and color.
CHRYSOLORA. Grand, large yellow. Early.
YELLOW BONNAFFON. Yellow globe.
TIGER. This is the variety named by President Wilson.
ODESSA EXHIBITION. Enormous yellow, very bright.

Red Blooming

INTENSITY. Dark crimson.
HARVARD. The best of the crimson colors.
Price: Above, each, 25c; 4 for 85c; 12 for $2.35, postpaid.

SIX RARE CHRYSANTHEMUMS

NERISSA. Rosy mauve, fine form and finish.
CHRISTY MATHEWSON. Pure white, very large.
WILLIAM TURNER. Largest white midseason.
ROMAN GOLD. Intense yellow. Very beautiful.
MRS. G. G. MASON. Blood red with gold reverse. Very distinct variety.
BOB PULLING. Pure yellow. Flowers extremely large.
Price: Each, 35c; above 6 varieties, $1.75 postpaid.

POMPOM CHRYSANTHEMUMS

DIANA. Early white.
FAIRY QUEEN. Rose color.
HELEN NEWBERRY. Late white.
WESTERN BEAUTY. Deep pink.
GOLDEN CLIMAX. Bright yellow.

Above five varieties of Baby Chrysanthemums are fine for cut sprays for bouquets, etc.

Price: Each, 25c; one each of above five, $1.00, postpaid.

GERANIUM

See Color Illustration on Opposite Page

Of all the Geraniums known there are none better, finer, more floriferous and of stronger contrast in colorings and forms than these five, and we are sure everyone ordering this collection will be more than delighted.

1—ALPHONSE RICCARD. Bright vermilion scarlet, giant florets and trusses; the finest large-flowering scarlet bedder. A real wonder. Splendid for the house. **Price, each, 30c.**

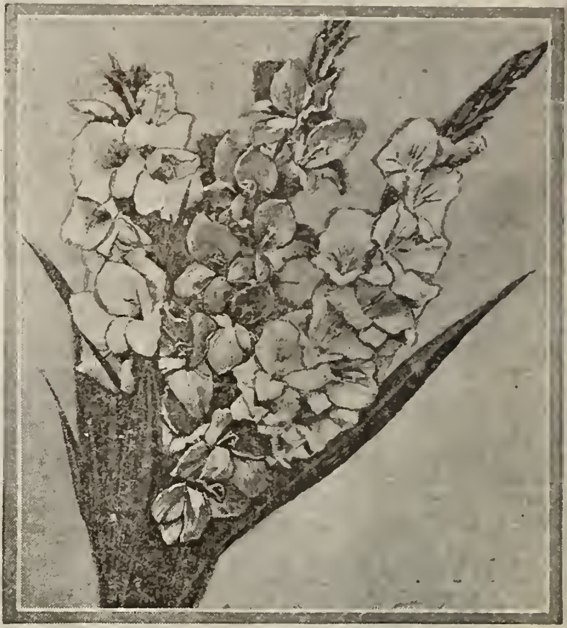
2—SCARLET BEDDER. A fine brilliant scarlet bedding geranium, bearing giant clusters of flowers with great freedom. (See color illustration on opposite page.) **Price, each, 30c.**

3—MME. LANDRY. (Apricot Salmon.) Constantly in bloom throughout winter and summer. Florets are very large and borne in enormous trusses. Color, brilliant apricot salmon, shading to copper with eye; withstands the extreme heat of summer perfectly. (See color illustration on opposite page.) **Price, each, 30c, postpaid.**

4—JEAN VIAUD. (Pink.) Semi-double, with single flowerets often measuring 2½ inches in diameter. Trusses frequently 15 inches in circumference. The color is a clear, rosy pink, with a distinct, striking white blotch at the center. **Price, 30c.**

5—JEAN OBERLE. One of the finest peach pink known. An exquisite shade of Hydrangea pink, shading to an almost pure white at outer edge of petals. Immense trusses. A strong and vigorous grower and a very free bloomer. **Price, 30c, postpaid.**

Price, one each of above five bloomers, postpaid, $1.25.



Sample Blossoms of Panama and Kunderdi Glory

GLADIOLI

See Color Illustration on Opposite Page

Gladioli are one of the most imposing, most gorgeous, most attractive, and most profuse blooming of the summer flowering bulbs.

1—AMERICA. Immense flowers. Flesh pink.

2—AUGUSTA. A lovely pure white, with blue anthers.

3—BRENCHLEYENSIS. A wonderfully effective vermilion scarlet.

4—GLORY OF HOLLAND. A pure white, shaded yellow. A grand, large flower.

5—HALLEY. A delicate salmon rose, with white blotches—one of the best.

6—MRS. FRANK PENDLETON. Large size, lovely rose pink, with brilliant deep red blotches in throat.

7—GELVIA BLUE. A grand dark blue.

8—LILY LEHMAN. A creamy white shaded to a most delicate rose. Very fine and early.

9—MRS. FRANCIS KING. Something new. Color, brilliant flamingo pink glazed with vermilion red; very effective. The finest of the branching Gladioli. On small bed of fifty Kings we picked over one hundred and twenty-five big spikes.

10—MADAM LEMOINE. Pale creamy color, with purplish red blotches.

11—PINK BEAUTY. Beautiful dark pink, with a distinct, dark red blotch.

12—WILLY WIGMAN. Creamy white, with soft carmine blotches.

Price: Each of above, 15c; 3 for 35c; all 12 for $1.20, postpaid.

SALZER'S SUPERB AND RARE GLADIOLI

1—CHICAGO WHITE. Large, grand, white flower, with blue veins.

2—KUNDERDI GLORY. Delicate creamy pink, striped with crimson. The ruffled giant. (See illustration above.)

3—PRINCEPS. Color rich crimson, with broad, white blotches across the lower petals.

4—NIAGARA. Immense flowers of an exquisite cream shade, with two lower petals canary yellow. Throat splashed with carmine. Outside of petals blushed with carmine.

5—PANAMA. A new seedling of America. A grand variety of soft pink color. Spikes are very large.

6—SCHWABEN. Excellent, wonderful, clear, canary yellow, with small blotch of deep garnet in the throat.

Price: Each, 20c; 3 for 55c; 6 for $1.00, postpaid.

FOR SUNNY EXPOSURE TO SHADE PORCH OR ARBOR, PLANT RAMBLER ROSES.

AMERICAN BEAUTY ROSE

One of the Largest, Sweetest and Best of All Roses
Very Popular in All States
The National Rose of America

More plants are grown and more flowers are sold of this, "The Queen of All Roses," than any other Rose in cultivation, and deservedly so, for it is one of the grandest and most beautiful Roses now known. It is a genuine Ever-Blooming Rose. For immensity in size, rich and rosy crimson color, exquisite form and delicious fragrance, it stands without an equal. It is a quick and bushy grower, with splendid foliage, producing upon stems frequently over six feet in height, magnificent buds and arge, deep, double flowers of the most delightful and perfect rose fragrance.

Price: Strong plants, 30c each, 3 for 85c, postpaid. Large plants, 50c each, 3 for $1.35, by express.

RAMANAS OR RUGOSA ROSES

In the Rugosa Roses nature has been particularly avish and kind in giving to the world such gorgeous beauties.

The flowers are exquisitely formed and highly ornamental. Grow to one of the most delightful heights (5 o 6 feet), literally covered in masses or sheets of large single and double flowers. The foliage is remarkably attractive with its rich, deep, glossy green. The handsome red seedpods are highly prized during the winter.

ALBA—This pure white beauty, with its rich, glossy, dark green foliage, becomes literally covered with clusters of single blossoms.

AMELIA GRAVEREAUX—A rich, dazzling crimson. A superb double, free bloomer. Immense flowers. Large clusters.

BLANCHE de COUBERT DOUBLE—A pure white double beauty. Produces clusters of 5 to 10 flowers nearly 5 inches across. Called by many the perpetual bloomer.

CONRAD F. MEYER—This large flowered double Rugosa is a vigorous and strong grower. A clear, silvery rose color; very arge, fragrant and superb foliage. The buds are magnificent.

DOUBLE WHITE—A splendid pure white sort of double formation and is conceded one of the most beautiful Ramanas in the world.

HANSA—Superb double; has the most unique and exquisite reddish violet color. Extremely popular.

RUBRA—Rosy carmine is the True Rugosa type. It is one of he freest bloomers and has a most exquisite color. The flowers are single. In the fall the seed pods are a dazzling vivid scarlet.

Price: 2-year-old plants, each, 50c. Any 3 for $1.35. Postpaid.

Price: 2-year-old, Extra Selected Plants, each, 75c. Any 3 for $2.00. If wanted by mail, add for postage and packing 8c each.

RAMBLER ROSES

The Rambler Roses have proven themselves satisfactory wherever grown. They are hardy and bear lowers in great quantities on a single plant. We know of nothing in the rose world like Salzer's Hardy Rambler for freedom of bloom and brilliancy of colors and hardiness.

1—DOROTHY PERKINS. The famous hardy Pink Rambler ounted on a three-year-old plant as many as 2,700 shining pink lossoms. Nothing can compare with this pink beauty, except perhaps the brilliant Crimson Rambler.

2—CRIMSON RAMBLER. One of the best Roses known today. Hardy as oak; withstands every climate; grows rapidly and looms all season long. Double deep crimson flowers borne in large lusters. A one-year-old plant from which our stock was propagated had **over 3,000 blossoms during the first year.** A plant under favorable conditions grows to a great height the first season.

3—YELLOW RAMBLER. What is said of the Crimson Rambler applies equally to this variety, only that the color is rich yellow.

4—THE LOVELY ANNA MULLER. This rose is very much the ame as the Crimson Baby Rambler, except in color of its flowers, which are a shiny, brilliant pink.

HARDY RAMBLER ROSES

Price: Mailing size (greenhouse), 30c each; any 3 for 85c, postpaid.

Price: 1-year-old field grown, 50c each; any 3 for $1.35, postpaid.
Price: 2-year-old field grown, 60c each; any 3 for $1.60, postpaid.
Price: 3-year-old field grown, $1.00 each; any 3 for $2.50, by express.

SALZER'S BIG FOUR STRAWBERRIES

Buy Salzer's Hardy Northern Grown Stock

There is always big money in growing strawberries, whether for home or market use. One hundred plants in a home garden, properly handled, will produce sufficient fruit for a family of six, while an acre of the following four varieties, under intensive cultivation for the market, should produce easily 12,000 to 15,000 boxes of luscious, highly flavored strawberries.

The following four varieties, we believe, are the cream, the best, the richest, the hardiest of the more than 500 varieties known to the trade; they are just the varieties to plant for the home garden or for the market; namely, earliest, second early, medium, and late—and, then add to these the Everbearing, and every "strawberry want" is filled.

1—DR. BURRILL (Early). (See illustration on opposite page.) In plant growth the Dr. Burrill is a marvel. Its foliage is large and of a beautiful dark green. In the production of fruit—this variety surpasses either of its parents. The berries are large, delicious and beautifully formed. The surface of the berry is a deep glossy red. The meat is solid and rich. As a canner it is superior to Warfield, which up to the present time has held the leading place as a canning berry. The berries are splendid shippers. Dr. Burrill is ideal for home or market use. This great variety is a strong plant with perfect flower, and has a very long blooming season.

2—SENATOR DUNLAP (Second Early). (See illustration in colors on opposite page.) This is by far the leading Strawberry throughout the United States. It does well everywhere and produces enormous crops of fine fruit regularly. This strawberry is of the Warfield type, has a perfect blossom, is hardy, productive, a splendid keeper and seems able to produce a good crop under any circumstances. Senator Dunlap is a heavy bearer of good sized evenly shaped fruit of a very beautiful dark red color, and its flavor is delicious.

3—GIBSON (Medium Late). (See illustration on opposite page.) This is not the old variety of that name which originated in New York years ago. It is a new berry of great promise and closely resembles the Pocomoke. It commences to ripen with the second earlies and continues for a long season, making a heavy yield of fruit. The fruit stems are large and strong, and the dark green foliage is ample protection for the blossoms and fruit. It is a very strong variety with perfect blossoms and makes an excellent sort for pollenizing non-perfect varieties. The berry is large and regular in shape, holding its size well to end of season. Its color is a rich dark red clear through. Its flavor is fine, just right for home use. It is very hardy and will withstand frosts better than most varieties.

4—GANDY (Late). (See illustration on opposite page.) This is a good reliable late bearing variety. Its fruit is very large, uniform in shape, firm and a good shipper. It is a variety that never fails to fruit and to produce a good sized crop. The plants are healthy, hardy and do well everywhere. They are large and require a good heavy soil for best results; when given good soil and care, it is a money maker. It always sells well on the markets owing to its large size and fine appearance. It is an excellent berry and especially valuable for long distance shipping.

PRICE OF SALZER'S BIG FOUR VARIETIES OF STRAWBERRIES

(No less than 15 sold of any one variety)

Prices, Prepaid or Postpaid: Per 25, 65c; per 50, $1.00; per 100, $1.50; per 500, $7.00; per 1,000, $11.00.
Prices, Not Prepaid: 100, $1.35; 500, $6.00; 1,000, $10.00.

PROGRESSIVE FALL OR EVERBEARING STRAWBERRY

The Fall bearing Strawberry has come to stay. It has won this right an account of its magnificent record. We picked repeatedly quart after quart of Fall bearing Strawberries, beginning in August and lasting until October. and there has not been a week during this time that we had not lots and lots of berries of this variety.

They differ from other strawberries only in that they blossom and fruit continuously from June till November, but the crop in September and October is the largest, and may be made much heavier if the blossoms are kept picked off up to August. Many people in this state are now growing this variety and shipping berries as late as October and November, and receiving good prices. Young plants set out in spring will produce a good crop of berries this fall, and all the runners they make will fruit freely from spring until fall of next year, while the plants set this year, which will then be established, producing berries in such numbers as to be almost beyond belief. They require nothing special in the way of cultivation. Any conditions that will produce a good crop of ordinary garden Strawberries will suit these fall or everbearers.

Prices of Progressive Everbearing, prepaid or postpaid: 25 for $1.00; 50 for $1.75; 100 for $3.00; 500 for $12.50.

HARDY OUT-DOOR CLIMBERS

CLEMATIS

1—CLEMATIS JACKMANNII. This Clematis with its deep purple giant blossoms is easily one of the best of all Clematis. It begins blooming frequently the same season and its floral glory is lavishly displayed. It is nothing unusual to find on a 3-year-old plant 100 or more blossoms at one time. The Jackmannii blooms early and continually. The blossoms are very large, thick in texture, and of rich deep purple. **Price: Each, 50c, postpaid. Two-year-old strong plants, each, 75c, by express.**

2—CLARET. Wine color, always rare, gorgeous flowers. **Price: Each, 75c, postpaid. Large plants, each, $1.00, by express.**

3—SNOWFLAKE. Very fine white variety, blooming freely, bearing many blossoms. **Price, Each, 50c, postpaid. Large plants, each, 75c, by express.**

4—SKY BLUE. Exquisitely beautiful, large blossoms, rare. **Price: Each, 75c, postpaid. Large plants, each, $1.00, by express.**

CLEMATIS PANICULATA

A vine of very rapid growth, quickly covering trellises and arbors with handsome, glossy green foliage. The flowers are of medium size, pure white, borne in sheets and of a most delicious and penetrating fragrance. The extreme rapidity of growth, the showy foliage, beautiful and fragrant flowers and hardiness, serve to make this one of the very choicest climbers to grow. **Price: Each, 35c; 3 for $1.00, postpaid. Extra large, 75c each, postpaid.**

HONEYSUCKLES

1—ROYAL SCARLET. One of the best of all Honeysuckles; climbs rapidly, attaining often a height of 20 feet, and bearing innumerable bright scarlet, fragrant blossoms. The Royal Scarlet is extremely hardy and floriferous. A three-year-old plant is known to have produced 1,000 or more great scarlet clusters of bloom in one season. (See illustration.) **Price: Each, 25c; 3 for 65c, postpaid.**

2—HAPPY CHILDHOOD. A fine seedling. Grows very rapidly and bears great quantities of pure white, very fragrant flowers. Hardy. **Price: Each, 25c; 3 for 65c, postpaid.**

3—GOLDEN BEAUTY. Bears very long golden yellow blossoms in great profusion. **Price: Each, 25c; 3 for 65c, postpaid.**

IVY

IVY, ENGLISH. A great revival for this universal favorite has broken out among American people. Everybody seemingly is buying the English Ivy! **Each, 25c; large plants, 40c to $1.00 each, postpaid.**

Wistaria

Ampelopsis Veitchii

AMPELOPSIS VEITCHII

(BOSTON IVY)

It clings firmly to any wall or tree; needs no support. The leaves at first are of an olive green color, then brown, changing to bright scarlet in autumn. No climber just like it. It's handsome. Try it. (See illustration.) **Price: Each, 35c; 3 for $1.00; 6 for $1.75, postpaid. Extra size. Price: Each, 50c; 3 for $1.35, postpaid.**

AMPELOPSIS ENGLEMANII. One of the most magnificent of all Ampelopsis varieties, perfectly hardy, of luxuriant growth, covering walls and trellises with bright, shiny, overlapping foliage, brilliantly beautiful. **Price: Each, 35c; 3 for $1.00, postpaid. Large. Price: 50c each, postpaid.**

AMPELOPSIS VIRGINIA. A vine well known; climbing in one season often to a height of 20 feet. It is as hardy as oak and does well anywhere. **Price: Each, 30c, postpaid.**

CHINESE WISTARIA

Blooming freely, hanging their gorgeous and immense bunches of deliciously sweet, lovely flowers from porches and balconies; grows about 100 ft. high. (See illustration.) **Price: Each, 25c; 3 for 65c, postpaid. Price, by express: Extra large, 50c; 3 for $1.35.**

THE WONDERFUL JAPANESE KUDZU VINE

(Pueraria Thumbergiana "Jack-and-the-Bean-Stalk" Vine)

If you wish a Vine that will grow anywhere in the Best or Poorest Soil—Then plant the Japanese Kudzu Vine.

One of the most remarkable and rapid growing of all vines, often attaining a growth of fifty to seventy-five feet in one season. In the North the plant dies to the ground in Winter, coming up again from the roots in the Spring. It has clusters of delightfully fragrant purple flowers in Summer and Autumn, with large beautiful deep green foliage, affording a dense shade, making it invaluable for covering porches, arbors, fences, rookeries, dead and old trees, etc. **Price: Each, 35c; 3 for $1.00, postpaid. Extra Large Plants, 50c each; 6 for $2.50, postpaid.**

CINNAMON VINE

The Cinnamon Vine is one of the most popular hardy vines in cultivation. No other vine so completely fills the want of a rapidly growing, hardy, beautiful, fragrant vine as the Cinnamon. It is perfectly hardy and succeeds well anywhere.

This climber has dark green foliage, and late in the season bears a profusion of small white flowers of a delicious cinnamon fragrance. Perfectly hardy everywhere, the vines dying down to the ground each autumn, but growing very rapidly in early Spring, soon covering any trellis or arbor. Where you wish to hide unsightly places we would suggest planting the Cinnamon Vine. Plant any time in Spring. **Strong Tubers, each, 15c; 3 for 40c; 10 for $1.15, postpaid. Monster Tubers, 20c each; 3 for 50c, postpaid.**

CLIMBING HOPS

This is a rapid and beautiful climbing vine, bearing great clusters of golden Hops, which are not only beautiful and fragrant, but useful for medicinal purposes, such as yeast, tea, etc. Six plants suffice for a large family. Hop vines are always in great demand, make splendid vines for covering fences, outhouses, barns, etc. **Each, 20c; 6 for $1.00; 25 for $3.00.**

PASSIFLORA

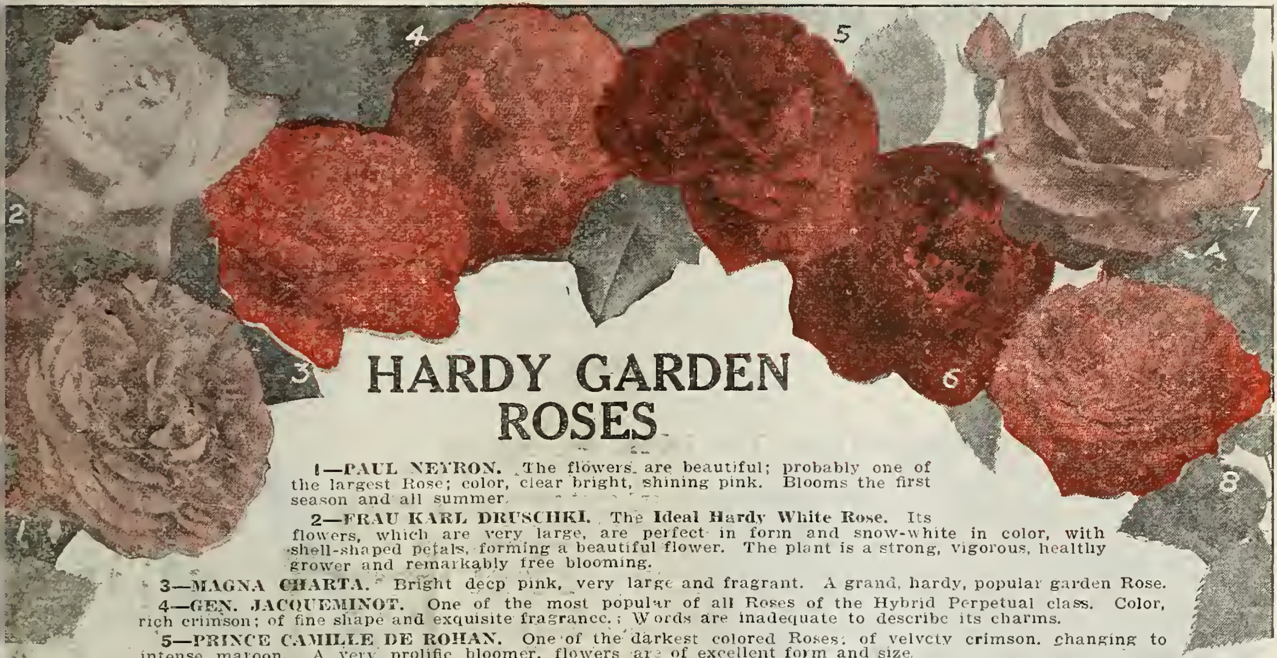
This historic plant symbolic of the "Passion of Christ" is a wonderful blooming vine. We wish people would become better acquainted with this truly magnificent and fascinating vine. It is a joy and pleasure from the start. **Price: Each, 50c, postpaid.**

VINCAS

Great vines for hanging baskets, vases, window boxes, etc. **Green—Each, 15c; 2nd size, 25c; very large, 40c. Variegated—Each, 15c; 2nd size, 25c; very large, 40c.**

Royal Scarlet Honeysuckle

IF YOU HAVE SOME UNSIGHTLY PLACE TO COVER, PLANT A CLIMBING VINE.



HARDY GARDEN ROSES

1—PAUL NEYRON. The flowers are beautiful; probably one of the largest Rose; color, clear bright, shining pink. Blooms the first season and all summer.

2—FRAU KARL DRUSCHKI. **The Ideal Hardy White Rose.** Its flowers, which are very large, are perfect in form and snow-white in color, with shell-shaped petals, forming a beautiful flower. The plant is a strong, vigorous, healthy grower and remarkably free blooming.

3—MAGNA CHARTA. Bright deep pink, very large and fragrant. A grand, hardy, popular garden Rose.

4—GEN. JACQUEMINOT. One of the most popular of all Roses of the Hybrid Perpetual class. Color, rich crimson; of fine shape and exquisite fragrance.; Words are inadequate to describe its charms.

5—PRINCE CAMILLE DE ROHAN. One of the darkest colored Roses; of velvety crimson, changing to intense maroon. A very prolific bloomer, flowers are of excellent form and size.

6—MAD. PLANTIER. Withstands the cold winters of Wisconsin without protection. It has pure white, perfect flowers, fine buds, ery fragrant; especially suitable for cemetery planting. **(FOR OTHER ROSES, SEE PAGE 98).**

Price: Mailing size, each, 30c; collection of 6 for $1.65, postpaid. Large Plants, Field Grown, by Express, each, 75c; 6 for $4.00.

HARDY MOSS ROSES

The Moss Roses are known in poetry and song.
7—The Pink. Beautiful shade of pink.
8—The Red. Deep color; fine form.
9—The White. Pure white; large bud.
Prices: Mail size, each, 25c; any 3 for 65c, postpaid.

BLEEDING HEART

Is an old fashioned hardy flower, but one that deserves a lace everywhere. Of it can truly be said, "A thing of beauty s a joy forever," for no plant is more satisfactory, more beral and free in bloom than this.

It will stand the coldest winters and flourish, and a single lant will bear from 25 to 50 long spikes of blood red, heart-haped drooping flowers, hence the name, Bleeding Heart. See illustration).

Price: Extra strong roots, postpaid, each 50c; 3 for $1.35.

RUDBECKIA GOLDEN GLOW

The most distinct large lowering hardy plant. A agnificent grower, very ranching, and each branch ears from 6 to 20 great shin-ng golden yellow blossoms. plant is literally covered ith bloom. Hardy as oak. ncreases rapidly. **Each, 25c; for 85c.**

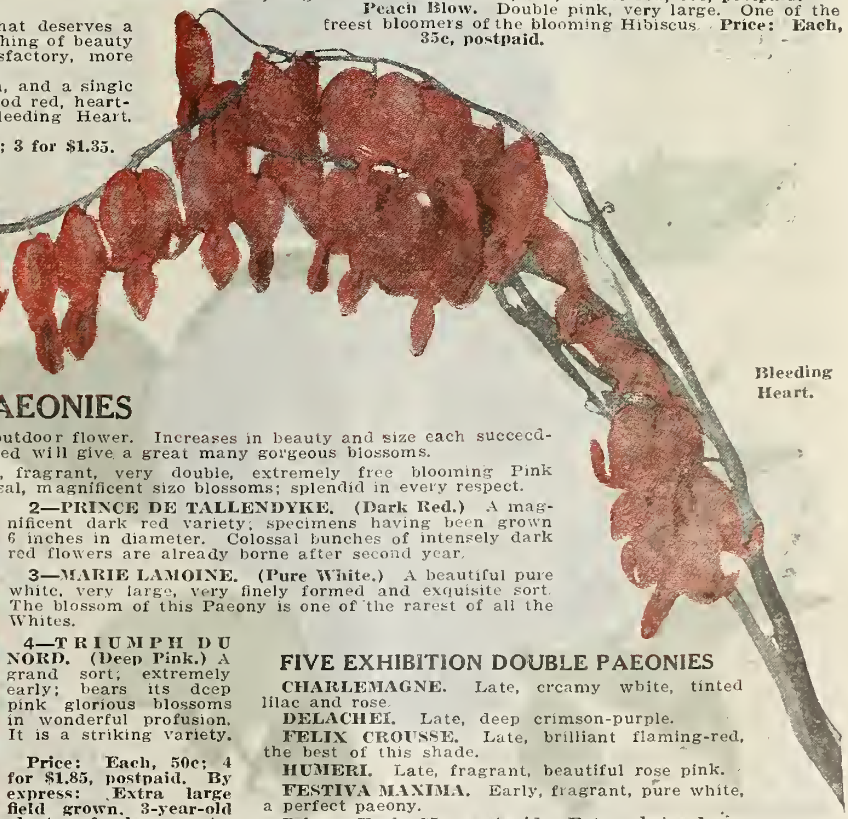
HIBISCUS GLORY OF THE INDIES

One of the best of all Hibiscus, free blooming, sure to please, healthy and strong in growth. Fiery red. **Price: Each, 25c, postpaid.**

Mt. Horeb—Very double scarlet, free-blooming. **Price: Each, 25c, postpaid.**

Hibiscus, single red. Price: Each, 25c; double red, 30c, postpaid.

Peach Blow. Double pink, very large. One of the freest bloomers of the blooming Hibiscus. **Price: Each, 35c, postpaid.**



Bleeding Heart.

PAEONIES

A popular, beautiful and serviceable hardy outdoor flower. Increases in beauty and size each succeeding year. Three or four plants well established will give a great many gorgeous blossoms.

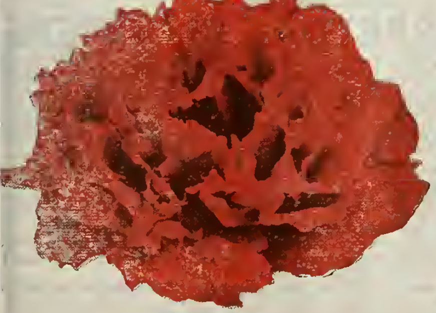
1—FRAGRANS. (Double Pink.) A glorious, fragrant, very double, extremely free blooming Pink aeony; bearing a great number of giant colossal, magnificent size blossoms; splendid in every respect.

2—PRINCE DE TALLENDYKE. (Dark Red.) A magnificent dark red variety; specimens having been grown 6 inches in diameter. Colossal bunches of intensely dark red flowers are already borne after second year.

3—MARIE LAMOINE. (Pure White.) A beautiful pure white, very large, very finely formed and exquisite sort. The blossom of this Paeony is one of the rarest of all the Whites.

4—TRIUMPH DU NORD. (Deep Pink.) A grand sort; extremely early; bears its deep pink glorious blossoms in wonderful profusion. It is a striking variety.

Price: Each, 50c; 4 for $1.85, postpaid. By express: Extra large field grown, 3-year-old plants of above sorts, $1.00 each.



Triumph du Nord.

FIVE EXHIBITION DOUBLE PAEONIES

CHARLEMAGNE. Late, creamy white, tinted lilac and rose.

DELACHEI. Late, deep crimson-purple.

FELIX CROUSSE. Late, brilliant flaming-red, the best of this shade.

HUMERI. Late, fragrant, beautiful rose pink.

FESTIVA MAXIMA. Early, fragrant, pure white, a perfect paeony.

Price: Each, 75c, postpaid. Extra choice large field grown, 3-year-old plants, $2.00 each, by express.

ROSES AND PAEONIES ARE A GREAT ACQUISITION IN BEAUTIFYING YOUR HOME.

EVERBLOOMING HYBRID TEA ROSES

This class is rapidly taking the foremost rank of Roses for garden culture. They are the result of crossing Tea Roses with Hybrid Perpetuals, are perpetual bloomers all Summer and Fall, appear in the richest and varied colors, and are comparatively hardy, standing the winters as far north as Chicago with only little protection; but here in the North they are best taken up in the fall and kept in the house over winter.

THE FOUR BEST ROSE NOVELTIES

Any of the 4 Novelties: Price: Mail size, each, 30c; any 4 for $1.10, postpaid. Large Plants: Price, by Express, each, 50c; any 4 for $1.75.

1—MY MARYLAND. Valuable as a forcing or bedding Rose. The plant is of strong, vigorous growth, very free-flowering, every shoot bearing one or more flowers, which are double, of perfect form, of a bright but tender salmon-pink which lightens up beautifully as the flower expands; is strongly and delightfully fragrant. (See illustration.)

2—MRS. AARON WARD. Color is a distinct shade of Indian-yellow, which as the flower expands, shades lighter towards the edges, making a splendid color combination, which is more decided in dry than wet weather.

3—WHITE KILLARNEY. A pure white sport from Killarney. Awarded Silver Cup at National Flower Show. Identical with the ever-popular and well-known pink Killarney. A strong, robust grower, flowering very freely throughout the season. The flowers are very large, buds long and pointed; erect stems; a great acquisition.

4—PINK KILLARNEY. Like the white in form and size, only pink.

9 SPLENDID HYBRID TEA ROSES

Any of the following varieties: Price: Mail size, each, 30c; 3 for 75c, postpaid. Large plants: Price, by Express, each, 50c.

1—BESSIE BROWN. Creamy-white flowers of immense size and great substance; will last longer on the bush in good condition than any other Rose we know.

2—CAROLINE TESTOUT. One of the most popular and valuable bedding varieties; large, full, globular flowers of bright, satiny-rose, with brighter center; very free and fragrant.

3—DEAN HOLE. An intense salmon-pink Rose; with bud of extraordinary length, opening into a mammoth bloom of splendid substance. An English gold medal Rose that ranks with the very best.

4—GRUSS AN TEPLITZ. This is one of the reddest of all red roses, a rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety-crimson; very fragrant. Very suitable for any climate.

5—AUGUSTA VICTORIA. Pure white, with shadings of primrose yellow; deeper in the center; a distinct and very beautiful variety.

6—LA FRANCE. The Queen of all Roses. Beautiful bright, silvery pink with pale lilac shadings, over the entire flower a satiny sheen. Large, full and fine form; one of the sweetest scented Roses. Most free blooming.

7—MADAME ABEL CHATENAY. One of the most popular Roses in England, both in the garden and as a cut flower; it succeeds equally well here, is a strong grower and produces very freely beautiful flowers of carmine-rose, shaded with salmon.

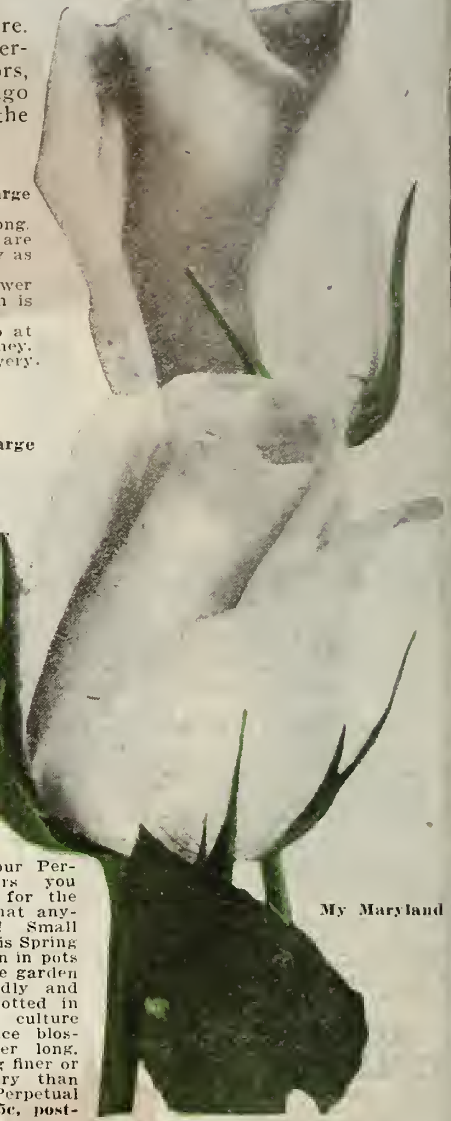
8—MADAM MELANIE SOUPERT. Flowers very large with gold cupped petals, almost full and globular. Color, golden-yellow; center, orange-yellow, the whole flower suffused with delicate pink.

9—RICHMOND. Absolutely one of the finest, rich red Roses!

FOUR PERPETUAL BLOOMERS

In Salzer's four Perpetual Bloomers you have the roses for the masses, roses that anybody can grow! Small plants gotten this Spring and either grown in pots or planted in the garden will grow rapidly and can then be potted in Fall for house culture and will produce blossoms all Winter long. There is nothing finer or more satisfactory than our four Perpetual Bloomers for **85c, postpaid.**

Louis Philip



My Maryland

Of these four extremely free flowering Roses we sold hundreds of thousands of plants, and no Roses anywhere bloom more freely than these.

1—BELLA. The sweetest, freest bloomer, of pure snowy white.

2—LOUIS PHILIP. One of the grandest, freest blooming crimson red Roses known. (See illustration.)

3—ISABELLA SPRUNT. No breed so fine, no yellow Rose so free of bloom.

4—SOFRANO. Grand saffron or coffee colored exquisite buds; free bloomer.

They never fail you. Price: Each, 25c; 4 for 85c, postpaid.

PERPETUAL BLOOMERS

Hundreds of new roses are being offered to the people of America each year by florists, and of the long list but few are really of lasting merit, or such that will reward the ordinary grower with anything like "paying buds." One or two buds a year from a new Rose with a high, commanding title is certainly not as good as 100 or more buds from a trusted, tried and standard Rose; hence our list contains only the most dependable of free bloomers.

AGRIPPINA. A magnificent Rose, blooming almost continuously; color, intense dark red. Makes a magnificent bud for buttonhole purposes.. **Each, 25c.**

HERMOSA. The freest blooming, glorious pink Rose in cultivation; an ever-bloomer; magnificent in every respect. **Each, 25c.**

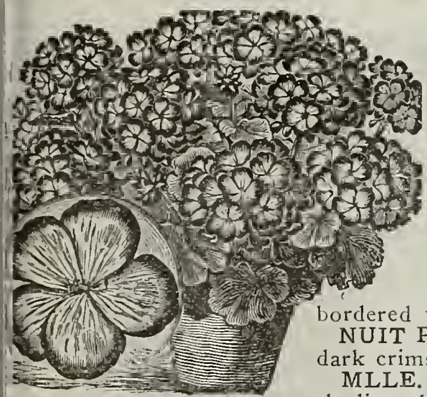
Above two everbloomers, one intense dark red—the other, lively pink, stand unrivaled.

One each of above (2), price, postpaid, 45c.

DO NOT FAIL TO INCLUDE THE SPLENDID EVERBLOOMING ROSES WITH YOUR ORDER!

GERANIUMS

PRICES for all varieties, except where otherwise noted, 25c each; any 3 for 65c; any 12 (single varieties) for $2.50 postpaid.



lice of Vincennes Geraniums

SINGLE VARIETIES

ALICE OF VINCENNES. A wonderful combination of colors; white ground with charming gradation of shades from white throat through a beautiful coloring of violet crimson to an intense scarlet margin. Price 25c; 3 for 65c, postpaid. ☞(See illustration.)

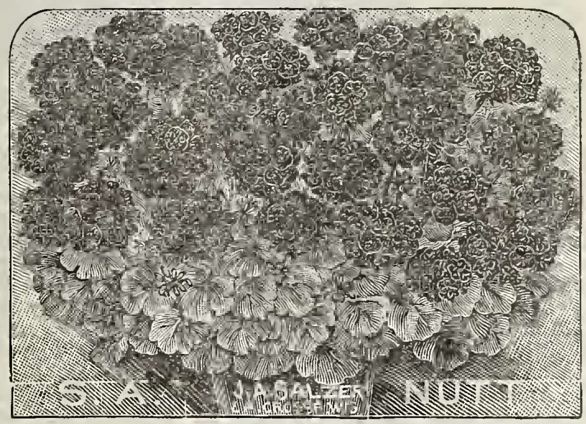
MARGUERITE DE LAYRE. A continual bloomer; pure white flowers, attractive, pleasing variety.

MRS. E. G. HILL. An exquisite shade of soft light salmon, each petal bordered with rosy salmon. A continual bloomer.

NUIT POITEVINE (Crimson). Famed everywhere as the most handsome, intense dark crimson, rosy purple, giant flowering single Geranium.

MLLE. A. LACADRE. Immense trusses and flowers of a rich crimson carmine, shading through a clear pure white center.

APPLE BLOSSOM (Salmon red). Vincent, the greatest Geranium grower, says we ought to appreciate wonrous nature for having provided us with this flower gem. The enith of perfection. Color, a unique shade of soft salmon red.



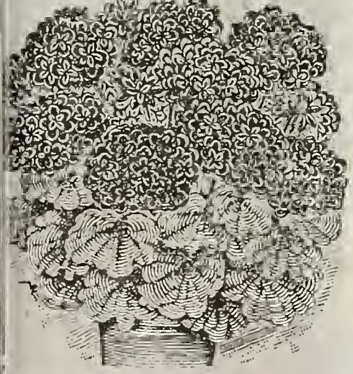
GERANIUMS, DOUBLE VARIETIES

S. A. NUTT (Red). It is safe to say that there are ten times ore Nutt Geraniums planted each year than of any other NE variety. It simply is the very best of the dark double imson scarlet bedders, and always in heavy demand. Stands e sun perfectly and blooms in great profusion. (See illusation.)☞

MADAME BEUCHNER (White). One of the finest double hites, pure in color; flowers of an enormous size; continuous oomer. Unsurpassed as a white bedder.

GEN. GRANT (Scarlet). This wonderful geranium is called e "Leading Scarlet Double, full fire, Bedding Geranium." olor, bright vermillion scarlet; full round giant florets; borne colossal trusses on long stems.

BEAUTY OF POITEVINE. Double salmon pink, shading clear salmon in center.



Plant of Pansy Geranium or Pelargonium

PANSY GERANIUM OR PELARGONIUM

FOUR SUPERB RARE VARIETIES

PRICE: Each, 30c; 4 for $1.10, postpaid.

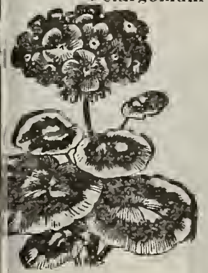
A new and distinct class of strong growing Geraniums with giant blossoms of brilliant hues. Petals large, brilliantly blotched, resembling Pansies. They will bloom continuously from March to September. (See illustration.)

EASTER GREETING. This species is one of the earliest of all Pelargoniums, with enormous florets of fiery Amaranth red.

WURTEMBERGIA. A sport from Easter Greeting. Medium sized flowers of a bright carmine, with large, velvety, sharply defined blotches.

SWABIAN MAID. This is a new sport of Easter Greeting and has large reddish carmine flowers with black blotches. Very effective. Coloring and everblooming qualities like the Easter Greeting.

LUCY BECKER. A wonderful flower of wild rose pink. Each floret has from six to eight petals with dark red velvety spots edged with scarlet lake. Has very large trusses. A grand bloomer.



Mrs. Pollock, 25c

TRI-COLOR GERANIUM

MRS. POLLOCK. (See cut.) The ground color of leaf is deep green; next comes a zone of dark crimson, the margin of which is tinted with scarlet, then a belt of green, the margin of leaf being a clear yellow. As an ornament for the parlor, nothing excels Mrs. Pollock. (See illustration.) Price: Each 25c, postpaid.

HAPPY THOUGHT. One of the most handsome, decorative Geraniums grown, with a leaf coloring of its own. Price: Each 25c, postpaid.

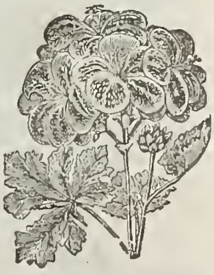
MME. SALLEROI. Salleroi is one of the greatest acquisitions in lver variegated Geraniums for bedding and pot purposes that has er been introduced. Price: Each 20c, postpaid.

IVY LEAVED GERANIUMS

MRS. J. G. DAY. Intense shade of rosy crimson, rich and glowing. Price: Each, 25c, postpaid.

COLONEL POWELL. Flowers enormous size, giant among Ivy Geraniums. Color, white, soft blush. Price: Each, 25c, postpaid.

SCENTED LEAF VARIETIES



Mrs. Taylor Geranium

ROSE. The standard rose scented Geranium. A favorite among lovers of flowers. 25c postpaid.

SKELETON. A narrow leaved sweet scented rose variety. Indispensable in making of bouquets. 25c, postpaid.

MRS. TAYLOR. Is a vigorous grower, free bloomer, while the blossoms are large and of a brighter red, resembling a small Pelargonium in colorings; its scent is a delicious rose. (See illustration.) 30c, postpaid.

GERANIUMS ARE OF GREAT DELIGHT FOR HOUSE AND GARDEN CULTURE.

Rar
Bloomin
Begonia

CHARMING REX BEGONIAS

Among the rarest, choicest Plants that grow are found the Rex Begonias. Indeed, today no collection is complete without these exquisite beauties. (See illustration.)

Queen of Hanover. Leaves silvery, sometimes greenish white; border veined; very fine. Price: Each, 35c.

Scepter. One of the finest dark leaved varieties. Each, 35c.

Silverstate. A bright, silvery leaf; rapid growth. Each, 35c.

American Beauty. The grandest of all. It is simply perfect, both in growth and in appearance. Price: Each, 35c.

TUBEROUS BEGONIAS

The tubers rest in the winter, like the Gloxinia, but start again early in spring. They thrive magnificently either treated as a pot or garden plant, when the massive, brilliantly colored blossoms will both please and astonish you.

Single, white, yellow, red, pink Tuberous Begonias.
Double, white, yellow, red, pink Tuberous Begonias.
Price of each, 30c; 3 for 80c, postpaid.

RARE BLOOMING BEGONIAS

(See Illustration)

No. 2 Alba Picta Rosea. A splendid Begonia; leaves spotted, flowers pink. Price: Each, 30c.

No. 3 Argenta Guttata. Large reddish brown leaves; flowers cream white. Price: Each, 30c.

No. 4 Bertha. Flowers bright red. Price: Each, 30c.

No. 5 Metallica. A great novelty; fine foliage, rose blossoms. Price: Each, 30c.

No. 6 Incarnate. Dark leaves with silver dots, pink flower. Price: Each, 30c.

6 Above Blooming Begonias for only $1.50.

At the low price we cannot allow the selection of sorts, hence all are strictly our selection, but all are different.

ROYAL COLEUS

This is one of the finest bedding plants grown; we make no exception. There is nothing more brilliant, more pleasing and more satisfying. They will grow anywhere and will reward you with the most wonderful hues imaginable. About 12 distinct varieties. **Price: Each, 20c; 2 for 35c, postpaid.**

Rex Begonia

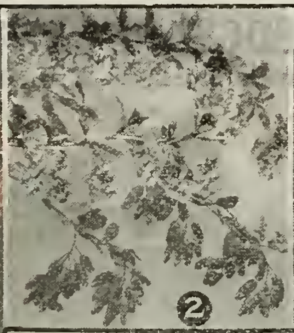
CYCLAMEN

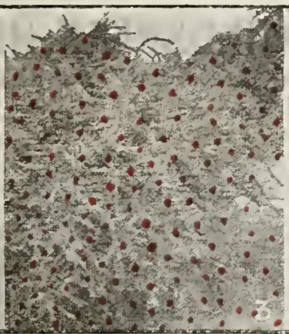
These bulbous greenhouse plants are all very beautiful and are unapproached among Winter-flowering plants for duration of bloom, variety of shades and wealth of coloring. They are among the best plants recommended for house culture, as they thrive well and bloom profusely in the average temperature of the living room.

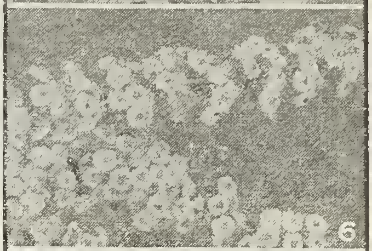
The peculiar shape of the flowers is exceedingly fascinating. The marking and texture of the leaves are just as delightful to the eye as the bloom. (See illustration.) **Price: Each, 50c, postpaid. Large flowering bulbs, each, $1.00 to $2.00, postpaid.**

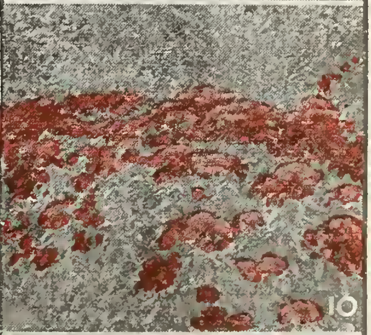
Cyclamen

DID YOU INCLUDE OUR HAPPY HOME PLANT COLLECTION IN YOUR ORDER?









HARDY SHRUBS

1—AMYGDALUS ROSES (Almond). An early blooming pink shrub with double flowers. Extremely popular. (See illustration.)

1A—AMYGDALUS ALBA (Almond). Same type as above except the flowers are a beautiful double white.

2—SNOWBERRY (Symphoricarpus Racemosus). An extra fine dwarf shrub with small pink flowers and large white berries hanging on the plant late into the winter. (See illustration.)

3—BERBERIS THUNBERGII. This is the famous Japanese Barberry so generally used for hedges and shrubbery. Becomes literally covered with bright scarlet berries. Beautiful foliage turns to a delightful brilliant crimson in fall. (See illustration.)

4—CORNUS FLORIDA. (White Flowering Dogwood). A highly ornamental, spreading tree, producing large flowers in spring and rich crimson foliage in fall. (See illustration.)

5—DEUTZIA, PRIDE OF ROCHESTER. Perfectly hardy, large double white flowers, the back of the petals are slightly tinged with rose. Very free bloomer. (See illustration.)

6—SPIREA PRUNIFOLIA. One of the most gorgeous shrubs that can be grown. Flowers are white in color, Daisy-like shape. (See illustration.)

7—SPIREA VAN HOUTTEI (Bridal Wreath). Showiest of all the Spireas; with long, slender branches that droop gracefully, with their weight of pure white flowers. (See illustration.)

8—PHILADELPHUS. The blossoms are large, pure white, waxy, of delicious orange fragrance, and borne in prodigal profusion; absolutely hardy. (See illustration.)

9—PERSIAN LILAC. Bears its enormous trusses often 10 inches long of purple color, strongly fragrant. (See illustration.)

10—SPIREA BUMALDA. Blooming from July until killed by frost. The blossoms are large and of a bright rose color; perfectly hardy. (See illustration.)

11—FORSYTHIA or GOLDEN BELL. Robes itself during April and May, the length of its branches, in pendulous bulbs of a bright yellow color. Immensely brilliant. (See illustration.)

12—TAMARIX GALLECA INDICA. Very strong growing, with feathery plumes of pale pink, flowers in late summer and autumn. (See illustration.)

13—WEIGELIA NANA VARIEGATA. One of the most conspicuous shrubs; leaves beautifully margined and creamy white. Flowers exquisite pink. Dwarf grown. (See illustration.)

14—WEIGELIA EVA RATHKE. The finest Weigelia, laden with fine bell-shaped carmine red blossoms all summer and autumn. (See illustration.)

15—ROSE ACACIA (Robinia Hispida—Moss Locust). The branches closely resemble the moss rose. The leaves are similar to the Locust. The rose-colored flowers hang in long panicles from the branches. Blooms June and July. (See illustration.)

SNOWBALL. Perfectly hardy anywhere, produces clusters of 4 to 5 large bulbs of handsome showy pure white flowers in the latter part of May; an old favorite everywhere. (See illustration.)

Price of above shrubs: Mail size, 35c each; any 3 for $1.00; any 10 for $2.50, postpaid. Large size, 24 to 30 inches, each, 50c; 3 for $1.35; 10 for $4.00.

We ship properly labeled i March, April or May, according t locality. Evergreens cannot b stored like Fruit and Shade Trees All Evergreens are dug, packe and shipped same day, insurin fresh, thrifty stock full of life an vitality.

Our Evergreens are grown fo us by one of the oldest and larges Evergreen nurseries in America who grow nothing else but Evergreens. You can depend upon th quality.

Simple, easy, detailed Plantin Instructions are sent with eac shipment.

Rate of Growth: This depend entirely upon the variety. If lef to us, we will select the variet that will grow fastest and best i your locality.

PLEASE READ CAREFULLY

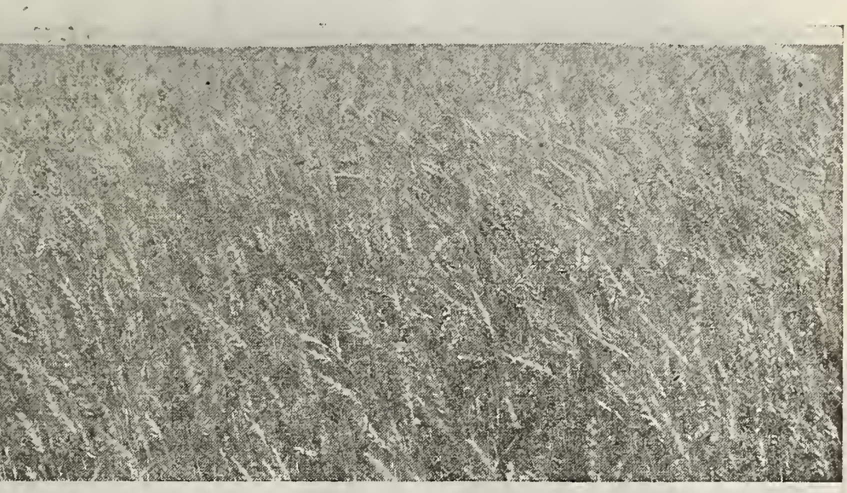
Orders must be confined strictl to sizes and varieties quoted above. 18 to 24 means not less than 18 inches and up to 24 inches. If 2 foot windbreak o hedge Evergreens are wanted, then the 2-3 foot size must b ordered.

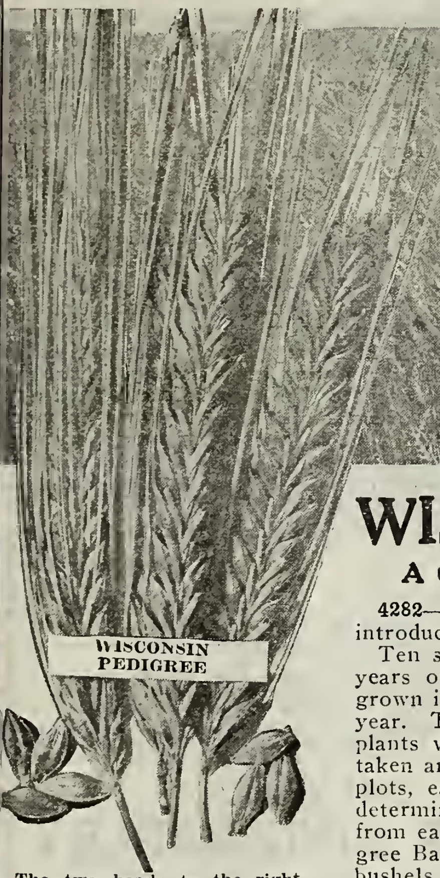
Rates:—Windbreak and Hedge Evergreens are tied in uniform bundles of 5 trees each of a single variety and size. Orders must b in multiples of 5. 5 to 20 of the same variety and size at the rate; 25 to 45 at the 25 rate; 50 and up to 195 at the 100 rate; 200 and over at the 200 rate.

Evergreen Windbreak.

PRICES ARE F. O. B. RAILWAY STATION NURSERIES

CONDITIONS OF SALE: Recognizing that our customers have the opportunity of securing analysis and germination of any and all field seeds, we, the John A. Salzer Seed Company, do not give, and our employes are orbidden to give, any warranty, expressed or implied, as to description, quality, productiveness, or any other matter of field seeds and potatoes, we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they must at once be returned and money will be refunded.





The two heads to the right have the beards cut away to show kernel.

WISCONSIN PEDIGREE BARLEY

A Great Barley for Malting—Germinates Uniformly Without Loss

4282—As its name signifies, this is a Pedigreed Barley of a very selective type introduced by the Wisconsin Experimental Station, renowned for its achievements.

Ten standard varieties of barley were used in the foundation work. After three years of comparative trials the four best promising varieties were retained and grown in small plots for several seasons, the best plants being selected for seed each year. Then 2,500 seedlings were planted from each, from which again the 20 best plants were selected. Following this the ten best plants from each variety were taken and the best seed of each used to establish centgener plots. These centgener plots, each containing a hundred seeds, were tested for three successive years to determine yield and other desirable characteristics. The best heads were selected from each centgener plot, from which comes our Wisconsin Pedigree Barley. Pedigree Barley yields from 5 to 20 bushels more than the common varieties.

Pedigree Barley grows taller than any other 6-rowed sort and is a very stiff straw. The heads are unusually large and long and are completely filled out with very plump grain; is very uniform in size, brighter and whiter than that of most other sorts and very attractive.

It is a barley the farmers can depend upon to produce a big crop. (See illustration.)

Price: Lb., 30c, postpaid. Price, by freight: Lb., 25c; peck, 70c; bu., $2.50; 2½ bu., $6.15; 10 bu., $24.00 BAGS: Extra, Jute, 1 to 2 bu. size, 15c; 3½ to 1 bu. size, 25c; Cotton, 2½ bu. size, 55c.

ODERBRUCKER BARLEY

(Wisconsin No. 55)

4281—Manifestly the farmer who would bring his farm operations to the highest degree of perfection must appreciate that it is exceedingly important he select with great care varieties of value as the foundation material for that improvement.

Oderbrucker Barley is a highly remunerative type to grow. It is very closely bred—is conceded by experienced, practical and successful farmers everywhere as one of the most satisfactory for feeding purposes.

When introducing it, Prof. Moore said it contained 15 per cent more protein or nearly double the amount found in most varieties.

Oderbrucker is a 6-rowed variety. It is superior for stiffness of straw and rust resistance to any variety on test at the experiment station.

Our seed, which is carefully grown from selected stock seed, is pure, well cleaned, plump and of fine bright color. (See illustration.)

Price: Lb., 30c, postpaid. Price, by freight: Lb., 25c; peck, 70c; bu., $2.50; 2½ bu., $6.15; 10 bu., $24.00. BAGS Extra: Jute, 1 to 2 bu. size, 15c; 2½ to 4 bu. size, 25c; Cotton, 2½ bu. size, 55c.

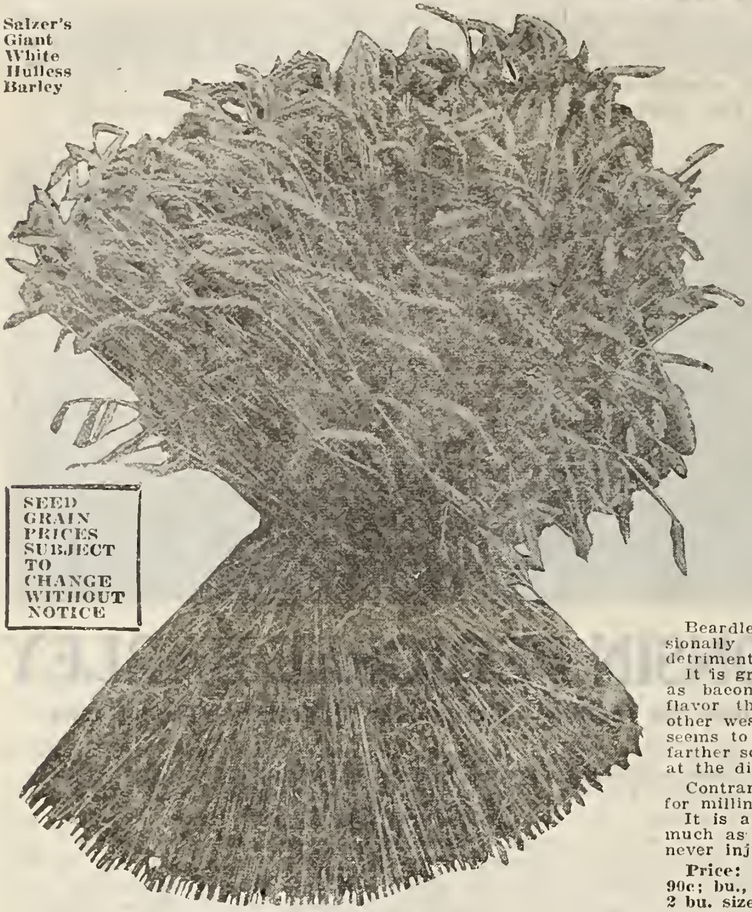
Salzer's
Giant
White
Hulless
Barley



SEED GRAIN PRICES SUBJECT TO CHANGE WITHOUT NOTICE

SALZER'S GIANT WHITE HULLESS BARLEY

A MASTER FEED CROP
A Great Flesh Producer

4275—As a feed crop it is one of the most rapid fat-producing, health giving rations for hogs, cattle and poultry extant today.

If farmers would only attempt and get a true appreciation of the importance of this variety and its immense feeding value to the extent of trying it out, they will never cease to grow this great feeding crop.

The farmer living in the corn-growing states believes that he has better food in Corn than in this Giant White Hulless Barley; but this is mere assumption, because he has not given this Barley a trial side by side with his rich Corn, a trial which will soon convince him of its high feeding value and its big cropping nature.

The yield of Giant White Hulless Barley runs from upwards of 60 to 80 bushels per acre of as fine, plump, healthy feeding Barley as you ever saw. It is very early, will mature sooner than the bearded varieties; it is 6 rowed, but in threshing the kernels shell out (without the hulls) and look like big wheat kernels. Occasionally a kernel sports back to the bearded parent type. (See illustration.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck, 95c; bu., $3.50; 2½ bu., $8.65; 10 bu., $34.00. Bags Extra: Jute, 1 to 2 bu. size, 15c; 2½ to 4 bu. size, 25c; Cotton, 2½ bu. size, 55c.

SALZER'S BEARDLESS BARLEY

One of the Earliest Barleys Grown

4276—How can the secrets of Nature and Mother Earth be solved unless you try the farm out? Have inspiration for your farm work; throw away theories; try out this Beardless Barley. Starting right is half the success of life.

Salzer's Beardless Barley is one of the earliest Barleys grown. It is a six-rowed variety and differs from all other varieties, except the White Hulless kind described on this page, by its freedom from the troublesome beards. On that account it is not only more agreeable to handle in threshing, but it is also a safer and better barley feed for livestock.

Salzer's Beardless Barley is a vigorous grower, producing strong, short straw and heavy, well filled heads, averaging about three inches in length. Being a very early variety, it can be cut and put out of the way before Wheat and Oats are harvested. It can be grown on most any kind of land, and produces even a crop on light soil which is too poor for Wheat and Oats.

Beardless Barley originated from a six-rowed Barley, and occasionally plants are found with beards, but this is no serious detriment.

It is growing in favor for feeding stock, especially hog feeding, as bacon from barley-fed hogs is considered of much better flavor than that produced from corn. In North Dakota and other western states Barley as a grain for stall-feeding live stock seems to be destined to fill the place occupied by corn in states farther south, as feeding trials with horses, cattle, sheep and hogs at the different western stations have demonstrated.

Contrary to the prevailing opinion, Beardless Barley is as good for milling as any other Barley.

It is also very valuable as a **nurse crop**; it does not stool as much as oats, it rarely lodges, and forms so little shade that it never injures a meadow. (For color illustration see page 111.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck, 90c; bu., $3.25; 2½ bu., $8.00; 10 bu., $31.50. Bags Extra: Jute, 2 bu. size, 15c; 2½ to 4 bu. size, 25c; Cotton, 2½ bu. size, 50c.

SALZER'S SILVER KING BARLEY

See Color Illustration Page 111

4277—The infinite capacity for seed development by selection of the best is exemplified in Salzer's Silver King.

It has given the farmers all over the United States and Canada a foretaste of the greater yields, wonderfully improved quality that selected seed brings from fields under the same climate and under the same conditions as Barley secured from other sources.

Silver King is acknowledged one of the best of Barleys; it is the result of long years of persistence, patience and skill to produce a Barley of exceptional merit, a Barley of outstanding superiority such as would be apparent to the grower in a test.

Agriculturists should bear in mind it is decidedly to our interests to offer them the "best types of Barley" known. If any better varieties existed than those we list, the better ones would be the varieties to receive our preference.

We fully appreciated the importance of early ripening varieties, quality and productiveness, hence our never-ceasing search for "something better."

The yield of Silver King Barley throughout the country ranks highest.

It is very early and of very vigorous growth; the straw is strong and stiff, and very seldom does a field of this Barley lodge. The heads are as long as any 6-rowed sort, and are well filled with very plump and heavy kernels of fine color. The grain is very rich in protein, making this variety a splendid malting sort, and most desirable for feeding purposes.

Growing stronger, stiffer straw than any other kind, Silver King is one of the best Barleys to sow on heavy, rich soil, but it also thrives on warm, light soil, and outyields most other varieties.

As we grow our seed of this variety in the north, we particularly recommend it for the northern states.

Price: Lb., 30c, postpaid. Price, by freight: Lb., 25c; peck, 70c; bu., $2.50; 2½ bu., $6.15; 10 bu., $21.00. Bags Extra: Jute, 2 bu. size, 15c; 2½ bu. to 4 bu. size, 25c; Cotton, 2½ bu. size, 55c.

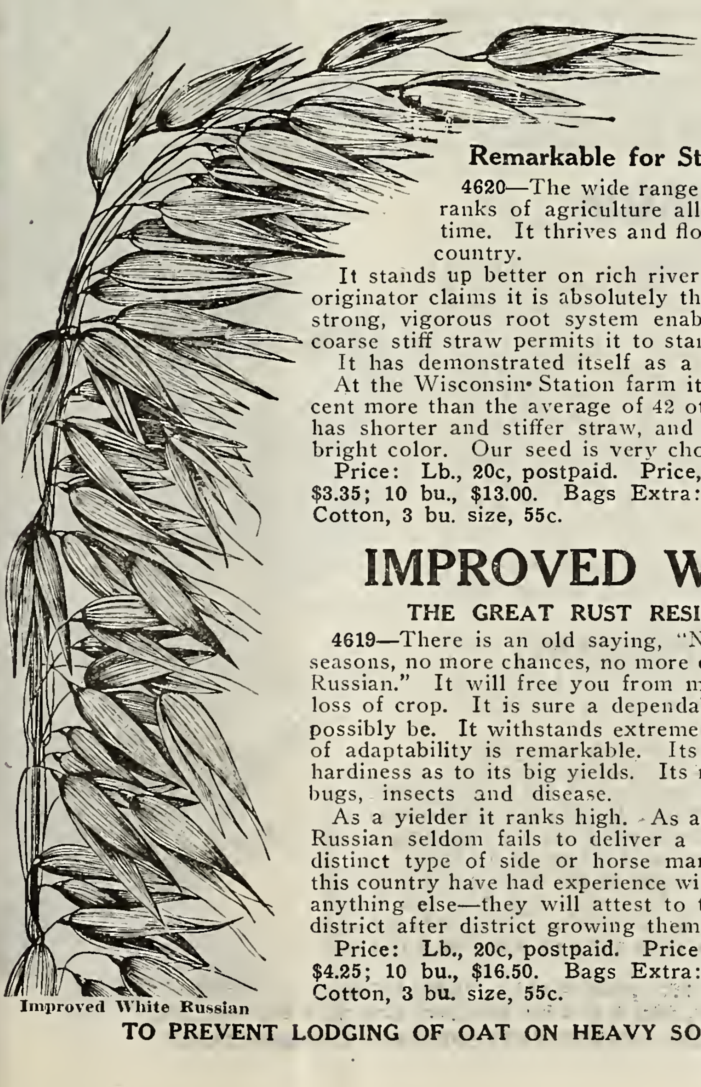
An Oat
of Sterling
Merit

Unquestionably
the Oat for
Rich Soils

Wisconsin Pedigree No. 1 Oat



Improved White Russian

WISCONSIN PEDIGREE NO. 1 OAT

Remarkable for Stiffness of Straw and Great Productiveness

4620—The wide range of adaptability of this Oat has placed it in the fore ranks of agriculture all over the United States in an inconceivable short time. It thrives and flourishes, producing big crops in every section of the country.

It stands up better on rich river bottom land where other oats usually lodge. The originator claims it is absolutely the best oat for medium rich soils thus far bred. Its strong, vigorous root system enables it to withstand drought without damage. Its coarse stiff straw permits it to stand up well on rich manured land.

It has demonstrated itself as a large yielder and most reliable cropper.

At the Wisconsin Station farm it yielded as much as 110 bushels per acre or 33 per cent more than the average of 42 other varieties. It is earlier than the Swedish Select, has shorter and stiffer straw, and does not lodge easily. Fine plump kernel. Very bright color. Our seed is very choice. (See illustration.)

Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 40c; bu., $1.40; 2½ bu., $3.35; 10 bu., $13.00. Bags Extra: Jute, 1 to 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

IMPROVED WHITE RUSSIAN OAT

THE GREAT RUST RESISTER—THE ADVERSE WEATHER OAT

4619—There is an old saying, "No more poor crops, no more worry, no more lost seasons, no more chances, no more dissatisfaction about the weather, if you grow White Russian." It will free you from much uncertainty and as a rule protect you against loss of crop. It is sure a dependable cropper, and as near rust proof as any oat can possibly be. It withstands extremes of cold. It endures intense heat. Its wide range of adaptability is remarkable. Its great popularity is due as much to its wonderful hardiness as to its big yields. Its rugged hardiness permits it to resist the ravages of bugs, insects and disease.

As a yielder it ranks high. As a reliable cropper it ranks higher. Improved White Russian seldom fails to deliver a remunerative crop. Improved White Russian is a distinct type of side or horse mane Oats of Russian origin. The older farmers of this country have had experience with side Oats. In the old days many would not grow anything else—they will attest to the big yields, the fine Oats, the prosperity of the district after district growing them. (See illustration.)

Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; peck, 50c; bu., $1.75; 2½ bu., $4.25; 10 bu., $16.50. Bags Extra: Jute, 1 to 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

TO PREVENT LODGING OF OAT ON HEAVY SOIL SOW WISCONSIN PEDIGREE NO. 1

A Field of Salzer's White Kherson (Iowa No. 103) Oat

SALZER'S SILVER MINE OATS

See Color Illustration Page 112

4615—The farm must either yield a profit or loss at the end of the year. No farmer should knowingly court a crop failure; on the other hand, it must measureably heighten his interest if he knows with reasonable certainty he will harvest a remunerative crop.

Salzer's Silver Mine has a national record as a reliable cropper. It is equally reputed for its heavy yields. Big crops everywhere—year in, year out—is its unparalleled record. It is one of the hardiest Oats under cultivation. At harvest its beautiful white kernels are a picture to gaze on. Breakfast food manufacturers pay a premium for this magnificent Oat. It seldom lodges, as the heads are borne low on the strong, stiff stalk. Straw is unusually bright and clean.

Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 40c; bu., $1.40; 2½ bu., $3.50; 10 bu., $13.00. Bags Extra: Jute, 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

SALZER'S WHITE KHERSON

THE FAMOUS IOWA 103 OAT

4622—It is a mystery to us why in view of the remarkable record of this oat, that many of our most intelligent farmers fail even to give this oat a tryout, particularly in face of the world-wide disposition to produce more largely.

Iowa 103 is fast superseding other types in that state. Reports of over forty farmers who gave it a trial show it outyielded all others. Twice in succession it has carried off the Sweepstake Prize at the International Dry Farming Congress. Being an extremely early variety it is of almost incalculable value as a nurse crop; keeping the land clean; rendering early harvesting; maturing before extreme heat; ripening ahead of stormy weather; permitting of growing late sowing crops; kernel is slender, plump and white. Very high in nutritive value. No better oat on earth for rich heavy soils. A grand oat for light soils. In fact, it is a genuine money maker. (See illustration.)

Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 40c; bu., $1.40; 2½ bu., $3.50; 10 bu., $13.00. Bags Extra: Jute, 1 to 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

60 DAY OAT (JULY OR KHERSON)

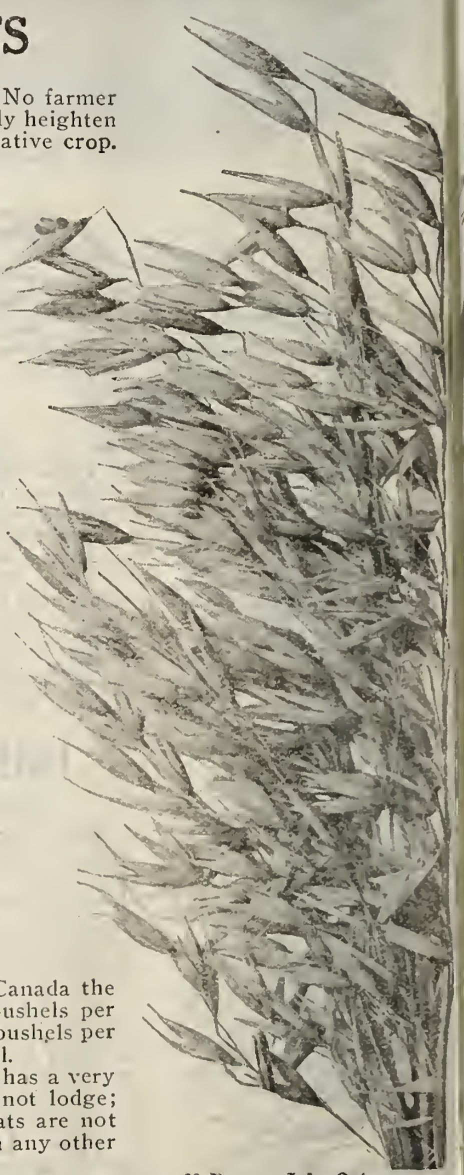
4616—Maturing as it does in July, it is one of the best land cleaners on earth, as it admits of harvesting before wild oats and other noxious weeds ripen and drop their seed.

Its extreme earliness gives it an agricultural value almost incalculable, which, with its large yields, has combined to make it of national prominence.

In North Dakota 60-Day Oat headed the list of varieties on trial. In Canada the Secretary of the Saskatchewan Grain Growers reported he secured 126 bushels per acre. At the Minnesota Experiment Station the average yield has been 64 bushels per acre. 60-Day has the reputation of producing a good crop when others fail.

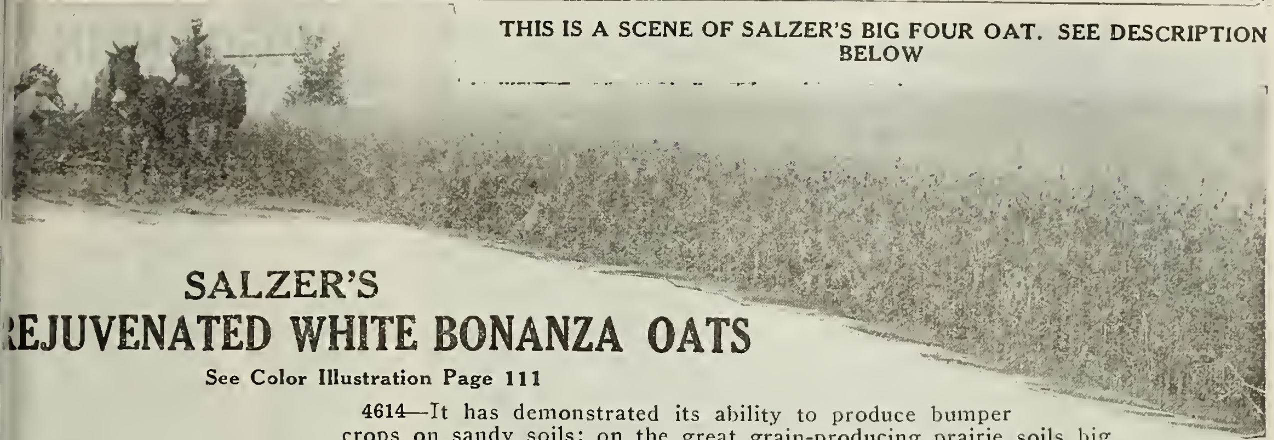
It is a small, yellowish oat that weighs about 34 pounds to the bushel; it has a very thin hull and is practically all meat. The straw is short, stiff, and does not lodge; makes unusually good fodder, and is readily eaten by all stock. These oats are not very attractive looking. They have always done better in a dry season than any other variety we know of. (See illustration.)

Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 45c; bu., $1.60; 2½ bu., $3.85; 10 bu., $15.00. Bags Extra: Jute, 1 to 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.



60-Day or July Oat

FOR EARLY OATS THE "60 DAY" AND "WHITE KHERSON" ARE COMMENDABLE

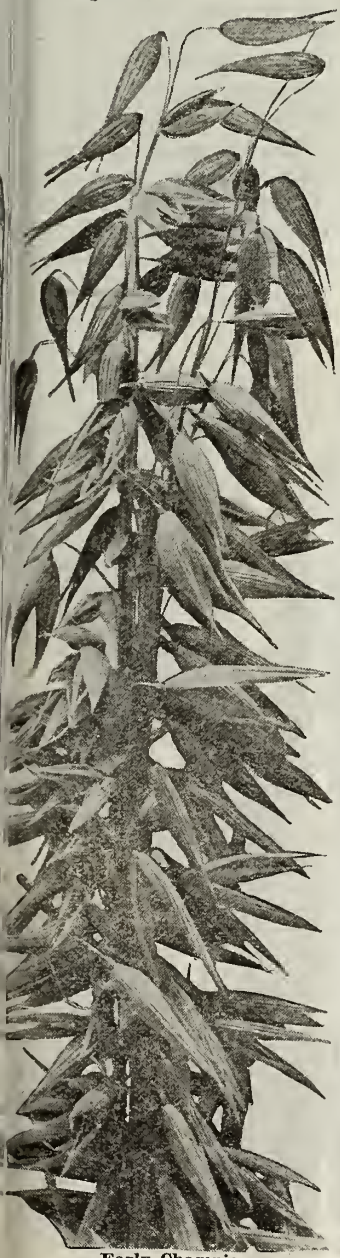


THIS IS A SCENE OF SALZER'S BIG FOUR OAT. SEE DESCRIPTION BELOW

SALZER'S
REJUVENATED WHITE BONANZA OATS

See Color Illustration Page 111

Reg. U. S. Patent Office



Early Champion

4614—It has demonstrated its ability to produce bumper crops on sandy soils; on the great grain-producing prairie soils big yields are recorded. It is an oat that makes profitable farming as near certain as is possible to attain from any oat.

It has a vital relationship to agricultural prosperity. It is a first consideration from a practical agricultural standpoint. It is an all-important factor, where monetary returns are the great future calculations. It is a forerunner of progressiveness, intelligently applied to farm operations. It is a dependable, reliable and almost infallible oat. Ripens in about ninety days, straw is stiff and will not lodge easily. Branching habit, large, thick, plump kernel, a great rust resister.

One kernel sends up many solid, strong, stiff stalks, producing long, full, fine heads, literally jammed with kernels.

So our customers will better understand the superb strain, the exceptional hardiness and incidentally the higher price of this oat—the seed has, ever since we first introduced it, been grown in Northern Saskatchewan, Canada, one hundred miles north of the American boundary or nearly one thousand miles northwest of La Crosse.

As the name "Bonanza" is our own Registered Trade Mark no one else has the right to use it. (See illustration.)

PRICE OF SALZER'S REJUVENATED WHITE BONANZA OATS

Price: Lb., 40c, postpaid. Price, by freight: Lb., 35c; peck, 60c; bu., $2.15; 2½ bu., $5.25; 10 bu., $21.00. Bags Extra: Jute, 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. 55c.

SALZER'S BIG FOUR OAT

See Illustration Above

4606—That there is an unusual awakening to the great productiveness and meritorious characteristics of this oat is emphasized by its great popularity throughout Wisconsin, Minnesota, Iowa, Illinois, the Dakotas and other great oat-growing centers, where large acreages have been devoted to this magnificent White Oat of most handsome appearance.

It peculiarly adapts itself to most all soils—overcoming to a remarkable degree adverse climatic conditions. It is an exceptionally hardy type.

Big Four Oats has wonderfully stiff straw, withstanding severe winds to a marked degree and coming forth after storms and standing straight, erect—a pleasurable sight to see. When other sorts lodge badly, this usually stands up like a strong stone wall.

This Oat, more than most other varieties withstands bugs, scoffs at insects, and stands up, growing vigorously, when many other varieties succumb to the ravages of insects. It ripens early—a most desirable feature.

The kernels are a beautiful white, plump, but long. Thin hull and very meaty. The straw is bright, clean, erect and highly valuable as forage for stock.

Our seed stock is exceptionally fine and will delight the keen discriminating critical buyer. **Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 45c; bu., $1.50; 2½ bu., $3.65; 10 bu., $14.00. Bags Extra: Jute, 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.**

EARLY CHAMPION OAT

4607—Too well known to require an extended description. Enterprising, wide-awake farmers everywhere making good profits growing this type. In no Oat is the improvement and development shown to a more marked degree than Early Champion.

It has given excellent satisfaction. It gave the largest yield per acre of any variety in test at the Iowa State Agricultural College, and is highly recommended by them. This variety has comparatively short straw, matures a few days later than Sixty Day Oats, or about ten days earlier than the Swedish Select Oats, largely escaping the liability to rust.

Its greatest value lies in its adaptability as a nurse crop to grow with grass seed, as it does not stool so freely as some other sorts. It will not lodge on rich land. (See illustration.) **Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 45c; bu., $1.60; 2½ bu., $3.85; 10 bu., $15.00. Bags Extra: Jute, 2 bu. size, 20c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.**

FOR A MAIN CROP OAT SOW SALZER'S REJUVENATED WHITE BONANZA AND BIG FOUR

A Field of Wisconsin No. 7 Oat.

WISCONSIN No. 5 OAT

4621—Like the Swedish Select, this oat is a wonderful variety for upland soils and poor land. It is a pedigreed strain of oats of the highest type, developed through continued selection at the Wisconsin University Farm. Has a reputation for extremely big yields and is growing in popular favor all over the West and Northwest on account of its dependability.

The kernel is large, plump and of high nutritive value; of medium length, with a hull a trifle thicker than the Swedish. Straw is very strong, does not lodge easily and the panicles are large and always well filled with kernels. It is a very early type. Rust resistant and not easily susceptible to smut.

The strong root system is exceptionally favorable to withstanding extreme drought as well as to producing big yields.

Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 45c; bu., $1.45; 2½ bu., $3.50; 10 bu., $13.00.

Bags Extra: Jute, 2 bu. size, 15c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

SWEDISH SELECT OR WISCONSIN No. 4 OAT

4617—Prof. Moore, of the Wisconsin University, says: "They are the popular variety of oats now grown in Wisconsin, and are especially well adapted for the upland soils and seem to do better on poorer grades of land than most any other variety tried. On the experimental plots, the oats yielded exceptionally well, having stiff straw, light hull and weighing 36 and 40 pounds per measured bushel."

The great root development is one of the characteristics of the Swedish Oats, which enables them to resist drought better than most other varieties tested.

The straw is coarse and is noted for its stiffness and power to resist lodging.

The heads are large, branching, filled with plump, large, thick grain, which is of very bright color. These oats are quite early, less liable to smut and rust than most other sorts, and thrive on nearly all soils, except when very rich, and under almost all conditions. **Price: Lb., 20c, postpaid. Price, by freight: Lb., 15c; peck, 45c; bu., $1.45; 2½ bu., $3.50; 10 bu., $13.00.**

Bags Extra: Jute, 1 to 2 bu. size, 15c; 3 to 5 bu. size, 25c; Cotton, 3 bu. size, 55c.

owing Marquis Wheat Heads

MARQUIS WHEAT

Holds the Championship Trophy For the World's Best Wheat

THE KING OF THE SPRING WHEATS

For Color Illustration See Page 112

4751—Even the name Marquis carries a conviction that inspires confidence so enviable is the reputation it has attained as the earliest, largest yielding, most dependable, greatest adaptability and most plump of the bald spring wheats.

Marquis we consider supreme; it outstrips anything and everything in spring wheat. It is a factor of its own—shining forth as one of the greatest achievements scientific agriculture has introduced.

We question if it has any climatic limitation in the United States. It has eliminated much of the hazard of wheat growing. It has placed wheat farming on a more sound, logical and profitable basis. It has done much to place success, that greatest ambition which is the aim of every hustling, enterprising farmer, within the reach of all. It has removed much of the uncertainty from farm operations. It reduces wheat growing to almost utter simplicity.

Marquis has almost removed the great gamble with the elements. Marquis will stop many of the leaks in your farm. The yield is highly gratifying.

The entire country is singing its praises for earliness (ten days earlier than other bald wheats). The farmers are immensely pleased with its phenomenal record, its high milling quality, and its continuous high yields.

Marquis is a cross between Calcutta, Hard Red and Red Fife (a combination of earliness yield and high quality). Kernels are a beautiful dark red, hard, large size, attractive shape and color. Heads are exceptionally large, beardless and practically rust proof. (This wheat should have been christened Rust-Proof.) Smooth, yellow chaff which hugs the kernel closely, thus resisting frost. Does not thresh out in the wind. Straw medium in height and very stiff. Can you beat it for noble traits? One other point, viz.—no matter what the growing condition, no matter how miserable the size—Marquis kernels usually retain their plumpness—hence the secret of its high milling value.

Our Marquis is especially fine; beautiful in appearance, large kernels, attractive amber color, plump and fully matured. (See illustration.)

Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; peck, $1.25; bu., $4.25; 2½ bu., $10.50; 10 bu., $41.50.

MACARONI WHEAT

(DURUM)

Brings Always High Prices

4750—The exclusive advantages of this variety are its great drought resistance and rust proof characteristics.

The demand for Durum Wheat has vastly exceeded the production for a number of years. The manufacture of Macaroni and by-products too numerous to mention keep prices skyward. Its productiveness makes it one of the most profitable grain crops to grow.

This wheat especially comes into play in the dry, arid, alkali, hot regions of the United States. Take the Dakotas and Western Nebraska and Kansas and Colorado and Montana and Arizona, Wyoming and Texas—in any of these states this wheat can be grown and will return yields beyond the average spring or winter wheat known today. It does magnificently in Texas, and a large number of our customers have grown same in that state, using it mainly for food purposes. The U. S. Department of Agriculture says it stands as the foremost wheat for regions of intense heat and drought.

The straw is strong and heavy, seldom troubled with any of the insect and diseases that affect other wheats. Rust is also practically unknown on Macaroni Wheat. Hogs, cattle and poultry are kept in a healthy, growing condition and fattened on Macaroni Wheat. It also makes the growing of hogs profitable in the dry, arid regions and far north, where corn will not grow, at a cost as cheaply as the corn-favored farmer in Iowa and other states.

Macaroni Wheat has compactly formed, bearded heads; the grain is large, hard and glossy, of yellowish color, often translucent. The grain being very large and not stooling very heavily; 1½ to 2 bushels are required to sow per acre. (See illustration.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck, $1.15; bu., $4.00; 2½ bu., $9.90; 10 bu., $39.00.

Macaroni (Durum) Wheat

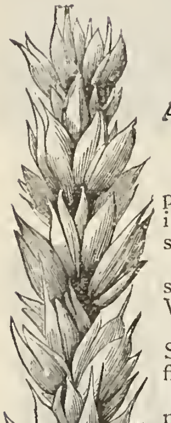
IF YOU DESIRE WHEAT IN LARGE QUANTITIES WRITE FOR PRICES

A Field of Marvel Wheat

SALZER'S MARVEL SPRING WHEAT

(A BLUE STEM TYPE)

A STRONG GROWER—VERY RUST RESISTANT—WITHSTANDS HARSH CLIMATIC SEVERITIES



Minn. No. 169
Blue Stem Wheat

4752—Good management outweighs chance. Lay aside the inclination to economize by saving th price of new seed, as it's the greatest obstacle to success that ever confronted a farmer. Any such saving can only be had at the expense of the resultant crop, in which case you really pay for new see several times over—and not get the seed.

Try Marvel Wheat alongside your old seed. It's an exceptionally fine Wheat! The sterling qualities superior vigor, strong disease and insect-proof properties make it one of the most reliable of all Sprin Wheats.

We consider it one of the most prolific, heaviest stooling, healthiest, strongest-growing varieties o Spring Wheat we are acquainted with today. The head is very long and filled up to the point wit fine, plump, flinty and almost transparent grains of reddish-brown color.

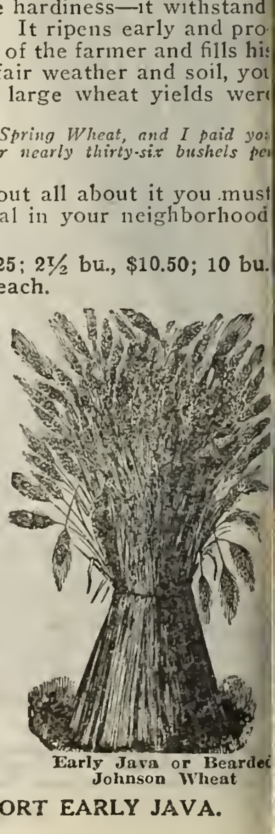
Having been grown in the extreme northwest assures this variety extreme hardiness—it withstand most unfavorable conditions, droughts or rains, during the growing seasons. It ripens early and produces kernels unusually plump, large and of fine color. It gladdens the heart of the farmer and fills hi purse. It is a great stooler, which means something, and with ordinary fair weather and soil, yo can have a crop of wheat that will remind you of the good old days when large wheat yields wer the rule.

Hon. H. F. Hunter, South Dakota, says: "I tried fifty acres of Salzer's Famous Marvel Spring Wheat, and I paid yo full catalogue price! Shall I tell you what it did for me? Well, I threshed 1,740 bushels or nearly thirty-six bushels pe acre! I am sure your Marvel will yet yield for me fifty bushels to the acre."

The above on Marvel Wheat sets forth its splendid qualities; and to find out all about it you must sow a few acres, say 5, 10 or more, and you will be the most pleased individual in your neighborhood (See color illustration page 129, also illustration above.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck, $1.25; bu. $4.25; 2½ bu., $10.50; 10 bu. $41.50. BAGS EXTRA: Jute, 1 to 2 bu. size, 20c; cotton, 2½ bu. size, 55c each.

MINNESOTA BLUE STEM WHEAT



Early Java or Bearde
Johnson Wheat

4753—Originated at the Minnesota Experimental Station. It is a progeny of Haynes' Pedigree Blue Stem, but much more productive. In quality it is equal to one of the best. (See illustration.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck $1.25; bu., $4.25; 2½ bu., $10.50; 10 bu., $41.50. BAGS EXTRA; Jute, 1 to 2 bu. size, 15c; Cotton, 2½ bu. size, 55c.

EARLY JAVA OR BEARDED JOHNSON WHEAT

4744—Here is a wheat we know many of our customers have been looking for. It is a bearded Spring Wheat variety resembling the famous French Imperial Wheat, which for so many years had such a wonderful sale in the Northwest.

Its points of merit are many, but principally its extreme earliness, being 10 days earlier than Blue Stem or Fife or such varieties.

It has a very stiff straw with well filled, long-bearded heads.

The berry is round and plump. It is extremely hardy and of a first-class milling quality. It is a splendid yielder; 40 to 50 bu. per acre have often been grown on wheat soil. Sow 1½ bu. per acre. (See illustration.)

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; peck, $1.15; bu., $4.00; 2½ bu., $9.90; 10 bu., $39.00. BAGS EXTRA: Jute, 1 to 2 bu. size, 20c; Cotton, 2½ bu. size, 55c.

Prices are F. O. B. La Crosse. Subject to Market Fluctuations.

We Advise Early Orders.

SALZER'S CELEBRATED
GOLDEN GLOW CORN
(WISCONSIN NO. 12)
The Variety That Made Wisconsin Famous

See Color Illustration Page 112

Golden Glow is a most befitting name. In color it is golden and its large yields of high quality corn bring a golden glow to the heart of every grower.

A variety of outstanding prominence. A Corn of individuality. A Corn of immense productiveness. A Corn of magnificent height. A Corn of large, superb ears. A Corn of large kernels. A Corn of small cob. A great Corn for light soil. A good Corn on heavy soil. Matures in approximately 95 days.

Our Seed of Golden Glow will please. It will produce big yields. It has great constitutional vigor. It is full of that strong, robust seed life so necessary for producing strong, live stalks that will grow and thrive from the start.

Golden Glow was awarded sweepstakes at the International Corn Show as the Best Yellow Corn of the Northern zone, comprising the states of Wisconsin, Michigan, Minnesota, North and South Dakota. The largest yield on record was produced from Golden Glow by a grower in Oconto County, Wis., viz.: 164 bushels and 25 pounds per acre.

A very early variety, maturing safely as far north as the central part of Wisconsin and the same latitude of Minnesota and South Dakota, although for years we have grown our seed farther north in the central part of Minnesota, northwest of St. Paul. It produces larger ears and is a heavier yielder than Wisconsin No. 8 and only a few days later, ripening in about 90 days. It is one of the best yellow dent corn for our state.

The ears are of very attractive appearance, quite large, 16 to 18 rowed, of symmetrical shape, well filled from butt to tip with good sized kernels of pure golden-yellow color which are slightly rough on the outer end and are entirely free of any tendency to flintiness. The stalks are about 7 feet high, produce a large amount of foliage, making a splendid fodder and silage corn.

WISCONSIN No. 8 CORN
(MINNESOTA No. 13)
The Earliest of the Yellow Dents

See Color Illustration Page 112

To it is due the material extension northward of the corn producing area. It has almost entirely removed in the Great Northwest States the uncertainties of frost hazard. It has given a new lease of life "as it were" to corn growers throughout vast sections where only 90-day or better corn will ripen.

In many ways it is a marvelous Corn. It has the reputation of retaining a prominent place on every farm where it has been tried. We urge our American farmer to attain to his highest possibilities, to devote his energies to improving his earning capacity, to listen to and practice the doctrines of suitable seed.

Wisconsin No. 8 has been developed at the Wisconsin Experiment Station from the well-known Minnesota No. 13, which has a great reputation all through the state of Minnesota, and has been considered there the earliest and most productive yellow dent. Wisconsin No. 8 is fully as early, but has larger ears and deeper kernels than the Minnesota strain. The ears are of handsome appearance with 16 to 20 rows of bright, rich yellow, smooth and plump kernels, which are packed closely on the cob from butt to tip. The ears average 8 inches in length and are borne usually 2 on a stalk, which grows about 7 feet high, are very leafy and furnish great quantities of fodder.

Wisconsin No. 8 will thoroughly ripen in 90 days and earlier if soil and season are favorable. It usually yields from 60 to 80 bushels per acre.

There is no other yellow dent corn fully as early that is equal to it in productiveness. Our stock is Minnesota, Dakota, Iowa and Nebraska grown.

MINNESOTA GROWN

4406—Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; pk., $1.35; ½ bu., $3.40; bu., $4.50; 2½ bu., $11.10; 5 bu., $22.00; 10 bu., $43.50. Bags as stated below.

IOWA GOLDMINE

4417—This Corn rippened thoroughly in Southern Wisconsin, Kansas, Nebraska, Iowa and Illinois inside of **100 days**. It is one of the most generally planted varieties in the corn belt. The ears are about 10 inches long and very symmetrical. The grain is very [illegible] and of beautiful golden yellow color, and the cob is very thin. Iowa Gold Mine is a heavy cropper, and one of the most productive early varieties. Our stock is carefully grown and well selected. (See illustration.)

"SALZER'S NEW LEAMING"

REID'S YELLOW DENT CORN

For Color Illustration See Page 112

4398—Why be satisfied with a mere harvest "trickle" from a poor variety when the harvest will roll down in "volume" from a good heavy yielding type?

This is one of the most largely grown yellow varieties throughout the corn belt and one of the best varieties for Iowa, Illinois, Nebraska, Kansas and other states in the same latitude. A splendid variety for farmers who sell corn on the ear, as the ears are so remarkably uniform in size, type and color. They are covered with 18 to 24 rows of deep grain, no space lost between the rows, and are of light golden-yellow color and about 9 to 11 inches long; the cob is very thin. It matures in about 115 days. Our stock is exceptionally choice, grown from selected ears only and is sure to please the most particular.

DAKOTA OR IOWA GROWN

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; pk., $1.15; ½ bu., $1.95; bu., $3.65; 2½ bu., $9.00; 5 bu., $17.70; 10 bu., $35.00.

IMPROVED MURDOCK CORN

For Color Illustration See Page 112

4415—Wherever big yields are desired we recommend this variety. It matures the largest crops of any Yellow Dent Corn in southern Wisconsin, in the southern part of Minnesota and South Dakota, the northern tiers of counties in Iowa and Northeastern Nebraska.

Salzer's Improved Murdock is an earlier, more uniform and more productive strain of the well-known Murdock or Golden Jewel, which secured the highest award for the best ten ears of the northern zone at the National Corn Exposition two years in succession.

The ears are rich golden yellow and very uniform in type and size, 8 to 9 inches long with 16 to 20 rows. The kernels are very deep and large, slightly rough on the tips and without any tendency to flintiness, as is found frequently on many other early sorts. The grains completely cover the cob from butt to tip and are very compact and solid. The stalks grow strong and leafy, about 8 feet high, and make excellent fodder and silo corn. The ears set about 3½ feet from the ground.

DAKOTA OR IOWA GROWN

Price: Lb., 30c, postpaid. Price by freight: Lb., 25c; pk., $1.20; ½ bu., $2.00; bu., $3.75; 2½ bu., $9.25; 5 bu., $18.25; 10 bu., $36.00.

SALZER'S IMPROVED MASTODON CORN

4388—For years we have assiduously devoted ourselves to the development of seed of the highest type. It will please the most critical, the keenest discriminator. We consider our Improved Mastodon a wonderful type.

It is an early strain of the well known Mastodon, fully as large and productive as the old variety, but at least a week earlier. It ripens in 100 to 110 days, and is one of the most productive varieties that can be raised in Iowa, Nebraska, Illinois and Kansas.

It is without doubt one of the earliest of all large-eared varieties, and outyields any other corn ripening at the same time. The stalks grow strong and rank, furnishing a large amount of fodder and produce from 2 to 3 ears which are very large, from 9 to 12 inches long by 7¼ to 8 inches in circumference and weigh from 11 to 18 ounces each. The kernels are generally ½ inch long and are of very beautiful color, golden-yellow with a white cap.

DAKOTA OR IOWA GROWN

Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; pk., $1.30; ½ bu., $2.15; bu., $4.00; 2½ bu., $9.85; 5 bu., $19.40; 10 bu., $38.50.

NEW LEAMING CORN

4395—A great factor, having its influence on the big yield records of the Northwest is New Leaming. A circumstance bearing on the prosperity of the farmer that should have his careful attention. The farmer who sows our Pedigree Northern Grown New Leaming immediately begins a system of permanently profitable crop growing. New Leaming, with almost every desirable characteristic, has a combined commercial and agricultural value of incalculable worth. It is today one of the most popular types in the great corn belt.

One of the best all around heavy yielding Dent Corns of the century. Known the world over as a heavy yellow Corn. Has yielded 1,238 bushels on 10 acres. On our own lands it has repeatedly returned 100 bushels per acre. Ears about 10 inches long; 18 to 20 rows, well filled with wedge shaped, reddish-yellow kernels of medium size. We have increased the size of the ear, its earliness and also the percentage of grain by careful breeding. We have also augmented the depth of the kernel and the feeding value by increasing the protein and fat. Ripens in about 95 to 100 days. (See illustration.)

DAKOTA OR IOWA GROWN

Price: Lb., 30c, postpaid. Price by freight: Lb., 25c; pk., $1.20; ½ bu., $2.00; bu., $3.75; 2½ bu., $9.25; 5 bu., $18.25; 10 bu., $36.00.

SALZER'S

PRIDE OF THE NORTH CORN

4396—Often some farmers with little effort are highly successful while others pparently working longer hours and harder meet with little success. It is simly a case where the big rewards go to the man who uses brain instead of brawn. o with corn. Farmers should use their heads. Try out, then grow the varieties at suit their soil and location. To the farmers in the Northwest we urge a trial f Pride of the North.

This corn is one of the earliest and one of the oldest varieties grown in the Northwest. It matures in about 80 to 85 days. The ears are about 7 to 8 inches ong, have a very thin cob, but very long, deep kernels, which are of bright orange olor. Pride of the North has the reputation of shelling out more corn in proportion to cob than most other varieties grown in the Northwest. The stalks grow bout 8 feet high and are very short jointed and leafy. The average distance of he base of the ear from ground is 3 ft. This corn is quite a productive variety: generally two well developed ears are found on a single stalk. Salzer's Pride of he North is a safe variety to plant most anywhere in Wisconsin, Minnesota, South Dakota and also North Dakota and Montana. The average yield per acre runs niformly large and it often outyields other varieties, being also more drouth resisting than any.

SOUTH DAKOTA GROWN

Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; pk., $1.30; ½ bu., $2.15; u., $4.00; 2½ bu., $9.85; 5 bu., $19.40; 10 bu., $38.50. Bags as stated below.

SALZER'S EXTRA EARLY

NORTHWESTERN DENT CORN

STRICTLY A HIGH ALTITUDE CORN—THE GREAT CORN FOR THE NORTHWEST

(Smoky Dent)—Northwestern Dent can be relied upon year in and year out o produce a larger yield, better Corn and mature more evenly than any other of he extra early sorts.

It is the earliest and hardest Dent corn grown and can be reasonably relied upon to mature every season in the Dakotas, Northern Minnesota, Wisconsin, Montana, Michigan and Manitoba even when other corns fail. The stalks grow about 7 feet high and the ears are borne over 3 feet above the ground, allowing he use of a corn harvester. The ears are of good size, from 7 to 10 inches long, have a thin cob and 10 to 14 rows of very deep, large kernels of red color with a yellow cap of slight variation. To some, the color is objectionable, but it must be taken into consideration that in most parts of the Northwest this is the only variety upon which the grower can depend to ripen, and it is far better to have corn, even though red in color, than no corn at all. Northwestern Dent is a very productive variety; it matures in about 75 to 85 days, according to the season.

No other corn seems to have given the uniformly satisfactory returns in the Northwest as the Northwestern Dent, which is also largely used and rapidly gaining prominence in other states. Much is planted late when other corn has been destroyed; if planted as late as July it has a good chance to mature in many localities before frost; but is also planted for early feeding, and where he corn is hogged down. With Northwestern Dent the hogging-down season can be greatly lengthened.

Grown for fodder purposes, Northwestern Dent ranks exceptionally high. Its earing proclivities are enormous, both ears and stalks being extremely juicy, succulent, nutritious and live stock of all description give it a stated preference.

Northwestern Dent is strictly a high altitude Corn. It is peculiarly adapted to cold, wet, adverse soils, thriving, maturing and making big yields when others fail.

It accepts almost every condition of soil. ' It is generally conceded to be the best variety to grow when in doubt.

Our Seed Stocks of Northwestern Dent are exceptionally choice, rack dried, plump, bright, hard and fully matured. The limited amount of Northwestern Dent grown especially for seed, precludes the possibility of much good Northern Grown Seed being obtainable—therefore we caution buyers to use discretion and buy early. (See illustration.)

Our seed is grown in Wright County, Minn., Dakota, Iowa and Nebraska.

MINNESOTA GROWN

4371—Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; pk., $1.35; ½ bu., $2.40; bu., $4.50; 2½ bu., $11.10; 5 bu., $22.00; 10 bu., $43.50.

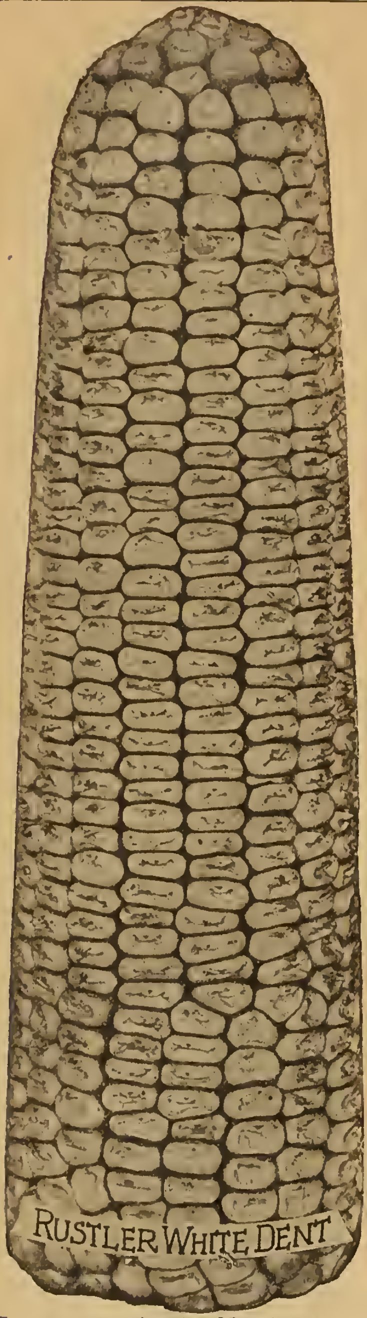
FOR A SHORT SEASON CORN THERE IS NOTHING MORE DEPENDABLE THAN NORTHWESTERN DENT.



SELECT STOCK NORTHERN GROWN

SILVER KING CORN

(WISCONSIN NO. 7)

A Very Productive Extra Early White Dent

For Color Illustration See Page 112

4400—For years prejudice has been its only handicap, this, however, has be forced aside and White Corn for the past three years has been bringing as hi and frequently higher prices on the market than yellow corn.

There has been in the minds of many farmers a prejudice in favor of yell corn, and some think that white corn is lacking some essential elements cc tained in yellow corn, but in spite of these handicaps, Silver King has beco very popular in the territory to where it is adapted, and, while there is still mc yellow corn grown than white, the growing of Silver King is increasing. Wisconsin where it is adapted to only part of the state, about one-fifth of the corn grown is Silver King. It is said to be the best loved corn in Wiscons It is a corn that gives a good account of itself wherever planted, and for t extreme Southern Minnesota, Southern South Dakota, Northern Iowa a Illinois, as also the lower one-third portion of Wisconsin, we have no other co either yellow or white, equally as early that will produce as sure and as large crop as Silver King, or a better or more leafy silage corn.

Ears averaging 8 to 9 inches, are always filled out clear to the tips and ve uniform in size and type. The corn is pure snow white in color with kernels good length set compactly in straight rows. The corn is a strong grower, ripe in 100 to 105 days; it is early enough to mature as far north as Oshkosh and Crosse, Wisconsin, and is especially adapted to resist cold weather.

MINNESOTA GROWN

4400—Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.40; ½ bu., $2.50; $4.65; 2½ bu., $11.50; 5 bu., $22.70; 10 bu., $45.00. Bags as stated below.

Price: Bags, Jute, 1 to 2 bus. size, 20c; 2½ bus. size, 30c; Cotton, 2½ bus. size, 55c.

RUSTLER WHITE DENT

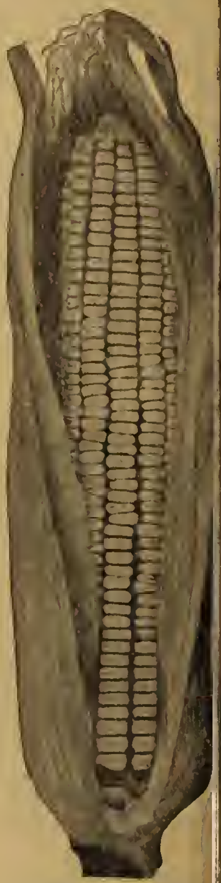
Reputed For Its Extreme Earliness

4399—Recognizing the invariable relationship between the type grown and the ripening season we unhesitatingly recommend this variety for its reliability as an extremely early high-yielding Corn in districts throughout the Northwest where ninety-day corn is an absolute essential.

This variety originated many years ago in South Dakota and is largely grown in our Northwestern states. Matures in 90 to 95 days, at the same time as Wisconsin No. 8 or Minnesota No. 13, and can be grown just as far north. The average height of stalks is 7 feet. Average distance from base of ear to the ground, 3½ feet. Ears are large, 14 to 18 rowed, and closely filled with large, deep white kernels. This corn is admirably adapted to the northwestern climate, best suited for districts as far north as the center of Minnesota. Though not as productive as Silver King, it is much earlier. It yields fully as big a crop as any yellow dent in the northwest. There is scarcely a better and more productive variety of White Corn grown in the Northwest, which is as early as Salzer's Rustler White Dent. It is a bigger yielder and the ears are more uniform in size and shape than can generally be purchased elsewhere. Our stock has all been grown in Minnesota. (See Illustration).

MINNESOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.45; ½ bu., $2.60; bu., $4.75; 2½ bu., $11.75; 5 bu., $23.25; 10 bu., $46.00. Bags as stated below.
Price: Bags, Jute, 1 to 2 bus. size, 20c; 2½ bus. size, 30c; Cotton, 2½ bus. size, 55c.



Minnesota White De

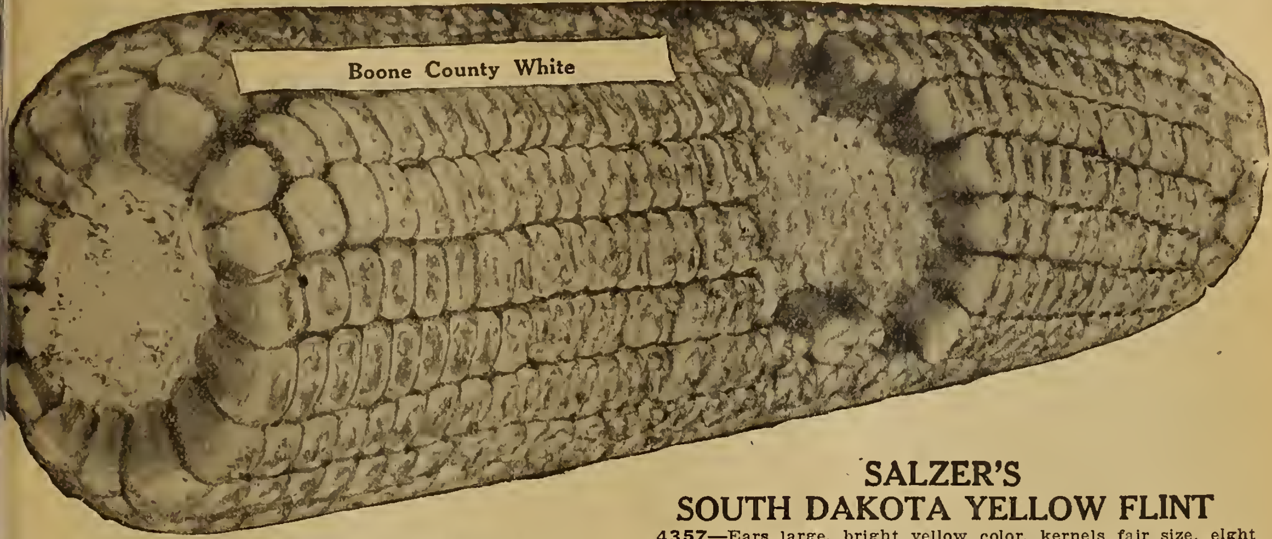
MINNESOTA WHITE DENT CORN

4394—The earliest pure white dent corn, maturing in 75 to 85 days, fully as early as Northwestern Dent, adapted for North Dakota, Northern South Dakota, Minnesota and Wisconsin. Yields much larger crops than yellow varieties, equally as early, and can be planted on poor and thin soils and also on cold and wet ground where it will thrive when other corns fail. The ears are of good size, usually 8 inches long; the kernels are long and deep, growing very compactly around the cob. The stalks average about 6½ feet in height, have large and heavy foliage, making an unusually fine fodder. Under average conditions the yield of Minnesota White Dent is 75 bushels and over per acre. (See Illustration).

MINNESOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.45; ½ bu., $2.60; bu., $4.75; 2½ bu., $11.75; 5 bu., $23.25; 10 bu., $46.00. Bags as stated below.
Price; Bags, Jute, 1 to 2 bus. size, 20c; 2½ bus. size, 30c; Cotton, 2½ bus. size, 55c.

FOR SILAGE CORN PLANT SILVER KING



BOONE COUNTY WHITE DENT CORN

4378—Considered one of the best types of White Dent orn for the general corn belt states; it is one of the rgest yielding white corns known. Ears 9 to 11 inches ng with 16 to 22 rows of very deep, pure white and oderately rough kernels. It grows strong and rank, aking an unusually heavy fodder growth; matures in out 120 days. Our stock is very pure and produces the rgest ears. This is the latest but by far the most oductive White Dent Corn. This seed is South Dakota nd Iowa grown. (See illustration.)

SOUTH DAKOTA GROWN

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; pk., $1.10; bu., $1.85; bu., $3.50; 2½ bu., $8.65; 5 bu., $17.00; 10 bu., $33.50.

SILVERMINE WHITE DENT CORN

4401—More largely grown throughout the corn belt ian any other white variety. An enormous cropper, has roduced often over 200 bushels per acre; ripens in about 10 days. Creamy white, cylindrical shaped ears, 9 to 10 iches long with 18 to 20 rows of deep kernels; cob, small nd white.

SOUTH DAKOTA GROWN

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; pk., $1.10; bu., $1.85; bu., $3.50; 2½ bu., $8.65; 5 bu., $17.00; 10 bu., $33.50.

WHITE CAP YELLOW DENT CORN

4404—An early variety, matures in about 110 days; ives better results on poor, thin or sandy soil than any ariety and is less affected by drouth. The grain is light ellow in color, with white tip.

The adaptability to varied soils, and its dependable ields regardless of season has made this one of the most opular varieties grown. Seed stock South Dakota rown.

SOUTH DAKOTA GROWN

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; pk., $1.10; bu., $1.85; bu., $3.50; 2½ bu., $8.65; 5 bu., $17.00; 10 bu., $33.50.

SALZER'S SOUTH DAKOTA YELLOW FLINT

4357—Ears large, bright yellow color, kernels fair size, eight thickly set rows to a cob; very productive, yielding often 160 bushel baskets per acre. It is not uncommon to find 3 or 4 ears, 12 to 15 inches long, on a stalk. It matures early and will be hailed with delight by our thousands of Dakota friends. A great point in its favor is its earliness. It is a magnificent sort, wonderfully prolific and very early. The average height of the stalks is 7½ feet, while the ears set about 3 feet from the ground. (See illustration.)

SOUTH DAKOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.45; ½ bu., $2.60; bu., $4.75; 2½ bu., $11.75; 5 bu., $23.25; 10 bu., $46.00.

COMPTON'S EARLY YELLOW FLINT

4360—One of the best varieties of corn for northern latitudes, and undoubtedly the longest eared flint corn grown. Ears measure 12 to 16 inches long, with 8 broad rows of yellow kernels, making a most attractive appearance. The stalks grow to medium size, and many of them bear two or three ears. It is very leafy and a valuable variety for ensilage.

SOUTH DAKOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.45; ½ bu., $2.60; bu., $4.75; 2½ bu., $11.75; 5 bu., $23.25; 10 bu., $46.00.

LONGFELLOW YELLOW FLINT CORN

4353—Ninety to 95 days. The ears are from 10 to 15 inches long, 1½ to 1¾ inches in diameter. The cob is small, kernels large and broad. This corn is adapted to the Northwest, and is said to have produced 200 bushels of ears to the acre. Stalks 7½ feet high, ears 8-rowed of glossy yellow color, and set about 3 feet from the ground.

SOUTH DAKOTA GROWN

Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; pk., $1.35; ½ bu., $2.40; bu., $4.50; 2½ bu., $11.10; 5 bu., $22.00; 10 bu., $43.50.

DAKOTA WHITE FLINT

4350—About as early as Gehu, ripens in 60 to 70 days. Very dwarf; small ears. Suitable for early hog feed and for late planting to hog-off in fall.

NORTH DAKOTA GROWN

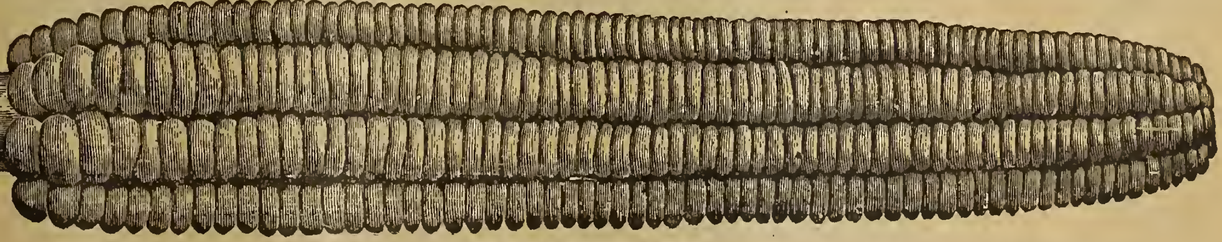
Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.50; ½ bu., $2.65; bu., $5.00; 2½ bu., $12.35; 5 bu., $24.50; 10 bu., $48.50.

SANFORD'S WHITE FLINT CORN

4355—Matures in about one hundred days. Very large ears, 12 to 15 inches long, of symmetrical shape and flinty white color. The stalks are tall, leafy and generally produce 2 or 3 ears. Largely grown by dairy farmers.

SOUTH DAKOTA GROWN

Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; pk., $1.35; ½ bu., $2.40; bu., $4.50; 2½ bu., $11.10; 5 bu., $22.00; 10 bu., $43.50.



South Dakota Yellow Flint

GEHU FLINT

4351—The earliest flint corn, 60 to 70 days. Short ears with ellow kernels; recommended for the extreme north. Stalks 5 to 7 eet; yield 35 to 75 bu. per acre, according to soil.

NORTH DAKOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.50; ½ bu., $2.65; bu., $5.00; 2½ bu., $12.35; 5 bu., $24.50; 10 bu., $48.50.

SQUAW FLINT CORN

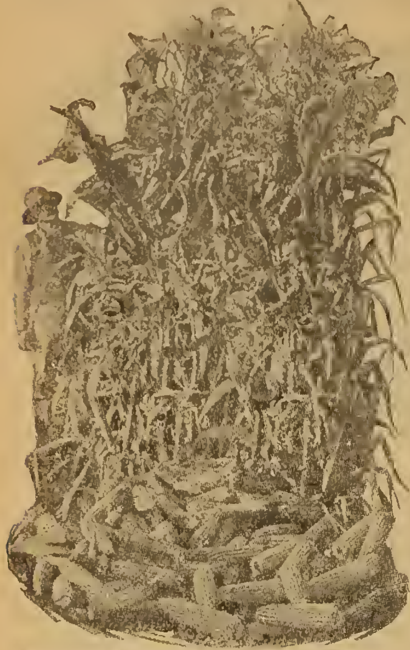
4358—Extremely early and of dwarf habit. Ears are 7½ inches long, 8-rowed and of bluish color.

NORTH DAKOTA GROWN

Price: Lb., 40c, postpaid. Price by freight: Lb., 35c; pk., $1.50; ½ bu., $2.65; bu., $5.00; 2½ bu., $12.35; 5 bu., $24.50; 10 bu., $48.50.

PRICE OF BAGS EXTRA: JUTE, 1 TO 2 BU. SIZE, 20c; 2½ BU. SIZE, 30c. COTTON, 2½ BU. SIZE, 55c.

Corn Prices Subject to Market Fluctuation.



Salzer's Earliest Ripe Produces Fine Corn When Allowed to Mature

SALZER'S EARLIEST RIPE FODDER CORN

A Most Economical, Early Feed Crop

4382—Corn, by virtue and virtue alone of its wonderful economic and feeding value, has established itself as the cheapest fodder in the world.

It is the one crop of all crops—in dry or wet, warm or cold weather, that can be depended upon to give large yields of rich, sugary, succulent, nutritive feed.

In many respects Fodder Corn is in a class distinctly its own, standing out as the foremost ration of the great west, made world famous with the introduction of the silo.

Salzer's Earliest Ripe Fodder Corn we consider the earliest of all fodder corns; it comes at a time when fodder is always scarce on the farm, during those hot weeks and months when an acre of corn, of rich, nutritious food, is worth to every wide-awake farmer lots of money. Wherever Salzer's Earliest Ripe Fodder Corn has been planted, it surprised and pleased the grower. It ripens in about 70 days.

If you plant this corn early, you will have fine feeding corn by July and August, when you can replant same, and have good Fodder Corn in September and October. This is a most wonderful early fodder corn.

No first-class farmer—up to the times, wide-awake—allows a season to go by without planting from 3 to 10 acres in Fodder Corn, because fodder corn can be grown for about one-fifth of what hay can; does splendidly for silos; and another thing, it is almost as good, and many farmers say better, than the very best hay, for cattle.

This corn ripens ears earlier than any Fodder Corn we know and produces usually a sure ear on every stalk. The foliage is generally about 6 feet high, or more, very leafy and bushy, and contains a tremendous amount of nutritious fodder. Of course, this is not as prolific as our Salzer's Superior Fodder Corn, but it has the advantage over any and every other Fodder Corn by its being upwards of 30 days earlier. The farmer can easily figure out the great profit in having a fodder corn so extremely early, coming at a time when pasturage is short. (See illustration.) South Dakota grown seed.

Price: Lb., 35c, postpaid. Price, by Freight: Lb., 30c; pk., $1.50; ½ bu., $2.75; bu., $5.25; 2½ bu., $13.00; 5 bu., $25.75; 10 bu., $51.00. Bags, Extra Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; Cotton, 2⅓ bu. size, 55c.

SALZER'S MIDSUMMER FODDER CORN

Ranks High in the Estimation of Fodder Growers Everywhere

4383—Every energy of the most practical and successful farmers is being devoted to the production of cheap live stock feed.

Experienced and discriminating Corn growers recognize that most of the so-called southern-grown Fodder Corns as now offered are totally unfit for the most profitable returns. Much is weak, puny seed of poor vitality, not true to type, badly mixed, maturing at different periods of season, lacking in saccharine, succulency and nutritiveness.

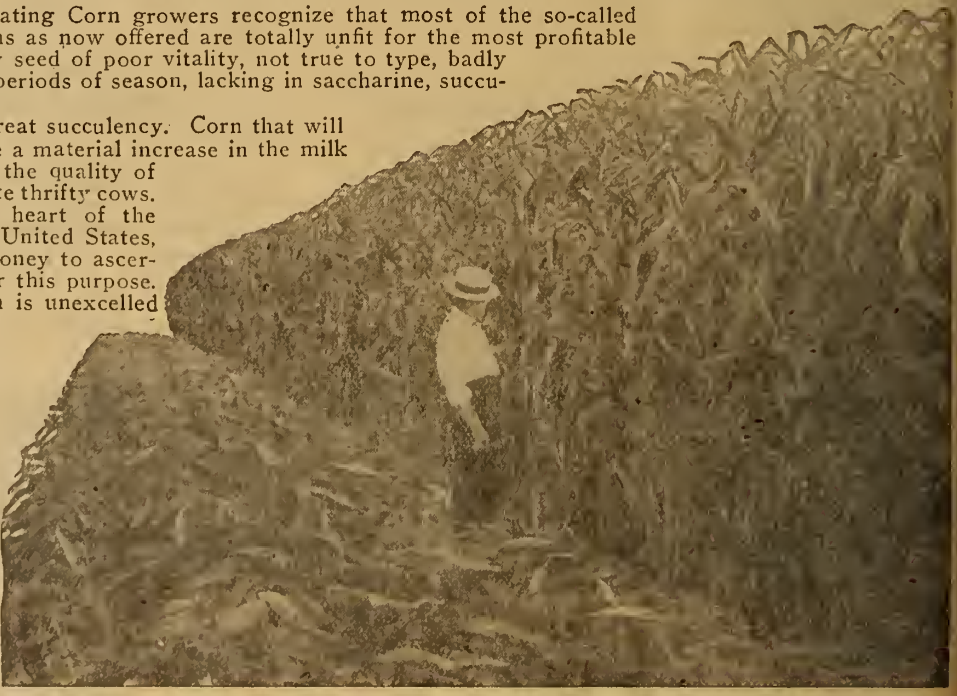
Dairymen prefer Corn of great succulency. Corn that will silo well. Corn that will give a material increase in the milk flow, Corn that will enhance the quality of the Cream, Corn that will make thrifty cows.

We, located right in the heart of the greatest dairy section of the United States, have spent much time and money to ascertain the Corn most suited for this purpose.

Our Midsummer Silo Corn is unexcelled as a fodder or Silo Corn. It stands exceptionally high in the esteem of dairy men everywhere.

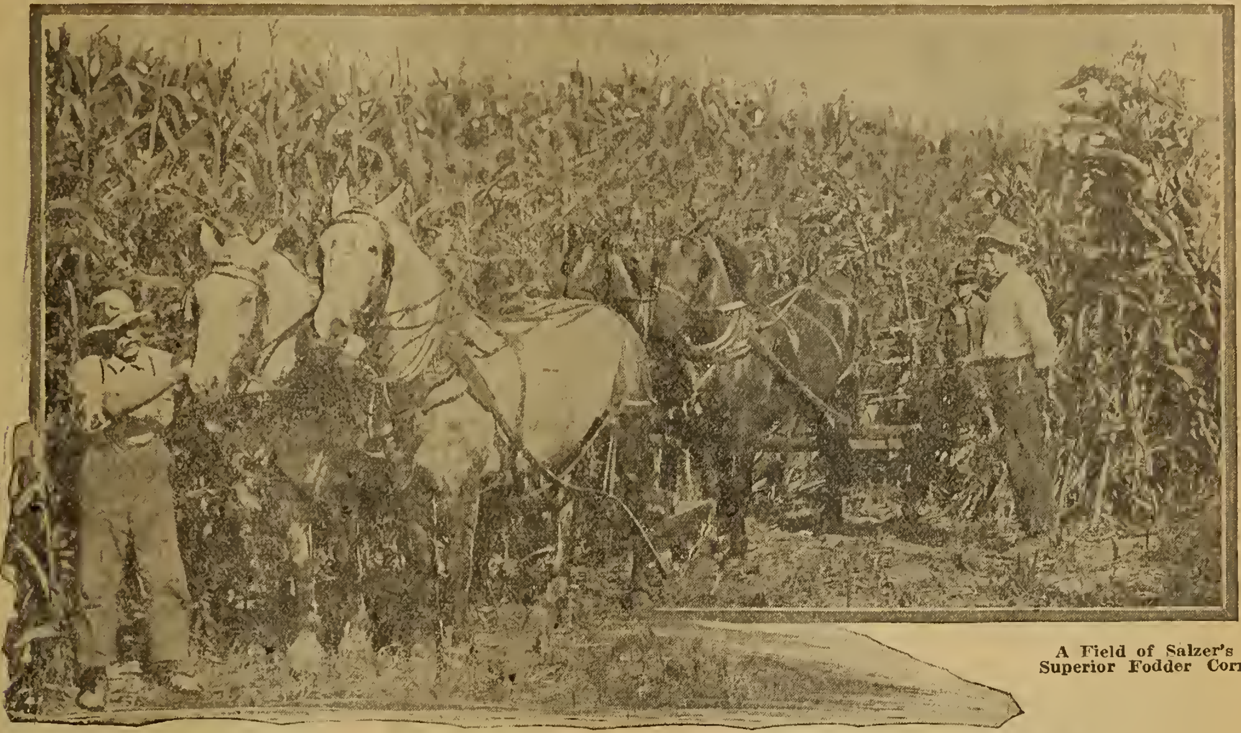
Stockmen—both pure bred breeders and beef raisers—unhesitatingly endorse Fodder Corn for its high nutritive essentials, even maturity, uniform growth, vigorous growing habit and heavy foliage proclivities. (See illustration.)

Price, South Dakota Grown Seed: Lb., 30c, postpaid. Price, by freight: Pk., 95c; bu., $3.25; 2½ bu., $8.25; 5 bu., $16.25; 10 bu., $32.00. Bags: Extra Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; cotton, 2½ bu. size, 55c.



Midsummer Fodder Corn.

IF ADVERSE WEATHER CONDITIONS COMPEL YOU TO REPLANT YOUR CORN SALZER'S EARLIEST RIPE IS MOST SUITABLE.



A Field of Salzer's Superior Fodder Corn

SALZER'S SUPERIOR FODDER CORN

CONCEDED THE MOST PROLIFIC OF THE FODDER CORNS

4384—Making a business of an idea is our motto. For instance—if growing Corn for Fodder is a sound principle—then is it not an equally logical policy for us to find the best variety for that particular purpose. So clear, so simple, so utterly plain and vivid should this be to our customers that to spoil their opportunities, waste their chances in their shopping around for bargains, would be an open confession of shortsightedness.

We have been in the seed business many years; have spent the greater portion of our lives in improving and helping to produce better seeds, and in all these years we have never offered anything that has given such tremendous satisfaction near and far as Salzer's Superior Fodder Corn. For years our Superior Fodder Corn has had an enviable reputation as a high-class fodder corn. It is a rapid-growing, short-jointed, tall corn with a great abundance of leaves and tender stalks, rich, juicy, sweet, sugary, with a tendency to mature several ears.

We have in our Superior Fodder Corn a type we have religiously maintained for years. Customers who have been buying and growing it for years and years say, your Superior Fodder has imbued us with a confidence in you for straight-forward honesty that is almost impossible in any other variety of seed, as of all varieties it gives you an opportunity to use any substitute you might desire to make—yet year in and year out we find it true to kind, with the exception of becoming more and more a highly developed and much improved strain.

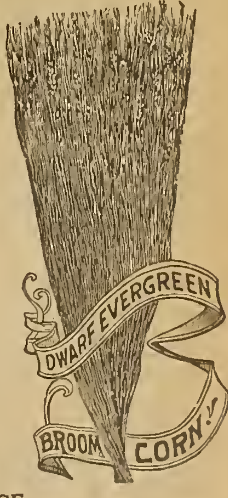
We must confess, this earnest desire on our part to foster the confidence and good will of our customers, an element of trust so essential to our success.

In all candor—we state, we are immensely proud of the real, genuine satisfaction our trade derives from our Superior Fodder Corn. We are equally truthful when we state that of the long expanse of years we have yet the first word from anyone but praise. Neither have we within our memory any intimation from anywhere that another variety of fodder corn excelled it. Rest assured if we had—we would have tested it out and if ours was found wanting we would have taken up with the better variety. (See illustration.)

Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; pk., 80c; bu., $2.75; 2½ bu., $6.75; 5 bu., $13.35; 10 bu., $26.50. Bags extra: Jute, 1 to 2 bu. size 20c; 2½ bu. size, 30c. Cotton, 2½ bu. size, 55c.

BROOM CORN

ONE OF THE BIGGEST MONEY-PAYING CROPS TODAY



In the northern states the tall varieties do best, while in more southern states, the dwarf kinds are mostly grown. Our Standard Evergreen has produced often a ton of brush per acre; the Dwarf Evergreen is only little less productive, the market prices of the brush varies greatly according to the crop, over $200.00 per ton having been paid in the last years. Broom Corn can be grown where corn grows and requires the same treatment; it should be planted later, however, when the ground is quite warm, only 75 to 90 days are needed to produce a crop.

The seed makes good feed the same as corn; the fodder of the dwarf variety is cut early, being equal to that of corn, while that of the tall sorts has little value; however, if grain is wanted, the non-saccharine sorts produce better crops and if forage is desired, the Saccharine varieties give better returns than broom corn.

Plant in drills 3 to 3½ feet apart, the plants 2 to 3 inches apart in the rows according to height. 10 lbs. of seed are sown per acre.

"Broom Corn and Brooms"—A good booklet. 70c postpaid.

4324—STANDARD EVERGREEN. Produces fine heads 20 to 25 inches long, of even size and growth and free from crooked ones. Broom makers claim it as one of the finest they ever saw. Grows about 10 to 12 feet high. Will not get red, but is strictly a green variety. Used for medium and large sized brooms.

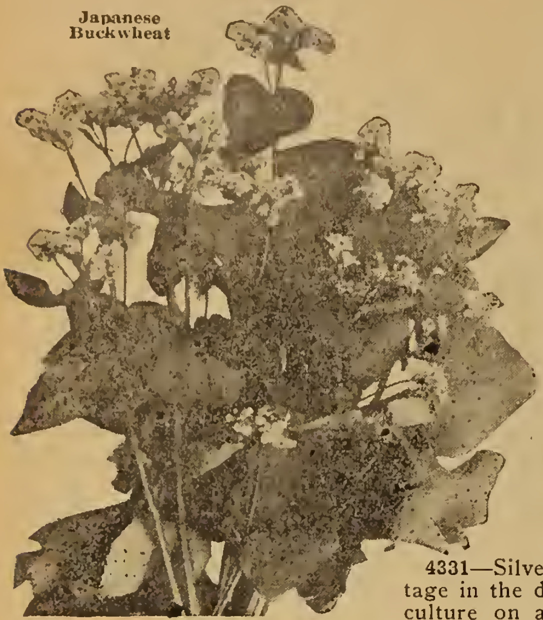
Price, by mail: Lb., 25c, postpaid. By freight: Lb., 20c; 10 lbs., 90c; 100 lbs., $7.25. Bags: Extra Jute, 50 to 75 lb. size, 20c; Cotton, 50 lb. size, 25c; 60 to 125 lb. size, 55c.

4323—CALIFORNIA GOLDEN. As it is generally conceded there is no material difference between this and the Standard Evergreen listed above. We have decided not to catalog it hereafter.

4322—DWARF EVERGREEN. A most valuable variety, very early. Average height, 5 feet; brush 18 to 20 inches long and well fibred, used for whisk brooms, the highest priced brush. (See illustration.)

Price, by mail: Lb., 25c, postpaid. By freight: Lb., 20c; 10 lbs., 95c; 100 lbs., $7.75. Bags: Extra Jute, 50 to 75 lb. size, 20c; Cotton, 50 lb. size, 25c; 60 lb. size, 55c.

PRICES ON ALL FARM SEED IS SUBJECT TO CHANGE WITHOUT NOTICE.



Japanese Buckwheat

JAPANESE BUCKWHEAT

The Great Cleaning Crop. The Great Provender Crop. The Great Pancake Crop.

4329—Everywhere comes unmistakable evidence that farming has handsomely rewarded the purpose pursued by energetic farmers in the growing of large acreages of Buckwheat.

It is one outstanding crop today that reflects great remuneration to the grower in its insistent, persistent high selling price and enormous demand. For milling purposes, for hotel, restaurant and home use it is in ever-increasing demand.

The fertility of the soil can be retained by sowing Japanese Buckwheat and plowing it under. It is equally valuable as a cleaning crop. It is unexcelled as a provender for cattle, hogs and poultry as a part ration. Stock relish it, thrive and gain on it. It is an unusually prolific, hardy Buckwheat. It is a long bloomer, the kernel almost double the size of other varieties. Splendid for Buckwheat flour. About a week earlier than Silver Hull, and on that account can be grown farther North. (See illustration.)

Price: Lb., 25c, postpaid. Price by Freight: Lb., 20c; pk., 80c; bu., $2.45; 2½ bu., $6.00. Bags extra: Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; cotton, 2½ bu. size, 55c.

SILVER HULL BUCKWHEAT

4331—Silver Hull is an emphatic advantage in the development of diversified agriculture on account of its immense yields and milling qualities.

Little later and with smaller grains than the Japanese, but nevertheless equally as productive; millers like it, claiming that there is little waste to it and it makes white and very nutritious flour. Grain of a beautiful light gray color and thin hull. Exceptionally fine for bees.

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; pk., 80c; bu., $2.45; 2½ bu., $6.00. Bags extra: Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; cotton, 2½ bu. size, 55c.

Price: 100 lbs., $4.90. Bags extra: Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; 2½ bu. size, 55c.

SALZER'S PROLIFIC SPRING RYE

The Great Quantity and Quality Crop

4672—Rye is the crop of crops that can be absolutely relied upon regardless of drouth, wet, cool, or excessive heat conditions to produce a good crop. No grain crop is more dependable. The yields per acre are large, and when used as a forage crop, the tonnage of grain feed it will produce under the most trying conditions are amazing. Many a weed-invested farm has been cleaned by growing rye. It is the one great crop that gives both quality and quantity. Its illimitable possibilities are fast being recognized where farm operations are being carried on economically and profitably.

To the farmer who for years has grown nothing but wheat, oats, and barley, we suggest a large acreage also of rye. It brings handsome returns, and it is generally conceded as a sane, sound, and safe crop of the age.

Prolific Spring Rye is one of the surest crops known for poor soil. It is better adapted to unfavorable climates than any other cereal. While it will thrive on poor land, and yield well on light sandy soils, it produces big crops on heavy ground. It will respond more readily in yield to good tillage and good soil than most of our grain crops. It is exceptionally hardy, and the seed can be sown in the spring just as soon as the frost is out of the ground. It grows very rapidly, and as a cleaning crop, has few equals.

It can be sown at the same time when Spring wheat is sown, at the rate of about two bushels per acre, if sown alone, also later than other spring grain and on that account it is much used as a catch crop where winter grain has been killed out. Salzer's Prolific Spring Rye is almost as productive as Winter Rye. (See Illustration.)

Price: Lb., 25c, postpaid. Price by Freight: Pk., 85c; bu., $2.75; 2½ bu., $6.75; 10 bu. $26.50. Bags Extra: Jute, 1 to 2 bu. size, 20c; 2½ bu. size, 30c; cotton, 2½ bu. size, 55c.

PRIMOST FLAX

4451—Primost is a pure bred variety of the Minn. Ex. Station. It is earlier than common flax, a strong resister of the elements, insects and troubles that the Flax plant is addicted to.

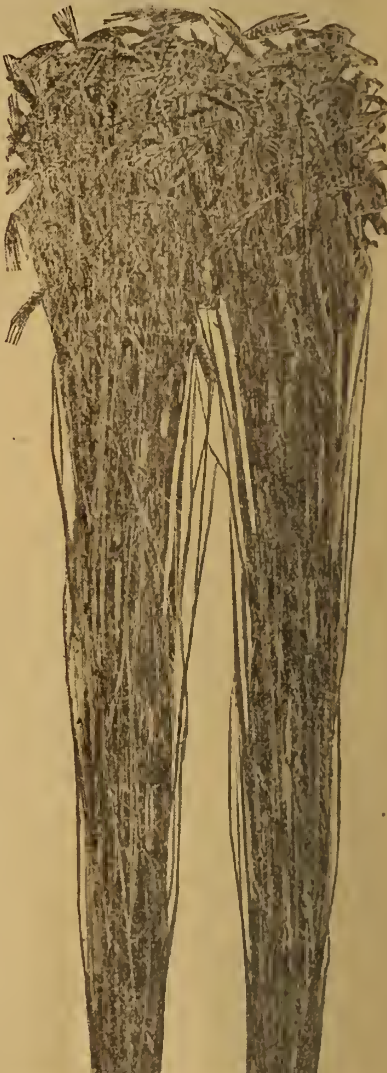
Price: Lb., 30c, postpaid. Price by Freight: Pk., $1.90; bu., $6.50; 2½ bu., $16.00. Bags Extra: Cotton, bu. size, 25c; 2½ bu. size, 55c.

COMMON FLAX

4450—Price: Lb. 25c, postpaid. Price by Freight: Pk., $1.75; bu., $6.25; 2½ bu., $15.50.

4453—WILT-RESISTANT NO. DAK. No. 52 FLAX. Write for prices.

Bags Extra: Cotton, bu. size, 25c; 2½ bu. size, 55c.



Prolific Spring Rye. Notice the Heavy Stooling Propensities

FOR IMPROVING YOUR LAND SOW BUCKWHEAT AND SPRING RYE

A Field of Speltz.

SALZER'S FAMOUS SPELTZ

For Color Illustration See Page 111.

A Feed Grain Crop of Exceptional Value.

A Great Economical Grain Crop—For Stockmen and Dairymen

697—Its cheapness commends it to general use. Has a wide range of adaptability, thrives on st every kind of soil. Seems to have no climatic limitation.

3y sheer merit it has blazed a reputation for itself from coast to coast and gulf to the lakes. Users nmend its worth, eulogizing it to the utmost.

t commands one of the best opportunities for practicing economical efficiency in the growing of d grain.

Farmers should awaken to its great possibilities, savings and great elimination of waste by the wing of this crop.

It flourishes under almost positive neglect—having a vigor seldom found in a grain crop. We ur- ntly request that farmers become alive to the advantages it affords in this age of costly living when cessity demands that farmers grow grain of the greatest productiveness.

It should travel hand in hand with the desire of the present generation for larger and more profitable d crops.

It promises large returns to the wide-awake agriculturist who appreciates its capabilities for big pro- ction of high nutritive feed. Sow 62½ to 80 lbs. per acre.

A POSITIVE ADVANTAGE TO STOCK

Speltz is good for pasture; Speltz fattens in the green state; Speltz, as a green grass hay food gives a great ny leafy stalks from one seed, it is an exceptionally heavy stooler; Speltz as a hay—dry—is immense. First you esh a heavy yield of grain equal to corn, or barley, or oats, or rye, or peas, or wheat, as a food; and then comes ns of straw of high feeding value; many claim it is almost equal to timothy. It is unexcelled as a grain food for tle, hogs do immensely well on it, cows show a marked liking for it; horses relish it, sheep delight and fatten on poultry thrive on the grain—Speltz is one of the best dry foods! Sow 100 acres next year for stock.

REPUTED FOR ITS GREAT FATTENING VALUE

Speltz has made it possible for the farmers in every nook and crook of the country to fatten stock cheaply. We nsider that Speltz, as a straight diet for stock, is better and more fattening than corn fed alone. For cattle and ine it has few equals.

The great value of Speltz is that it will thrive and produce a big crop any place where Wheat, Oats or Barley ll grow. Speltz has the reputation of producing a crop under the most trying wet and dry conditions.

The kernel resembles wheat in appearance more than anything else, has an unusually pleasant taste. Stock of all nds take to it more readily than either oats or barley and with about as much avidity as they would to corn or heat.

You plant, harvest and thresh it the same as you ould oats or wheat. The kernel, hull and straw all ake nourishing feed. Chickens, geese, turkeys, horses, lts, cows, calves, sheep and swine eat it eagerly.

Speltz is a crop we love to endorse, delight in urging r customers to plant, because we know the yield, the eding value and the returns will satisfy fully and mpletely. (See Illustration.)

FACTS WORTH WHILE TO KNOW

Thrives on poor land
Yields more than wheat
Yields more than barley
Better feed than barley
Better feed than oats
Stock relish it
Ripens early

Straw makes good feed
Will grow most anywhere
Endures drought
Resists rust
Endures frost
Resists smut

PRICES: Lb., 25c, postpaid. Price, by Freight, 62½ lbs., $3.60; 80 lbs., $4.15; 100 lbs., $4.75; 500 lbs., $23.50; 000 lbs. or more, $4.65 per 100 lbs. Bags extra: Jute, 50-lb. size, 20c; 100-lb. size, 30c; Cotton, 100-lb. size, 55c.

SALZER'S RADIUM BACTERIA

SALZER'S RADIUM INOCULATING BACTERIA AT PRICES WITHIN THE REACH OF ALL

SALZER'S RADIUM BACTERIA

FOR ALFALFA—CLOVER—VETCH—SOYS—BEANS—PEAS, ETC.

Bacteria is now a recognized essential if best results are to be obtained from growing Clovers, Alfalfa, Peas, Be Vetch, etc. Bacteria to the farm is Economy and Success.

In Salzer's Radium Brand Bacteria—we have the best that money and brains can produce. We desire to p out, that we have personally tried out almost every inoculation known to us. Many of them are meritori others absolutely worthless. The meritorious ones, however, we consider so high in price as to be invariably out of proportion to their worth. Don't let any one convince you to the contrary.

We refuse absolutely to harbor high prices and in Salzer's Radium Brand offer Inoculating Bacteria guarant as good as any you can buy.

WHAT IS INOCULATING BACTERIA?

Bacteria are the smallest living organisms known. They multiply, by cell divisions, with inconceivable rapid and soon form nodules on the roots of the legume. Millions of these bacteria are found alive and working every nodule; in fact, a nodule is simply a mass of living bacteria.

There are more living, virile germs in a one acre package of this bacteria than in tons of soil from a legu field. Thousands attach themselves to every seed and inoculation is prompt and certain.

HOW TO INOCULATE GROWING CROPS

Inoculation of seed always gives far better results than the inoculation of growing crops. It often happens, however, that an alfa or clover field has a sickly yellow appearance, due to lack of nitrogen, and such fields can often be helped, somewhat, by inoculati

In such cases from 200 to 400 pounds of fine dry loam should be procured for each acre to be treated. This loam should then sprinkled with the bacteria, diluted with enough water to fully moisten the loam, and after drying in a cool place, away from sunshine, the whole can be broadcasted over the field. Apply in the morning or evening, preferably just before a rain.

If the soil is sour a top dressing of lime should be given the field, as inoculation can not succeed on acid soil. After liming all one rain to intervene before applying the treated soil.

SPECIAL NOTICE EVERY LEGUME REQUIRES A SPECIAL BACTERIA—THEREFORE WHEN ORDERING BE SUR TO STATE NAME OF TYPE AS WELL AS KIND OF SEED YOU INTEND TO INOCULAT

PENCILARIA

4661—This plant is acknowledged from one end of the country to the other as a great forage plant, and as one of the greatest hay producers. On our own farms it has done exceedingly well, and we recommend for same a thorough trial, as it requires but very little seed.

It should be planted six inches apart in the row and the rows about 3½ feet apart. Cultivate two or three times if possible, and by that time the sight will surprise the beholder, and you will be pleased at its luxuriance. As you watch it grow until it has reached 10 or 12 feet you will need no further convincing. It will average 30 rich, juicy, leafy stalks to the plant, which will be covered with seed heads 10 to 20 inches long. Sow same as early as you would Indian Corn. The usual way of growing it, however, is to mow same when 3 to 6 feet high, and it will immediately start again, and can be cut a number of times during the season. Every farmer who keeps cows, horses and hogs should try it if they wish to grow an immense crop of fodder cheaply on a small piece of ground. Sow in drills about 5 to 6 lbs., or broadcast, 8 lbs. per acre. (See illustration.)

Price of Pencilaria: Lb., 35c, Postpaid. By Express: Lb., 30c; 10 lbs., $2.25; 50 lbs., $11.00; 100 lbs., $20.00.

ITO SAN SOY BEANS

HEARTILY RECOMMENDED FOR THE NORTH; HAS A REPUTATION FOR BIG YIELDS

Notice the Heavy Growth of Ito San Soy Beans

4304—The immense interest and phenomenal demand of the last few seasons for Soy Beans only serves to emphasize their great value as a soil builder and their unusual merit for hay and exceptional high feeding value as a grain crop.

The United States Government stimulates, encourages and promotes an increased acreage in Soy Beans on account of the great value for table use, feed for stock and still greater feeding value to the soil. It is apparent on the face of it that it must be "Supremely Good" for the farmer and the land or the Government would not be so vitally interested.

Many farmers to whom this great Bean has been practically unknown until late years were surprised at the revelations of their own experiments. With the exception of Alfalfa, Ito San has the highest Protein of any of the dried roughages, such as Clover, Alfalfa, Timothy, Fodder Corn, etc. It has the same relative carbohydrate content as alfalfa. Has more fat contents than Alfalfa. Practically as much dry matter per ton as Alfalfa. Formerly used almost entirely for hog pasture, Ito San Soy Bean has sprung into prominence, being unexcelled for pasturage for milch cows, beef cattle and sheep.

As a soiling crop Ito San Soy is highly relished by all kinds of stock and eaten with the same avidity as Peas.

Its value as a green fodder feed ranks very close to Alfalfa and fed alone is much preferred by stock as a ration.

When allowed to mature and the grain harvested, it has the same feeding value as Oats, Wheat or Corn.

Grown for seed, it brings big profits; in fact, the last few years the demand has exceeded the supply.

Ito San Soy for silage is becoming immensely popular. In oil content it is exceptionally high.

Ito San Soy should ripen anywhere in the North—being Northern Grown Seed which, sown in the South, produce larger yields, stronger vines and higher nutritive value. Matures in about 90 days, grows 2½ to 3 feet high. Immensely productive. (See illustration.) **Price: Lb., 30c, postpaid. Price by Freight: Lb., 25c; 15 lbs., $1.65; 50 lbs., $5.25; 100 lbs., $10.00. Bags extra as below.**

EARLY BROWN (OHIO 9035) SOY BEAN

4301—The matter of variety is most important, but Soy Beans, like every other crop, finds its favorite type is more a matter of the grower's preference than of any emphatic or outstanding quality.

However, Early Brown is a decided favorite in many districts, particularly the Northern States and its popularity is growing in leaps and bounds.

Many of the biggest and most practical dairymen and stockmen prefer this for silo and Hay, for which it is becoming much prized.

For Hogging down with early varieties of Corn (one-third beans and two-thirds corn) it cannot be excelled. We find hogs will gain 20 per cent more on this Bean fed with Corn than they do fed on Corn alone. As a catch crop, Early Brown excels most types.

It is fully equal in protein and fat to linseed or cottonseed meal and twice as rich as wheat bran.

As a rotation crop it ranks relatively with other Soys. Like the Ito San Soy it yields about 25 to 35 bushels of seed and 2 to 3 tons of hay per acre. **Price: Lb., 30c, postpaid. Price by Freight: Lb., 25c; 15 lbs., $1.65; 50 lbs., $5.25; 100 lbs., $10.00.** Bags extra as below.

SALZER'S EARLY BLACK SOY BEAN

4303—This variety is very much grown in Wisconsin, particularly in the northern sections where it has proven a safe, sane type for the farmers, who must of necessity take the early frosts into consideration. An extreme early variety like this of course is equally desirable for every other section.

The seed itself is jet black. Otherwise the growth, etc., is in many respects similar to other soys.

Price: Lb., 30c, postpaid. Price by Freight: Lb., 25c; 15 lbs., $1.80; 50 lbs., $5.75; 100 lbs., $11.00.

Bags extra as below.

SOY BEAN MIXTURE

4308—Giving heed to the persistent demand of thousands of the most practical and experienced farmers for a mixture of Soy Beans, we have, after several years close study, produced a scientifically mixed blend of Soy Beans that for genuine merit will please the most exacting. **Price: Lb., 25c, postpaid. Price by Freight: Lb., 20c; 15 lbs., $1.50; 50 lbs., $4.75; 100 lbs., $9.00.**

Bags extra.

Price Bags: Jute, 50 to 100 lb. size, 25c; Cotton, 60 lb. size, 25c; 70 to 150 lb. size, 60c.

CULTURE OF SOY BEANS

Sow the seed about corn planting time, when the ground is thoroughly warm, in drills of 28 inches apart, using from 2 to 3 pecks per acre. This quantity is used for seed as well as hay. The Beans should be harrowed before they come up and cultivated 2 or 3 times during the early part of their growth.

When stocks of any variety are exhausted, we fill with next best variety we have, unless stated otherwise.

BACTERIA FOR TREATING 60 LBS. SOYS, $1.20; 120 LBS., $2.00; 180 LBS., $3.00 (SEE PAGE 122.)

Salzer
Bang

SALZER'S
KAISER FIELD PEA

Contain a Higher Feed Value Than Wheat

4651—Hog raising has only become such a remunerative branch of the farm since the value of field peas as a feeding crop has come to be a more accepted ration.

The exceedingly high nutritive value of the Kaiser Pea has placed it in the fore ranks of field peas for stock feeding purposes. The Kaiser Pea contains about 19 percent crude protein whereas wheat, oats, barley, etc., contain only about 9 percent. Stock of all kinds also highly relish the vines, which also contain a very high amount of nutritive content.

Kaiser Pea matures about eight days later than the Bangalia, is an exceptionally fine yielder and on account of the very heavy amount of foliage is unexcelled for hogging down. If grown for no other purpose than a rotation crop for the enrichment of the soil, Kaiser Peas are worth the expense, time and trouble many times over. In appearance they are grayish color covered with small purplish spots.

Price: Lb., 25c, postpaid. Price by freight: Pk., $1.75; bu. (60 lbs.), $5.50; 2½ bu., $13.75; 10 bu., $54.00. Bags extra as below.

GREEN FIELD PEAS

4658—Sometimes called "Green Scotch Peas" or "Green Canada." Preferred for table use.

Price: Lb., 20c, postpaid. Price by freight: Pk., $1.40; bu. (60 lbs.), $5.00; 2½ bu.. $12.25; 10 bu., $48.50. Bags extra as below.

SALZER'S
BANGALIA FIELD PEAS
RESISTS HEAT BETTER THAN ANY OTHER

4652—Grasping the importance of a Field Pea that would withstand long spells of intense heat and produce a large crop, we have, after several years of painstaking study of the growth, conditions, yields and character of all kinds and types, found in Bangalia the Premier Field Pea. Prof. Edw. E. Evans, the Legume specialist, and the U. S. Dept. of Agriculture both concede this of the Bangalia.

Aside from its drought resistant character and big cropping habit, it is a very early variety, which, no matter where the district, whether it is north, south, east or west, is a fine quality in a Field Pea.

It is an exceptionally heavy cropper for an extra early pea. It is easily a week to ten days earlier than the famous June Pea and two to three weeks earlier than the Golden Vine Pea. The vines are very heavy. The peas are somewhat wrinkled, very heavy and a beautiful light green in color, decidedly distinct from the Canadian Yellow or green peas.

For feeding peas the Bangalia is the "King Bee," as it contains a higher percentage of protein than any of the yellow varieties, and as field peas are primarily a stock feeding legume, the grower should not overlook so important an essential.

If you have hogs, cattle and sheep that you wish to fatten quickly, nothing else will do it better or quicker.

(See Illustration.)

Price: Lb., 20c, postpaid. Price by freight: Pk., $1.50; bu. (60 lbs.), $5.25; 2½ bu., $13.00; 10 bu., $51.00. Bags extra as below.

SALZER'S
BLUE PRUSSIAN FIELD PEA

4650—A very prominent variety throughout the great pea states of Idaho and Washington where thousands of farmers are content to grow it in preference to any other. Not as early as the Kaiser or Bangalia.

To its immense quantity of foliage and unusual productiveness, is traceable its great popularity.

In appearance the peas are very similar to Alaskas.

Price: Lb., 30c, postpaid. Price by freight: Pk., $1.85; bu. (60 lbs.), $6.00; 2½ bu., $14.90; 10 bu., $59.00. Bags extra as below.

YELLOW CANADA FIELD PEA

4655—A strong vigorous productive hardy yellow pea of national reputation for dependability, adaptability and reliability.

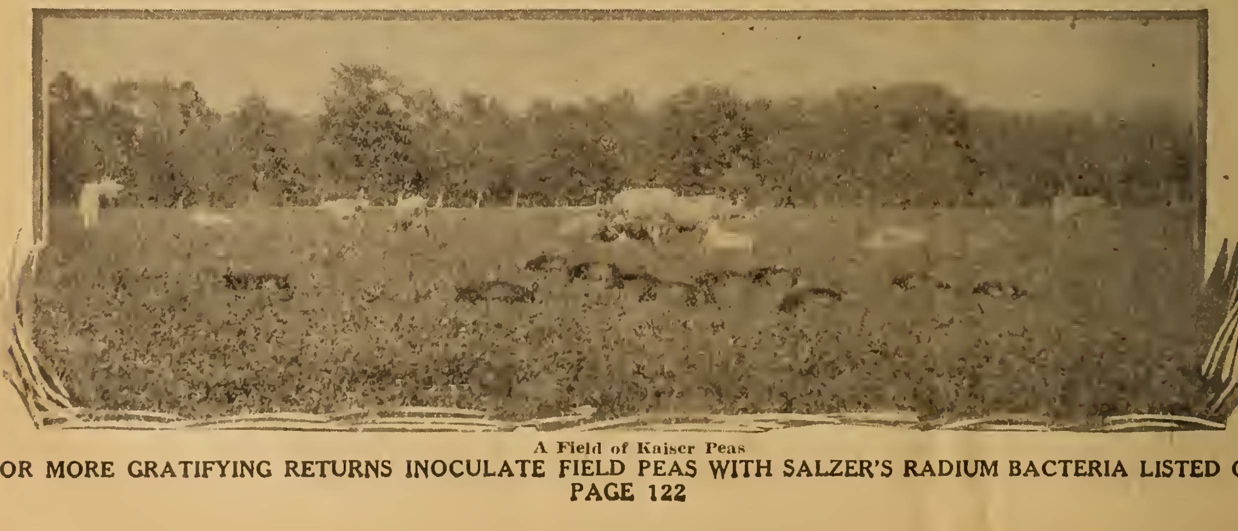
Price by freight: Pk., $1.30; bu., $4.50; 2½ bu., $11.15; 10 bu., $44.00. Bags extra as below.

SALZER'S PEA-OAT MIXTURE

4659—Salzer's Pea-Oats are a carefully mixed, properly blended ration; for milch cows, horses, etc.; for hogs, sheep and poultry they need not be ground.

Price by freight: 100 lbs., $6.25; 500 lbs., $30.00. Bags extra as below.

Price of Bags: Jute, 50 to 100 lb. size, 30c; Cotton, 60 lb. size, 25c; 100 to 150 lb. size, 55c.



A Field of Kaiser Peas

FOR MORE GRATIFYING RETURNS INOCULATE FIELD PEAS WITH SALZER'S RADIUM BACTERIA LISTED ON PAGE 122

A Field of Salzer's Prolific Cow Peas

SALZER'S PROLIFIC COW PEA

THE GREAT SOIL RE-JUVENATOR

4644—Salzer's Prolific Cow Peas resemble beans in appearance. Grown extensively in the South as a rotation crop.

As soil renovators and enrichers, there are few equals; like other leguminous plants, besides yielding a bountiful crop, they increase the fertility of the soil by collecting nitrogen from the air and adding this expensive fertilizer to the land without cost.

Will grow on any soil, even on the driest, worn-out, sterile land, where red clover will not grow; they will yield large quantities of splendid, succulent forage. They are drought-resistant, and stand the heat of the southern summer. Whether used as green fodder, silage or hay, Cow Peas have a very high feeding value and are more nutritious than red clover, millet or any other grass. A ton of Prolific Cow Pea hay is equal to 1½ tons of timothy in nourishment.

Salzer's Prolific make an excellent hog pasture; an acre will pasture 15 to 20 hogs for several weeks; they thrive amazingly on the succulent foliage and well-filled pods, and the quality of the pork raised on such healthful and nutritious diet is very fine.

Plant when the ground is warm. If wanted for fertilizer sow in drills a foot apart. If grown for the seed, plant 3½ feet apart, using 25 lbs. seed; if for fodder, use 50 to 100 lbs. per acre.

An excellent early northern strain; they will mature in about 70 days, grow very large and yield enormous crops. (See illustration above.) **Price: Lb., 23c, postpaid. Price by freight: Lb., 18c; pk., $1.60; bu. $5.80; 100 lbs., $9.50. Bags Extra: Jute, 50 to 100 lb. size, 20c; Cotton, 60 lb. size, 25c; 70 to 150 lb. size, 55c.**

4643—New Era. 4642—Clay. 4641—Black. 4646—Whip-poor-will. Prices of New Era, Clay, Black, Whip-poor-will, each variety: Pk., $1.60; bu., $5.80; 100 lbs., $9.50. Bags Extra: Jute, 50 to 100 lb. size, 20c; Cotton, 60 lb. size, 25c; 70 to 150 lb. size, 55c. When stocks of any sort are exhausted, we fill with next best variety.

SALZER'S COW PEA MIXTURE

4647—A carefully and scientifically blended mixture of Cow Peas, comprising the strongest, hardiest, most vigorous types that will ripen in the Northwest and produce biggest crops in the South. For pasturage, soiling, silage, hay or grain crop many of our most successful dairymen, stockmen and farmers prefer this mixture. **Price by freight: Pk., $1.50; bu., $5.50; 100 lbs., $9.00. Price, Bags: Jute, 50 to 100 lb. size, 25c; Cotton, 60 lb. size, 25c; 70 to 150 lb. size, 55c.**

SALZER'S NORTHERN GROWN SAND VETCH

THE GREATEST SOIL RECLAIMER, DROUTH RESISTER AND HAY PRODUCER

Genuine Vicia Villosa; See Color Illustration Page 129.

4727—The Sand Vetch is an annual plant (but in the north usually sown in the fall), similar in growth to a Pea Vine, but the vines are more slender and are more thickly clad with leaves and side stems which furnish good succulent feed. Individual plants will often make a ten-foot growth before going to seed. They cover the ground with a dense mat of forage 2 feet in depth. It is a wonderful, rapid grower, and thrives with little moisture.

It withstands the cold; Sand Vetch is a so-called winter annual. Usually sown in fall; it stays green until the snow covers the ground, and the next spring will come forth fresh, green and vigorous and form green herbage for cattle earlier than any other forage plants.

It is a tremendous yielder, producing all the way from 15 to 20 tons of the very best green forage per acre.

As the name implies, Sand Vetch has a special adaptation for sandy soils.

Our stock is the true Vicia Villosa strain noted for its extreme hardiness and ability to adapt itself to varied soils (light and heavy) and climatic conditions. Our stocks this year are very, very limited. Order early.

Sow in Spring or in Fall at the rate of 40 to 50 pounds Sand Vetches with about ½ bushel of Barley or Oats in Spring, and Winter Rye in Fall. To sow Vetch with a nurse crop has always given the best results. If wanted alone, however, Vetch is sown at the rate of 60 pounds per acre broadcast, or less amount in drills 30 inches apart. If grown the latter way it can be cultivated while the plants are young, but they soon will cover the ground densely. **Price: Lb., 45c, postpaid. Price by freight: Lb., 40c; 10 lbs., $3.50; 30 lbs., $10.15; 50 lbs., $16.50; 100 lbs., $32.00. Bags Extra: Cotton, 50 lb. size, 25c; 100 to 150 lb. size, 55c.**

SAND VETCH AND OATS FOR HAY OR PASTURE

4728—Just the thing you have been looking for. A rich pasture or a bountiful hay crop can be secured by sowing our mixture of Sand Vetch and Oats.

The method of culture is simple. Plow and harrow your field carefully and then seed at the rate of 62½ lbs. of our Mixture per acre, any time before May 20th, covering the seed about 2½ inches. In six weeks the field should be ready for pasture, and in nine weeks, if not pastured, should return a luxuriant crop of most excellent hay. In our mixture of Sand Vetch and Oats we use an oat especially adapted for this purpose, one giving best results in conjunction with the Vetch. **Price: Per 62½ lbs., $14.75; 100 lbs., $23.00. Bags Extra: Cotton, 50 lb. size, 25c: 100 to 125 lb. size, 55c.**

SPRING VETCHES OR TARES

Peculiarly Suited to Varied Soils and Climes

4730—Like Alfalfa, the superiority of Vetches for feeding lies in the great amount of protein it contains. As in Alfalfa, its huge soil restoring capacity is one of its greatest values. It is not only highly relished as a fodder and grain crop, but it increases the milk supply of milch cows and produces flesh very rapidly in all classes of stock.

Rapidity in growth and extreme hardiness render it peculiarly suitable to sections with short seasons.

Its immense productiveness makes it one of the most economical crops to grow.

Spring Vetch is an annual. It should be sown early in spring, at the rate of 60 to 80 lbs. per acre. If sown in connection with oats, use 50 lbs. Spring Vetches to 32 lbs. oats per acre, or use 30 lbs. Spring Vetches, 60 lbs. field peas and 32 lbs. of oats; these mixtures produce an abundance of healthy, nutritive green forage hay or pasture. **Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; 10 lbs., $1.85; 50 lbs., $7.75; 100 lbs., $15.00. Bags Extra: Cotton, 50 lb. size, 25c; 100 to 150 lb. size, 55c.**

COW PEAS AND SAND VETCH ARE MUCH BENEFITED BY SEED INOCULATION; HENCE USE RADIUM BACTERIA, PAGE 122.

Harvesting Grimm Alfalfa

SALZER'S GRIMM ALFALFA

WORLD FAMOUS FOR ITS EXTREME HARDINESS

Grimm Alfalfa is now and must ever be an increasingly national factor in practical, intelligent and successful farming, stock raising and dairy operations.

Endures extremes of cold and withstands excessive heat, accepting most all soils.

We have grown our Sudduth Pedigree Alfalfa Seed on the Sudduth farms in Yellowstone County, Montana, which makes a specialty of growing a hardy type of Grimm. The Sudduths are long conceded as the Greatest Alfalfa experts in the world.

Our Radium Grimm Alfalfa Seed is grown in the high altitudes of Montana and the Dakotas, where strong life, vigorous seed of robust vitality is produced, which cannot be excelled for constitutional vigor. No other Alfalfa has a better record of hardiness and drouth resisting quality and productiveness than Grimm.

Our Grimm Alfalfa is genuine straight stock, dry land grown. It is of high purity and germination.

Sow one to two pounds of seed per acre when drilling in rows 14 to 32 inches apart, depending upon whether wanted for seed or forage.

When sown broadcast in the semi-arid and irrigated sections of the West, sow 5 pounds per acre. Here in the Northwest 15 pounds and in the Atlantic and Southern states, 20 pounds per acre is used. (See Illustration.)

4206—Price: Sudduth Grimm, lb., $1.05, postpaid. Price by freight: Lb., $1.00; 5 lbs., $4.75; 10 lbs., $9.25; 50 lbs., $43.50; 100 lbs., $85.00. Bags extra as below.

4207—Price: Radium Brand Montana or Dakota Grimm, lb., 95c, postpaid. Price by freight: Lb., 90c; 10 lbs., $8.25; 50 lbs., $38.50; 100 lbs., $75.00. Bags extra: Cotton, 50-lb. size, 25c; Cotton, 60 to 150-lb. size, 55c.

Prof. N. E. Hanson with a Plant of Cossack Alfalfa

SALZER'S COSSACK ALFALFA

GENUINE STOCK

The Hardiest and Heaviest Yielding of the Alfalfas

4205—Cossack Alfalfa is revolutionizing farming all over the United States. It is creating a great reputation wherever given a trial.

With the usual Salzer method of protecting our customers, securing the best that money can buy, giving our friends absolute assurance of securing true stocks, we have gone to the best Cossack Alfalfa growers in the United States for our seed.

The high price of the seed to many farmers may be a deterring factor, but when you consider that two pounds of seed is plenty for an acre—that you have a crop that will last a life time without reseeding—it is the cheapest farm proposition we know.

To growers of Alfalfa, farmers, stockmen and dairymen who expect to grow Alfalfa, we urge that this greatest of Alfalfa be given a generous acreage on your farm this year. Personally, we cannot see how you can afford to allow one season to go by without it. The loss entailed by failure to plant is almost incalculable. The failure to grow it is nothing short of challenging your own good judgment.

We have yet to see the first dead plant in a well established field—even in districts where 40 below zero weather is the rule for protracted winter periods.

Our seed is grown in the highlands of Dakota and is pre-eminently the seed for arid, upland, high altitudes and drought stricken districts.

Owing to the exceedingly heavy growth, it is desirable that it be sown with a garden seeder set at "Celery" in rows three feet apart. (See illustration.)

Price, Radium Brand: Lb., $1.75, postpaid. **Price, by Express:** Lb., $1.50; 5 lbs., $7.50; 10 lbs., $14.00. **Bags Extra:** Cotton, 50 lb. size, 25c; cotton, 60 to 150 lb. size, 60c.

SEEING IS BELIEVING

Brookings, S. D., Nov. 1.

The experience of many men from many states shows conclusively that the Cossack is the best general purpose Alfalfa ever distributed. I ask the farmers to believe only what they see with their own eyes. This plan has worked very well because seeing is believing. Your own experience only confirms the experience of many other men.: 1. That the Cossack Alfalfa is perfectly hardy. 2. Recovers quickly after cutting. 3. Is remarkable for its abundant leaves, which is the most important part of any Alfalfa plant. 4. Yields abundantly both of hay and seed. 5. Is of wonderfully strong and upright growth.

The Cossack has made good in severest tests as to hardiness and drouth resistance.

The Cossack Alfalfa has withstood the dry years.

From the experience of farmers on the dry upland prairies of many western states, I feel confident that the Cossack will soon lead all other Alfalfas.

Yours truly,

N. E. Hansen,

Vice-Director South Dakota Agricultural Experiment Station.

IF YOU WISH TO PROSPER ON THE FARM, SOW ALFALFA.

A Field of Liscom Alfalfa

SALZER'S LISCOM ALFALFA

A TYPE OF UNUSUAL HARDINESS

08—The indifference of farmers is not any defect in the beneficent arrangement of the creator. If after all the s of publicity and statistics showing the use of Liscom or Grimm Alfalfa, farmers still persist in ignoring the ting of it, there is something wrong somewhere that such a condition in this day and age of the world can exist.

scom Alfalfa belongs to the same species as Grimm. This is a cross of the wild, yellow flowered Alfalfa of ria (Medicago Falcata) and the ordinary cultivated purple flowered Alfalfa (Medicago Sativa). This cross seems ontain the hardiness of the yellow with the productiveness of the other, excelling most all other species known y. This hardy strain has the underground spreading crown, the branching root stock, the dark foliage and the gated flower, while the common non-hardy species have one straight tap root, more upright stooling crown the bud areas near the surface, exposed to freezing, thawing and drying out.

scom Alfalfa was named after G. W. Liscom, who had a ranch on the Tongue River, in Custer County, Montana. planted this alfalfa there some thirty-five years ago. His first field, which is some 30 acres large, is still standand is more than 37 years old. This probably is the oldest field of alfalfa in the state of Montana. Withstands extremes of temperatures of 40 degrees below zero in winter and 110 above zero in summer; it has stood all the ise of extreme pasturing and has yielded ever since it was laid down, two big crops of hay every season, and is now still in first-class condition. Our seed is grown in Montana and Dakotas. (See illustration.)

UM **Price, Radium Liscom: Lb., 75c, postpaid. Price by express or freight: Lb., 70c; 5 lbs., $3.50; 15 lbs., $9.75; 25 lbs., $15.50; 50 lbs., $30.50; 100 lbs., $60.00.** Bags extra as below.

SALZER QUALITY

The seed buyer who makes prices a consideration takes desperate chances with success. The successful farmer can only have one maxim: "Not how cheap, but how good." That they recognize this fully is evidenced by the immense size of our Institution—the results of supplying the Highest Quality—First, last and always.

DRY LAND ALFALFA

MONTANA GROWN

10—Unirrigated lands in the North develop a different type falfa than irrigated soil. The plants produce less foliage and sced and also contain considerably more protein than those d under irrigation, just as it is with wheat.

r Dry Land Alfalfa Seed was grown in the dry high land dis- s of Montana. The annual rainfall in that country is about 15 es. The plants are grown in rows and are cultivated. A crop ay (two cuts) in Montana on dry land averages from 3 to 4 per acre.

y Land Alfalfa Seed has a decided superiority in its ability to stand the melting rays of the hot sun for months at a time, many others would wilt and droop.

ice of Radium Montana Dry Land Alfalfa: Lb., 75c, postpaid. e by express or freight: Lb., 70c; 15 lbs., $9.75; 50 lbs., $30.50; lbs., $60.00.

SALZER'S WESTERN ALFALFA

Of strong vitality and great prolificness; very hardy and vigorous, withstanding cold and climatic conditions in a marked degree and returning the grower with fulsome heavy growth. It has proven itself perfectly hardy in Wisconsin, Minnesota, Michigan and the Dakotas, yielding in these states from 2½ to 6 tons per acre, while in states like Iowa, Illinois, Nebraska and Kansas it returns from 4 to 7 tons per acre. Our seed was grown in Kansas.

4222—RADIUM. Price: Lb., 65c; postpaid. Price, by freight: Lb., 60c; 15 lbs., $8.00; 50 lbs., $26.00; 100 lbs., $50.00.

4221—SUPERIOR. Price: Lb., 60c, postpaid. Price by freight: Lb., 55c; 15 lbs., $7.75; 50 lbs., $24.50; 100 lbs., $48.50.

Price of Bags: Cotton, 50 lb. size, 25c; 60 to 150 lb. size, 55c.

ALFALFA PLANTS

GROWN FROM PEDIGREED COSSACK ALFALFA

599—The South Dakota Experiment Station has advocated and successfully practiced the transplanting of Cossack Alfalfa plants. s a sure method of growing Alfalfa, and is especially recommended for heavy land and for localities where Alfalfa could not heretobe grown.

y setting out Cossack Alfalfa Plants a sure stand is almost assured, a failure being remotely rare. Our plants or roots are strong, thy, tough, and stand rough handling. Cossack Alfalfa plants grow quickly after being set out and soon secure a foothold in the soil. plants carry inoculation on their roots and an abundance of bacteria in the soil is therefore no hindrance to their growth. We ocate to plant in rows 36 inches apart and 18 inches apart in the rows and to cultivate. It will take about 8,000 to 10,000 plants lant one acre, if set out at this distance.

field planted in this way in spring will yield sufficient forage the first year to more than cover the cost of transplanting and the of plants and when well established will yield from 5 to 8 tons of hay per acre on good soil, and will last a lifetime.

low furrows at the right distance and set the plants in by hand. In setting the plants out cover crown about 2 inches deep with earth.

rice, by Express: 100 plants for 80c; 250 for $1.55; 500 for $2.90; 1,000 $5.25. Postpaid, per 100 plants, $1.00; 250 for $1.75; 500, **5; 1,000, $6.00.**

Alfalfa With Two to Three Cuttings, and Upwards of 5 Tons Per Acre at Present High Prices—Think of It.

SALZER'S NORTHERN GROWN RADIUM ALFALF

For Color Illustration See Page 129

Most of the failures to secure a good stand of Alfalfa are directly traceable to worthless rubbish, called seed, s at enticing prices.

Whether it is courage or discretion that is lacking in so many farmers when it comes to buying the very l seed, would be difficult to state. It nevertheless remains a fact that many thousand farmers annually lose tl stands or secure a poor catch by using questionable or southern grown seed.

Genuine Northern Grown Alfalfa Seed has a value; it is distinctly in a class all its own; it is incomparable. Attractive or low p do not indicate a saving; neither does it infer economy. The saving on questionable seed may be tangible in actual cash at the tim purchase—but is lost in the quality of the seed—and as to the catch—as to results—as to the rewards of harvest—the loss is incal ula literally speaking, it is "penny wise and pound foolish." Farming is a sound, logical and scientific industry—don't hoodwink you by practicing economy on the purchase price.

When tempted to buy inferior seed, just be reminded that the future accumulation of profits hangs in the balance. The pure se the best seed—the dependable seed—the adaptable seed—style of management for the farm—is the best and the only sure and succe method.

Our seed is Genuine Northern Grown, grown in the high altitudes of Montana, North Dakota, South Dakota, Minnesota, and Wis sin. Fully matured and pure; high germinating, full of robust seed life; plump, bright and attractive.

How in this day of enlightenment, farmer after farmer continue their efforts to operate their farms without a portion of it b devoted to Alfalfa—is one of the astounding mysteries of the day. Present day farming without Alfalfa is almost criminal.

Apply business methods to the farm, adopt commercial methods of success—introduce principles of operation that gravitate to l financial returns. Make every acre pay a profit. Use only profit-paying crops. Utilize crops that will return more to the soil than remove—grow Alfalfa—it will do all these. It is the most talked of Hay—Forage—Soiling—Feed—Seed Crop on Earth.

Alfalfa will grow and flourish in every state in the Union—North, South, East or West—cold Minnesota, freezing Wisconsin, tre Nebraska, the prairies of Illinois and Iowa, the bottoms of Indiana, the pineless soil of Michigan, and the rich farms of New York Pennsylvania—yes, every state can grow from two to four crops of Alfalfa if the variety adapted to it is sown.

It has made more than one "successful farmer" out of the pioneer who went West; frost and drought, floods and bugs seem to have effect on Alfalfa than on any other crop; it produces a stream of never-failing feed.

In recent years great progress has been made with Alfalfa growing in the central and northwestern states; it has been proven clusively that Alfalfa for these states, too, is the crop of the future; it is especially adapted to the great Northwest, and wo urge farmers there, if they have not already planted it, to sow Alfalfa this year, using our Northern Grown strain. There is no other legu ous crop which possesses like qualities of drought and cold-resistance and gives such enormous yields for so many years. As a m crop for the Northwest, it cannot be excelled; it seems to us the greatest need today of the Northwest is the general planting and f ing of Alfalfa. Alfalfa can be grown several hundred miles north of the Canadian boundary line, provided northern, hardy seed is s Soon Alfalfa will to a large extent take the place of clover and other crops. (See illustration.)

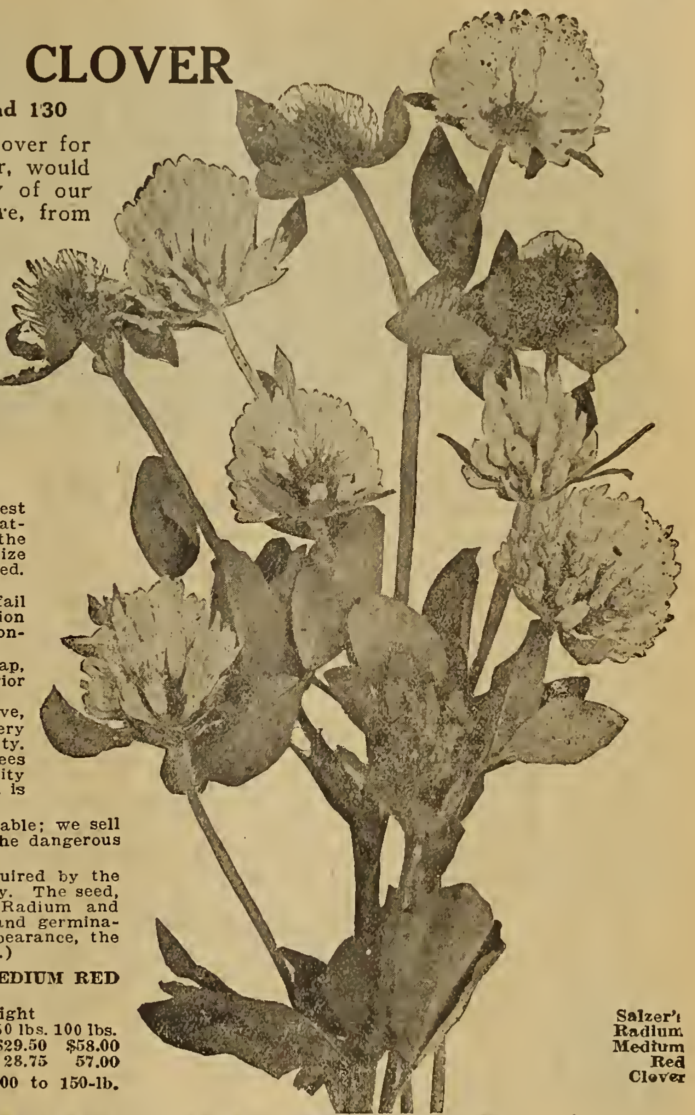
Anything we might say as to the great value of clover for isture, for hay, as a soiling crop or as a fertilizer, would ot materially emphasize its merits to the majority of our Western farmers. It is a subject almost thread-bare, from iteration, that every farmer knows by heart.

Medium Red Clover is by far the most important Clover r our country. It lives two years; grows about two feet gh; makes two crops a year, yielding upwards of three tons cured hay per acre. All animals thrive if pastured on over, particularly cattle, sheep and pigs. For soiling crops is much used and is very valuable for green manuring, dding humus and nitrogen to the soil and thereby providing ch food for the crops which follow, and saving the cost f fertilizers or the expenses of using farm manure.



Salzer's Radium Medium Red Clover

RADIUM BRAND

Worthy, meritorious seed of outstanding purity and strongest ital energy is ever our aim. We have spent a lifetime advocatng purity in seeds. The same period have we devoted to the nprovement of the seed stocks we sell. We know and we realize ow far-reaching is the result from the quality of the seed used. Each year we have profited by the past season's experience.

The quality, however, is a vital issue that many farmers fail o appreciate. We claim that every circumstance and condition which bears on good crops is worthy of the most careful consideration.

Every farmer knows that what a man sows, that shall he reap, ence no man can expect to sow inferior seed and reap superior rops. It can't be done.

We have taken advantage of every new wrinkle to improve, very new cleaning device of merit we utilize, until today every ound of Clover we sell has an analyzed purity and known vitality. All this, combined with the intimate knowledge of our employees of many years' experience, our half ocntury reputation for integrity —are each and every one in itself a separate guarantee that if it is Salzer's Radium Brand you have the best that money can buy.

The Clover Seed we handle is the hardiest and purest obtainable; we sell no imported Clover, therefore our seed is singularly free from the dangerous weeds so common in Clover grown elsewhere.

The standard of purity and germination of Clover Seed required by the Wisconsin seed law is 95 per cent purity and 90 per cent vitality. The seed, urthermore, must not contain any dangerous weeds. Our Radium and Superior grades not only comply with this law, but in purity and germination are about 99 per cent. These grades differ mainly in appearance, the ower grades containing some discolored seed. (See illustration.)

PRICE OF SALZER'S HARDY NORTHERN MEDIUM RED CLOVER SEED

	Postpaid			By Freight		
	Lb.	Lb.	15 lbs.	25 lbs.	50 lbs.	100 lbs.
4243—Radium	$0.75	$0.70	$9.35	$15.25	$29.50	$58.00
4242—Superior	.75	.70	9.15	14.75	28.75	57.00

Bags Extra—Cotton 50-lb. size, 25c; Cotton 100 to 150-lb. size, 55c.

SALZER'S MAMMOTH RED CLOVER

See Color Illustration, Page 131

HARDIEST AND HEAVIEST YIELDING OF THE CLOVERS

Clover has a different significance today than in years gone by when our Grand-fathers only had to have a clover patch big enough for a couple of hogs. Mammoth is the hardiest and heaviest yielding of the clovers and the best for light soil, hence almost indispensable for the Stockman, Dairyman and Farmer.

Mammoth Red Clover is quite distinct from Medium, being larger, of coarser and more robust growth, and two to three weeks later. It is also more hardy, stands frost better and is more permanent. On rich, loamy soils it attains an immense growth, yielding much more bulk than medium clover, but makes only one crop, and pasture after that. It grows well on land too poor and on soil too low for Medium Red, and is, therefore, largely used to restore fertility to worn-out soil. It is particularly good for light soils where Medium will not do so well—Salzer's Radium strain frequently growing to 5 and 6 feet tall. Mammoth Red Clover should be in every permanent pasture, as it retains its greenness throughout the summer and furnishes a larger amount of forage than Medium Clover, and as a fertilizer for green manuring it also surpasses Medium Clover, growing more rank and making more bulk to plow under.

It is especially used by farmers for a permanent hog pasture. It grows tall, and our Radium strain is extremely leafy and bushy. Ten acres ought to furnish sufficient nourishment for 100 hogs all summer, providing same can be divided off.

For silage and plowing under it is immensely popular.

SALZER RADIUM QUALITY

What we say regarding the quality of Salzer's Medium Red is also applicable to our Mammoth Red Clover. All this seed is grown right here in the Northwest. The purity and vitality tests of our Mammoth Clover Seed are exceptionally high. This year it is particularly fine, bright, pure seed.

Our ambition to make our various grades so eminently pure, so vastly superior, is fast creating a standard of their own for high quality that it would be hard to surpass.

PRICE OF SALZER'S MAMMOTH RED CLOVER SEED

	Postpaid			By Freight		
	Lb.	Lb.	15 lbs.	25 lbs.	50 lbs.	100 lbs.
4237—Radium	$0.75	$0.70	$9.35	$15.25	$29.50	$58.00
4236—Superior	.75	.70	9.15	14.75	28.75	57.00

Bags Extra—Cotton, 50-lb. size, 25c; Cotton, 100 to 150-lb. size, 55c.

BACTERIA FOR RED CLOVER, TO TREAT UP TO 20 LBS., $1.20; UP TO 40 LBS., $2.00; UP TO 60 LBS., $3.00, AND UP TO 120 LBS., $3.75.

Immense Yields of Hay Are the Rule with Alsike.

SALZER'S RADIUM ALSIKE CLOVER

In the West only the hardiest, vigorous, truest perennial clover should constitute the clover field or permanent pasture mixture. (Medium Clover is biennial.) Alsike is exceptionally leafy, frequently producing as much hay as Mammoth. It is admirably suited to the cool, cold climate of the Northwest.

On many soils it produces good crops, on which Red Clover will not grow. Alsike is the most hardy of all Clovers. It withstands the severest cold and does not readily winter-kill or heave out of the ground with frost. It is apparently the only Clover that will thrive on moist soil.

It grows about 2 to 3 feet high. The stems are thinner than those of Red Clover and the leaves are more numerous, making hay of a finer texture. The blossoms are pinkish white and appear from July to August. The feeding value of the hay fairly equals that of Alfalfa.

This Clover prefers damp, moist, loamy soil, but it will also grow fairly well on stiff clays. Here in the Northwest it is mostly grown on bottom lands and quite often mixed wtih Timothy. Both varieties are well adapted for this soil and they ripen at the same time.

Alsike does well if sown with grains in either spring or fall. We advise customers to sow Alsike or other Clover with every acre of small grain that is planted, as in the experiments conducted by the Minnesota Experiment Station, it has been shown that the sowing of Clover with small grain increases the yield of the grain.

Alsike should be cut for hay as soon as it is in full bloom and for seed, when two-thirds of the heads are ripe. Alsike is also one of the best honey producing plants that can be grown.

THE ADVANTAGES OF SALZER'S RADIUM ALSIKE

Advantages it possesses over any other variety of Clover are: Its perennial character; its hardiness; its capability to resist the extremes of drouth and wet; the great weight of herbage it produces during the season and the sureness of a crop when others fail. Our Alsike seed is of the highest vitality and purity. Sow 6 to 8 pounds per acre, according to quality. (See illustration).

	Postpaid	By Freight					Sow
	Pound	Pound	15 Lbs.	25 Lbs.	50 Lbs.	100 Lbs.	Per Acre
4261—Radium	80c	75c	$9.60	$15.75	$30.50	$60.00	6 Lbs.
4260—Superior	75c	70c	9.35	15.25	29.75	58.50	8 Lbs.

Bags extra. Cotton, 50 lb. size, 25c; 60 to 150 lb. size, 55c.

B-ALSIKE CLOVER
AND
TIMOTHY MIXTURE

4225—B-Alsike is a mixture of Alsike and Timothy, containing about 50 per cent Alsike and 50 per cent Timothy; our seed is grown in this neighborhood and a great many farmers here grow this mixed seed in preference to other grasses and clovers, as the two varieties are adapted for the same kind of soil and mature at the same time and are wondrously prolific for hay. If you plan to grow for hay, then the B-Alsike-Timothy Mixture will give you splendid satisfaction; indeed, it is now sown in great quantities almost to the exclusion of Straight Alsike on account of being much cheaper.

Its marvelous producing powers make B-Alsike-Timothy profitable to sow. It makes hay of a very superior quality, as Alsike and Timothy "grow hand in hand." If you desire to grow for Seed, by all means sow Salzer's Radium Alsike alone, but if you wish it for pasture or hay, use our B-Alsike-Timothy Mixture. Sow 8 to 12 lbs. per acre.

Price: Lb., 50c, postpaid. **Price by freight:** Lb., 45c; 15 lbs., $5.80; 25 lbs., $9.25; 50 lbs., $17.75; 100 lbs., $35.00.

Bags extra. Cotton, 50-lb. size, 25c; 60 to 150-lb. size, 55c.

SAINFOIN OR ESPARSETTE CLOVER

4265—A perennial, leguminous plant, belonging to the same family as Clover and Alfalfa.

It is a vigorous plant, branching and spreading and growing over three feet high. Its flowers are numerous and of a showy red color. It produces, under favorable conditions, two and more cuttings of hay or seed in a single season. Sainfoin, like all Clover, is very beneficial to the land.

In Europe it has been grown for over two hundred years and in many localities there takes the place of Red Clover. Generally it is not allowed to remain longer than two years, although in some places Sainfoin is left standing four and five years with satisfactory results.

It is especially valuable for growing on poor land and barren hillsides, but produces on good land large quantities of splendid, nutritious fodder which is greedily eaten by all stock. It is quite free from the danger to bloat cattle and sheep and for this reason ought to be preferred to Alfalfa where a pasture for sheep and cattle is wanted. If wanted for hay, cut just before the flowering period. Sainfoin has been made to render the best service in providing pasture for sheep and soiling food for cattle and horses. In many localities in Europe it is considered indispensable on the sheep farms. Sow 20 to 40 lbs. per acre and cover well. Sow in spring with or without a nurse crop.

Geo. Wilde, Mo.: "I bought 100 lbs. Esparsette of you and cut 8 tons magnificent hay." **Price:** Lb., 40c, postpaid. **Price by freight:** Lb., 35c; 15 lbs., $4.35; 25 lbs., $6.75; 50 lbs., $13.00; 100 lbs., $25.00. Bags extra. Cotton, 50-lb. size, 25c; 60 to 125-lb. size, 55c.

IF YOU HAVE SOME BOTTOM LAND SOW ALSIKE CLOVER FOR HAY OR PASTURE

A Field of Sweet Clover

SALZER'S WHITE SWEET CLOVER

For Color Illustration See Page 130

Its quick maturing habit is incalculable to agriculture. The luxuriant mass of thick foliage is practically beyond ie conception of the most expectant farmer. The abundance of its nutritious feed is fairly beyond belief. The inge of its adaptability to all soils is the four corners of the earth.

Sweet Clover grows in all parts of the United States; it possesses a wider adaptability in regard to soil and cli- iate than any other clover or alfalfa. It thrives on the poorest, sandy soil and on dry hill sides, where no other over will grow. On alkali soils sweet clover is the only plant that will grow and make a yield. It will endure routh, thrives on wet soil, stands more heaving and frost than red or alsike clover. Wherever it has grown it has ft a rich spot, which is readily taken up by other crops.

Sweet Clover ranks the highest of leguminous crops as a fertilizer. Like all legumes it gathers nitrogen from ie air, and enriches the soil with it. Sweet Clover develops clusters of fleshy roots which reach many feet into the round, and which the New York Experimental Station estimated to weigh 20 tons per acre, and these long, fleshy ots decay when two years old, as soon as the seed matures.

FOR PASTURAGE—It is the first forage plant in spring that affords green food, and the last one that is killed by frost, too; it is ieerfully green when all grasses are dry and parched. It grows very rapidly, and as soon as it is 5 to 6 inches tall the stock iould be turned on, as tramping the ground suits it, and it should never be allowed to grow very tall or it will get hard and woody; hen kept eaten down very close to the ground the plants throw out fresh growth on all sides as fast as eaten off, thus furnishing constant supply of tender growth until frost.

Stock soon acquire a taste for it, and prefer it then to all other plants. It gives milk and butter a most delicious flavor. It is lways relished by horses, sheep and cattle.

FOR HAY—Cut when 15 to 20 inches long. Sheep, hogs, cattle and horses develop a particular fondness for it and prefer it to lover or Timothy hay. Ranks equally as high as Timothy, Clover or Alfalfa. Cut and cure the same as Alfalfa hay.

FOR HAY—Sweet Clover should be cut the first season when it shows the maximum growth in fall. The second year it is cut before it comes into full bloom.

In the Northern States Sweet Clover is generally pastured until about July, and when stock is taken off it will grow rapidly and can soon be cut for hay or for seed.

The sowing of seed is done from early spring until late fall. Sow 15 lbs. per acre, ½ inch deep (See illustration.)

4253—RADIUM (scarified). Price: Lb., 55c, postpaid. Price by freight: Lb., 50c; 15 lbs., $6.25; 50 lb., $20.25; 100 lbs., $39.50.

4254—CHOICE (scarified). Price: Lb., 50c, postpaid. Price by freight: Lb., 45c; 15 lbs., $6.00; 50 lbs., $19.75; 100 lbs., $38.50 Bags as stated below.

YELLOW SWEET CLOVER (MELILOTUS OFFICINALIS)

This is in great demand on account of its earliness, being about two weeks earlier than the white. It does not grow as tall as the hite. Makes just as good pasturage as the white, but does not make as high quality hay.

4258—(Scarified.) Price: Lb., 50c, postpaid. Price by freight: Lb., 45c; 15 lbs., $6.00; 50 lbs., $19.00; 100 lbs., $37.50. Bags as tated below.

SALZER'S GIANT INCARNAT OR CRIMSON CLOVER

Valuable for Pasture, Green Forage, Hay and Quickly Restoring Worn-Out Soils.

Giant Incarnat Clover forms upright branching plants, about 2-3 feet high. It roots very deeply and is a ountiful provider of nitrogen. It grows most luxuriantly on fertile loam, yet it will thrive better on thinner and oorer soil than Red Clover. It is more efficient for green manuring than the latter. Plowing under a good crop f Giant Incarnat is equivalent to 20 tons of stable manure per acre. It is a cheap source of nitrogen; it revolu- ioned the methods of farming in many states, and has restored to profitable cultivation thousands of acres of poor and.

It is tremendously prolific. It grows bushy and rank, yet of fine fibre, and is ready to cut and furnishes a big crop of hay, which s more nutritious, richer in protein than Red Clover, and especially adapted for working horses. It flourishes like a weed, thrives ike one. Nothing better for leaching and washing soils. It is an ideal rotation crop.

Seeding—In the northern and central states many sow in spring, as it is liable to freeze out in winter; in the southern and eastern states it is sown in fall; 10 to 15 lbs. of seed are used per acre. Should be cut for hay or silage before flowers commence to mature.

4228—RADIUM. Price: Lb., 33c, postpaid. Price by freight: Lb., 28c; 15 lbs., $3.15; 25 lbs., $4.75; 50 lbs., $9.00; 100 lbs., $17.00.

4227—SUPERIOR. Price: Lb., 33c, postpaid. Price by freight: Lb., 28c; 15 lbs., $3.00; 25 lbs., $4.50; 50 lbs., $8.25; 100 lbs., $16.00. Bags as stated below.

SALZER'S DWARF WHITE DUTCH CLOVER

4249—A low, close-growing Clover; round, white heads; very fragrant; best adapted to moist soils, but succeeds also on dry land; excellent as an addition to mixtures for permanent meadows and pastures. For lawns it is splendidly adapted; indeed, no lawn is considered "quite right" unless it contains a good sprinkling of this sweet, pure, white-blooming, low growing "soft as velvet," hardy White Dutch Clover. As a bee plant it is famous everywhere, and there is no other plant which furnishes better and more honey. It never winterkills. Sow in Spring or Fall. One-quarter of a pound, costing 20c, postpaid, of our Dwarf White Dutch Clover, will be sufficient to sprinkle upon a lawn 20x50 feet.

Price: Radium White Dutch Clover. Per oz., 10c; ¼ lb., 25c; lb., 65c, postpaid. Price by freight: Lb., 60c; 5 lbs., $3.20; 10 lbs., $6.00. Bags as stated below.

Bags extra: Cotton, 50 lb. size, 25c; 100 to 150 lb. size, 55c.

FOR BETTER GROWTH AND SURER CROP INOCULATE ALL CLOVER WITH RADIUM BACTERIA LISTED ON PAGE 122.

Salzer's Earliest Sweet Sorghum

SALZER'S EARLIEST SWEET SORGHUM CANE

Unexcelled for Making Molasses. The Heaviest Yielde of the Extra Early Sorghums.

4341—To the utmost vigilance and mature deliberation of practical farmers in the selecting of the most prolific types can b attributed the great popularity of Salzer's Earliest Sorghum, a experience has demonstrated to an almost certainty that it i vastly superior to any other.

It can be grown successfully everywhere. In all districts, ther is nothing so good in the Sweet Sorghum line as our Earlies Cane for quick fodder. Sheep, hogs, cattle and horses relish it.

For soiling or green feeding Salzer's Earliest Cane is of a ver high value, especially during the summer and autumn when th pastures are often dry and it is very hard to find sufficient fodde to keep the animals in a thrifty condition. It is one of the bes foods that can be used to feed growing animals and also the dair cattle on account of the large flow of excellent milk which it wil produce.

Salzer's Earliest Cane makes a grand summer pasture for al kinds of stock, especially for sheep and hogs. The hay is ver palatable and nutritious and is relished by all kinds of stock including hogs. Cut when heading out, leave for 2 or 3 days o the ground and then put up in shocks of about one load each Unexcelled as a catch crop.

The Silage made of Salzer's Earliest Cane is exceptionall nutritious. Cow Peas and Soy Beans are quite often mixed wit cane for the silo. This will greatly increase the feeding value (See Illustration.)

Seed—The seed has about the same nutritive value as corn used crushed and mixed with oats, peas, etc., it makes a fine fee for all stock. It is also much used for poultry food and especially for laying hens. Requires 70 to 80 days to mature.

Culture—Sow broadcast at the rate of 30 to 50 pounds per acre or in drill 3 to 3½ feet apart, using 10 to 20 pounds. The crop can be harrowed unti 4 to 6 inches high without injuring the young plants. After the first cuttin the ground should be stirred again with a disk harrow or cultivator and th plant will sprout quickly.

Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 10 lbs., 65c; 50 lbs. $2.90; 100 lbs., $5.25. Bags extra as below.

WISCONSIN GROWN
EARLY AMBER CANE

4343—So successful has been the ripening of this variety in the northwest, particularly Minnesota and Wisconsin, that its growing for the making of Sorghum Molasses by farmers has reached huge proportions.

In the La Crosse district, although there is a large sorghum mill, many farmers make their own molasses.

On the other hand large acreages are grown for fodder and silage purposes. Stock eat it greedily, fatten and flourish on it—seems to fill a particular want in the ration. Dairy cows show a marked increase in milk flow. Amber Cane is a very heavy yielding type.

Price: Lb., 30c, postpaid. Price by freight: Lb., 25c; 10 lbs., $1.50; 50 lbs., $5.50; 100 lbs., $10.00. Bags extra as below.

ORANGE SORGHUM CANE

4342—Two to three weeks later than Salzer's Famous Earlies Cane, growing taller, producing heavier stalks and more abundan leaves. It is always in big demand.

Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 10 lbs. 65c; 50 lbs., $2.90; 100 lbs., $5.25. Bags extra as below.

SUMAC SORGHUM CANE

4339—This variety is the most extensively grown type in th southern half of the United States. It is almost as sweet, leaf and large yielder as Salzer's Earliest Cane.

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; 10 lbs. 70c; 50 lbs., $3.25; 100 lbs., $5.50. Bags extra as below.

FETERITA

THE GREAT DRY LAND NON-SACCHARINE SORGHUM

4340—As time passes and experimental evidence from every section accumulates and with it new modes of culture, new methods of utility, all emphasize the almost incalculable value of Feterita as a forage crop.

It has proven the best forage crop for dry lands known today. It produces a stalk of medium height and size, bearing ten to twelve leaves of medium size and a large head, well filled with pure white or bluish white seeds. The grain is larger than milo, is fully as soft and much whiter than Kafir. Its feeding value is equal to either Kafir or Milo and does not contain the dust that accompanies the other two. Feterita is an excellent drought resister. In some instances it made excellent crops without receiving any rain from the day it was planted, until harvested. It stands erect, branches out from the root and matures 25, some say 50, days earlier than Kafir. Yields of 50 to 80 bushels per acre were reported in the past. A remarkable feature is that in Oklahoma two crops of Feterita can be raised on the same ground in one season. (See Illustration.)

Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; 10 lbs., 70c; 50 lbs., $3.25; 100 lbs., $5.50.

Bags Extra: Jute, 25 to 50 lb. size, 20c; 60 to 100 lb. size, 30c; Cotton, 100 to 150 lb. size, 55c.

Feterita

NOTE: In their general requirements Sorghums are similar to corn, but they do better on thin soil, are more resistant to drought, and therefore a surer crop in the semi-arid region and they also yield a better crop on alkali soils than corn.

WITH SUGAR SHORTAGE APPARENT SOW SORGHUM CANE

NON-SACCHARINE SORGHUMS

Plant Produced From One Seed Note the Large Seed Heads

These varieties and Feterita are of the greatest value for the middle est, where drouth often destroys the corn crop. They should be ore largely planted there, as they frequently yield as much grain as orn and make excellent fodder and yield a good crop when corn ould burn up entirely. They will grow on any soil where corn will, ıd on many too poor for corn. Kafir requires about 130 days to ature seed, the other kinds (Dura sorts) on this page only about 100 ays.

Non-saccharine Sorghums are grown for grain and for forage; they re less juicy than the saccharine varieties, but yield the largest grain rops of any sorghum.

SHROCK KAFIR SORGHUM

For Color Illustrations, See Page 130

he Best Dry Weather Feed Crop We Know. Radically Distinct From the Sorghum Family. Matures with Exceptional Uniformity.

4338—Since its discovery it has been systematically tested 1 every section of the United States with astoundingly favrable results.

Sown alongside of Kafir, Milo and Feterita in drought seaons, the former have literally burned up while Shrock prouced immense crops. Has demonstrated when sown alongside f above types that it will remain green until frost kills it, when he others have died long before.

Will produce twice as much seed as most of the Kafirs and Sweet Sorghums.

Will produce as much forage as any of the Dwarf Kafirs. Its dwarf growth enables it to be handled with less expense.

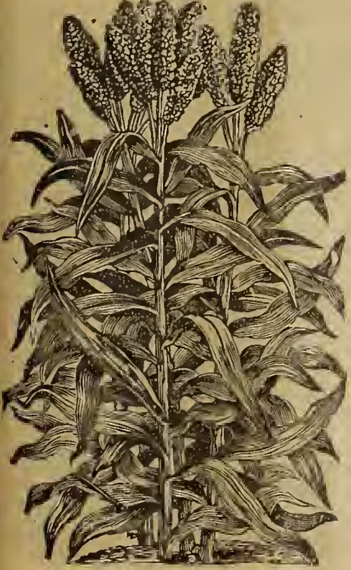
It is so vastly superior as a Drought Resister to any other Cane or Sorghum as to be in a class decidedly by itself.

It outyielded any other Cane and Sorghum at the United States Dry Land Experiment Station, Woodward, Okla. This station is engaged almost exclusively in testing and improving drought resisting crops.

When planted early will produce two hay crops. Ready for cutting before most other Cane. It is of dwarf growing habit. Is very stalky and a great stooler. Very nutritious as a silage. Greater drought resister than Feterita. Matures with exceptional uniformity. Fields are remarkable for even growth. Branch heads keep coming up till frost. Grows from 3½ to 5 feet high. Very easy to handle in harvesting. One seed often produces 4 or 5 shoots. It never lodges or droops its heads. Sow 10 lbs. per acre. (For color illustration, see page 130, also illustration on this page.)

Price: Lb., 25c, postpaid. Price, by Freight: Lb., 20c; 10 lbs., $1.30; 50 lbs., $3.35; 100 lbs., $6.50. Bags Extra as below.

SALZER'S EARLIEST KAFIR CORN



Salzer's Earliest Kafir Corn

4345—One of the strongly American features of agriculture is the great development of forage for stock feeding. The day has flown forever when the farmer will feed high price grain and hay rations to his stock when a thousand and one different forage plants can be procured at small cost. Of the Kafir family, Salzer's Earliest easily ranks foremost.

Grows 5 to 7 feet high, making a straight, upright growth; it has a strong stem with wide leaves. The stalks contain considerable sweet sap and remain green until the heads are fully matured; for this reason Kafir Corn is preferred as a forage crop. It does well as far north as South Dakota. It is enormously, prodigiously productive; does so well everywhere, if you have hogs or sheep, and if you are proud of your horses and love your cattle, you should plant a few acres. Another good point in its favor is that it will produce tons and tons of seed, which is equally as rich and nutritious and fattening as corn. Matures in about 130 days.

For grain sow in rows 3½ feet apart, using 6 to 8 lbs. per acre.

For hay or pasture sow 25 lbs. to 50 lbs. to the acre in drills or 75 lbs. broadcast.

Price: Lb., 25c, postpaid. Price, by Freight: Lb., 20c; 5 lbs., 50c; 10 lbs., 75c; 50 lbs., $2.75: 100 lbs., $5.25; 200 lbs., $10.25. Bags extra as below.

DWARF STRAIGHT NECK MILO

4348—This variety was introduced by the U. S. Dept. of Agriculture. It differs from the standard Yellow Milo in being more dwarf, growing only 3 to 5 feet high, according to the amount of rainfall, and it is straight necked. The advantage of this straight necked feature is apparent in gathering, feeding and cutting the heads.

It is earlier than Kafir Corn or Yellow Milo, and will stand the greatest drouth. It is therefore admirably adapted for dry land farming. It yields often from 60 to 100 bu. of corn per acre. Plant and cultivate the same as Kafir Corn. It can be fed in bundles or in heads to cattle. horses, hogs, and all stock will prefer it to corn.

Price: Lb., 25c, postpaid. Price by Freight: Lb., 20c; 10 lbs., 85c; 25 lbs., $1.75; 50 lbs., $3.00; 100 lbs., $5.50. Bags extra as below.

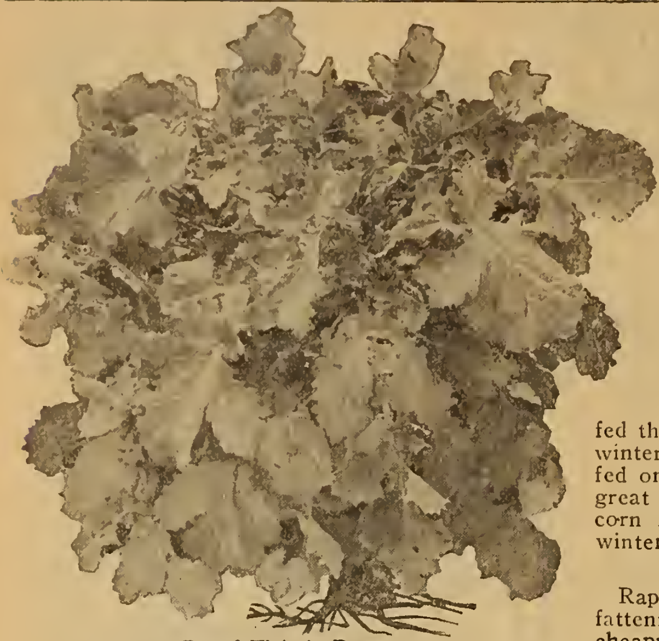
YELLOW MILO MAIZE

4347—It produces large quantities of good green fodder. Stools from the ground, also sends out shoots from the joints. The seed heads are very heavy, often weigh 1 lb. when ripe. The seed is an excellent fattener and relished by all cattle, hogs, etc. Stalks grow about 9 to 12 feet tall.

Price: Lb., 25c, postpaid. Price by Freight: Lb., 20c; 10 lbs., 75c; 25 lbs., $1.60; 50 lbs., $2.75; 100 lbs., $5.25. Bags extra as below.

Price of Bags: Jute, 25 to 100 lb. size, 20c; Cotton, 100 to 125 lb. size, 55c.

FOR A DROUTH RESISTING CROP SOW SHROCK KAFIR SORGHUM.



Dwarf Victoria Rape.

SALZER'S
DWARF VICTORIA RAPE
GENUINE STOCK

4667—Greater production at less cost is the cry everywhere—yet few heed it. If sound judgment, searching shrewdness, keen business sagacity were exercised by every agriculturist and stockman, Rape, the great forage plant, would be grown on every farm.

Large yields at low cost is its reputation. It would be hard to estimate the influence of Rape on the stock raising industry. It is positively indispensable—if greatest results are desired.

The Minnesota Agricultural College reports on Rape: "On 54 acres Rape, after Winter Rye had been removed, 537 sheep and lambs were fattened thereon; 18 steers fed thereon for 59 days and several acres were uneaten when winter set in. . . . That the lowest average gain on lambs fed on Rape alone is 7 to 8 pounds per month." There is a great need of Rape, especially in the fall of the year, when the corn has been harvested, and just before the setting in of winter.

RAPE AS A PASTURE

Rape is unequaled as a pasture for sheep in the autumn; as a fattening food in the field it is without a rival in point of cheapness or effectiveness. The sheep that pasture upon it do the harvesting in the most effective manner and with but little cost to the owner. When rape is established as a pasture the necessity for sending sheep and lambs to market in a lean condition will be removed. Cattle may also be pastured upon rape, but through treading they waste it in a considerable degree.

RAPE AS A CATCH CROP

Rape is particularly valuable, and especially adapted for being grown as a catch crop, as, like the turnip, it grows better late than earlier in the season. When a grain crop, therefore, has failed from any cause whatsoever, sow rape upon it (at the rate of 5 lbs. per acre.) If sown in May, it grows rapidly and can be cut or pastured the latter part of July. If sown the first half of July, it will come into fine play as fodder in September, October and up to November.

HOW TO SOW RAPE

Rape may be sown successfully, viz.: 1. In the early spring, to provide pasture for sheep and swine. 2. In June or July on well prepared land, to provide pasture for sheep, at the rate of 5 lbs. per acre. 3. Along with wheat, barley and rye, using only ONE OR TWO POUNDS of seed per acre, to provide pasture for sheep after harvest. 4. Along with peas, oats, clover seed, to provide pasture for sheep and to get a "catch" of clover. 5. Along in corn sown broadcast at the last cultivation to provide pasture for sheep. 6. In corn, sowing the seed with the last cultivation given to the corn, at the rate of 1 to 2 lbs. per acre. 7. Along with Rye sown in August for sheep pasture. When rape is sown broadcast, 5 lbs. of seed per acre is plenty. When sown in rows, say 30 inches apart, 3 lbs. will be enough.

IMPORTANCE OF PURE RAPE SEED

Quality in Rape is an important factor. The very nature of its growth demands an inherent vitality of great vigor. It must be seed that will develop a plant capable of withstanding great abuse, the run of stock, climatic severities, varied soil. We were the first American Seedsmen to recognize, appreciate, introduce and exploit rape as a general forage plant. That was many, many years ago.

The importance of the origin of growth is of vital importance to every rape grower. (See illustration.)

Price of Dwarf Victoria Rape: Lb., 25c, postpaid. Price by Freight: Lb., 20c; 10 lbs., $1.65; 50 lbs., $7.25; 100 lbs., $14.00. Bags extra: Cotton, 50 lb. size, 20c; 100 to 150 lb. size, 55c.

DWARF ESSEX RAPE

4666—Dwarf Essex has generally become a recognized standard stock, a forage crop the world over. Its extremely rapid and free growing habit, the high nutritious value, its cheapness, its palatableness, all combine to make it one of the best and most economical feed crops in the world.

Considering that one acre of Rape will furnish pasture for ten to twenty hogs for two months, supplying at least twelve tons of green feed, it is impossible to secure cheaper feed, or make better investment. Rape in appearance resembles the leaf of a Swede Turnip and is extremely prolific. See illustration at bottom for heavy manner in which Dwarf Essex Rape grows and upper illustration of Dwarf Victoria Rape for immense size of each plant.

Price of Dwarf Essex Rape: Lb., 23c, postpaid. Price by Freight: Lb., 18c; 10 lbs., $1.55; 50 lbs., $6.75; 100 lbs., $13.00. Bags Extra: Cotton, 50 lb. size, 20c; 100 to 125 lb. size, 55c.

SALZER'S EARLIEST RUSSIAN MILLET

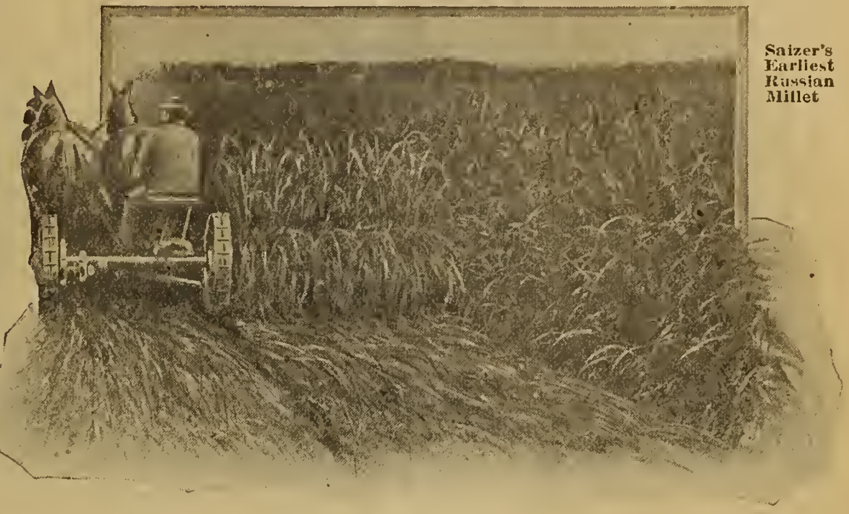
Its strong points are these: It is wo weeks earlier than German Millet, vondrously prolific, has great stooling habits, is very leafy and bushy nd full of rich green blades; one kerel has been known to produce upvards of fifty fine, strong stalks, just he size that are in great demand and agerly eaten by cattle. It is not an ncommon thing to cut six tons of ay per acre.

Salzer's Earliest Russian Millet will nake a magnificent crop of hay if own immediately after your oats, or arley, or rye, or wheat is cut, as it vill ripen in from 60 to 73 days.

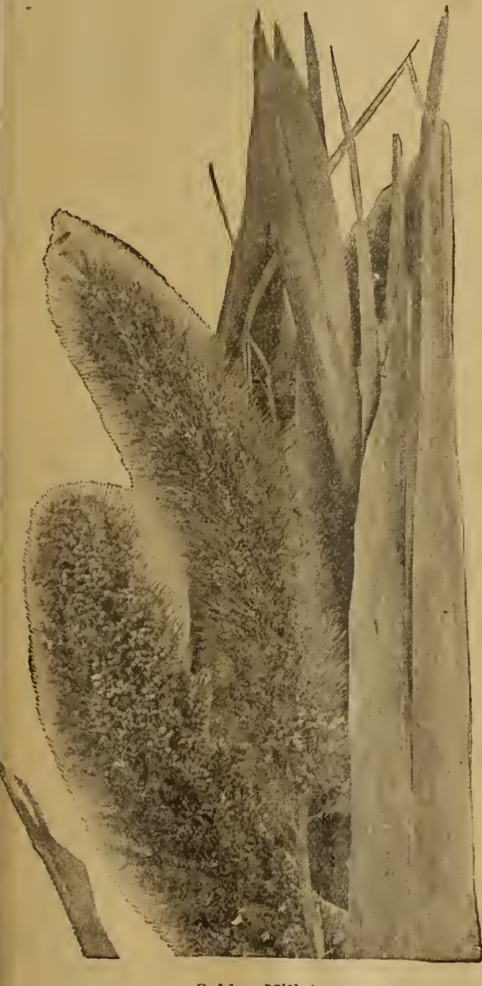
This millet stands the hot dry winds of the Dakotas, the burning prairies of Kansas better than other varieties and lourishes on the heated soils of Vestern Nebraska and Colorado. The seed s orange red. (See illustration.)

4570—Radium (20th Century). Price: Lb., 20c, ostpaid. Price by freight: Lb., 15c; 15 lbs., $1.00; 0 lbs., $2.85; 100 lbs., $5.25.

4569—Superior. Price by freight: 15 lbs., 95c; 0 lbs., $2.75; 100 lbs., $5.00. Bags extra as below.



Salzer's Earliest Russian Millet



Golden Millet

GOLDEN MILLET

(German)

The Golden Millet grows very rank, generally 4 to 5 feet high, and is one of the best varieties for hay, it being sweet, palatable and milk producing. The hay may seem coarse, yet it is very tender if cut at the right time, which is when in full bloom, and cows, horses and other farm stock are all exceedingly fond of it. About 35 lbs. are sown per acre. (See illustration).

4578—Radium. Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 15 lbs., $1.25; 50 lbs., $3.35; 100 lbs., $6.25.

4577—Superior. Price by freight: 15 lbs., $1.15; 50 lbs., $3.25; 100 lbs., $6.00. Bags extra as below.

COMMON MILLET

Grows usually from 2½ to 4 feet high and makes excellent hay. Sow about 35 pounds to the acre. It is a very early variety with tender stems and leaves. Does especially well on dry and light soils. Its luxuriant growth and quick maturing propensities make it one of the best millets for covering shortages in the hay crop and for smothering weeds.

4566—Radium. Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 15 lbs., 90c; 50 lbs., $2.50; 100 lbs., $4.75.

4565—Superior. Price by freight: 15 lbs., 85c; 50 lbs., $2.35; 100 lbs., $4.50. Bags extra as below.

EARLY FORTUNE MILLET

An extra early variety. It is claimed to be rust-proof and that chinch bugs will not eat the plant. The seed is of a beautiful red color, and is two or three times the size of Golden Millet.

This variety heads in from 25 to 35 days. It gives a large yield both of seed and fodder. It can be fed to horses and other stock without injury, even when cut so late that the seed has formed.

4574—Radium. Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 15 lbs., $1.25; 50 lbs., $3.35; 100 lbs., $6.25.

4573—Superior. Price by freight: 15 lbs., $1.15; 50 lbs., $3.25; 100 lbs., $6.00. Bags extra as below.

SIBERIAN MILLET

4591—Extremely hardy; a very heavy yielder, and generally considered a good sort.

Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 15 lbs., 95c; 50 lbs., $2.75; 100 lbs., $5.00. Bags extra as below.

JAPANESE MILLET

4585—It grows from 5 to 7 feet high, stands up remarkably and yields large crops. When cured it makes good hay and in quality is superior to corn fodder. It is relished by all kinds of stock. It may be sown broadcast at the rate of 15 pounds per acre, but it is better to sow in drills 12 to 18 inches apart, using 10 to 12 lbs. to the acre.

Radium. Price: Lb., 25c, postpaid. Price by freight: Lb., 20c; 15 lbs., $1.75; 50 lbs., $4.50; 100 lbs., $8.75. Bags extra as below.

BROOM CORN OR HOG MILLET

This Millet does not grow very tall and is, therefore, not much used for hay, but it yields enormous quantities of seed which makes good feed for swine and other stock. It also makes fine feed for poultry and young chicks. It will mature in about two months from sowing. The seed differs from Early Fortune Millet only in the color. It is yellowish white. The plants resemble Broom corn when growing, hence the name.

Hon. F. H. Smith, among others, says: "I had 31 hogs which I raised and fattened on Millet Seed. They made an average of 524 lbs. on this food."

4562—Radium. Price: Lb., 20c, postpaid. Price by freight: Lb., 15c; 15 lbs., 90c; 50 lbs., $2.50; 100 lbs., $4.75.

4561—Superior. Price by freight: 15 lbs., 85c; 50 lbs., $2.35; 100 lbs., $4.50. Bags extra as below.

Bags Extra: Jute, 50 lb. size, 20c; 100 lb. size, 30c; Cotton, 100 lb. size, 55c.

FOR A CATCH CROP MILLET IS COMMENDABLE.

A Field of Billion Dollar Grass.

SALZER'S BILLION DOLLAR GRASS

(Panicum Crusgalli) See Color Illustration Page 147.

The Great Pasture, Hay, Green Feed and Silo Crop

It is the thinkers, the discriminators, the men of initiative who have given Billion Dollar Grass the great prominence it has attained in the Agricultural world today. These farmers inspired with the spirit of their life's work have found this great grass with its bountiful yields so remunerative that they can ill afford to farm without large, generous acreages seeded to it.

It is these men who have made farming a profession that continue year in and year out to reap immense returns from the feeding of Billion Dollar Grass, as a pasture crop, as hay, as green feed, as a silo crop. We question if any crop is more indispensable to the farmer who has once grown, handled and fed Billion Dollar Grass. The question of larger quantities of feed is always a serious one with the farmer with stock to feed, the practical farmer never takes long chances, with him too much feed is preferable to not enough.

Billion Dollar Grass is a recognized feeding crop everywhere which on account of its immense cropping habit make it so ridiculously cheap that it seems to have no other substitute either as a fodder or soiling crop.

It will produce a hay crop in from six to ten weeks, anywhere; and if sown in the neighborhood of May 1st, it will be ready to cut about the middle of July for hay, attaining the height of (according to the richness of the soil and warmth) from 4 to 6 feet. It is preeminently the grass to sow if you are going to be short on hay.

If you wish very fine, leafy hay, and have strong, rich ground, sow at the rate of 20 pounds per acre; but if your soil is but moderately rich, then sow at the rate of 12 pounds per acre. It can be sown at different times of the year, in May, June, July and August, when the ground is warm.

For hay, cut just when in bloom—rather sooner than later, as it makes better hay without the seed heads than with them. The hay is then healthier and of finer quality; in curing treat as you would a rich field of clover.

For feeding green—like all rich, luxuriant growing grasses and forage plants, Billion Dollar Grass should be fed in the green state moderately at first. Therefore you should turn in your cattle and horses at first only after they have fed somewhere else, and then gradually accustom them to this.

For seed, let the Billion Dollar Grass get thoroughly ripe; cut and thresh as you would timothy. The seed is rich and nutritious. The yield of seed runs generally from 500 pounds and more per acre.

QUICK GROWN AND HEAVY PRODUCER

Prof. Williams, of the United States Department of Agriculture, says "Already widely grown as a hay crop, it deserves more general use for soiling, as this Grass is of particular value for feeding to dairy cattle, young stock and sheep. Panicum Crusgalli, (Billion Dollar Grass) in many sections of the country can be made a supplement for pasture in such a way as to allow a material increase in the number of stock that can be kept on the farm. On account of the large yield and good quality of forage, it is most excellent for silo use, as frequently a good crop can be raised under conditions which would not admit the growing of corn for ensilage. Compared with seed and forage, it will run ahead of timothy. The seed contains much fat, extract matter and protein."

Horses, mules, cows, calves, heifers, sheep, hogs, poultry, geese, turkeys, etc., all relish, thrive and fatten on Billion Dollar Grass. It is undeniably one of the greatest and most economical farm crops in the world for all classes of farm animals.

A GREAT SILAGE CROP

Cows with both Billion Dollar Grass and corn before them seem to prefer the Billion Dollar Grass, consuming it without waste; when put upon Billion Dollar Grass they increase in milk. An ideal ensilage mixture is made of two parts Billion Dollar Grass and one part Soy Beans, mixed when filling the silo. This mixture forms a complete balanced ration for milch cows without grain, oil cake, etc., and if generally used would save hundreds of dollars annually to dairymen and farmers of our country.

Prof. Brooks, of the Massachusetts Experimental Station, says of Panicum Crusgalli (Billion Dollar Grass): "At our station it produced 67 bushels of seed, and 11,297 pounds of straw, or 36,000 pounds of green fodder, or 12,000 pounds of hay per acre, which is superior to good corn fodder in feeding for milk, and in combination with the Soy Bean makes very superior ensilage." Prof. Brooks found by alternating the Panicum Crusgalli cut from day to day and fed green to cows with well-eared corn fodder, that the cows invariably increased in milk when put upon it, and fell off when changed to corn alone.

Not An Unusual Yield At That

GEORGE MERCHANT, IRON CO., WIS.: "The Billion Dollar Grass is something immense. I sowed it in June and cut it twice, and it was 5 feet high each time; and now, Sept. 13th, it is again 5½ feet tall, which I will cut for the third crop of hay. At that rate, it will make 12 tons of magnificent hay per acre."

When you see this Trade-Mark you know it means the best seeds obtainable. It is so far as we can discover the only word that means—Full of Energy, Full of Life, Full of Vitality—Supremely Pure and of Immense Value.

RADIUM BRAND

As in the past with our 20th Century, so in the future we will strive to our utmost to make our Radium Brand Seeds the best, the purest, the strongest vitality, the strongest germination possible to obtain—seeds that our customers will have the fullest confidence in.

SALZER'S QUALITY SEEDS

SALZER'S TEOSINTE

A Great Fodder Plant

Teosinte

4711—There is an old adage "make two blades of grass grow where one used to grow" which seemed pretty good advice at that. However, with Teosinte it would almost seem as though hundreds grow where on most plants only one grows.

As a fodder plant it has created a decided reputation for itself, being as it is one of the heaviest and most luxuriant of plants. As it contains a considerable amount of sugar all stock are exceptionally fond of it.

At the experimental stations of Louisiana, Mississippi, Georgia and Florida it has always given the heaviest yields. Georgia reports 38,000 lbs. of green forage per acre, Mississippi 44,000 lbs., Louisiana the enormous amount of over 100,000 lbs. The heavy falls of rain in the northern tier of states has given it quite an impetus in these states where extremely large crops have been the rule. Quite often a single kernel will produce upwards of 50 stalks. If cut when it reaches 4 to 5 feet in height, it makes excellent fodder and will produce a second crop fully as large as the first. If left to grow until September or October, it furnishes excellent material for the silo in much greater amounts than most any other forage crop. Its leaves are similar to those of sorghum, but much longer, and the stalks contain from 8 to 10 per cent of sugar.

Sow Teosinte in hills 4 to 5 feet apart each way about corn planting time, and cultivate the crop like corn. A greater distance should be given on richer soil. It can be cut with a reaper and fed in the green state, or it can be dried and makes a magnificent fodder for cattle during the long winter months. (See Illustration.)

PRICE OF SALZER'S TEOSINTE

Oz., 15c; ¼ lb., 30c; ½ lb., 55c; lb., 90c; 2 lbs. (sufficient for one acre), $1.75, postpaid. Price by express: Lb., 85c; 10 lbs., $7.50; 25 lbs., $17.50; 50 lbs., $33.75; 100 lbs., $65.00. Bags extra as below.

GRASSES FOR GENERAL PURPOSE

4512—RED FESCUE—Splendid for sowing on dry, sandy soil, very hardy.
Price: Lb., 55c; 25 lbs., $11.50; 100 lbs., $42.00. Bags extra as below.

4503—CRESTED DOGSTAIL—Very valuable for dry lands and sheep pastures, also splendid for lawn.
Price: Lb., 50c; 10 lbs., $4.25; 100 lbs., $38.50. Bags extra as below.

4514—ROUGH-STALKED MEADOW—Valuable for pastures and meadows, particularly on damp soil and sheltered situations, producing a constant supply of nutritious herbage, greatly liked by cattle.
Price: Lb., 75c; 10 lbs., $6.50; 100 lbs., $60.00. Bags extra as below.

4509—MEADOW SOFT GRASS (Holcus Lanatus)—This is used in great quantities in Washington and Oregon and also in some portions of Europe. Hon. Wm. Lewis, of Louisiana, has grown the grass with great satisfaction for many years, and calls it one of the best and most profitable grasses for some lands. In Ireland it is largely used in pastures, entering almost all mixtures.
Price: Lb., 60c; 10 lbs., $5.00; 100 lbs., $45.00. Bags extra as below.

4502—CREEPING BENT—Resembles Red Top. Does best on wet, marshy soils. Starts early, holds out until late in fall. A good pasture and lawn grass.
Price: Lb., 85c; 10 lbs., $7.50; 100 lbs., $65.00. Bags extra as below.

4516—SHEEP'S FESCUE—This variety of grass is fast becoming indigenous to America through large usage. It has a tufted habit of growth; is short, with upright leaves. It is particularly relished by sheep, hence the name. It prefers light, sandy soil and dry uplands; is not affected by drought.
Price: Lb., 45c; 10 lbs., $3.75; 100 lbs., $35.00. Bags extra as below.

4500—BEACH GRASS—The great grass for sandy seashores, lakes, rivers, canals and railroad banks. Its strong, creeping, matting roots bind the drifting sands into natural embankments against the action of wind and waves.
Price: Lb., 65c; 10 lbs., $6.00; 100 lbs., $50.00. Bags extra as below.

JOHNSON GRASS

4506—It does magnificently in the North. Produces about 5 tons of grass per acre, and this all inside of six months. In the South, in some states, it is considered a pest as it is hard to keep it in bounds and to eradicate it when once established; but it nevertheless makes good hay and can be relied upon to produce a good crop during the hottest and driest seasons. It should be cut before the seed tops emerge from the sheaths to keep it from spreading the seed and the feeding value of the hay is then the highest and is claimed to be better than Timothy hay.
Price: Lb., 45c, postpaid. Price by freight: Lb., 40c; 10 lbs., $3.50; 25 lbs., $8.00; 100 lbs., $30.00. Bags extra as below.

MEADOW FOXTAIL

4508—It thrives best on rich, moist soils. Hardy and prolific, returning heavy crops. It vegetates with extraordinary luxuriance, and is, therefore, both as a first crop and as after grass, justly considered as holding one of the first places among the best grasses. Whether used as a green fodder or made into hay, cattle are fond of it. (See illustration.)
Price: Lb., 60c; 10 lbs., $5.00; 100 lbs., $45.00. Bags extra as below.

Price of Bags: Jute, 25 to 40 lb. size, 20c; 50 to 100 lb. size, 30c; Cotton, 100 to 150 lb. size, 55c.

SALZER'S NORTHERN GROWN SUDAN GRASS

Fills a Long Felt Want for Hay

A Positive Advantage to All Kinds of Stock. Has Made Good in Every State.

(For Color Illustration See Page 130)

4530—A careful survey of Sudan and all its characteristics only serves to emphasize that it has perhaps more sterling merit than almost any grass known.

It has done much towards increasing the cattle industry in the large beef producing states. It has already reached almost as much prominence as Alfalfa in many states.

Agriculturally speaking, its possibilities are practically illimitable. It is a veritable boon to the stockman, to the dairyman, to the diversified farmer for feeding purposes. We often say it is not a question of feed but stock enough to eat it up.

The foliage and hay is greatly relished by all stock. It has exceptionally high feeding value. It withstands and flourishes in extreme drought. It adapts itself to most all soils.

Few persons, if any, really appreciate or can imagine the big returns, the real intrinsic value contained in one small, very insignificant Sudan Seed. Being a great stooler, upwards of one hundred stems frequently shoot up from one seed.

Sudan growing as it does, frequently as high as 9 feet, when planted in rows and cultivated and 4 to 5 feet when sown broadcast, exceeds any other grass we know of in yield. For a grass its yields are to be wondered at, often reaching five to seven tons per acre, seldom running less than four tons.

In the Southern states three crops are becoming the rule, while in Minnesota, Dakota and the Northwest, only two cuttings are secured. As a catch crop Sudan is fully equal to Millet.

From every section of the country comes expressions of delight at the high quality of Salzer's Sudan Seed. Our customers are delighted with the vigor of our Sudan Seed. Salzer's Sudan is free from Johnson Grass—that great pest of the South, and as it is grown in the North where Johnson Grass will not mature, it is the safeguard that protects.

Even the United States Government cautions buyers to purchase their seed far enough in the North where Johnson Grass will not mature.

This great Grass is the result of trying to find something to replace Johnson Grass, whose immense root system of unusual aggressiveness had made Johnson Grass nothing short of a pest. Sudan has a very shallow root system, similar to Corn, and as its name implies it comes from the Sudan Government at Khartum.

GROWN WITH LEGUMES

The suitability of Sudan for growing with Soy Beans, Cow Peas and other legumes is evidenced by every practical farmer in the country who has found it to be one essential that was necessary to give a properly balanced ration for stock.

Harvesting Sudan Grass for Seed

Note the Immense Growth

AS A HAY CROP

Sudan grows strictly erect. There is no other grass that will withstand the neglect, will stand beyond the proper stage of maturity before being cut, as will Sudan, and this without apparent detriment to the quality, a feature of almost indispensable value to the busy farmer. The quality of the hay is exceptionally high, chemical analysis showing it of the same value as Timothy and Johnson Grass. It is equal to Millets in feeding value and a much heavier yielder. The hay is nutritious, palatable and highly relished by stock. Sudan Grass is easy to cut with a mower and cures readily. It is cut just after full bloom. After cutting it resumes its growing promptly and in about 40 to 45 days another cutting is ready.

SOILING AND SILAGE

The great abundance of the yield and the enormous quantity of the foliage of Sudan admirably adapts it for an economical silage and soiling crop. Its exceptional palatableness, its great succulency in the green state make it a prized morsel when used as a silage. Mixed with soy beans or cow peas it is unexcelled for the silo. One acre of normal crop will maintain one cow three months. Its introduction solves a problem for change of diet that had become very acute with dairymen and stockmen.

ITS CULTURE

Sudan Grass should not be planted until the soil has become warm in spring. It can be sown at any time in summer 70 to 75 days ahead of frost. It is sown in rows from 14 to 18 inches apart; sown this way it takes from 3 to 5 pounds per acre; on good soil where there is plenty of moisture it is also sown broadcast or drilled in, and then 10 to 15 (some say 20 lbs.) pounds of seed are required per acre. (See illustration.)

Price: Lb., 35c, postpaid. Price by Freight: Lb., 30c; 15 lbs., $3.50; 25 lbs., $5.50; 50 lbs., $10.50; 100 lbs., $20.00.

Bags Extra: Jute, 25 to 100 lb. size, 20c; Cotton, 100 lb. size, 55c.

AS A CATCH CROP SUDAN GRASS IS EQUAL TO MILLET.

SALZER'S LAUGH AND GROW FAT HOG PASTURE MIXTURE

HE HOG IS BY NATURE A GRAZING ANIMAL. GIVE HIM PLENTY OF PASTURE

4549—Every farmer who raises hogs should have a hog pasture if he wants largest returns. When allowed to asture on grass and clover, pigs are stronger and healthier than if fed on grain alone.

The "Laugh and Grow Fat Mixture" contains generally among others the following: Billion Dollar Grass, Turips, Amber Cane, Cow Peas, Velvet Bean, Soy Beans, Speltz, Field Peas, Rape, Vetches, Oats, Rye, Broom Corn, illet, Timothy, Giant Incarnat Clover, Rye Grass, etc. It is well in ordering this mixture to tell us what month you vish to sow, stating when you wish to have the food, and the condition of your soil. (Sow 30 to 50 lbs. per acre.) his mixture consists of annual varieties of fodder plants, many of which grow again as fast as fed down; it gives a ield per acre 3 or 5 times as large as any other pasturage, and owing to the great variety of plants it is composed of, t is always more greedily eaten than any other forage, not only by hogs, but also by all other live stock, such as heep, cows and horses, which all relish this rich pasturage.

r. Curtis Bly, Crown Point, N. Y., says:—

"You doubtless will be surprised to hear from me relative to a hundred pounds of Hog Pasture seed bought of you. here was not a pound of grain on the farm when we commenced, and our 26 cows were practically worthless, and having five brood sows and twenty pigs, we saw that something must be done or they would eat us out of house and home. o, being in a desperate situation, we decided to try your LAUGH AND GROW FAT HOG PASTURE MIXTURE and ound it to be a godsend.

"Just six weeks after we sowed this wonderful mixture the brood sows and pigs were turned in. Such eating I never vitnessed before. Becoming frightened, I took the hogs all out, for they began to look like so many inflated balloons. Ve took them out of the pasture for three days in succession and after that allowed them to run at will.

"Now for the results: From the separated milk from a dairy that did not equal six good cows and the use of somehing less than three dollars' worth of middlings we made, by using this Hog Pasture Mixture in connection, over two ons of pork. In short, it was the greatest growth making and fat producing feed I ever saw, and I have raised hogs n a large scale in Central Iowa during a period covering over 25 years. The cash outlay for these two tons of pork was little over $4.00 to you for the pasture seed and less than $3.00 for grain, a total of $7.00.

"We named our pasture the Salzer's Cyclone Hog Pasture, and thought it well named, on account of its sweeping and ontinuous growth and the marvelous results.

"The two tons of pork above mentioned was live weight, the weighing being undertaken by two disinterested neighors, so there was no guesswork." (See Illustration.)

Price: 25 lbs., $1.90; 50 lbs., $3.60; 100 lbs. (will do for 3 acres), $6.85; 500 lbs., $33.75.

Bags Extra: Jute, 25 to 100 lb. size, 25c; Cotton, 100 to 125 lb. size, 55c.

SUNFLOWER FOR ENSILAGE

Immense Yields are Its History

4704—With twenty tons or more of Sunflowers per acre enough fodder will be supplied to take care of twice the mount of stock that can be maintained from the same area in Oats and feed of similar value. A statement vorthy of consideration.

The Montana Experimental Station considers it the heaviest yielding fodder crop known.

Cattle eat it with relish, whether fresh or as ensilage. It increases the milk flow. Produces fat rapidly. Strange ut true nevertheless—cows seem to relish the heavy thick stocks as much as the leaves.

Sunflowers have passed the experimental stage as a feed crop—their place is an established fact. Farmers should ut in limited acreage and thus become accustomed to its habits, its value, its uses and its care. Sow about 10 lbs. f seed per acre.

Price: Lb., 35c, Postpaid. **Price by Freight:** Lb., 30c; 5 lbs., $1.25; 10 lbs., $2.30; 25 lbs., $5.50; 50 lbs., $10.50; 00 lbs., $20.00. **Bags Extra:** Jute, 25 to 100 lb. size, 25c; Cotton, 100 to 125 lb. size, 55c.

F SHORT OF PASTURE FOR HOGS AND CATTLE SOW SALZER'S LAUGH AND GROW FAT MIXTURE.

A Field from Salzer's Meadow Mixture

SALZER'S PERMANENT MEADOW AND PASTURE MIXTURES

A good Hay crop can best be secured by planting a mixture of Grasses and Clover. This has been fully demonstrated by many trials made by Experiment Stations in practically all states of the Union. We have made exhaustive experiments and studies of Grasses and Clovers and no better meadows can be found than those laid down with our Grass and Clover Mixtures.

Our Pasture Mixtures will produce a thicker and more prolonged growth than can be obtained from only one o two grasses. For every different kind and condition of soil there are grasses that are especially suitable; som sorts do best on high ground and in dry weather; others prefer plenty of moisture; some mature so early and others so late that from spring until winter there is no time when one or another species is not at its best. (See illustration.)

HAY OR MEADOW MIXTURES

	15 lbs.	50 lbs.	100 lbs.

SALZER'S RENOVATOR GRASS MIXTURE

4546—In Salzer's Renovator, or Quick Results Grass Mixture we have something that, we believe, for result and permanency, has no superior. It is composed, among others, of such superb Grasses as Crimson Clover Italian Rye Grass, Tall Meadow Oat, Kentucky Blue, Orchard Grass, Meadow Fescue, English Rye, Timothy Bromus Inermis, Red Top, Dogstail, Alsike, White, Red and other Clovers and Grasses. It is a mixture that ha proven itself immensely popular wherever sown, and we believe that whoever tests this, either for renovating hi pasture or sowing alone for MEADOW OR PASTURE, will get magnificent results.

For the laying down of a new pasture or meadow, sow 20 lbs. per acre. For renovating pastures, sow at th rate of 10 lbs. per acre. **Price: Lb., 35c, postpaid. Price by freight: 15 lbs., $3.25; 50 lbs., $10.25; 100 lbs., $20.00 Bags extra as below.**

MEADOW FESCUE

(ENGLISH BLUE OR RANDALL GRASS)

4484—All points considered, this grass must be regarded as one of the most valuable grasses that can be sown anywhere in this country. Its most important features are that it is drought and frost resisting; it furnishes an abundance of pasturage early in spring and late in fall when other grasses have not come up or have already died out

It is well suited to a wide range of soils, does well on loamy clay and gravelly soils, and thrives on heavy blac loam, strong, and low lying soils; in wet places in a pasture, trampled down by stock where Timothy, Re Clover and Kentucky Blue Grass fail, Meadow Fescue will keep these places productive. It is not adapted t light sandy soils.

It lives longer than most other kinds of grasses, and although it produces the first year a good crop of hay o pasture, it does not reach the highest stage of growth until two and three years, and for this reason it is exceptionally well adapted for permanent pastures and meadows. On soils which are too shallow and where th presence of hard-pan prohibits the successful culture of Alfalfa, this grass should be sown in place. Meado Fescue is also very highly esteemed as a soil renovator. Meadow Fescue matures at the same time as Timoth and Red Top and Alsike Clover and for meadows these varieties are often grown together. It grows 2½ to feet high, roots out well, but never grows in tufts. It flowers in June and July. Sow 10 to 15 pounds per acre broadcast without nurse crop.

Radium Meadow Fescue—Price: Lb., 80c, postpaid. Price by freight: Lb., 75c; 15 lbs., $7.75; 25 lbs., $12.50; 50 lbs., $24.50; 100 lbs., $48.00.

Price Bags Extra: Jute, 25 to 50 lb. size, 20c; 60 to 100 lb. size, 30c; Cotton, 50 lb. size, 55c.

FOR PERMANENT MEADOW OR PASTURE OUR GRASS MIXTURES ARE UNEXCELLED.

While Immense Crops of Hay Are Produced from Brome, It Is Unexcelled for Pasturage

SALZER'S BROME GRASS (CERTIFIED QUACK FREE)

Brome is the Grass for Dry and Sandy Soil.

4319—Analytically, the comprehensiveness of this grass is amazing, its succession of agricultural achievements are nany and varied. It is undeniable that the reclamation of vast districts of western country is directly traceable to Brome.

This exceptionally valuable grass will bear out every word of praise we give it. The best of grasses for dry oils. It is a grass for the desert, a grass for the drought-stricken countries, the grass for Nebraska and the Dakotas, for Iowa, Kansas, Texas, Colorado, Montana; for each and every state of the United States; in fact, any and everywhere; one must not think that it does not do well on soil where there is plenty of moisture, for on such soils its magnificent, luxuriant growth comes into full play.

Bromus Inermis is one of our hardiest perennial grasses; no amount of cold will kill it. It withstands the severest drought, and water may stand on it for weeks without injury.

It roots deeply, often 4 to 6 feet deep and thereby improves greatly the physical condition of the soil; growing on good soils where large yields of cured hay are harvested, and also good returns are obtained on poor, sandy land where timothy is frequently a failure.

As a pasture grass it is of especial value, staying green and succulent during summer and enduring the close cropping of cattle, horses, sheep and hogs.

The chemical analysis shows it extremely rich in flesh producing, milk-increasing ingredients.

The Experimental Station, Garden City, Kan., says: "We have grown **Bromus Inermis** successfully, and we think it is the coming grass for the arid regions of the West. It is green from the middle of March to about November." **Prof. Shaw, of Minnesota,** pertinently says: **"This Grass cannot be obtained too soon by the farmers of the Northwest."**

The South Dakota Experimental Station of Brookings says: "This is the best Grass that has yet been tried at this station. When properly sown it catches well, giving a good sod the first year. Thus far the grass has endured drought perfectly, and was never winter-killed in the least. Sow 14 lbs. per acre. (See illustration.) **Price, Radium: Lb., 50c, postpaid. Price by Freight: Lb., 45c; 15 lbs., $5.70; 25 lbs., $9.00; 50 lbs., $17.75; 100 lbs., $35.00. Bags Extra,** as below.

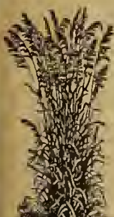
ENGLISH OR PERENNIAL RYE GRASS

4470—Nature seems to have intended English Rye with a place of prominence, as its many noticeable qualities have maintained a place for it on almost every farm where given a trial. It has attributes that make it felt wherever grown.

It is found to flourish on all kinds of soil, even growing with thrift on upland situations. On rich and moist soil, to which it is best suited, it gives remarkably heavy crops. It grows with rapidity, reaching a stage of perfection and producing in its first year a growth of herbage in great abundance. (See illustration.)

Live stock of all descriptions relish it exceedingly, eating it with great avidity. It is exceptionally valuable for permanent pasture, as it withstands the severities occasioned by the hoofs of stock. It withstands very close cropping, shooting up quickly and with vigor. It remains bright green and luxuriant from very early spring until after severe frosts. Cut for hay when in bloom. It will last for years. **Price, Radium: Lb., 32c, postpaid. Price by freight: Lb., 27c; 15 lbs., $2.90; 25 lbs., $4.50; 50 lbs., $8.25; 100 lbs., $16.00. Bags extra** as below.

English Rye Grass



Tal Meadow Oat

TALL MEADOW OAT GRASS (FRENCH RYE GRASS)

4520—A magnificent grass, of rapid, luxuriant growth, growing on rich soil by June 15th to the height of 4 feet. Can be cut several times and does well if sown alone. Tall Oat Grass vegetates with great luxuriance. It makes good hay, is natural to sandy loams, but thrives best on strong, tenacious clays. It is a very hardy grass and endures much heat and cold. "It possesses the advantage of early, quick and late growth and is admirably adapted for a pasture grass." (See illustration.)

Price, Radium: Lb., 50c, postpaid. Price by freight: Lb., 45c; 15 lbs., $5.75; 25 lbs., $9.25; 50 lbs., $18.00; 100 lbs., $35.00.

Price Bags: Jute, 25 to 40 lb. size, 20c; 50 to 100 lb. size, 30c; Cotton, 40 lb. size, 55c.

IF YOU HAVE SOME DRY AND SANDY SOIL SOW BROME GRASS.

Orchard Grass

SALZERS' ORCHARD GRASS

It Is a Great Grass For Any And All Soils

An exceptionally valuable grass for pasture or hay land, and on account of its earliness very valuable for a permanent pasture. It furnishes green grass very early in the spring and until late in the fall. When closely cropped i grows up quickly and is ready for grazing again in a short time. When grown for hay, more than one crop can b obtained in one season, and when only one crop is cut the aftergrowth is very heavy and gives splendid and ric pasture till late in the fall. As the roots extend to a great depth, it will stand drought better than most othe grasses; it is very hardy. It grows in tufts and is, therefore, best sown with other grasses. It is well suited fo shady places, such as orchards and groves. Grows on all kinds of land, but does best on deep, rich sandy loam o clay soils. Height, 3 feet; it flowers in June about the same time as Red Clover and is often grown with it; it bloom three weeks earlier than Timothy.

Of it ex-Gov. Hoffman says: "Know of no grass better adapted for Wisconsin and Illinois, and one that deserve greater attention on the part of the American farmer than Orchard Grass. It is extremely rich in herbage. Th leaves are flat, vigorous, juicy, of a dark green color and of great nourishing power. It is extremely early; it wil flourish when other grasses dry out—and is enormously productive." (See illustration.)

Next to the "Germination" (one artificial, one greenhouse, one field test is what we give) and "Trueness to Type' comes "Purity," the three Graces on which our Radium Brand and the Salzer Reputation are built.

PRICES OF ORCHARD GRASS

ITALIAN RYE GRASS

Withstands Extremes of Climate and Soil

This grass, through sheer merit, is making itself felt all over the United States. From every section come glowing expressions of its exceptional value. Sheepmen, dairymen, stockmen and farmers alike sing its praises. Ir many of the largest cattle districts in the West hundred acre fields are common sights.

Although its virtues are many, three outstanding characteristics radiate its incalculable worth, emphasize its immense value for farm use.

1st—Its habit of starting early in the spring and remaining very luxuriant to latest fall.

2nd—The remarkable high quality and high feeding value of the grass and hay.

3rd—The amazing manner in which it thrives under the close cropping and rapaciousness of all kinds of stock.

The Italian Rye Grass is a strong grower, arrives at maturity sooner, has a greater abundance of foliage, which is broader and of a more lively green color, grows considerably taller, is more upright; its spikes are longer and upon the whole, produces more than the English Rye Grass. It should be cut for hay, when heading out.

4474—Radium (20th Century). Price: Lb., 35c, postpaid. Price by freight: Lb., 30c; 15 lbs., $3.00; 50 lbs., $8.75; 100 lbs., $17.00.

4473—Superior. Price: Lb., 35c, postpaid. Price, by freight: Lb., 30c; 15 lbs., $2.90; 50 lbs., $8.50; 100 lbs., $16.00.

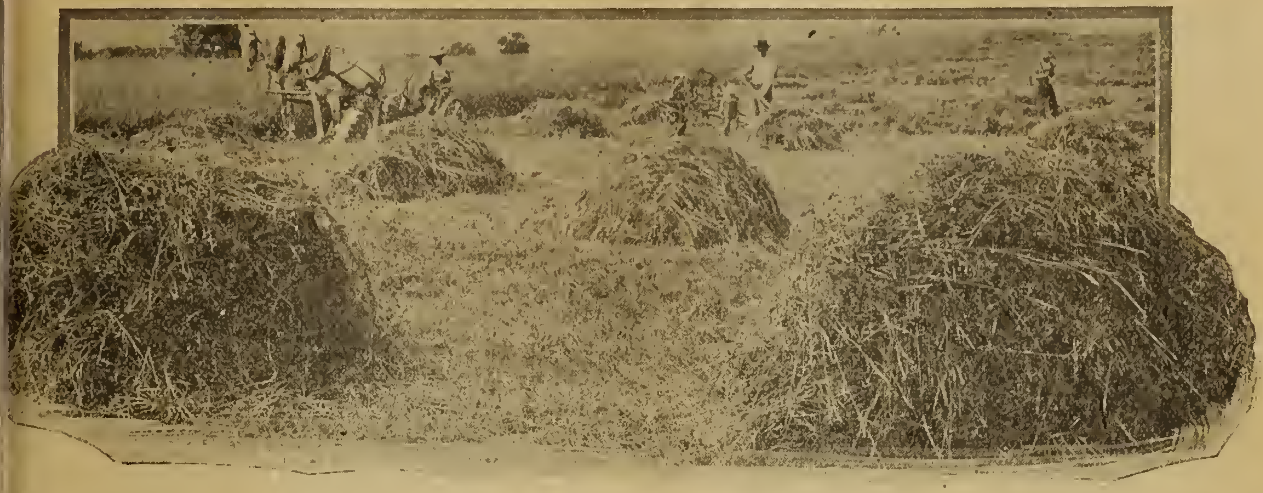
BERMUDA GRASS OR SOUTHERN BLUE GRASS

4501—This is a perennial grass of creeping habit, very valuable for the southern states, as it withstands drought better than most varieties. It has long, creeping stems which root at the joints and cover the ground with strong matting of fine turf. This has caused it to be sown largely for the purpose of binding drifting sand and for steep embankments subject to wash. It is a splendid pasture grass, furnishing excellent summer pasture when most other grasses are burned out, and the grazing and tramping of stock does not impair it. It is of no value for the northern states north of Virginia. Sow in spring at the rate of 3 to 5 lbs. per acre.

Price: Lb., 85c, postpaid. Price by express or freight: Lb., 80c; 15 lbs., $11.25; 50 lbs., $35.50; 100 lbs., $70.00.

Price: Bags, Extra: Jute 25 to 50 lb. size, 20c; 60 to 200 lb. size, 30c. Cotton, 50 lb. size, 55c.

ALL PRICES ON GRASSES ARE SUBJECT TO CHANGE WITHOUT NOTICE.



A Field of Salzer's Kentucky Blue Grass.

SALZER'S KENTUCKY BLUE GRASS

THE BEST, SWEETEST AND MOST NUTRITIOUS GRASS

Known the world over as the rich verdure decking, celebrated Blue Grass of Kentucky. The hay crop is of ch excellent quality that all cattle relish it and fatten. It carries its verdure into winter longer than most other rts of grasses, and in the early spring it is out very early with its rich green, and remains green if the season is vorable. It grows best on good, rich, light, and dry land and is especially valuable as pasture grass. It reains small the first year, but becomes fully established the second year. It is a hardy, perennial, lasting infinitely, and improving every year. All Blue Grass Seed germinates slowly. A great crop to follow white clover. This grass is one of the first to start up in the spring and is still green when the snow flies in the fall. Uninred by extremes of cold, heat, wet or drought, its hardiness and ability to withstand tramping of hoofs have made particularly valuable everywhere, consequently, it is now very extensively grown. It is easy to start, easy to grow id to establish pastures of the greenest verdure that will give highly profitable returns. The roots are so thick and out that the tough sod thus formed makes an almost everlasting sward that permits of very heavy pasturing, year and year out. Its feeding value is exceptionally high, as it makes one of the best, sweetest and most nutritious istures, or hay crops that can be grown. For lawns (even if no other grasses are included in the mixture) it will oduce one of the most beautiful, thick, velvety carpet-like swards imaginable. If you buy our **Radium Brand**, ou are certain to secure dollar value to the last seed. Seed clean, pure, fully matured. Blue Grass seed usually eighs 14 pounds per measure bushel; the seed we offer runs fully 19 to 21 pounds. **In Salzer's Radium Strain** we elieve we have a Kentucky Blue Grass that cannot be excelled, and we are sure that our customers will be deghted and pleased at the result obtained by sowing Salzer's Radium Brand Kentucky Blue Grass, because for richss and germination, life, strength, growth, yield, quality and vigor, there is none superior. (See illustration.)

RED TOP (SOLID SEED)

There seems to be no geographical limitations to this grass. There seems to be no soil limitations. In fact, it seems to meet every expectation. Has frequently been said of Red Top that as a grass it is more useful than any other. As a permanent pasturage it is especially valuable. As a mixture with clover, timothy, bronze, or blue grass it flourishes everywhere.

A very hardy native grass, probably the most perennial grass we have. It would answer well to sow Red Top separately on moist lands where old grass has run out or become mossy; on such places it would fill the soil with numerous roots and make it more passable. Also on moist, undrained soils, liable to occasional overflow, it will grow better than any other kind. Red Top accommodates itself to a variety of soils, even to quite dry situations, but succeeds best on moist lands deficient in lime and fertility; here it attains .. height of 2 to 2½ feet. It is of slender growth and rather fine foliage and throws out slender, spreading heads. It is a very nutritious grass and well relished by stock. (See illustration.)

SALZER'S RADIUM CLEAR RED TOP is the seed free from chaff. It is only within recent years that mills have been made that will take Pure Red Top Seed from the chaff. Sow Clear Red Top at the rate of **10 to 15** lbs. per acre.

KENTUCKY BLUE GRASS AND RED TOP ARE EXCELLENT FOR PASTURE AND HAY.

A Field of Timothy.

SALZER'S NORTHERN GROWN RADIUM TIMOTHY

For Color Illustration See Pages 129 and 147

Timothy is of special interest to the farmer, particularly the dairy farmer and stockman, who recognize the great value of its palatableness, nutritiveness and large yields.

In this country Timothy is the king of all grasses. It is the most important of all hay grasses and is adapted to a wider range of conditions than any other variety of grass. It certainly is one of the hardiest of all our grasses; no other kind will stand the extremes of heat and cold better than this one; no other variety equals it in average yields, nor does any other variety excel it much in feeding value. It luxuriates on clay and moist soil and is unsurpassed on peat, but is not so well suited for light sandy soils. The hay is very nourishing, and can be preserved for a long time; it is greedily eaten by all cattle, and horses are especially fond of it. On average soils it is frequently sown along with common Red and Mammoth Clover, and on lower soils generally with Alsike. For pasture, if sown alone its growth is not thrifty enough, and close pasturing is very injurious to it. For pasturing, therefore, it should be sown along with other grasses. Timothy is one of the most certain of grasses to grow. It attains the height of its productiveness already in the first year after being sown. It has proven itself well adapted to the Northwest, and seldom fails to make a good stand on prairie soil when sown early in the season under suitable conditions.

Height, 2 to 4 feet. If sown alone, sew 6 to 10 pounds per acre.

It is impossible to comprehend in this day and age, when farm efficiency has been raised to such a high plane, with enormous amounts being spent annually by the United States, by States, Counties, Firms and Individuals to raise it still higher, to educate the farmer to realize that for the few pennies invested in pure seeds that dollars are harvested in return, that farmers continue to grow native grasses or allow wornout fields of cultivated grasses to stand.

There has never been a time in the history of the world as there is today, when a good field of Timothy hay yields per acre almost as much as Wheat or other grain crops. (See illustration above.)

SALZER'S RADIUM QUALITY

Judicious farmers, who by experience know the difficulties of using questionable seed, find that successful farming can be ventured upon with safety if Salzer's Radium Quality Seeds are used.

Keen, discriminating farmers everywhere, when the reliable, the dependable, the infallible in Timothy is expected, use Salzer's Radium Quality Seeds.

We are grass seed specialists. We have been specializing on quality for 50 years. With us Radium Quality means full of energy, full of life, pure and of immense value, in fact the best money can buy, bar none.

To make the quality of Salzer's Radium Brand Timothy Seed so vastly superior, and to outshine in every comparative test, has been our motto. We take honest pride—honest satisfaction—in the enviable reputation we have attained in our Radium Quality Timothy Standards.

It certainly is the hardiest; it will stand the extremes of heat and cold; no other variety excels it in average yields or feeding value. Our seed stocks are magnificent, pure, plump, full of vigor, of high germination and fully matured.

There is a great divergency in seed qualities which makes it difficult for the buyer to determine values or quality. Recognizing that every purchase is a transaction of confidence in us, we desire to assure every buyer that we are alive to the trust thus bestowed, and we will safeguard his good-will and patronage by supplying Dependable Seeds of the Highest Type—Full Dollar Value to the last seed.

To reach the undisputed supremacy in seed quality is our aim. Our large business (the largest of its kind in America) is concrete evidence of the Quality of Salzer's Seeds. We do not try to compete with prices on low grade seeds. Remember that Quality has a value when comparing prices.

In using Radium as a Brand we are so convinced that Radium, signifying as it does, intensified energy, full of life, high quality, exceptional purity and the most highly prized thing in the world, is a trade mark more in keeping with the High Quality of Salzer's Seeds.

ALZER'S NORTHERN GROWN SEED POTATOES

Salzer's Seed Potatoes symbolize in every phase the pression "Northern Grown Seed." They contain very rong, vigorous seed life. They are, as it were, in every ay revitalized, rejuvenated strains. Experience has roven that results obtained by our customers everywhere ow a noticeable superiority in our Northern grown seed ock.

We grow our Seed Stock in northern Minnesota, in a istrict where the soil is peculiarly suited to the growing f seed potatoes. It leaves the skins fresh, clean and sin- ularly free from disease. It imparts seed life energy. It roduces seed potatoes that are noted America over for heir winter keeping qualities, seed potatoes that have a ecided preference in every market for their exceptional able quality.

Kindly bear in mind when buying seed potatoes that orthern Grown stocks have a value distinctly their own. o not gauge values of seed potatoes by the market prices or eating stock. Our seed potatoes are grown under con- itions that entail great expense. They require that the est tubers be used for seed, that most extensive and in- ensive cultivation be observed, that painstaking roguing uring growth and at the harvest be made. They also re- uire the most careful handling to avoid bruising and kinning, the additional freight into La Crosse for storage and its consequent numerous rehandling.

SALZER'S EARLY SIX WEEKS POTATO

Early Six Weeks Potatoes. For color illustration see page 147.

CUSTOMERS IN THE SOUTH

We begin shipping potatoes to Texas, Alabama and the South about the forepart of January, 1920. There is no otato that does better in these states than Salzer's Early Six Weeks and, further Salzer's Earliest, Triumphs, Noro- ton Beauty, Irish Cobbler, and, for late, Green Mountain and Uncle Sam, and we assure customers they will be delighted with them.

SALZER'S EARLY SIX WEEKS POTATO

See Color Illustration Page 147

POTATOES OUR SPECIALTY

For years we have made seed potatoes a specialty. We have the enviable reputation of being one of the largest producers of seed potatoes and greatest number of varieties in the United States.

The quality of Salzer's Seed Potatoes are a standard everywhere. Our Early Six Weeks is but one of our many sterling types—but it is the "King Bee" of the list. It is one of the best known. It is perhaps the most popular. It has a national record. It is one of the most dependable. It is the earliest of the large yielder we know of. It has a reputation for reliability. It is a revitalized strain of exceptional vigor. Has an exceptional constitutional hardiness.

SALZER'S NORTHERN GROWN SEED POTATOES

While it is true, large growers generally recognize and appreciate the super-vigor of Northern Minnesota grown potatoes and are continually renewing their seed stock through us, there are thousands and thousands of small lot and acre lot growers who year in and year out plant potatoes from their own crops, from their neighbors' and even potatoes bought indiscriminately.

Such practices are wasteful to an extreme and are to be discouraged no matter how small the area, for although the savings in the purchase price can at the most be very meager, the loss in yield and quality of the resultant crop is enormous.

The smaller the area usually the more intense the cultivation, hence the larger per acre yield, therefore the more important that new seed stock be used.

Allow us to persuade you to try Salzer's Early Six Weeks alongside your own or local seed, then figure for yourself the big saving made.

Seed potatoes grown in Northern Minnesota have long since been acknowledged as the finest seed stock in the world, bar none.

This continuous selection, roguing, improving and development has produced a highly perfected potato of the most vigorous type, a rejuvenated potato full of life and energy. A potato we consider absolutely unexcelled.

SALZER'S EARLY SIX WEEKS POTATO

Keenly alive to the fact that the tangible achievement of a potato that reveals its true inherent characteristics, high quality, adaptability, selective breeding, exceptional hardiness, extreme earliness is the bountiful return and select crop, we point with pride to the immense demand for this variety as reflecting its merits and the high esteem in which it is held throughout the country.

Mindful of its great popularity, we with tenacity of purpose, center our ambition to excel in the quality of our potatoes and make them so vastly superior, so true to type, so strong and vigorous that their superiority will assert itself.

It stands almost alone as a great early, general purpose, Potato. It is without question one of the best. It is ahead of all the so-called extra-earlies in quality and yield; 10 days earlier than Early Michigan, Bovee and such "claimed earliest sorts." There is another great advantage in planting Salzer's Early Six Weeks in preference to other earlier sorts; it is always a reliable yielder. Salzer's Early Six Weeks, called "early" because it has never failed to produce extremely early Potatoes.

It is one of the best all year 'round Potatoes of America today. By this we mean that it is good, extremely early, fit for market everywhere in about six weeks. It is good for mid-summer, it is good for late summer, it is good for fall, and it is magnificent to put into winter quarters, where it will keep splendidly all winter and give you the finest flavored, best quality eating potatoes imaginable. We never tire extolling the merits of Salzer's Early Six Weeks Potato. There is really no Potato that is its superior, and if we had but one Potato to plant, it would be this Potato every time. The yields year in and year out are large, acre after acre yielding from 200 to 400 bushels. It is a superb Potato in every respect. (See Illustration above.)

PRICE OF SALZER'S NORTHERN-GROWN EARLIEST SIX WEEKS POTATO:

Lb., 35c; 3 lbs., $1.00, postpaid. Price, by freight: ¼ bu., $1.00; bu., $3.15; 1 bbl., $9.30; 3 bbls., $27.45; 5 bbls., $45.00.

Where potatoes are to be shipped by freight prior to April 1st and over 500 miles distant, extra should be added for each barrel.

IT WILL NOT BE AMISS TO SELECT "SALZER'S EARLY SIX WEEKS POTATO" FOR AN EARLY VARIETY.

NORTHERN GROWN SEED POTATO EYES

The Most Inexpensive Method of Getting New Seed

Prices on Potato Eyes of Certified Ohios, Triumphs and Green Mountains: 20 Eyes, 40c; 60 Eyes, 90c; 100 Eyes, $1.35; 250 Eyes $3.00; 1,000 Eyes, $11.00, postpaid. 3rd—No express or freight charges, as we pay the postage.

4th—No danger from freezing in transit.

5th—Potato eyes is a recognized custom of planting for large yields.

6th—Permits of purchasing many varieties; thus securing the type you prefer to grow permanently.

7th—Best method for customers in remote districts to get a quick, inexpensive delivery of new seed stock.

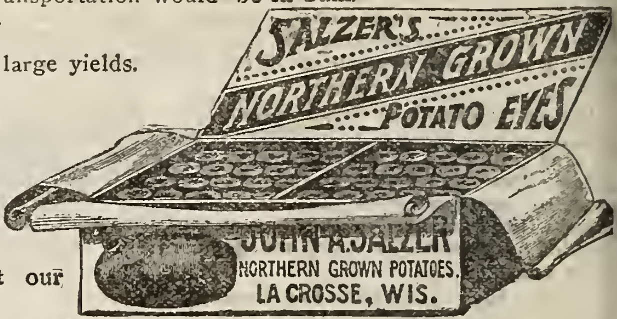
8th—Best and cheapest method for kitchen gardens.

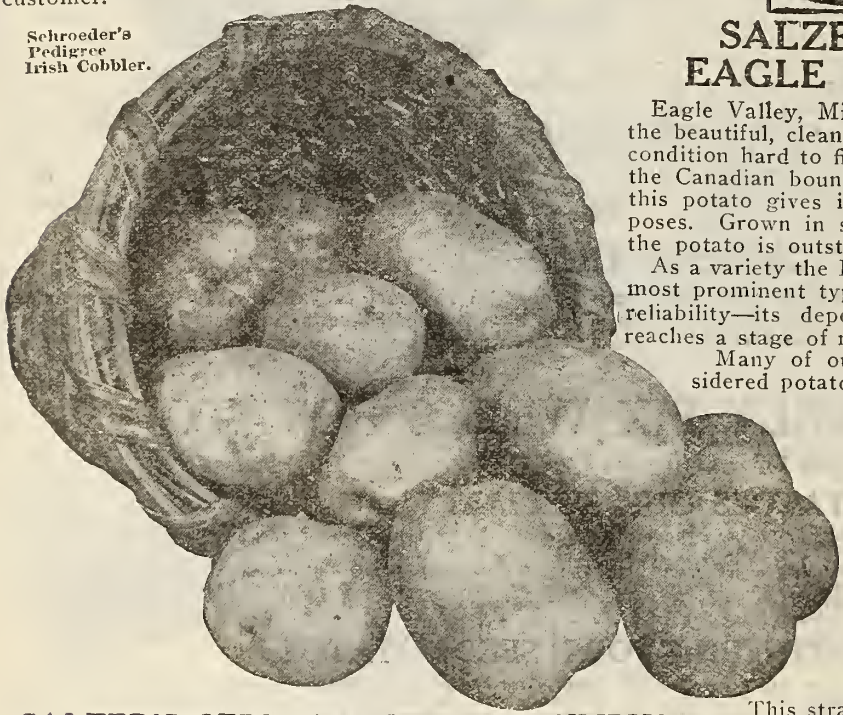
9th—We guarantee safe delivery.

10th—Only eyes from best seed stock are used.

11th—Packed in damp moss for shipment.

12th—Will arrange shipment at time wanted to suit our customer.





Schroeder's Pedigree Irish Cobbler.

SALZER'S CELEBRATED EAGLE VALLEY COBBLERS

Eagle Valley, Minnesota, is famous the country over for the beautiful, clean skin of the potatoes it produces—a soil condition hard to find elsewhere. Grown so far north (near the Canadian boundary), the strong constitutional vigor of this potato gives it an unusually high value for seed purposes. Grown in such high altitudes, the eating quality of the potato is outstandingly noticeable.

As a variety the Irish Cobbler is unquestionably one of the most prominent types in America. It has a reputation for reliability—its dependability is conceded everywhere. It reaches a stage of maturity earlier than most other varieties. Many of our customers now live in what are considered potato growing districts—from these, we especially court a trial, in order to convince of their ability to produce larger yields and better potatoes for them. We know how wonderfully pleased they will be with the results. For description see Irish Cobbler as described below.

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 90c; bu., $2.90; 1 bbl., (12 pks.), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each

SCHROEDER'S PEDIGREE IRISH COBBLERS

This strain of Cobblers is grown for us by Henry Schroeder, the Red River Potato King, known nationally for his remarkable ability in growing Pedigree Potatoes and of the immense acreage he devotes to Potato growing. Like Burbank, he is an expert in his avocation. Like Schroeder's Ohio Potato, it is grown for us at a premium and well worth the higher price.

It is of handsome, cream-white color, and its excellent quality make it most desirable for the best trade. It is a vigorous grower, ripens uniformly and is an exceptionally good keeper; in short, one of the best all-around, early potatoes now on the market. We have under cultivation each season a large acreage of this variety, and can assure our customers they will be delighted with our clean, pure and handsome seed stock. (See illustration.)

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., $1.00; bu., $3.15; 1 bbl. (12 pks.), $9.30; 3 bbls., $27.45; 5 bbls., $45.00. Bags free. Barrels extra, 35c each.

SALZER'S CERTIFIED BLISS TRIUMPHS

Our thousands of customers in the South where new seed stock is purchased every year will be pleased, we are sure, to know our offering now, certified stock of this variety so universally used throughout the South.

Certified to under the laws of Minnesota where potatoes of the hardiest types are produced places an intrinsic value on them that it would be difficult to calculate as their registration means they have been:—

Certified as to Varietal Purity (98%). Certified as to Constitutional Vigor (95%). Certified as to Uniformity of Size (95%) and certified as to Freedom from disease.

As the state only certifies in 100 lb. lots, we only issue a certificate with each multiple of 100 lbs. Quantities less or in other than 100 lbs. multiples we give our guarantee that the seed is certified.

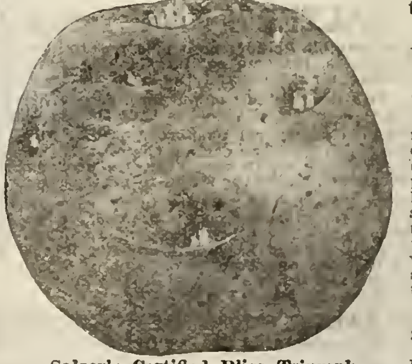
It measures up to every requirement and has every favorable point requisite to a first class and high bred strain. It has a handsome reddish jacket. Tubers are fine round form, medium size. Remarkable for its uniformity. Eyes very shallow. Cooks to a dry, mealy whiteness. Has a splendid flavor. It is a potato that we can with pride recommend to the most fastidious epicure. It is as productive as any first early potato we know of. (See illustration.)

Price: Lb., 40c, postpaid. Price by freight: ¼ bu., $1.00; bu., $3.25; 1 bbl. (12 pks.), $9.60; 3 bbls., $28.35; 5 bbls., $46.50. Bags free. Barrels extra, 35c each.

SALZER'S EAGLE VALLEY BLISS TRIUMPH

(See remarks under Eagle Valley Cobblers.)

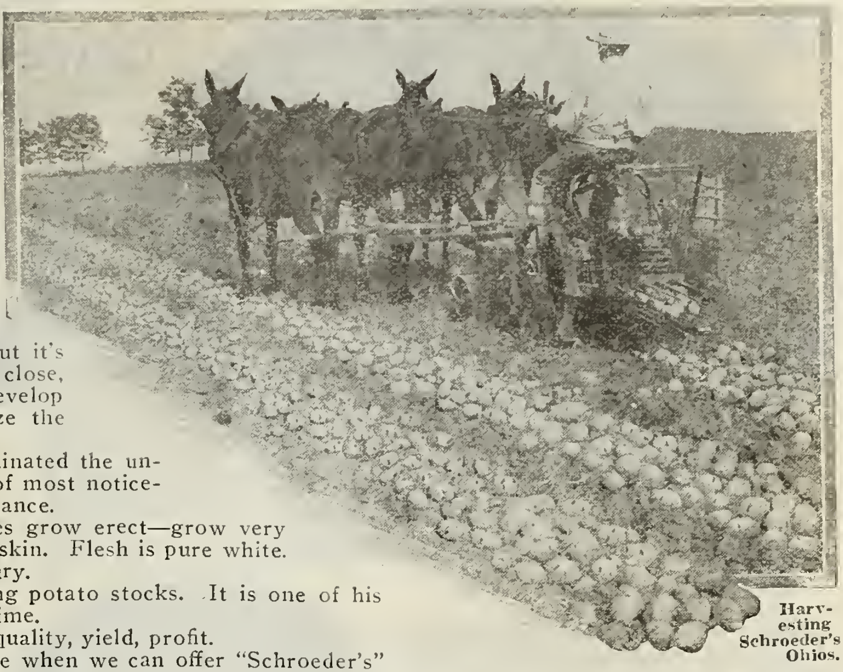
Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pks.), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.



Salzer's Certified Bliss Triumph

WHERE POTATOES ARE TO BE SHIPPED BY FREIGHT PRIOR TO APRIL 1ST AND OVER 500 MILES DISTANCE, EXTRA MONEY SHOULD BE ADDED FOR EACH BARREL.

SCHROEDER'S PEDIGREE STRAIN EARLY OHIO POTATO



Harvesting Schroeder's Ohios.

A pedigreed Early Ohio Potato. rown for us by Mr. Schroeder, the 'otato Expert of the Great Red River 'alley, where the Potato is King of arm crops and Mr. Schroeder the King of Potato Growers," with a naional reputation.

This strain is grown at a premium, but it's vorth it. It is the result of many years' close, areful selection to improve the shape, develop he size, increase the yield, to revitalize the train and eliminate the deep eyes.

Its many years of selection have eliminated the unlesirable features and made it a potato of most noticeible quality, productiveness and appearance.

The sprouts are very strong; the vines grow erect—grow very ompact in the hill. Has a very smooth skin. Flesh is pure white. Unusually mealy and cooks dry and floury.

Mr. Schroeder is a "wizard" in growing potato stocks. It is one of his ife studies—roguing, selecting all the time.

Into his potatoes he has bred vitality, quality, yield, profit.

We always consider ourselves fortunate when we can offer "Schroeder's" Famous Red River Ohios, and we commend them for seed to such farmers who really want high-class, finely selected, thoroughly bred seed potatoes; potatoes standing ready to return to the grower a large crop of fine, early, nerchantable tubers—tubers of class and quality.

Mr. Schroeder has petted and selected and cared and worked over this strain for years and years, and we believe there is nothing like them anywhere in the country. (See illustration.)

PRICE: SCHROEDER'S PEDIGREE STRAIN RED RIVER OHIO.

Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., $1.00; bu., $3.15; 1 bbl. (12 pks.), $9.30; 3 bbls. $27.45; 5 bbls. $45.00. Bags free. Barrels extra, 35c each.

SALZER'S RED RIVER EARLY OHIO POTATO

A Potato With a National Reputation

While Schroeder's Early Ohios cost more on account of their great reputation, Salzer's Ohios have a following of potato growers who "know good seed stock" that would not accept any but the true Salzer strains.

Irrespective of soil and climatic conditions it seems to thrive and multiply and demonstrates the superiority wherever grown. It is one of the earliest yielding of the early varieties and unquestionably one of the most profitable to grow. The vines grow erect. Very easy to cultivate—Tubers grow compact in the hill—are easily dug. Quite uniform in size, very smooth surface and of soft pinkish color. Flesh is pure white, fine grained, cooks dry and floury.

Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pks.), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.

SALZER'S EARLIEST POTATO

This is a magnificent potato—almost every potato is a picture. There are few varieties more striking or more attractive in appearance. However, this potato is to be prized more for its extreme earliness than for its attractive appearance.

It is of roundish shape and medium size—it has proved immensely popular as a yielder, keeper and for its table quality.

Early potatoes bring highest prices, are more highly flavored, more of a delicacy and therefore more in demand. Tubers show strong inclination to roundness. Very smooth. Quite uniform in size. Medium size. Shallow eyes. Skin pinkish. Flesh snow white.

The Rural New Yorker, the greatest American authority on Potatoes, has this to say regarding Salzer's Earliest: "Of the 58 kinds of Early Potatoes on trial Salzer's Earliest proved to be the earliest. The yield was at the rate of 464 bushels to the acre, the Potato being round and of a reddish color like the early Bermuda Potatoes. The flesh is white and the quality very good."

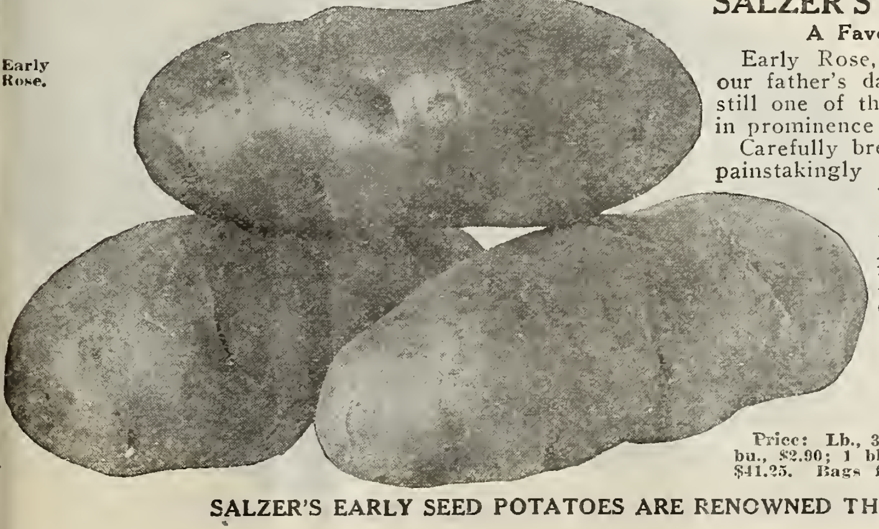
SALZER'S EARLIEST

Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., $1.00; bu., $3.15; 1 bbl. (12 pks.), $9.30; 3 bbls., $27.45; 5 bbls., $45.00. Bags free. Barrels extra, 35c each.

SALZER'S EARLY ROSE POTATOES

A Favorite of Many Years Standing

Early Rose.



Early Rose, the popular extra early potato of our father's day, by virtue of its virtues is today still one of the foremost extra early potatoes and in prominence keeps apace with the times.

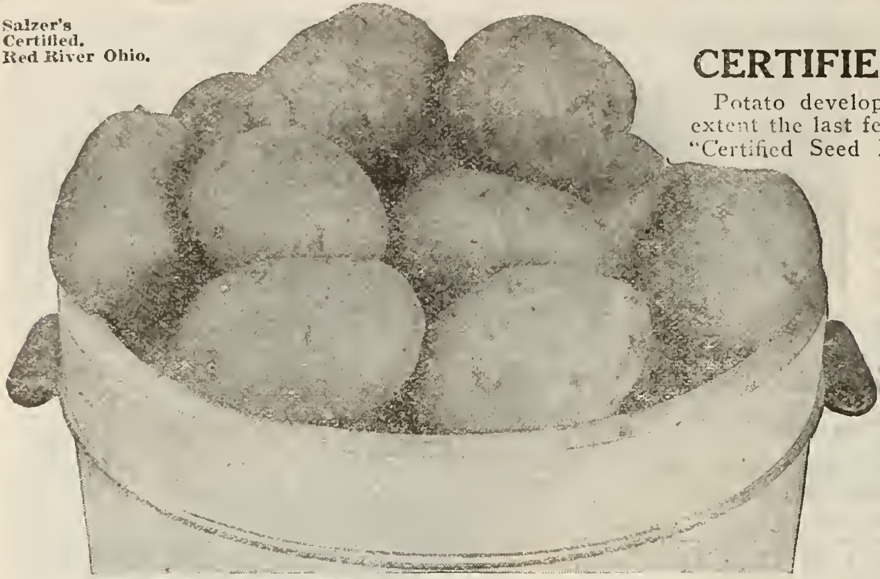
Carefully bred, closely rogued, rigidly cultivated, painstakingly developed, it is a vastly improved type from what our forebears knew.

There is deep, inborn conviction that it is hardly possible to grow a more dependable type than Early Rose, and who also maintain that its eating, keeping and yielding qualities are all one fondly wishes for.

Although somewhat reddish in appearance, the flesh is a beautiful snowy white. In shape it is oblong. Fine baker. (See illustration.)

Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pks.), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.

SALZER'S EARLY SEED POTATOES ARE RENOWNED THE COUNTRY OVER.



Salzer's Certified. Red River Ohio.

SALZER'S CERTIFIED RED RIVER OHIOS

Potato development has been advanced to such a extent the last few years that we are now able to offe "Certified Seed Potatoes" in almost unlimited quantities at prices slightly in advance c regular grown seed stocks. See Potatoes that have been "Certified is really an undertaking by the stat to assure that the "Seed so Certified has been grown under conditions an reached such a state of perfection a to be as near perfect in Varietal Purit (98%), Constitutional Vigor (95% Uniformity of Size (95%) and Freedom from disease as is possible t profitably grow and sell at a sligh margin above other seed stocks. A the state only certifies in 100 lb. lot we only issue a "Certificate" wit each 100 lbs. or multiples of 100 lbs quantities less or other than 100 lb lots we give you our guarantee tha the stock is certified.

This famous early potato is unquestionabl one of the best known early potatoes to day It is the early variety that sets the price fo all early market potatoes, north, east, sout and west. It is the potato that has made th great Red River Valley famous the worl over for the seed stock raised in that district Irrespective of soil and climatic conditions i seems to thrive and multiply and demonstrates its superiority wherever grown. It i the heaviest yielding of the early varietie and unquestionably one of the most profitabl to grow. The vines grow erect. Very eas to cultivate. Tubers grow compact in the hil —are easily dug. Quite uniform in size, very smooth surface and of soft pinkish color Flesh is pure white, fine grained, cooks dr and floury. (See illustration.)

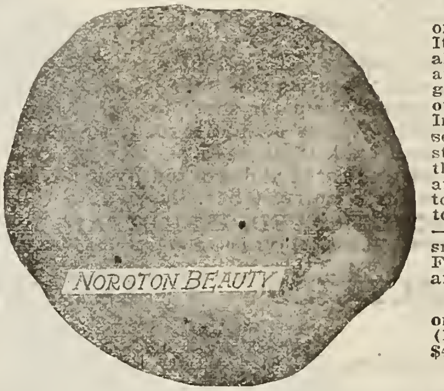
Price: Lb., 40c, postpaid. Price, by Expres or Freight: ¼ bu., $1.00; bu., $3.25; 1 bbl. (12 pecks), $9.60; 3 bbls., $28.35; 5 bbls. $46.50. Bags free. Barrels extra, 35c each

NOROTON BEAUTY

(Quick Lunch)

Positively one of the very earliest white variety grown, about a week to 10 days earlier than Early Ohio. The tubers are nearly globular in form; they run the most uniform in size, color and quality of any extra-early potato. The eyes are shallow, with a pinkish cast around each eye, while the smooth brownish white skin is also flaked with rosy crimson—giving the potato a handsome appearance. They are quickly pared for cooking, as the skin peels easily. (See Illustration.)

Price: Lb., 35c, postpaid. Price, by Express or Freight: ¼ bu., $1.00; bu., $3:15; 1 bbl., (12 pecks), $9.30; 3 bbls., $27.45; 5 bbls., $15.00. Bags free. Barrels extra, 35c each.



EARLY BEAUTY OF HEBRON

This highly prized variety is one of the most popular potatoes grown, especially in the East, owing to its superlative flavor, good yielding and keeping qualities.

Price: Lb., 35c, postpaid. Price, by Express or Freight; ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pecks), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.

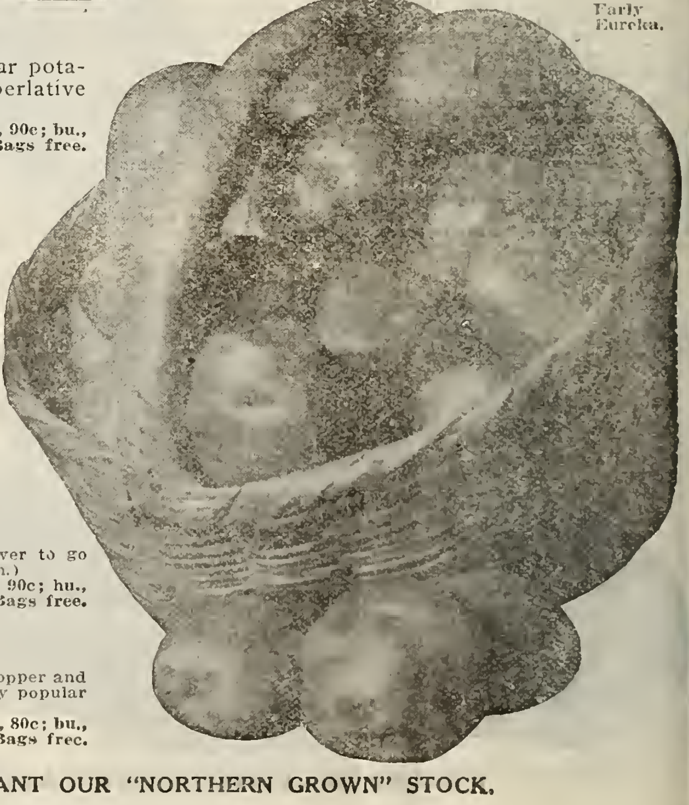
EARLY EUREKA POTATO

This is an extra early potato, remarkable for its drought resistance and its ability to mature heavy yields before the hot, dry summer sets in. For an early potato it is noted for its keeping qualities. The white flesh has a delightful flavor and cooks floury and mealy. As shown in the illustration it is almost round in appearance and produces tubers of remarkable uniformity. The skin is smooth and snowy white. Many market gardeners show this potato a stated preference over all early varieties.

The vines are wonderfully vigorous and the tubers lie close together in the hills. On account of the heavy foliage it can withstand heat and drought.

We commend this potato to all of our customers who are looking for a highly meritorious, extremely early strain, a strain to which they can pin their faith and expect a good yield and harvest, a strain which when once planted will permit the grower to go about his business without fear of the outcome. (See illustration.)

Price: Lb., 35c, postpaid. Price, by Express or Freight: ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pecks), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.



Early Eureka.

CARMAN POTATO

A white late potato known everywhere. It is a tremendous cropper and in great demand. No better cooker or keeper can be had. Very popular in large city markets.

Price: Lb., 35c, postpaid. Price, by Express or Freight: ¼ bu., 80c; bu., $2.75; 1 bbl., (12 pecks), $8:10; 3 bbls., $23.85; 5 bbls., $39.00. Bags free. Barrels extra, 35c each.

FOR CHOICE SEED POTATOES PLANT OUR "NORTHERN GROWN" STOCK.

SALZER'S CERTIFIED GREEN MOUNTAIN POTATO

Certified Seed Stock means literally that every recaution has been taken to produce potatoes of he highest type that is possible, and grow in large nough quantities to make it profitable.

It means that duly authorized agents of the state who are fully qualified to know have passed upon he character of the seed used and field inspected it rom time to time when growing and after harvest pproved its Varietal Purity (98%); Constitutional Vigor (95%); Uniformity of Size (95%), and Freedom from Disease. As the state only certifies in 00-lb. quantities, we only issue certificates in multiples of 100 lbs. On quantities less or other than 00-lb. lots we give you our guarantee that the stock s certified.

This is a very reliable late variety. It is increasing n popularity wherever known and, in fact, in many sections it has now superseded most other main crop varieties. It thrives in all potato soils and in most all localities, yielding big crops of large, smooth, white skinned tubers of oblong to roundish form, somewhat flattened. On good soils the potatoes are all of good size, almost entirely free of small tubers. The surface is often netted, of bright appearance. Eyes are few and well distributed. The flesh is white, solid, fine grained, cooks white, dry and mealy. It has a very fine flavor. It seems to be almost entirely free of diseases, scabs, etc.

This is one of the varieties of potatoes to tie to, owing to the fact of its ability to overcome in its sturdy, vigorous growth, poor soil, climatic conditions and many other things that enter into and make the growing a failure. Such an experience is seldom met with, when you plant Salzer's Green Mountains. Rain or shine, drouth or wet, it seems always to deliver the potatoes in the fall. The vines are large spreading, bright green, and grow very vigorously. (See illustration.)

Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., 90c; bu., $3.00; 1 bbl. (12 pecks), $8.85; 3 bbls., $26.10; 5 bbls., $42.75. Bags free. Barrels extra, 35c each.

EAGLE VALLEY GREEN MOUNTAINS—Identically the same type as above but not grown under certified conditions. These are our celebrated Eagle Valley stock as grown by us for years; of the very highest type and quality; for description see above.

Price: Lb., 35c, postpaid. Price, by Freight: ¼ bu., 80c; bu., $2.75; 1 bbl. (12 pecks), $8.10; 3 bbls., $23.85; 5 bbls., $39.00. Bags free. Barrels extra, 35c each.

SIR WALTER RALEIGH POTATO

This potato was introduced by Mr. Carman. There has been no white potato introduced in many years that excels this as a late sort.

This potato is in a class by itself and Mr. Carman believed when he produced this creation that it would outstrip and outgrow and outyield every other late variety, and he came pretty close to it.

Sir Walter Raleigh resembles the Rural in shape, but is little more buff in color; the flesh is whiter, and it is from four to six days earlier than the Rural and the tubers are more uniform, with practically no small ones, nearly every one being of marketable size. It is unquestionably the best of the Rural type, being not only one of the finest eating potatoes, but also one of the heaviest yielders of that class.

Price: Lb., 35c, postpaid. Price, by Freight: ¼ bu., 80c; bu., $2.75; 1 bbl. (12 pecks), $8.10; 3 bbls., $23.85; 5 bbls., $39.00. Bags free. Barrels extra, 35c each.

Green Mountain

FAMOUS EAGLE VALLEY RURAL POTATO

One feature in regard to this potato is deserving of special mention and that is its widespread prominence. Our customers take particular delight in extolling its qualities, and its virtues certainly are numerous. It is an exceptionally heavy yielder.

Thrives under varied soil and weather conditions. Its shallow eyes are few and far between. Flesh white and mealy and figuratively is scab proof and disease resistant. The skin is unusually attractive—in fact noticeably so, almost white, and very finely netted, in fact almost russet in appearance. We wish our customers would get acquainted with this meritorious heavy yielding late potato. Especially adapted to northern sections where it is very popular on account of its keeping qualities.

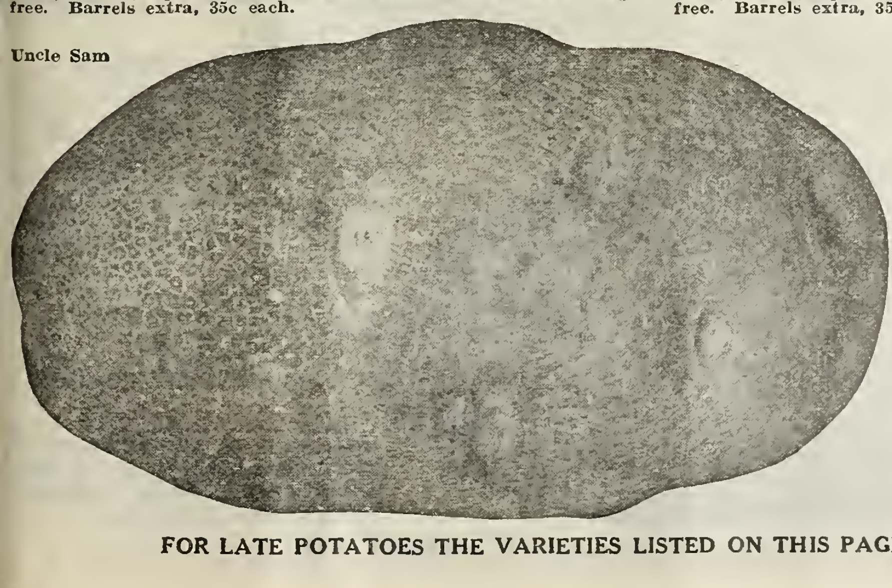
Price: Lb., 35c, postpaid. Price by Freight: ¼ bu., 90c; bu., $2.90; 1 bbl. (12 pecks), $8.55; 3 bbls., $25.20; 5 bbls., $41.25. Bags free. Barrels extra, 35c each.

RURAL NEW YORKER POTATO

One of the best known, most popular late varieties of white potatoes. It is a big cropper and of fine attractive appearance. Stands up well under adverse climate and soil condition. Adapts itself readily to new locations. Has very few and shallow eyes and pure white skin and flesh. A fine table quality.

Price: Lb., 35c, postpaid. Price, by Freight: ¼ bu., 80c; bu., $2.75; 1 bbl. (12 pecks), $8.10; 3 bbls., $23.85; 5 bbls., $39.00. Bags free. Barrels extra, 35c each.

Uncle Sam

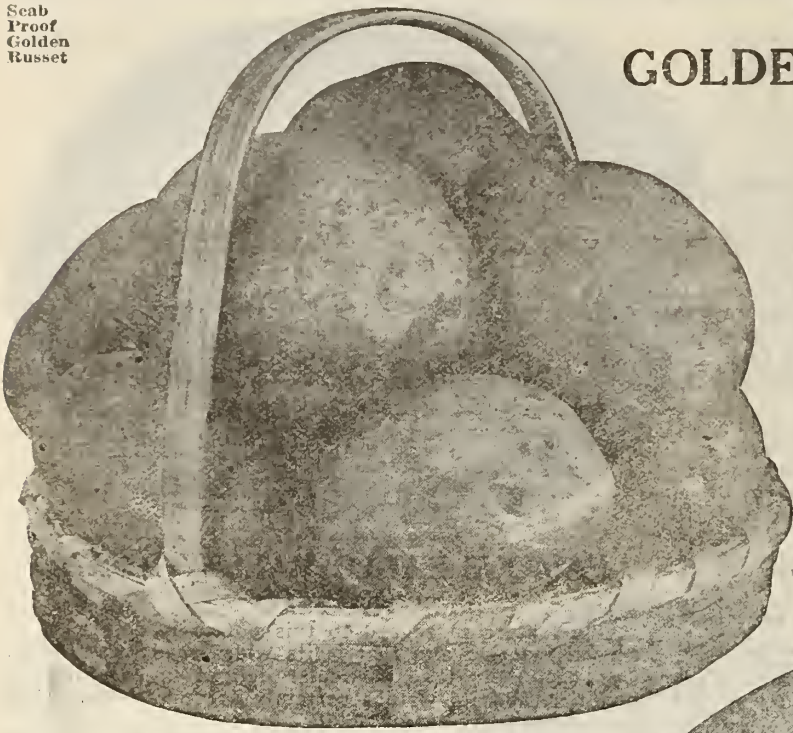


UNCLE SAM POTATO

If we had 18 pages instead of 18 lines to devote to this remarkable potato, we could fill same full with the rarest testimonials as to the prodigious cropping quality, the splendid keeping quality and the unusual health and vigor of this Potato. This Potato is truly fine in every respect. On Potato soil it rarely returns less than other sorts per acre. It will in every respect, when served either cooked, baked or fried, satisfy the most fastidious; its flaky, snow-white appearance gaining continued favor. The tubers are long, with light russet skin and shallow eye; very even in form and size. A medium late variety. (See illustration.)

Price: Lb., 35c, postpaid. Price, by Freight: ¼ bu., 90c; bu., $3.00; 1 bbl., (12 pecks), $8.85; 3 bbls., $26.10; 5 bbls., $42.75. Bags free. Barrels extra, 35c each.

FOR LATE POTATOES THE VARIETIES LISTED ON THIS PAGE ARE COMMENDABLE.



Scab Proof Golden Russet

SCAB PROOF GOLDEN RUSSET POTATO

The crowning merits of this potato are its immense yield, beautiful, attractive appearance and scab-proof habit. Each of these virtues is sufficient in itself to commend this variety for general and widespread culture.

It has a vigorous constitution and has repeatedly proved itself of satisfying the most exacting requirements as to climate and soil. It has behind it a history of big crops and a wide reputation for dependability.

It is unusually uniform in shape and in period of ripening. Unexcelled for table quality, mealy and delightful in flavor.

For market purposes its golden russet skin, free from scabs, brings attractive prices. As a shipper and long keeper, it is a superior type. A medium late variety. (See illustration.)

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 90c; bu., $2.95; 1 bbl. (12 pks.), $8.70. 3 bbls., $25.65; 5 bbls., $42.00. Bags free. Barrels extra, 35c each.

SALZER'S PRIZETAKER POTATO

It has an individuality decidedly its own which has kept it in the foreranks of popularity ever since its introduction.

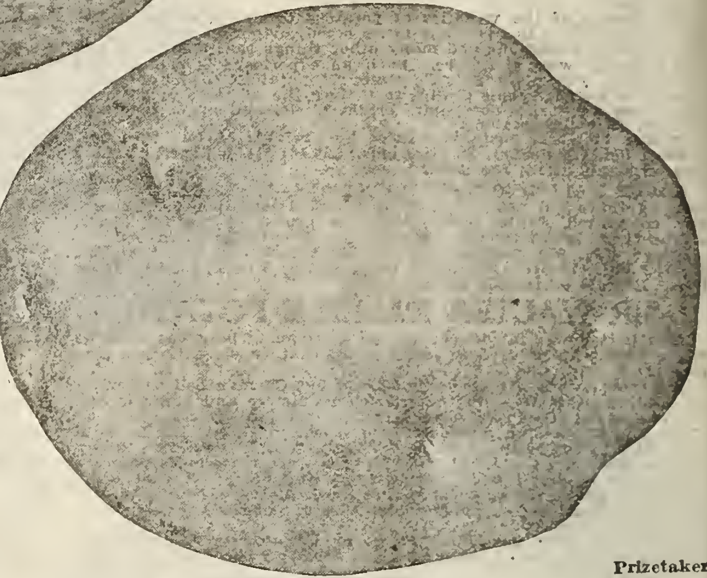
We think it is the greatest reddish skinned Potato extant—it has a tremendous demand all over the United States; if same is planted once it will seldom miss on the Farm—owing to its superb quality and enormous yield. It is a magnificent, nice, large, sound tuber with a reddish skin and white flesh, very rich and delightful flavor, splendid either for cooking, baking or slicing; indeed, it is one of the very best all-around Potatoes known. (See illustration.)

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 80c; bu., $2.75; 1 bbl. (12 pecks), $8.10; 3 bbls., $23.85; 5 bbls., $39.00. Bags free. Barrels extra, 35c each.

SALZER'S GOOD TIMES

Ordinarily the Potatoes are very large, of fine grain, attractive white color, cook splendidly and look like a snowball, and are besides of quality unsurpassed. It is a Potato to stick to for all purposes and one that will give the farmer satisfaction.

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 90c; bu., $2.85; 1 bbl. (12 pecks), $8.40; 3 bbls., $24.75; 5 bbls., $40.50. Bags free. Barrels extra, 35c each.



Prizetaker

BURBANK POTATO

The Burbank is a creation of that California Wizard w has produced such wonderful results in the crossing of vegetables. . But of all the things he has ever done, nothing has been of greater benefit to the world than the Burbank Potato. This potato—by years of selecting and care in growing—selecting as to heaviness in yield, uniformity in ripening and richness in flavor, the Burbank is today, we believe, without a superior as a quality late potato. Nothing excels it; when it comes to yields, it is superb. A splendid late variety. (See illustration.)

Price: Lb., 35c, postpaid. Price by freight: ¼ bu., 90c; bu., $2:85; 1 bbl. (12 pks.), $8.40; 3 bbls., $24.75; 5 bbls., $40.50. Bags free. Barrels extra, 35c each.

SALZER'S NORTHERN GROWN SEED POTATOES

We believe it is generally conceded, we are one of the largest individual growers and distributors of seed potatoes in the nited States. Our Seed stocks are grown in Northern Minnesota in a district developed by us and primarily our own. ears of continuous selection, experimenting and painstaking development of the varieties recognized the world over as the arliest maturing and heaviest yielding, have rewarded us with an enviable reputation for producing fine, choice, highly eveloped seed potatoes of the strongest vitality and highest quality.

To this super-quality is directly traceable the immense seed potato business we do—from California to Maine, Canada to exico, our name is a household word as authority on seed potatoes and is synonymous with quality. Our great Early ix Weeks Potato is now a leading variety in every corner of this great country.

In offering potatoes in assortments or collections we are so far as we know the only Seed House that follows this method –a method of our own introduction many years ago, that has grown in favor each year since.

Collections unquestionably offer opportunities to the farmer, private and professional grower, of the greatest significance. t enables him to grow and try out the leading early varieties, the best late varieties, or both; determines for him the types nd strains best suited to his land; gives him first-hand evidence as to which will produce the heaviest yields; enables im to select the potatoes that bring the highest prices; decides for him the strains of the best keeping qualities for his istrict and gives comparative tests of the best table varieties.

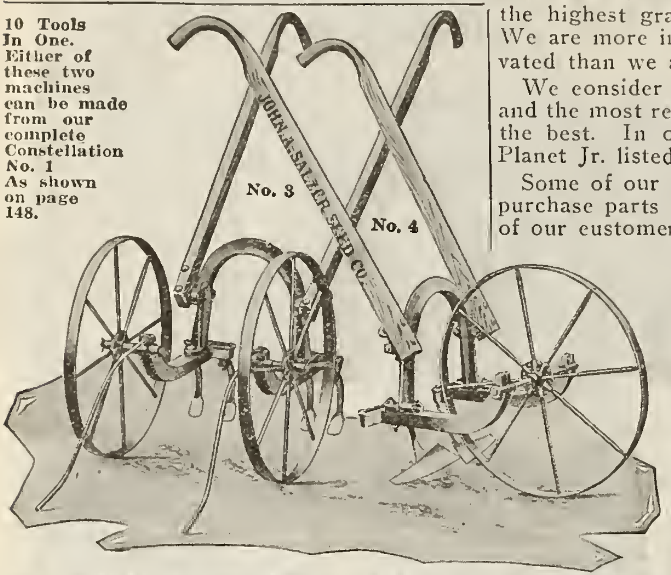
SALZER'S CONSTELLATION, 10 TOOLS IN ONE

See Page 148 for Color Illustration of this Tool.

10 Tools In One. Either of these two machines can be made from our complete Constellation No. 1 As shown on page 148.



No. 3
No. 4
JOHN A. SALZER SEED CO.

No. 3 Constellation—Double Wheel Hoe, Cultivator, Rake and Plow

No. 4 Constellation—Single Wheel Hoe, Cultivator, Rake and Plow

This is not a tool cheaply made, to sell at a low price. It is made of the highest grade materials only and sold at a low margin of profit. We are more interested in having our seeds properly planted and cultivated than we are in selling machinery; hence this low price.

We consider this machine the best made, most practical, most useful and the most reliable. If we didn't, we would handle the one we thought the best. In our opinion the only other machine in its class is the Planet Jr. listed on the next page.

Some of our customers buy the No. 2, No. 3 or No. 4 and afterwards purchase parts to make the Constellation No. 1 complete. While many of our customers do this, we by all means recommend the purchase of the No. 1 complete as the extra parts bought separately cost considerably more.

As a hill or drill seeder it has no superior, in fact the only seeder we know will sow corn, beans and wrinkled peas accurately (that alone is worth the price). As a two wheel cultivator its light resilient construction makes it a perfect machine. As a single wheel cultivator even the smallest home gardener in the country cannot afford to be without it. As a Hoe, Marker, Furrower, Hiller, Weeder, Rake or Plow with the large 18-inch easy-running wheel, it is mechanically perfect. They are not cheap, trashy, poorly constructed machines. They are of the highest class manufacture and workmanship—machines we unhesitatingly recommend and sell over our reputation of 52 years' standing.

1—**SALZER'S CONSTELLATION COMPLETE,** as illustrated on page 148. **Price, $14.50.**

2—**SALZER'S CONSTELLATION HILL and DRILL SEEDER.** Plants 3, 7, 14 and 28 inches apart. Sows all sizes of seeds. Easy to adjust. Handles adjustable. Easy to operate. **Price, $10.75.**

3—**SALZER'S CONSTELLATION DOUBLE WHEEL HOE AND CULTIVATOR.** Can be used as Single Wheel. Cultivates either side or astride of row. Three axles with each tool. Four sets of tools furnished—one pair mold-board plows; one pair rakes, two side hoes; four cultivator teeth; one pair vine guards. **Price, $9.95.**

4—**SALZER'S CONSTELLATION SINGLE WHEEL HOE AND CULTIVATOR.** Following tools furnished: One mold-board plow, one rake, two side hoes. **Price, $6.85.**

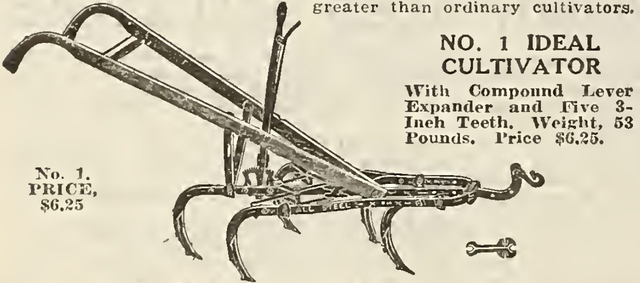
SALZER'S IDEAL HORSE CULTIVATORS

By means of a compound lever expander the Ideal Cultivators can be expanded instantly or reduced from 23 to 12 inches by a single move, without loosening any bolts. By putting bolts in outside holes of expander they can be expanded to 27 inches, a width greater than ordinary cultivators.

NO. 1 IDEAL CULTIVATOR

With Compound Lever Expander and Five 3-Inch Teeth. Weight, 53 Pounds. Price $6.25.

No. 1. PRICE, $6.25

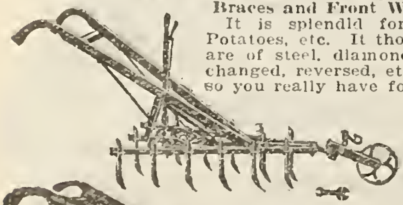


Extras Which Can Be Used for Nos. 1 and 4

Beet Weeder Attachment, per pair	$0.90
3 Extra Sweeps (two 10-inch and one 12-inch)	1.25
7-Tooth Extension, per pair (weight, 12 lbs.)	2.00
Spring Teeth with Block and Bolts, per set of 5	3.00
Best Horse Hoe Attachment, per set	2.00
3-inch Cultivator Teeth, with Bolts, each (set of 5)	.90
Front Wheel	.90
Rear Wheel Attachment for Depth Regulating	.90
Outside Handle Braces, per pair	.35

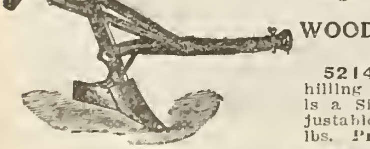
COMBINED HARROW AND CULTIVATOR

5114—With Compound Lever Expander, Outside Handle Braces and Front Wheel



It is splendid for Corn, Tobacco, Cotton, Potatoes, etc. It thoroughly pulverizes. Teeth are of steel, diamond shaped, can be quickly changed, reversed, etc., making four changes—so you really have four different kinds of Cultivators in this one. By means of a lever attachment it can instantly be narrowed to 9 inches, and extended to 30 inches. Weight, 63 lbs. **Price only $6.50.**

WOOD BEAM WING-SHOVEL PLOW

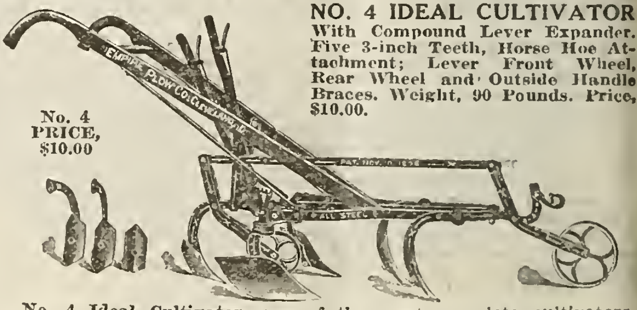


5214—An admirable Plow for hilling and digging potatoes, etc. It is a Single Shovel Plow, with adjustable Steel Wings. Weight, 33 lbs. **Price, $4.25.**

NO. 4 IDEAL CULTIVATOR

With Compound Lever Expander. Five 3-inch Teeth, Horse Hoe Attachment; Lever Front Wheel, Rear Wheel and Outside Handle Braces. Weight, 90 Pounds. Price, $10.00.

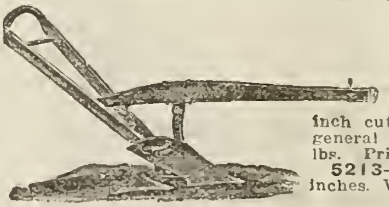
No. 4 PRICE, $10.00



No. 4 Ideal Cultivator, one of the most complete cultivators. Same as No. 1, but with the following extras: Best horse hoe attachment, lever front wheel, rear wheel depth regulator; outside handle braces.

The lever wheel and rear wheel enable the operator to control, absolutely, the working depth of the teeth. The lever wheel enables the operator to change its depth in a moment, and while in motion, and to turn easily at the end of the row. **Price, $10.00.**

WOOD BEAM ONE-HORSE PONY STEEL PLOW



5212—With steel standard and cap, sloping landslide and adjustable, slip heel, wood beam, 7-inch cut; works everywhere as a general purpose plow. Weight, 38 lbs. **Price, $5.00.**

5213—Same as above, cut 8 inches. Weight, 42 lbs. **Price $5.50**

DOUBLE-SHOVEL MALTA PLOW

5215—Extra heavy steel beam shovels. Shovels 6x11 in.; plow has adjustable clevises. Best double-shovel plow to be found for the money. Weight, 46 lbs. **Price, each, $4.75.**

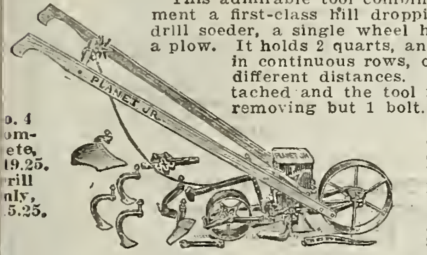
Prices on This Page F. O. B. La Crosse, Wis.

LANET JR. NO. 4, COMBINED HILL AND DRILL SEEDER, SINGLE WHEEL HOE, CULTIVATOR AND PLOW

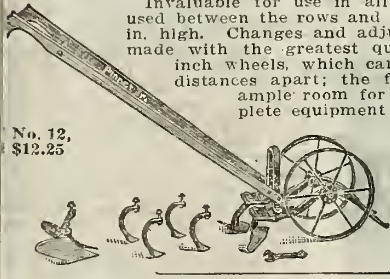


o. 4
om-
ete,
19.25.
rill
nly,
5.25.

This admirable tool combines in a single implement a first-class hill dropping seeder, a perfect drill seeder, a single wheel hoe, a cultivator and a plow. It holds 2 quarts, and as a seeder it sows in continuous rows, or drops in hills at 5 different distances. The drill can be detached and the tool frame substituted by removing but 1 bolt. It is useful almost every day during the season, at every stage of garden work. Weight, complete, 50 lbs.

Price: Complete, $19.25; as drill only, $15.25.

LANET JR. NO. 12, DOUBLE WHEEL HOE, CULTIVATOR AND PLOW



No. 12, $12.25

Invaluable for use in all small crops. It can be used between the rows and astride until crops are 20 in. high. Changes and adjustments of the tools are made with the greatest quickness. It has eleven-inch wheels, which can be set at four different distances apart; the frame is malleable, with ample room for tool adjustments. Complete equipment consists of:

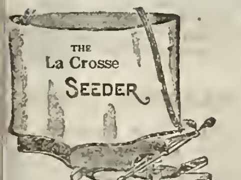
One pair of 6-inch hoes.
Two pairs of hollow steel cultivator teeth.
One pair of plows.
One pair of leaf lifters.
Weight, 33 lbs.

Price, $12.25.

LANET JR. NO. 11, DOUBLE WHEEL HOE, CULTIVATOR, PLOW AND RAKE

Same as No. 12, but with the following additional attachments: One pair 4½-inch hoes; two 3-tooth rakes; two 5-tooth rakes. Weight, 37 lbs. **Price, $15.75.**

LA CROSSE HAND SEEDER

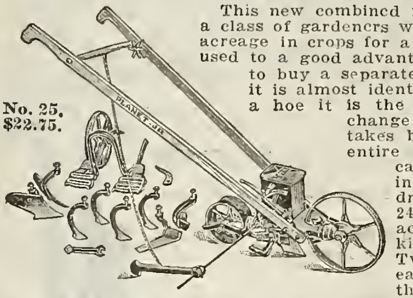


5252—This Seeder will pay for itself in sowing five acres twice over. It was brought forward to meet the demand for a cheap, perfect Hand Seeder. Its great advantage is that it sows the ground three times in going over once, leaving no possible chance of skipping. From 40 to 60 acres can be sown in a day, according to the kind of seed used. It sows **Grasses, Clovers, Grain** and **Fertilizers** throwing clover 18, timothy 15, millet and flax 18, and wheat 25 feet. Full directions accompany each machine. Weight, packed, 9 lbs. **Price, $1.65 by express or freight.**

IMPROVED CYCLONE SEEDER

525[illegible]—The Cyclone Seeder sows all kinds of grain, grass and clover seed perfectly; also fertilizers, ashes, etc. The machine is supplied with a distributing wheel which scatters the seed evenly, and an automatic feed adjustment so that the seed can be let out or shut off instantly. The flow of the seed is uniform and the distribution even. The frame is made from well seasoned yellow poplar and tough sycamore. Has a heavy duck hopper, holding ½ bushel; sows 5 acres per hour. Directions with each machine. Will meet the most exacting demand. Weight, 7 pounds. **Price $2.00.**

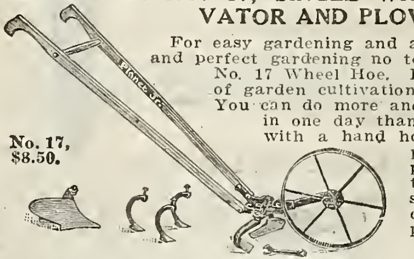
PLANET JR. NO. 25, COMBINED HILL AND DRILL SEEDER, DOUBLE WHEEL HOE, CULTIVATOR AND PLOW



No. 25, $22.75.

This new combined machine is intended for a class of gardeners who have a large enough acreage in crops for a double wheel hoe to be used to a good advantage, and yet prefer not to buy a separate wheel hoe. As a drill it is almost identical with **No. 4**, and as a hoe it is the same as **No. 12**. The change from drill to wheel hoe takes but a moment, and the entire combination is one we can recommend. Will sow in drills any thickness or drop in hills, 4, 6, 8, 12 or 24 inches apart; it is very accurate in planting all kinds of garden seeds. Two acres a day can easily be worked with this implement. **Complete with all attachments, steel frame.** Weight, 61 lbs. **Price, $22.75.**

PLANET JR. NO. 17, SINGLE WHEEL HOE, CULTIVATOR AND PLOW



No. 17, $8.50.

For easy gardening and at the same time clean and perfect gardening no tool is the equal of this No. 17 Wheel Hoe. It is suited to all kinds of garden cultivation and all garden crops. You can do more and better hoeing with it in one day than you can do in 3 days with a hand hoe. The No. 17 has a pair of 6-inch hoes, a plow and a set of cultivator teeth; an outfit sufficient for most garden work. Weight, 24 pounds.

Price, $8.50.

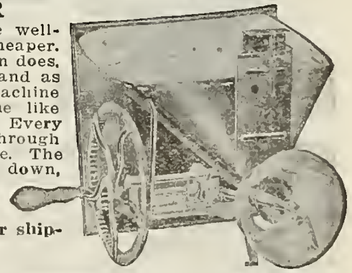
PLANET JR. NO. 17½. SINGLE WHEEL HOE AND CULTIVATOR

Same as No. 17, but with only a pair of 6-in. hoes and 3 cultivator teeth, the lifter is also included. Weight, 20 lbs. **Price, $7.50.**

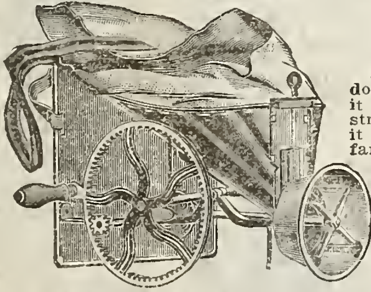
PLANET JR. NO. 13, DOUBLE WHEEL HOE

This tool is the **No. 12**, with the 6-inch hoes only, these being the tools that are generally used. Any or all of the other tools may be added at any time. Weight, 27 lbs. **Price, $8.75.**

WISCONSIN SEEDER



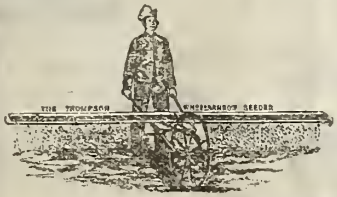
5253—Very similar to the well-known Cahoon Seeder, but cheaper. It does all the work the Cahoon does, and does it fully as quickly and as accurately. It is a good machine all around, no other machine like this is nearly as well made. Every shaft-bearing is drilled through the solid malleable iron frame. The gate slides readily up and down, not with a pull and jerk, and is easily adjustable to regulate the flow of seed. **Price, $3.50; weight, ready for shipment, 9 lbs.**



Cahoon's Broadcast Seeder

CAHOON HAND SEEDER

5250—Of all the hand seeders the Cahoon is undoubtedly the best there is made. While it is true it costs materially more, nevertheless the construction, the wonderful accuracy of its work puts it in a class decidedly its own. All too often, farmers put price as a first consideration, but candidly we advise to forget price entirely so far as this machine is concerned, as it is worth much more than we ask. Sows all kinds of Grain and Grass Seeds, and at a common walking gait, sows from 4 to 8 acres per hour, throwing Wheat, Rye and Barley 30 feet; Hemp, 28 feet; Oats, 23 feet, and Timothy, 18 feet. The bag and hopper will hold about 22 quarts. Weight, packed, 14 lbs. **Price of Cahoon Seeder, $3.75.**



THE THOMPSON'S WHEELBARROW SEEDER

Will sow Clover, Flax, Timothy and other Grass Seed.

5257—This Wheelbarrow style of Seeder is especially designed for sowing grass seeds broadcast and fills a very important want in farming. No waiting for a calm day. Sow any time. The Hopper is carried so close to the ground that the wind does not blow and scatter the seed.

They sow any quantity per acre desired, evenly and accurately. The complete machine weighs about 50 lbs. and runs easily, sowing from 20 to 40 acres per day. There are a great many of these machines in use.

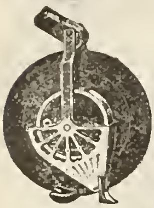
For Clover, Timothy, Red Top, Blue Brass, Orchard Grass, Alfalfa, Millet, Flax, Rape and other seeds of same size and kind. Price: 14 ft. Hopper, $11.75.

IF YOU CANNOT FIND WHAT YOU WANT SEE INDEX PAGE 164.

FARM AND GARDEN IMPLEMENTS

PRICES ARE F. O. B. LA CROSSE, WIS., SUBJECT TO CHANGE WITHOUT NOTICE

EUREKA GARDEN-SEED DRILL



5038—For small and ordinary sized gardens this machine, price considered, has so far as we know, no equal on the market. It is a sturdy, well made, durable yet light machine that does its work accurately and well. It will sow and cover Beets, Cabbage, Carrots, Celery, Lettuce, Onions, Radishes, Spinach, Turnips, and such seeds with the greatest regularity better and faster than hand work. It's not a toy, but a strong, practical machine. Weight, 3½ lbs. **By Express, $1.35.**

ACME CORN PLANTER

One of the best, most handy and quickest hand corn planters on earth.

Place corn hopper on side of handle and plant to any depth, and as rapid as you desire. Weight, 4 lbs.

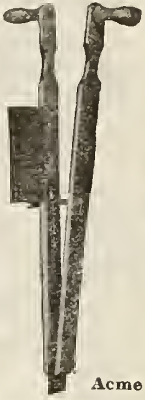
4928—Price, each, $1.00.

4929—With Pumpkin Seed Attachment, $1.25.

4930—With Fertilizer Attachment, $2.50.

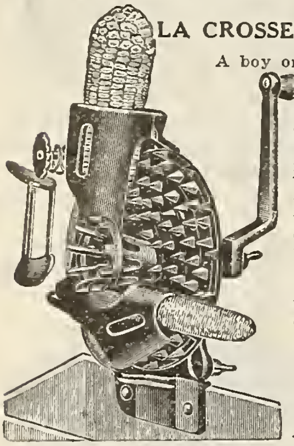
TRIUMPH CORN PLANTER

4913—Similar to and equally as good as the Acme, except that it has no fertilizer attachment. Weight, 5 lbs. **Price, $1.00. 4912—With Pumpkin Seed Attachment, $1.25.**



Acme

LA CROSSE CORN SHELLER



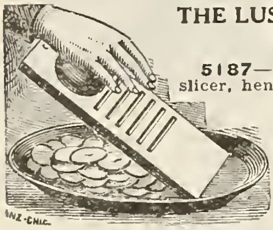
A boy or man with one hour's practice, can shell a bushel of corn in about 3½ minutes. It is a magnificent machine throughout. We have never known one to get out of order where the machine has had common-sense use. We know of no sheller at twice the price that we would rather offer than the La Crosse. Considering the capacity, the price and durability of this sheller, no farmer who has occasion to use shelled corn can be without one. It is an indispensable farm tool, if time and money are a consideration.

4941—Weight, 10 lbs. **Each, $1.40.**

4942—Weight, 11 lbs. Butting and Tipping Attachment, **35c extra.**

4943—Weight, 11 lbs. Pop Corn Attachment. **25c extra.**

THE LUSHER VEGETABLE SLICER AND CABBAGE CUTTER

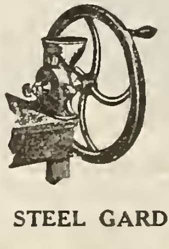


5187—Every housewife needs a vegetable slicer, hence recommend this slicer especially. It is strongly constructed and with ordinary care should last a lifetime. Always carries a keen edge without sharpening. Is A No. 1 for slicing cabbage, apples, carrots, cucumbers, radishes, etc.

Six slices are cut with every stroke of the hand. **Price, $1.00, postpaid.**

FAMILY HAND GRIST MILL

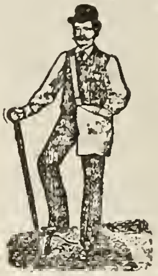
5090—Every country home should be supplied with one of these little grist mills. They are a perfect machine, can be adjusted so as to grind to any degree of fineness and will grind corn, wheat, rye, peas, salt or anything else which it is desirable to grind, so that anyone may have fresh cornmeal, graham flour, hominy, fine table salt, at any time. Furnished with one set of burrs only. It can be bolted to a table or bench. Capacity, 1 to 2 bus. per hour. Weight, 30 lbs. **Price, $3.35.** Extra burrs, per pair (weight, 1½ lbs.), **75c.**



THE ACME POTATO PLANTER

5228—Any man can plant two acres with perfect ease in a day. It is a wonderful tool. Anybody having from 1 to 30 acres of potatoes to plant will find the Acme will do the work better, cheaper and quicker than any other machine made.

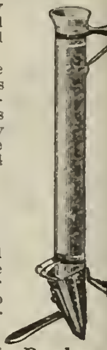
The erect position, the carrying of the seed on the shoulder, its ease of operation, relieves the farm work of much of its disagreeableness. "Almost as easy as walking," is the remark of many who have used it. The weight of the planter is only 2½ pounds. Weight, 4 lbs., packed. **Price, $1.00.**



Acme

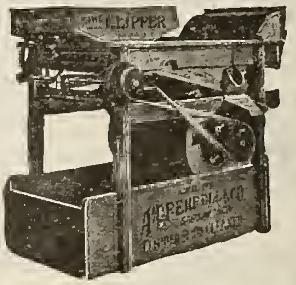
THE PEERLESS POTATO PLANTER

5227—It is a tubular planter, and works on the same principle as the Acme Planter. Some people prefer same on account of not having to drop the Potato so far as in the other Planters. It is a good tool, simple, strong, durable and easy to operate. Anybody buying same will be delighted therewith. Weight, 5 lbs. **Price, $1.60.**



Peerless

IMPROVED CLIPPER CLEANER



A perfect Clover, Timothy, Grain, Wheat, Oats, Rye, Barley and Seed Cleaner. We are using a great many of them in our warehouse. A complete set of 12 screens with each mill for cleaning grain, seed, beans, peas, etc. A perfect corn grader.

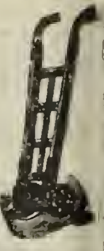
4902—No. 1B Capacity, wheat 20 bu., clover 10 bu. per hour. Shipping weight, 185 lbs. Price, $35.00.

4903—No. 2B Capacity, 20 bu. Clover per hour. Price, $45.00.

Circular sent upon request.

WAREHOUSE TRUCK

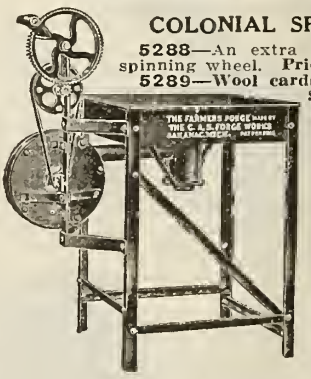
5340—Every farmer should have a truck of this description in his barn. Being of strong, durable construction it will last a lifetime and save many a backache. Get in the habit of wheeling your loads, stop carrying them. **Price, each, $4.75.**



COLONIAL SPINNING WHEEL

5288—An extra strong and well-made spinning wheel. **Price, by Express, $5.75.**

5289—Wool cards, each, 75c; per pair, $1.35, postpaid; extra spools, 20c each, postpaid.



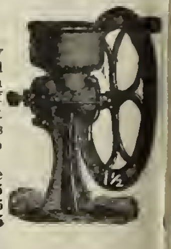
THE FARMER'S FORGE

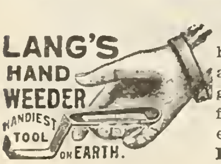
5072—This is a popular, durable, cheap, always ready, warranted safe, perfect farmer's forge. The hearth is 27 in. high, 10 in. deep, side 23x25 in., and is fireproof. The blower is 11½x6 in. Everything about the forge is A No. 1. The weight is 55 pounds. **Price, each, only $9.75.**

MODEL HAND GRIST MILLS

We handle three sizes of these Mills. They are made of strong and durable metal and will grind all kinds of grain. Will make fine graham flour and meal for table use, crack kernels of corn for small chicks, grind hominy, make split peas, cracked wheat, grind rock salt, dry bones or shells for poultry. They are easily adjusted to grind fine or coarse.

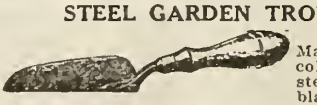
No.	Weight	Capacity per Hr.	Price
5092	20 lbs.	½ to 1 bu.	$2.85
5093	35 lbs.	1 to 2 bu.	5.25
5094	60 lbs.	1¼ to 3 bu.	7.85





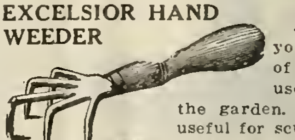
5359—It fits the hand so comfortably that the fingers are entirely free for use wherever necessary. **Price, 25c, postpaid.**

STEEL GARDEN TROWEL



5338—Made of fine cold rolled steel. Bright blade with malleable iron shank firmly riveted. Blade will not pull off the shank. 6-in. blade. **Each, 25c, postpaid.**

EXCELSIOR HAND WEEDER



5358 — Beyond doubt one of the most useful tools for the garden. Particularly useful for scuffling weeds. **Price, 25c, postpaid.**

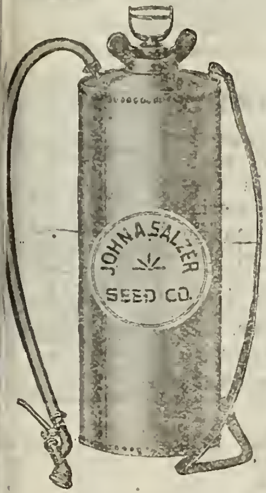
SPRAYERS AND DUSTERS

ALL PRICES ON THIS PAGE ARE F. O. B. LA CROSSE, WIS.

SALZER'S PERFECTION SPRAYER



Positively the best compressed air sprayer we know of. The Perfection Sprayer has a tank made like a steam boiler. The all-riveted seams give the necessary strength for developing a high pressure, which is absolutely essential for good results. The all-brass pump is placed inside the tank and is easily removed.

Pump—1¾ inches diameter, 15 inches long, seamless brass tubing. The plunger is equipped with special plunger leathers. The valve is brass. We claim great advantage and distinction in the design of the top and the handle of the pump, in which is combined simplicity, convenience, strength and service.

The Discharge Hose is attached to the discharge tube which extends to the bottom of the tank and ourves to fit the natural bend of the hose.

Tank—7½ inches diameter, 20 inches long; capacity 4 gallons. Made of first-quality galvanized sheets or all-brass as ordered.

Package—One in a heavy carton; shipping weight ten pounds.

5330—Galvanized Sprayer. Price, each.................... **$6.50**
5331—Brass Sprayer. Price, each........................... **9.25**

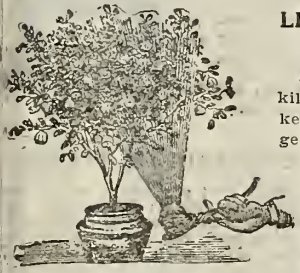
Extra Attachments

Extension pipes, brass, 2 ft. length. As many as three can be used for reaching trees. **Price, for 2 ft. length, $1.00 each.**

Brass Strainer, necessary in the proper preparation of solutions. **Price, $1.20.**

Two-row attachment with 2 nozzles, arranged to cover two rows at one operation. **Price, 50c.**

LENOX IMPROVED SPRAYER

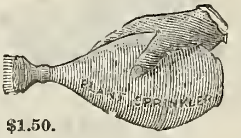


For Indoor Plants

5307—Spraying under the leaves kills the insects, removes the dust and keeps them healthy; doesn't let them get buggy. Weight, ½ lb. **Price, 50c.**

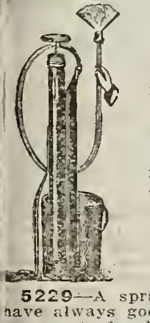
Make Tobacco soap suds and spray. Your plants will surprise you. Makes house plants bloom. Let your wife see this. **Price of Tobacco Soap, 3 oz., 10c; 8 oz., 25c, postpaid.**

RUBBER BULB SPRINKLER



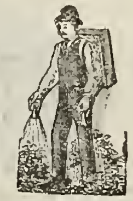
5309—For house use this is perhaps one of the most convenient, most sensible, easiest and handiest sprayers you can get. So simple it cannot possibly get out of order. It does its work wonderfully effective. When once used you will wonder how you got along without it. For sprinkling plants, wash, etc. **Each, $1.50.**

SALZER'S WHITEWASH SPRAYER



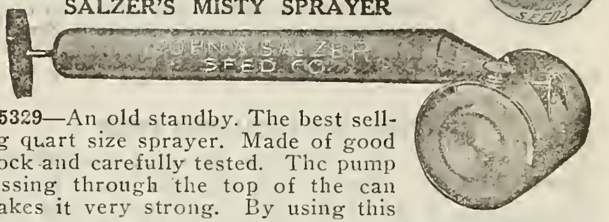
5318—Constructed of heavy galvanized iron, nicely painted. Has brass tops and bottoms, three ft. hose, one ft. brass extension rod and brass nozzle, giving two different sizes of spray; also has a steel foot rest. Used for spraying trees, vegetables, washing wagons, windows, whitewashing, etc. Will throw a stream 35 ft. high. **Price, $2.75.**

THE HILL POTATO SPRINKLER



5229—A sprayer for which thousands of farmers have always good use; one that is simple, effective, never out of order; easy to handle, and does its work exceptionally well. One man can sprinkle 10 acres in one day, and as he marches along, he sprinkles two rows at a time, as shown in illustration. The reservoir can easily be strapped on the shoulder. One or both sides can be used at once; as desired. They are made of galvanized iron and brass; will last a lifetime. Weight, 8 lbs.; capacity, 5 gals. **Price, $6.00.**

SALZER'S MISTY SPRAYER



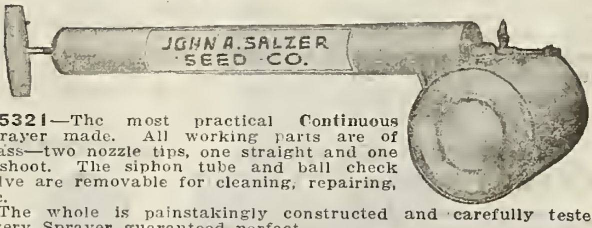
5329—An old standby. The best selling quart size sprayer. Made of good stock and carefully tested. The pump passing through the top of the can makes it very strong. By using this construction the air nozzle and spray tube are always in line. Every sprayer perfect. Made of a good grade of tin.

Pump—1¾ inches diameter, 14 inches long. With pointed nose. Plunger leather. Heavy rod.

Tank—4 inches diameter, 4½ inches long. Lock seamed, no solder. Capacity one full quart. Length over all 21 inches. Weight 1½ lbs.

Price: 50c each by express.

SALZER'S CONTINUOUS SPRAYER



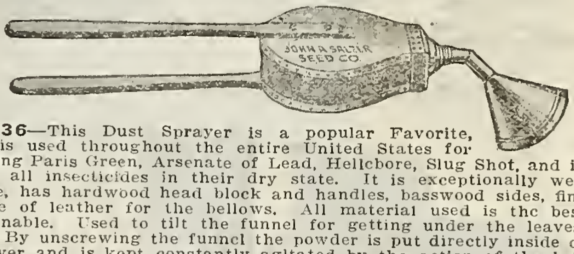
5321—The most practical **Continuous** Sprayer made. All working parts are of brass—two nozzle tips, one straight and one upshoot. The siphon tube and ball check valve are removable for cleaning, repairing, etc.

The whole is painstakingly constructed and carefully tested. Every Sprayer guaranteed perfect.

Pump—1½ inches diameter, 14 inches long.

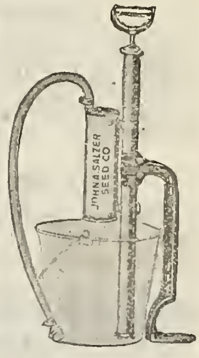
Tank—4 inches diameter, 4½ inches long. Holds 1 quart. Length over all 18 inches. Weight 1½ lb. **Price, by express, 85c.**

SALZER'S POWDER GUN



5236—This Dust Sprayer is a popular Favorite, and is used throughout the entire United States for dusting Paris Green, Arsenate of Lead, Hellebore, Slug Shot, and in fact, all insecticides in their dry state. It is exceptionally well made, has hardwood head block and handles, basswood sides, fine grade of leather for the bellows. All material used is the best obtainable. Used to tilt the funnel for getting under the leaves, etc. By unscrewing the funnel the powder is put directly inside of Sprayer and is kept constantly agitated by the action of the bellows, insuring a uniform discharge with each operation. Weight, 1½ lbs. **Price, $1.35.**

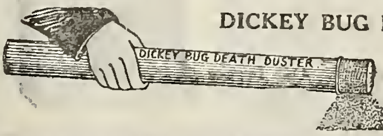
SALZER'S BUCKET SPRAY PUMP



5332—A high pressure bucket pump of new design. Especially desirable for whitewashing. The intake and outlet valves are easily removable for cleaning out lime or other sediment.

The large air chamber enables the operator to maintain a high pressure and a steady discharge with no pulsations at the nozzle, permitting a uniform spread of whitewash. No dripping. No blotches. No waste. Can be attached to any ordinary bucket or small tank making a very convenient and portable outfit. All parts except handle and foot-rest are of brass. Weight 4 lbs. Price, $4.75.

DICKEY BUG DEATH DUSTER



4880—To apply Bug Death in dry form. Weight, 1½ lbs. **Each, by express, 45c.**

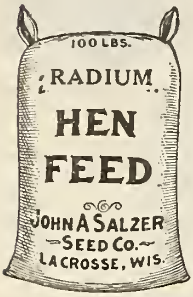
TO CHECK INSECT RAVAGES AND PLANT DISEASE USE A SPRAYER.

SALZER'S RADIUM BRAND POULTRY FEEDS

PRICES ARE F. O. B. LA CROSSE EXCEPT WHERE NOTED, AND SUBJECT TO MARKET CHANGES.

These feeds embrace the best combination of seeds, grains, etc., that can be prepared for the purpose. Salzer's Radium Brand Poultry Feeds are the results of careful study of the poultry industry for years. They economically develop the chick, the pullet for egg producing, for market, for breeding. Only a well-balanced ration can produce a well-balanced fowl.

RADIUM SCRATCH HEN FEED



See page 148 for color illustration.

4829—A very superior mixed food for maturing chicks and laying hens. The feed is composed of only sound, sweet grain; we never allow any damaged grain to get into this food. The mixture is made carefully and scientifically. The cleanest and best balanced ration on the market today. No shell, no grit. Licensed and guaranteed. **Price: 100 lb. sacks, $3.50; 2 bags, 500 lbs., $17.00.**

	25 lbs.	50 lbs.	100 lbs.	200 lbs.
4823—Radium Pearl Grit	....	$0.55	$0.95	$1.80

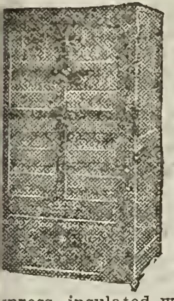
GRAIN SPROUTERS GREEN FEED FOR POULTRY

Write for free pamphlet.



Make the non-layer a producer. Make the "dead expense" hens profit makers. Feed them green feed during the winter. Sprouts oats in 20 to 30 hours and force growth of an inch or two a day. One of these machines will pay for itself in a month or so. The long time secret of winter eggs is sprouted oats.

Can you afford to be without a Grain Sprouter? We think not if you use much feed. A bushel of oats will produce three or four bushels of sprouted grain both in measure and weight.

The Poultry owner who does not buy one of these machines, in a month's time easily forfeits the price in the feed consumed. Do not rob yourself of the profits that are justly yours—buy a grain sprouter today. Built of ypress, insulated with asbestos fireproof metal chamber for lamp. apor pan and lamp included with each machine.

PRICES ON GRAIN SPROUTERS

Express prepaid any point east of the Rocky Mountains.

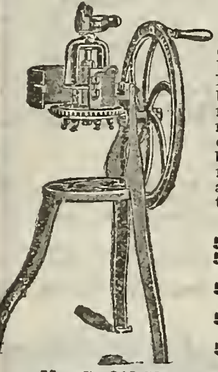
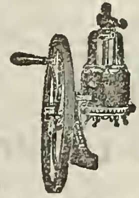
MANN'S GREEN BONE CUTTER



No. 7, $18.50

There is ten times the nourishment and egg-producing qualities in green bones as there is in dry. Poultry men feed green bones instead of dry. This mill cuts fresh bones and meat, and these fed to chickens double the number of eggs produced. These mills are perfectly reliable, are cheap, and will give tremendous satisfaction.



No. 5B, $12.50

	Wt., lbs.	Price
5059—No. 5C. Crank Mill....	30	$ 9.50
5060—No. 5B. With Balance Wheel	60	12.50
5061—No. 5BM. Same as 5B, but with stand...............	85	16.00
5062—No. 7. With balance Wheel, mounted	110	18.50
5063—No. 7½. Same as No. 7, but with pulley for steam power	150	25.00

SIMPLICITY COMBINED HATCHER AND BROODER

See color illustration on page 148.

We guarantee the Simplicity to give entire satisfaction and to hatch every hatchable egg, but in case it fails to fulfill our guarantee, we will refund the full purchase price any time within thirty days.

The body of the machine is made of the very best galvanized steel. The heater and tank are made of galvanized iron or also of copper.

The heating system is unique and gives the best circulation of warm air and uniformity of temperature in the machine. The Combined Hatcher and Brooder feature makes the Simplicity the best Incubator proposition ever offered at the price.

The natural moisture of the eggs is retained in this machine.

The machine is fully set up and ready for operation when you receive same.

A book of brief, simple directions is furnished with every machine.

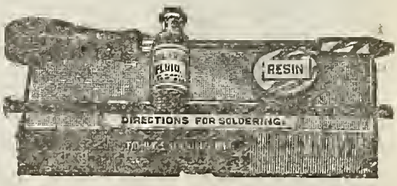
4833—Price: 50-Egg Simplicity Hatcher and Brooder, Galvanized Heater and Tank, weight, 25 lbs., $14.00.

4834—Price: 50-Egg Simplicity Hatcher and Brooder, Copper Heater and Tank, weight, 25 lbs., $17.50.

4836—Price: 100-Egg Size, weight, 35 lbs., Copper, $23.00.

5382—Simplicity Thermometers. Price, $1.50, postpaid.

SOLDERING KIT

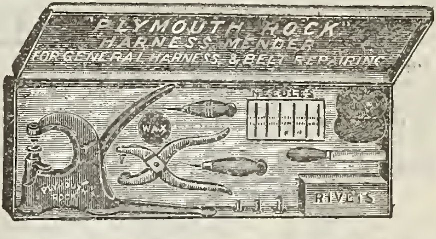


1 Soldering Iron.
1 Handle for Soldering Iron.
1 Bar Solder.
1 Box Resin.
1 Copy Directions for Soldering.

5232—Price, 35c each, postpaid.

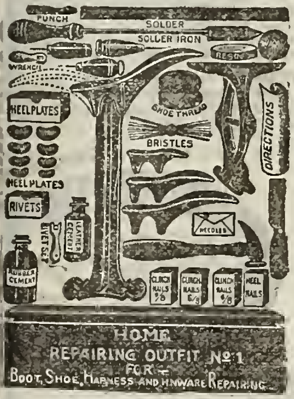
PLYMOUTH ROCK HARNESS MENDER

5195—A splendid set largely used for harness mending, etc., contains:



1 Plymouth Rock Riveter.
1 Spring Belt Punch.
1 Box Tubular Rivets.
1 Sewing Awl Haft.
1 Sewing Awl.
1 Stabbing Awl Haft.
1 Stabbing Awl.
6 Harness Needles.
1 Ball Wax.
1 Ball Shoe Thread.
1 Shoe Knife.

Each set in neat wood box with hinged cover. Weight, 5 lbs. Price: Each, $1.25.



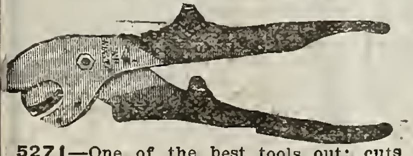
5126—Salzer's Improved Home Repair Outfit, $1.95

This is the greatest collection of tools ever offered; if purchased singly would cost easily $5.00. We have these manufactured for us in quantities, hence can offer such superior outfits at so low a price. From all over the Union orders come from citizens of all occupations for this great time and money saving outfit. Weight, 12 lbs. It contains:

1 Iron Last for Men's Work.
1 Iron Last for Boy's Work.
1 Iron Last for Women's Work.
1 Iron Last for Children's Work.
1 Iron Stand for Lasts.
1 Shoe Hammer.
1 Bar Solder.
1 Shoe Knife.
1 Bar Resin.
1 Peg Awl Handle.
1 Peg Awl.
1 Wrench for Peg Awl Handle.
1 Sewing Awl Handle.
1 Sewing Awl.
1 Stabbing Awl Handle.
1 Stabbing Awl.
1 Bottle Leather Cement.
1 Bottle Rubber Cement.
1 Ball Shoe Thread.
1 Ball Shoe Wax.
1 Package Clinch Nails, ½ in.
1 Package Clinch Nails, ⅝ in.
1 Package Clinch Nails, ¾ in.
4 Pairs Heel Plates, Assorted Sizes.
1 Package Heel Nails.
6 Harness Needles.
1 Harness and Saw Clamp.
1 Box Slotted Rivets, Assorted Sizes.
1 Rivet Set for same.
1 Soldering Iron, ready for use.
1 Handle for same.
1 Bar Tin.
1 Copy Directions for Half-soling, etc.
1 Copy Directions for Soldering.

5126—Complete Outfit of Tools for Boot, Shoe, Rubber, Harness and Tinware Repairing, $1.95.

THE LEVIN PRUNER

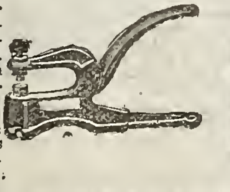


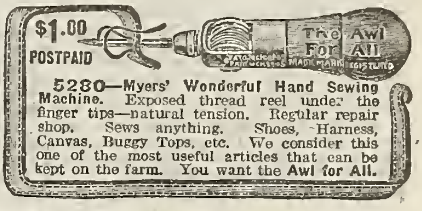
5271—One of the best tools out; cuts 4 in. dry oak; weight 7½ oz., each 90c, ostpaid.

RIVET PUNCH

5245—Time saver for farmers and liverymen in mending harness. Weight, 4 lbs. **Price of Punch, with box of 50 assorted rivets, 65c.**

Rivets—Tubular, ⅛ to ½ inch, 50 Rivets assorted sizes in box. Wt., 2 oz., 15c per box.





5280—Myers' Wonderful Hand Sewing Machine. Exposed thread reel under the finger tips—natural tension. Regular repair shop. Sews anything. Shoes, Harness, Canvas, Buggy Tops, etc. We consider this one of the most useful articles that can be kept on the farm. You want the **Awl for All.**

WE GUARANTEE SAFE ARRIVALS OF ALL GOODS ORDERED FROM US.

SALZER SATISFACTION

Whether a Packet or a Car Load; Send us your order.

RADIUM SALZER'S RADIUM LAWN GRASS SEED RADIUM

EVERY EXPECTATION REALIZED IF YOU USE SALZER'S LAWN GRASS SEED

4526—By keeping Salzer's Radium Lawn Grass Seed strikingly pure, distinctly high in germination, strong in vitality carefully balanced in the proper grasses, it's High Quality Characteristics so express themselves in luxuriant growth throughout the season and in durability that our customers recognize that Salzer's Radium Lawn Seed is the dependable, where quick, sure, lasting, pleasing results are desired.

SALZER'S RADIUM LAWN GRASS SEED

is a scientific blending of grasses which will flourish under varied soil condition, in adverse climate, giving throughout the season, from early Spring to latest Fall, a luxuriant, rich green growth and rich velvety sward.

When comparing prices—please consider that an extra quality has a value. The purchasing power of a low enticing price must of necessity involve an inferior grade. It could not possibly be otherwise.

Price: ½ lb. 20c; pound 35c, postpaid. (One pound is equal to about 1½ quarts.)

Price by express: Pound 25c; 5 lbs. $1.20; 10 lbs. $2.35; 20 lbs. $4.65; 50 lbs. $11.50; 100 lbs. $22.50.

If 5 lbs. or more are desired by mail add postage as per zone rates page 5 to above express prices.

SALZER'S SHADY PLACE GRASS SEED

FLOURISHES THROUGHOUT THE SEASON.

4527.—One of the most vexing problems in the maintaining of a nice lawn is the extreme shade of heavily treed spots, isolated corners, areas between and frequently along the north side of buildings.

Shady places require seed of special grasses— grasses with dominant shade and cool growing characteristics. This special blend will produce an even growth and a beautiful green velvet sward from early Spring until late Fall.

The very nature of grasses of this kind make the cost of seed production somewhat high. However, rather than omit some of the most essential higher priced grasses, we keep the quality to the high Salzer standard—making the prices as low as is consistent with high quality.

Price: Pound 50c, postpaid.

Price by express: Pound 40c; 5 lbs. $1.90; 10 lbs. $3.75; 20 lbs. $7.40; 50 lbs. $18.00; 100 lbs. $35.00.

SALZER'S GOLF GRASS SEED

UNEXCELLED FOR TENNIS, SCHOOL, PARK AND ATHLETIC GROUNDS.

4528.—Athletic or sporting grounds require special grasses to withstand harsh and continuous foot wear. Consequently the essential grasses must be a combination of tough, vigorous hardy grasses of super-constitutional vigor.

Grasses that will flourish in extreme of heat and cold, adnormal wet, high and low lands. This seed is composed of the best fibrous, deep rooting, spreading, intermingling fine leaved, low growing grasses known for this purpose that will produce a firm, smooth, elastic sward. We have a great "Personal Pride" in the perfection, quality and purity of Salzer's Golf Grass Seed.

Price: Pound, 45c, postpaid.

Price by express: Pound 35c; 5 lbs. $1.60; 10 lbs. $3.00; 20 lbs. (1 bushel) $5.75; 50 lbs. $12.75; 100 lbs. $25.00.

DWARF WHITE DUTCH CLOVER FOR LAWNS

4249.—While we do not put White Clover in our Lawn Grass Seed, we have many requests for it and recommend one ounce to each pound of lawn seed.

Price: Radium White Clover, per oz. 10c; ¼ lb. 25c; pound 65c, postpaid. Price by express: Pound 60c; 5 lbs. $3.20; 10 lbs. $6.00.

If 5 lbs. or more of any seed on this page is desired by mail, add postage as per zone rates page 5 to above express prices.
